A critic is a man who knows how things ought to be done.

"Hello," said the farmer, "what you swearin' about?"

"Why," snapped the disgusted autoist, "his machine's broke down and I can't get it to go."

"Cricky! You're in luck. The last fellow that I seen like you 'round here got all broke up 'cause he couldn't git his to stop."—Philadelphia Press.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Every new overcoat is technical in making comparisons.

A strange kite has been devised by a Swedish engineer. It is made to fly under water. It is made of light canvas adjusted to a light but strong metal frame, and in shape is not dissimilar to the aerial kite, except that it is made in two sections, the lower and smaller one depending from the upper, with which it is connected by a sort of coupling. The object sought by the engineer is to provide ships with an ever-ready automatic guard or watch that will give instant alarm if the vessel enters shoal waters and is approaching a spit where the depth is not sufficient for safety. The under-water kite is fastened to a thin wire cable attached to a winch on deck. The purpose of the water kite is to float beneath or beside the ship at a depth that is sufficient to insure safety. If at any time, day or night, the lower section of the kite strikes bottom, a device instantly releases the coupling with which it is secured to the upper section, and an alarm bell is sounded on the deck of the endangered vessel. Precautions can at once be taken to secure its safety. The kite meanwhile is drawn up, readjusted and thrown overboard to maintain its faithful watch.

House Under a River.

Society in this city has just awakened to the fact that one of its leaders has completed a magnificent and costly mansion under the river Seine, where one can enjoy the most delicious coolness during these torrid days, says the New York World's Paris correspondent, Count Victor de Larneau, the proprietor of the novel mansion, which he had built secretly between Melun and Sens in order to surprise his friends.

A few days ago he sent out invitations and automobiles to convey his guests to the strange habitation, and on arrival everyone was surprised to find a most luxurious abode under the water. The entrance is through a grotto on the river embankment, and is adorned with many statues. An elevator takes the guests below the level of the river, and then an entrance is made to a magnificent reception room, in the center of which a marble fountain adds to the coolness of the surroundings.

A complete dining room, library, bedroom and kitchen constitute the other apartments of the novel house. The count is besieged with requests for invitations to visit his abode under water, and it is probable he will remain here all through the summer, as nowhere, even at the seashore, can he meet with the comforts and coolness which he finds under the Seine.

Of every 1,000 miners in Great Britain 1.24 lose their lives by accident annually. In Germany the rate a 1,000 is 1.90; in the United States, 3.35.

Eggs in the market are always fresh until they are broken.

THE WEEKLY HISTORIAN

1499—Vasco de Gama returned to Lisbon from his voyage of discovery.

1515—French victorious at battle of Marignano, Italy.

1600—Henry Hudson began his voyage up the river which bears his name.

1615—Lady Arabella Stuart, victim of the jealousy of James I., died in the Tower.

1683—Turkish army routed before Vienna by allies under command of John Sobieski and Duke of Lorraine.

1753—First playhouse opened in New York City, located in Nassau street.

1759—Gen. Wolfe killed in assault on Quebec.

1776—New York City captured by the British... Washington and his army entered Philadelphia after the defeat at Brandywine.

1777—Stars and Stripes first carried into battle at battle of the Brandywine... Burgoyne crossed the Hudson and encamped on Saratoga heights.

1795—Capt. Vancouver returned from his four years' voyage of discovery.

1804—Aaron Burr and his second arrived at St. Simons, Ga., on visit to Gen. Butler... Troops ordered out to quell riot among oyster strikers at Amboy, N. B.

1812—Gen. Harrison compelled the Indians to raise the siege of Fort Wayne.

1814—Americans and British engage in battle of Plattsburg and Lake Champlain... British repulsed in attack on Fort Bower, at entrance to Mobile bay... Successful sortie made from Fort Erie. Gen. Drummond retired to Fort George.

1820—Gold fever which had struck the Carolinas extended to Georgia... Spanish army surrendered to the Mexicans under Santa Ana at Tampico.

1831—Albany and Schenectady railroad, first in State of New York, opened to traffic.

1847—American army, in command of Gen. Scott, entered City of Mexico.

1850—Fugitive Slave bill passed by House of Representatives.

1854—English and French forces landed in the Crimea.

1861—President Lincoln modified Gen. Fremont's emancipation proclamation.

1863—President Lincoln suspended the habeas corpus act.

1872—Geneva tribunal of arbitration on Alabama claims awarded \$16,250,000 to the United States.

1873—Gen. E. S. McCook assassinated by P. P. Wintermute at Yankton, Dakota.

1874—Fatal riots in New Orleans over demand for abdication of Gov. Kellogg.

1875—Perry's flagship Lawrence raised in Erie harbor and removed to Philadelphia for exhibition at the Centennial.

1878—Cleopatra's Needle set up on the Thames Embankment.

1884—Antagonism between clericals and liberals in Belgium threatened to result in civil war.

1885—Jumbo, famous show elephant, killed in railway collision at St. Thomas, Ontario.

1888—Parnell commission first met.

1894—Japanese defeated Chinese at battle of Yalu river.

1897—Owing to strike riots martial law declared at Hazleton, Pa.

1901—McKinley state funeral at Washington.

1902—United States warships sent to Panama.

1903—United States cruiser Maryland launched at Newport News, Va... Colombian Senate voted to negotiate new canal treaty with United States.

1905—Car fell from New York elevated railroad into street; 12 killed, 40 injured... Admiral Togo's flagship destroyed by explosion; 599 lives lost.

Prof. Garner in the Jungle.

A letter has been received from Prof. Garner, who is now living in his steel-barred cabin in the African jungle for the purpose of studying the comparative intelligence of animals. He says that not an hour passes during the day that he does not hear the monkeys and chimpanzees talking in the forest, and that they reply to his calls.

Steam Plowing by Night.

Out on the big prairie ranches of western Kansas and Nebraska farmers are now in such haste to get their fall plowing finished that they are running big steam plows at night, with headlights on the motor engines. Thus they are able to turn over sixty acres of land in twenty-four hours with only two men, working in shifts. Two men working in the old way could only plow about six acres a day. Within the past year 200 steam plows have been sold.

Standard Oil Company Wins.

Attorney General Ellis of Ohio was defeated in his fight against the oil trust in a decision handed down by Judge Dillon in the common pleas court. The Manhattan Oil company, which is understood to be a part of the Standard Oil company, was sued by the attorney general for fines amounting to \$270,000, this method being taken instead of trying to oust the company from the state. The state claimed the above amount under the Willis law. The corporation admitted that it had not paid the tax, but claimed it was exempt. The case came up for settlement on motion for judgment and was decided against the attorney general.

Five Hundred Bodies Found.

Tokio.—The disaster to the pearl Bonito fishing fleet off the south of Kinshu in the recent storm proves even greater than was feared at first. Most of the 350 vessels in the fleet were lost and 500 bodies have already been recovered.

Catarrh

Is a constitutional disease originating in impure blood and requiring constitutional treatment acting through and purifying the blood for its radical and permanent cure. The greatest constitutional remedy is

Hood's Sarsaparilla

In usual liquid form or in chocolate tablets known as Sarsatabs, 100 doses \$1. Nasal and other local forms of catarrh are relieved by Catarrhlets, which allay inflammation and deodorize discharge. 50c.

Some one learned in the history of words gives some instances of what changes the love of uniformity has wrought in the substance of speech. The original English form of "cherry," which comes from "cerise," was "cheris." It was mistaken for a plural, so "cherry" was manufactured for a singular. Exactly so has "pea" come into being as a false singular obtained from the supposed plural and true singular "pease." "Sherry" for "sherris" is another case, and "akny" for chaise, "Chinee" from "Chinese" and "corp" from "corpe" are others in vulgar speech. Similarly, "riches" is really a singular, of which "richesses" was the old plural.

Every bee in the bonnet gets a move on itself when the weather warms.

A little applause will color a long speech.

For the Children

To succeed these days you must have plenty of grit, courage, strength. How is it with the children? Are they thin, pale, delicate? Do not forget Ayer's Sarsaparilla. You know it makes the blood pure and rich, and builds up the general health in every way.

The children cannot possibly have good health unless the bowels are in proper condition. Correct any constipation by giving small laxative doses of Ayer's Pills. All vegetable, sugar-coated.

Emma Calve, the operatic singer, is following her usual summer custom of eating every week at her home at Avignon 20 working girls from Paris.

HAD TO USE A CANE.

Weakened Kidneys Made an Elwood, Ind., Man's Back Give Out. R. A. Pugh, transfer business, 2020 North B Street, Elwood, Ind., says: "Kidney trouble kept me laid up for a long time and when I was able to be up I had to use a cane. I had terrible back-aches and pain in the shoulders. The kidney secretions were dark colored. After doctoring in vain, I began using Doan's Kidney Pills. Three boxes cured me entirely, and I am glad to recommend them."

Sold by all dealers. 50 cents a box. Foster-Milburn Co., Buffalo, N. Y.

THE KING OF BLOOD PURIFIERS

No other remedy has given such perfect satisfaction as a blood purifier and tonic or is so reliable in the cure of blood diseases of every character as S. S. S. It is known as "The King of Blood Purifiers," and the secret of its success and its right to this title is because "IT CURES DISEASE." It is an honest medicine, made entirely of purifying, healing roots, herbs and barks, which are acknowledged to be specifics for diseases arising from an impure or poisoned condition of the blood and possessing tonic properties that act gently and admirably in the up-building of a run-down, weakened or disordered condition of the system.

One of the greatest points in favor of S. S. S. is that it is the only blood remedy on the market which does not contain a mineral ingredient of some kind to derange or damage the system. It is the one medicine that can be taken with absolute safety by the youngest child or the oldest member of the family, and persons who have allowed their systems to get in such condition that most medicines are repulsive to the stomach will find that S. S. S., while thorough, is gentle and pleasant in its action, and has none of the nauseating effects of the different mineral mixtures and concoctions offered as blood purifiers.

As every part of the body is dependent on the blood for nourishment and strength, it is necessary that this vital fluid be kept free from germs and poisons. So long as it remains uncontaminated we are fortified against disease, and health is assured; but any impurity, humor or poison acts injuriously on the system and affects the general health. Pustular eruptions, pimples, rashes and the different skin affections show that the blood is in a feverish and diseased condition as a result of too much acid or the presence of some irritating humor. Sores and Ulcers are the result of morbid, unhealthy matter in the blood, and Rheumatism, Catarrh, Scrofula, Contagious Blood Poison etc., are all deep-seated blood disorders that continue to grow worse as long as the poison remains.

But all blood diseases are not acquired; some persons are born with an hereditary taint in the blood and we see this great affliction manifested in many ways. The skin has a waxy, pallid appearance, the eyes are often weak, glands of the neck enlarged, and as the taint has been in the blood since birth the entire health is usually affected.

In all blood troubles S. S. S. has proved itself a perfect remedy and has well earned the title of "KING OF BLOOD PURIFIERS." It goes down into the circulation and removes all poisons, humors, waste or foreign matter, and makes this stream of life pure and health-sustaining. Nothing reaches inherited blood troubles like S. S. S.; it removes every particle of the taint, purifies and strengthens the weak, deteriorated blood, and supplies it with the healthful properties it needs and establishes the foundation for good health. As a tonic this great medicine has no equal, and it will be found especially bracing to weak, anaemic persons. Rheumatism, Catarrh, Sores and Ulcers, Skin Diseases, Scrofula, Contagious Blood Poison and all other blood troubles are cured permanently by S. S. S., and so thorough is the cleansing of the blood that no trace of the disease is left to break out in future years or to be transmitted to offspring. If you are in need of a blood purifier get "THE KING" of them all, S. S. S.—and good results are assured. Book on the blood and any medical advice desired furnished without charge to all who write.

Gentlemen.—S. S. S. is used as a family medicine in our home. I myself have taken and always found it what it is claimed to be. It thoroughly cleanses the system of impurities, increases the appetite, improves the digestion, and builds up the general health. I have given it to my children with fine results. It promptly restores the appetite and clears the skin of all eruptions. It is a very fine blood tonic and has my hearty endorsement. 124 S. 9th St., Lebanon, Pa. P. H. THOMPSON.

S.S.S. PURELY VEGETABLE

Diseases, Scrofula, Contagious Blood Poison and all other blood troubles are cured permanently by S. S. S., and so thorough is the cleansing of the blood that no trace of the disease is left to break out in future years or to be transmitted to offspring. If you are in need of a blood purifier get "THE KING" of them all, S. S. S.—and good results are assured. Book on the blood and any medical advice desired furnished without charge to all who write.
