### TOWNSHIP TICKET.

For Justice of the Peace:  
Ed. M. Allen.

For Constables:  
Lawrence Sunday,  
Wm. Rupp.

### HAVRE IS HAVRE

The reputation our city enjoys of always doing the right thing at the right time was never better exemplified than in the reception accorded Governor Norris on Wednesday September 30, the date set for the active opening of the campaign in Chouteau county. As a matter of formality, the Bryan and Kern Club appointed a committee of twenty to meet Governor Norris, and extend to him a welcome to our midst, but in addition, the people, regardless of party, resolved themselves into a great big committee of reception, and it is safe to predict that the generous welcome extended by Havre citizens to the Governor of Montana, will remain with him as a treasured remembrance while life shall last. Said the Governor:

him into the belief that your greeting was for the person and not the official."

The people of our nation can always be relied upon to stand together on any question of vital national importance. During a presidential campaign we are, as a people, without doubt divided amongst ourselves, and with all the power at our command we stand for and work for the candidate of our political choice. This condition exists up to the day of election, but after the battle is over, and the returns are announced and confirmed, factionalism is buried, and we recognize only our president—my president. This is as it should be, and simply illustrates the fact that the office created by our people is far greater than the man it was created for. It remained for Theodore Roosevelt to undertake to reverse this law of universal custom.

Mr. Roosevelt could have received the nomination for president in the present campaign, and as the presidential nominee could with dignity and with decency have conducted a vigorous campaign in his own and his party's behalf.

Mr. Roosevelt positively refused the nomination. Just as positively he insisted on the nomination of Mr. Taft as his successor, and having succeeded in forcing his candidate onto his unwilling party, he now, with an effrontery at once astounding and disgusting, undertakes to hide the ample dimensions of his candidate behind the shield of his own personality.

Mr. Roosevelt, by word of mouth, has been an ardent advocate of the "square deal;" the democratic party is an advocate of the square deal policy, and would prefer to retire Mr. Taft to private life as the result of an open handed, fair and above board campaign fight, but inasmuch as Mr. Roosevelt has seen fit, without any license or warrant of law, or any political precedent whatsoever, to forswear the dignity of an office which is dear to every citizen, regardless of party, and belittle himself, his office and his cause, by his unfair, ungenerous and untruthful attack upon the personality and motives of Mr. Bryan, we will accept with equanimity the fact that Mr. Roosevelt is contributing largely to the success of our candidate.

The alleged republican majority in Chouteau county will take a lay off this year. A careful canvass of the situation gives evidence that is ample proof of the claim. The election of Mr. Christler to the legislature is beyond question. This would leave the fight for the other members between Fox, of Harlem; Rose, of Havre, and Cummings, of Fort Benton and

## Taking Time

to examine jewelry thoroughly before you buy. It is a wise course, it lasts so long that you want to feel sure you will always like such and such an article before ordering it sent home. The more you examine the better we'll like it, for you will not only buy, but be satisfied. Watches that will keep time. We guarantee them.

Havre Jewelry Co.  
HAVRE, MONTANA.

from a geographical standpoint, abne should give Fox first place. Ade to this fact that Mr. Fox is in every respect qualified, is popular, and is making a vigorous campaign, and his election would seem to be certain.

There is no question as to the election of Judge Tatton to succeed himself. The office of district judge is not considered from a partisan political standpoint, and when the people are fortunate enough to have this important office represented by a man so qualified to meet every requirement, they will be slow to turn him down. Judge Tatton will be re-elected.

Thomas Downen will be elected commissioner. The people in the eastern part of the county ask for recognition on the board of commissioners; they are entitled to it, and will get it, and God knows it will not hurt to have one man like Tom Downen on the board.

L. O. Hudson, for treasurer, is no experiment. He has "made good" and his promise to make good again, has not come as a dilatory, eleventh hour pledge, and then only given because it was absolutely forced from him, but was voluntarily and freely made, and will be respected, with no artful dodger attempts at evasion.

Ike Rogers, for sheriff, is making a thorough canvass of the county, and if there was a man in the county who did not know and like, and was the genial candidate's friend before, it is a cinch that Ike will find him and make a friend during his campaign. Mr. Rogers will run away ahead of his ticket in all the outlying precincts, and his majority in Havre, will surely set a lot of people to wondering "how the play came up."

Coming to the offices of clerk of the court, and county attorney, the circumstances surrounding the candidacy of the republican nominees for these offices are such as to preclude any idea of their elections. In the case of Mr. Boyle, it is not believed that the people will countenance the establishment of a precedent to give any man a life tenure to a county office, nor will they uphold his failure to fulfill the promises he made four years ago to Hyndman et al. The circumstances attendant upon the nomination of the republican candidate for county attorney are such, that, trying to keep in view the fact that he is at least cast in the image of his Maker, all men would prefer to draw the mantle of charity, rather than exploit to the public view, the story of the treachery involved in his nomination. We do not believe that the voters of Chouteau county, personal likes or dislikes aside, will set the seal of their approval on this nomination. We do not believe that the voters of this county will set the example before their sons—the coming voters—of advocating in the slightest degree, the selling of a man's birthright for a mess of pottage.

### SPECIAL NOTICE TO WATER CONSUMERS.

By action of the City Council the date for shutting off the water service from those whose accounts may be delinquent has been changed from the 20th to the 15th of the month.

The ordinance also provides that a further penalty of \$2.00 must be paid before the water shall again be turned on.

This change will go into effect on the 1st. day of October, 1908.  
S. L. HANLEY,  
Superintendent.

## Why Do You Pay Rent?

A gentleman said the other day that he has paid \$20 a month for six years, just think of it, \$240 a year or \$1440 in six years. He made the remark he thought he had paid enough rent to have bought a home.

## That's no Lie

\$1,440 would buy a very neat and cosy home and he would then be his own landlord—yes I have some good bargains in cosy homes. I have a few that will be sold very cheap that have been neglected, with little repair they will make cosy homes.

"Money is to be made now," not after awhile.

I can sell you a home on monthly payments, or a lot to build you a home and let the rent pay for the house.

Come now and

AT COST

## HAVRE ELECTRIC CO.

HAVRE, MONTANA

## Sunnyside Hotel and Baths

D. G. AMES, MANAGER

## ALHAMBRA HOT SPRINGS

An Unexcelled Health and Pleasure Resort

THIS beautiful resort is situated on the Great Northern Railway sixteen miles south of Helena. All trains stop within 1000 feet of the hotel, avoiding the long stage drives necessary to reach other similar resorts in Montana. The climate at SUNNYSIDE is delightful, being but few days in summer or winter when the heat or cold is uncomfortable. The surrounding mountains act as a barrier to the winds of winter, and serve to temper the warm breezes of summer. The high altitude renders the air healthy and invigorating, while the absence of moisture makes it an ideal place for indulging in hot baths without the attending danger of taking cold. The curative properties of these waters when used for bathing and drinking purposes, are equal to any in the world.
