

Is Your Hair Sick?

That's too bad! We had noticed it was looking pretty thin and rough of late, but naturally did not like to speak of it. By the way, Ayer's Hair Vigor is a regular hair grower, a perfect hair tonic. The hair stops coming out, grows faster, keeps soft and smooth. Ayer's Hair Vigor cures sick hair, makes it strong and healthy.

LYNCHED THE NEGRO

HE HAD COMMITTED AN ASSAULT ON A WHITE GIRL

Mob at Chickasha, Indian Territory, Captures Wretch after a Long Chase—Is Identified by Victim—He Voluntarily Confesses and is Dragged to a Handy Tree and Executed.

Chickasha, I. T., July 3.—A negro who committed a criminal assault upon the 16 year old daughter of Ira Robertson near Womack was captured and after being taken back to the scene of his crime was hanged and burned near the spot where he committed the crime. He confessed his crime and offered no resistance to the mob. To one person the negro gave his name as Cliff Mays of Marshall, Texas, and he told another that it was Will Newbright of San Antonio. By the time the negro was overtaken near Bradley fully 400 men had joined in the chase and soon after the capture the march to Womack began. When the Robertson home was reached and the negro was brought before the assaulted girl she said to one: "That's the one," and the negro replied: "Yes lady, I'm the one. Gentlemen, I admit the crime."

The mob then proceeded with their victim past the spot where he had committed his crime and to a tree in the road on the bank of Walnut creek, where a rope was thrown over a limb about 18 feet high and the other end knotted about the man's neck. He was given an opportunity to speak and again he confessed his guilt; and after a fervent prayer to God for forgiveness he was drawn into the air to die by strangulation. Before life was extinct the body was lowered to the ground, logs and brush were heaped upon it and the mass ignited. For a moment the body writhed, a few groans were heard and the flames completed their work. Two hours later the charred body was buried under the same tree, under direction of a deputy marshal from Purcell, who had been thwarted in his efforts to take the negro from the mob.

Miss Robertson's condition is not serious.

TORNADO STRIKES CIRCUS TENT.

Ringling Bros. Tent Went Down—Two Killed.

Two persons were killed and several injured at Aurora, Ill., when an enormous tent at Ringling Brothers' circus was blown down during a severe wind and thunder storm. A panic followed, in which scores narrowly escaped being trampled to death.

Eighteen elephants, performing in the arena at the time, were prevented from stampeding by the prompt action of their keepers. The dead are: Matthew Bury, Aurora, who was struck by a falling tent pole.

William Cress, Danville, Ill. Cress died from heart failure, due to the shock. Three women are among those severely injured.

There were 5000 spectators in the tents at the time of the accident. When the crash came the performing elephants had just begun their act. The first gust of wind gave but an instant's warning, and the next moment the center pole supporting the canvas roof snapped near the top. The audience was composed largely of women and children. They were unable to lift the heavy canvas. Egress was slow at the regular exits, and it was in the crush at these points that many were injured. Rescue work by the police and fire departments was under way within 20 minutes.

The storm, which approached the proportion of a tornado, damaged many buildings in Aurora and vicinity.

DRAWING FOR LANDS

CROW INDIAN RESERVATION

Billings, Mont., July 3.—The drawing for lands on the Crow Indian reservation began at 9 a. m. here Monday. Number 1 was drawn by O. D. Williams, a section foreman of Custer, Mont. The drawing proceeded with remarkable rapidity. About 2300 names were drawn. Gerald O'Grady, Edward Becker and Horace Williston, boys, were chosen from the crowd to draw the numbers from the big wheel, resembling a big churn. The tickets were placed in the box and thoroughly mixed by several turns of the wheel.

Mrs. Joseph Artery of Butte was the first woman to draw. She got number 26. A Brown of Atlanta, Ga., who drew No. 587, was the most remote resident to draw.

Scenic Railway Trip Kills.

"I would not take that trip again for \$1000," said J. W. Sholley, district attorney of Bucks county, as he emerged from one of the cars of the scenic railway "over the mountain," at Willow Grove park, Philadelphia.

He took a few steps forward, said he felt faint, and fell in the arms of friends. A physician was quickly summoned, but before he arrived Mr. Sholley was dead. The doctor said his heart had been affected. Mr. Sholley occupied a prominent position at the bar of the state and was widely known. He was unmarried.

Sir Wilfrid Lawson Dead.

Sir Wilfrid Lawson, liberal member of parliament for the Camborn division of Cornwall, died recently in London aged 74 years. He had been ill for some time.

Seven New Cardinals Soon.

Public Printer Investigates.

Public Printer Charles A. Stilling has directed an investigation of the public printing office to ascertain the cause of delay in returning an omnibus public building bill to the senate and whether the public printer could be held responsible for use retention in the public building bill of the item appropriating \$3,000,000 for the purchase of lands in Washington for public buildings, after it had been thrown out by the house.

Cananea Maintains Order.

Reports from Bisbee, Ariz., say matters are quiet at Cananea, the only disorder reported for the past week being an attempt upon the life of Ben Bond, an American ore contractor, who was shot at from ambush, though not hit. Bond had been active in quelling the disturbances last month and threats have been made by the striking Mexicans against his life. A garrison of Mexican infantry is retained around the mine.

Perkins Resigned.

The resignation of George W. Perkins as trustee of the New York Life Insurance company, has been accepted to a special meeting of the board last Monday. Mr. Perkins tendered his resignation last December, but no action was taken until the last meeting of the board, when the trustees declined to accept it. At Monday's meeting Mr. Perkins insisted upon its acceptance.

BARE BRAIN FOR A CLOT

Delicate Operation is Performed on a Man.

Applying to surgery the axiom that "While there is life there is hope," surgeons in Washington Heights hospital, New York City, placed Weener Koch, aged 32, on the operating table. But there was so little left in Koch that the surgeons felt that work was well nigh futile.

Koch entered his home a week ago, sought his bed without arousing any of the family and was found unconscious by his mother on the morning of June 20. Efforts to arouse him were unsuccessful. Examination disclosed no wounds on Koch's body, and there were no symptoms of drug or alcoholic poisoning. Day by day he grew weaker. He was taken to a hospital, where a slight depression in the skull was discovered and an operation performed. Removing a small area of the skull a blood clot was found. As more of the skull was cut away, the clot was seen to be extended, and it was soon found to cover a six-inch surface of the brain. It was speedily and simply removed, and doctors were still at work when Koch opened his eyes, drew in a deep breath and sat bolt upright upon the table. Quickly but feebly he told of receiving a blow on the head.

Two hours after Koch had come to life on the operating table detectives brought to the station two men who admitted being with Koch. They were arrested on his description. Koch is in a fair way of recovering.

Favors Portland & Seattle Road.

Vancouver, Wash., July 5.—A decision in favor of the Portland & Seattle railroad and against the Columbia Valley railway has been rendered by Judge W. W. McCreechie of the state district court in the case involving the right of way down the north bank of the Columbia river.

The Columbia valley road is, however, to be allowed to construct a line over the Portland & Seattle's right of way, providing it does so within a reasonable time. The case will be appealed.

The suit grew out of an attempt on the part of the Portland & Seattle's right to condemn a right of way over lands belonging to the Columbia Valley road. A defense was set up that the property had already been dedicated to railway purposes and condemnation proceedings could not lie against it. The Portland & Seattle attacked the good faith of the Columbia Valley road, declaring that it merely was endeavoring to obstruct the Portland & Seattle in the construction of its railroad. Both companies are at present actively constructing railroads down the north bank of the Columbia.

Chokes Her Own Sister.

Miss Lucy Lloyd, aged 34, has confessed that she choked her sister, Miss Della Lloyd, aged 37, to death at their home on a farm near Nebraska. The elder woman, who was killed, had been losing her mind, and while brooding over this and the separation that she felt would result from it the younger woman stepped up behind her sister as they were preparing for bed and killed her, then remained beside the corpse all night. The two women lived alone on their farm.

The Little Doctor in your Vest Pocket

SEE the thin, round-cornered little Enamel Box below! When carried in your vest pocket it means Health-Insurance.

It contains Six Candy Tablets of pleasant taste, almost as pleasant as chocolate.

Each tablet is a working dose of Cascarets, which acts like Exercise on the Bowels and Liver.

It will not purge, sicken, nor upset the stomach.

Because it is not a "Bile-driver," like Salts, Solum, Calomel, Jalap, Senna, nor Aperient Waters.

These waste Digestive Juices of the system needed tomorrow, in merely flushing out the Bowels today.

Neither is it like Castor Oil, Glycerine, or other Oily Laxatives that simply lubricate the Intestines for transit of the food stopped up in them at that particular time.

These emergency drugs relieve the immediate trouble, but do not relieve its Cause.

The same trouble will therefore recur again till that Cause is removed permanently.

The chief cause of Constipation and Indigestion is a weakness of the Muscles that contract the Intestines and Bowels.

Cascarets are practically to the Bowel Muscles what a Massage and Cold Bath are to the Athletic Muscles.

They stimulate the Bowel Muscles to contract, expand, and squeeze the Digestive Juices out of food eaten.

Cascarets do this naturally, without purging or discomfort.

They don't help the Bowels and Liver in such a way as to make them lean upon similar assistance for the future.

This is why, with Cascarets, the dose may be lessened each succeeding time instead of increased, as it must be with all succeeding doses of other Cathartics and Laxatives.

Cascarets act like exercise.

If carried in your Vest Pocket, (or carried in My Lady's Purse), and eaten just when you suspect you need one, you will never know a sick day from the ordinary ills of life.

Because, nearly all these ills begin in the Bowels, and partial Constipation paves the way for all other Diseases.

"Vest Pocket" box 10 cents.

Beware of Ointments for Catarrh that Contain Mercury

Mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. It is the only Catarrh Cure on the market. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.
