### GREAT GAME OF BALL

**Detroit and Chicago Teams in  
Prolonged Struggle.**

**TWELVE INNINGS TO A TIE**

**Darkness Puts an End to the Stron-  
gous First Contest of the Series for  
the World's Championship—Large  
Crowd Witnesses the Game.**

Chicago, Oct. 9.—Detroit and Chi-  
cago, leaders of the American and Na-  
tional leagues, respectively, played  
twelve strenuous innings to a tie here  
Tuesday in the first game of the series  
for the baseball championship of the  
world. The contest was replete with  
sensational situations and when Um-  
frey O'Day of the National league  
ended the play off on account of dark-  
ness most of the 24,377 spectators  
signed with relief and went home well  
satisfied with the outcome.

Carroll and Donovan were the op-  
posing pitchers, but the former was  
taken out when Chicago had tied the  
score in the ninth inning and had men  
on bases waiting to score the winning  
runs. Moran was sent in to bat for  
him, but before the latter had time to  
deliver the needed hit Evers tried to  
steal home and was out by a narrow  
margin, retiring the side. Ruelbach  
finished the game and for three in-  
nings retired Detroit's heavy hitters  
without the semblance of a hit. The  
work of all the pitchers was first class,  
but Donovan had a shade on his  
rivals in that he struck out twelve of  
the opposing batsmen. His second  
base on balls was costly, but with  
good support he would have won his  
game.

The contest was watched by an im-  
mense crowd. Close to 24,500 persons  
crowded into the park, the enlarged  
stands being packed to their capacity,  
while a thin fringe of enthusiasts oc-  
cupied standing room in deep center  
field. Whatever ground rules may  
have been formulated were not in evi-  
dence, as none of the nineteen hits  
went outside the playing space. The  
stands were built close up to the foul  
lines and all around the field except  
in deep right field, where the space  
was left open. Captain Chance of Chi-  
cago saying been fearful lest Detroit's  
star batemen should drive the ball in-  
to the seats in that section. As it  
turned out only one hit went in that  
direction and it fell far short of the  
barrier.

Crowd Was Good Natured.  
The game was called at 2:39 o'clock,  
but four hours before that time long

lines of would-be spectators were be-  
sieging the gates and good naturedly  
struggling to be first through the turn-  
stiles so as to secure points of vantage.  
It was an extremely good natured  
crowd, remarkable for its spirit of  
fair play and courtesy and the half  
hundred police had no trouble at all  
in keeping it within bounds.

The game was evenly contested.  
Both teams broke under fire, Chicago  
mixing two of its errors with two hits  
in the eighth inning when Detroit  
scored all three of its runs. Before the  
visitors returned the conclusion in  
the next inning, allowing Chicago to  
tie the score. Captain Coughlin's error  
came in this round and was costly.  
With runners on first and second  
he let an easy grounder from Evers' bat  
get away from him, filling the  
bases. After that two runs came  
across, one on a passed ball, Schmidt  
failing to hold Howard's third strike.

While this was going on Overall re-  
tired from the game and when the  
visitors went to bat in the extra in-  
nings they had to face Ruelbach's  
speedy delivery in the growing dark-  
ness. The tall pitcher was in rare  
form, having good control and against  
his curves and shoots such batsmen  
as Schaefer, Crawford and Cobb were  
helpless.

Tyrus Cobb, Detroit's right fielder,  
was presented with a huge gold medal  
set with diamonds as a reward for  
leading the American league in bat-  
ting in the season just closed. He did  
not get a hit in Tuesday's game.  
The receipts for the game totalled  
\$29,162.50, which will be divided as  
follows: To the players, \$15,747.75;  
to the owners, \$10,498, and to the na-  
tional commission \$2,916.75.

### DEMANDING RECIPROCITY.

**Resolutions Adopted by American  
Meat Packers at Chicago.**

Chicago, Oct. 9.—The second an-  
nual convention of the American Meat  
Packers' association was brought to a  
close with the adoption of resolutions  
demanding that the next congress of  
the United States adopt a reciprocity  
law that would afford American ship-  
pers a market in every port of the  
world and provide an outlet for sur-  
plus products.

After selecting Chicago as the place  
for the convention in 1908, the follow-  
ing officers were elected:

President, J. S. Agar, Chicago; vice  
president, B. W. Corkran, Baltimore;  
secretary, G. L. McCarthy, New York;  
treasurer, J. L. Roth, Cincinnati.

### Very Old Man Is Dead.

El Paso, Tex., Oct. 9.—Jose Gutierrez,  
aged 117 years, is dead at Yale,  
a few miles below El Paso. He drank  
whiskey up to seventy years ago and  
it was not good for him. He had  
never been married.

### TAFT AT SHANGHAI.

**Secretary of War Cordially Greeted by  
the Chinese.**

Shanghai, Oct. 9.—Secretary of  
War William H. Taft and the members  
of his party arrived here Tuesday on  
the steamer Minnesota, which is con-  
veying him from Japan to Manila. The  
Chinese and the foreign residents of  
Shanghai united in giving the dis-  
tinguished visitor a hearty welcome.  
In the afternoon Mr. Taft dedicated  
the building of the Young Men's  
Christian association. He made a  
brief address in which he said that  
the work of the association among  
the Chinese was a great step in the  
interests of civilization, and he was  
followed by several Chinese officials  
who spoke in approval of the under-  
taking. At 4 o'clock in the afternoon  
the secretary was given an elaborate  
reception by the Chinese residents.  
This function was out of doors in a  
native garden. The promoters of the  
reception were prominent Chinese  
merchants representing forty-five of  
the guilds formerly in the boycott  
movement against American man-  
ufacturers.

Speeches of welcome were made in  
English by local Chinese business  
men and the representative of the vic-  
roy. The Chinamen emphasized the  
cordial relations existing today be-  
tween China and the United States,  
saying the friendship of America had  
been evidenced by sending relief to  
the famine sufferers, the support of  
schools and hospitals and the waiving  
by the United States of her part of  
the Boxer indemnity. In reply, Sec-  
retary Taft thanked the Chinese for  
their reception, which he said gratified  
him as an evidence of their friend-  
ship toward the American people and  
government. At the conclusion of his  
address the secretary was presented  
with a handsome silver punch bowl.

This reception marked an epoch in  
the matter of the status of women in  
China, for Chinese women of aristoc-  
ratic families were present at the  
reception and even presided at the  
tables and served refreshments. This  
is the first time such a thing has hap-  
pened in China.

The American residents gave a ban-  
quet in the secretary's honor in the  
evening. At this entertainment the  
foreign consuls and a number of  
prominent foreign business men were  
present.

### Asks Heavy Damages.

Duluth, Oct. 9.—Claiming that the  
United States Steel corporation and  
Sheriff Bates entered into a conspiracy  
to deputize guards during the recent  
strike who were not citizens and not  
responsible persons John Moxer of  
Chisholm has brought suit for \$5,000  
against both the sheriff and the com-  
pany. Moxer had his hat shot off dur-  
ing the strike while driving along the  
street.

### NOT A BEAR YET SIGHTED

**President Roosevelt's Hunt in Louis-  
iana Not Very Successful.**

Stamboul, La., Oct. 9.—Secretary  
Latta returned Tuesday from his visit  
to the president in the latter's camp  
on the Tensas river, bringing with  
him a batch of newly dictated letters  
and recollections of a very wet night  
spent in camp. He says that Mon-  
day's rain was even more than was  
bargained for and that while the first  
effect was to put the woods in good  
condition, they became so wet by 2  
o'clock that the party was compelled  
to return to camp. The rain which  
had begun early in the day continued  
throughout the night and it was de-  
cided not to venture out at all owing  
to the water in the canoebrake in  
which they are hunting. No one has  
yet sighted a bear, but the dogs  
found a trail Monday and the profes-  
sional hunters expressed the belief  
that from the sound the baying meant  
that they had located a real bear. It  
was dark, however, and became neces-  
sary to call the hunt off.

The president puts in much of his  
time when not engaged in the hunt in  
reading and in conversation with his  
associates and the guides and hunt-  
ers who accompany them. Another  
deer was shot Monday.

### LIPTON EXPRESSES REGRET

**Sorry His Challenge to Race for the  
America's Cup Was Refused.**

Dublin, Oct. 2.—Sir Thomas Lipton  
again has expressed his deep regret  
at the refusal of the New York Yacht  
club to accept his challenge to a race  
for the America's cup, and in a  
lengthy letter to the Royal Irish Yacht  
club he sets forth his reasons in de-  
tail. The letter in part says:

"I have already computed three  
times under the conditions of the deed  
of gift with the modifications arranged  
under the mutual agreement clause,  
and my personal experience of these  
contests is such that I consider that  
the handicap of having to design a  
vessel of the type which has been  
gradually developed during recent  
years and which shall be of sufficiently  
light construction, yet capable of being  
taken with safety on its own bot-  
tom across the Atlantic, entirely pre-  
cludes the possibility of competing on  
equal terms with a vessel which is  
not compelled to make the ocean voy-  
age."

"My present challenge was drawn  
up with a view to comply with the  
principal conditions of the deed of  
gift and at the same time encourag-  
ing the type of vessel which has been  
approved and adopted by the New  
York Yacht club.

"I recognize the members of this  
club are well within their right in de-  
ciding as they have done, yet I am  
sorry that they have not been able,  
under the mutual agreement clause, to  
meet me in my wish to have a race  
under their own universal rules  
which, in my opinion, encourages a  
very wholesome and very desirable  
type of yacht."

### CHALLENGE OF SWEDEN.

**Underlying Motives for Her Attempt  
to Compete for Cup.**

Stockholm, Oct. 2.—A deep feeling  
of patriotism and the desire to im-  
press the world with the separate na-  
tionality of Sweden appear to be the  
underlying motives for the challenge  
to a series of races for the America's  
cup.

"All men applying to participate in  
this race from the captain down will  
be examined as to their nationality  
and any men having Norwegian blood,  
even as far back as the fifth genera-  
tion, will be excluded."

These words were used by a prom-  
inent yachting authority in discussing  
the subject. Continuing, this man  
said that Swedish yachtsmen of re-  
cent years had diligently studied  
American methods of designing and  
racing yachts by means of the news-  
papers and visits to the United States.  
And although Sweden might not win,  
she certainly would go through the  
race with honor.

### MAY BE TAKEN FROM JURY

**Court May Order Acquittal in Case of  
Senator Borah.**

Boise, Ida., Oct. 2.—Federal Judge  
Edward Whitson, presiding at the trial  
of United States Senator William E.  
Borah, will decide whether or not the  
case shall be taken from the jury and  
a verdict of acquittal ordered by the  
court.

At the conclusion of the government  
case Tuesday the defendant entered a  
motion for acquittal on the grounds  
that no evidence tending to connect  
Senator Borah with a land fraud con-  
spiracy had been adduced. The motion  
was argued at length by Special  
Prosecutors Rush and Burch and by  
James H. Hawley of the defense. Sen-  
ator Borah's counsel waived the  
opening arguments on the motion and  
Mr. Hawley declared he would not  
have spoken at all had it not seemed  
to him that the government counsel  
had each intentionally or unwittingly  
misinterpreted much of the testimony  
before the court. The jury was not  
present during the arguments.

Mr. Burch, in opening the argument  
of the government, said that there  
had certainly been tangible evidence  
of a conspiracy on the part of a few  
persons at least, and in this view  
Judge Whitson said he coincided. The  
evidence against Senator Borah was  
circumstantial, Mr. Burch admitted,  
but tended to show that the defendant  
acted in concert with the other al-  
leged conspirators to the extent at  
least of receiving in his office the  
deeds resulting from fraud and having  
these deeds recorded at his request.  
This act of the defendant, Mr. Burch  
asserted, placed him in the light of  
one who receives stolen property and  
required an explanation.

Mr. Burch also urged that there  
were enough suspicious circum-  
stances to put the defendant upon his  
honor and argued that an attorney  
had no privilege above the ordinary  
citizen.

### CHOLERA IN JAPAN.

**Outbreak Is Assuming Alarming Pro-  
portions in Tokio.**

Tokio, Oct. 9.—The cholera out-  
break is assuming alarming propor-  
tions in Tokio. Nineteen new cases  
have been reported recently. The  
municipality has issued the most ur-  
gent instructions regarding the means  
to be employed to prevent the spread  
and caution the populace of their dan-  
ger. Tokio is regarded as particu-  
larly dangerous on account of the over  
population and the crowding among  
the lower classes.

### Glass Company's Plant Burned.

Evansville, Ind., Oct. 2.—The Amer-  
ican Lamp Chimney Glass company's  
plant burned Tuesday night with a  
loss of \$100,000. The plant was in-  
sured for \$40,000.
