PEACE!
PROSPERITY!!
UNION!!!

And while we enjoyed our trip to our former home in Kansas to the utmost, we were delighted to return to the best climate on earth in Helena Montana.

With becoming modesty we will vouch that all who saw or heard us on our recent trip to the east have a yearning to come this way.

One of the features of the session of the business mens league and press association, was the efforts of the would be big guns to outshine each other, in Brabley Martin dinners * etc.; but for ours we much preferred the hearty and sincere hospitality without any frills of our many friends among the masses which after all are the ones who are building the race.

At the business league meeting the report from Montana created a great deal of comment; It was indeed a revelation that our people in such small numbers out here were forging to the front in the various avenues of business and we may look forward as a result of our efforts along the line of commercial advancement to attract many of our best citizens to this section to the end that we may continue to demonstrate by deeds and acts that this people are capable of making good along all lines.

Over in Butte there are those who are well up at the pie counter saying that Mayor Corby will be the republican nominee for governor.

Helena's next stellar attraction will be the greatest fair ever held in the great Northwest.

Ira O. Gay who worked so hard to secure the meeting of the business league at Topeka instead of being the recipient of boquets for his efforts seemed in a fair way to get a load of bricks when we left the capital of Kansas.

And while U. S. Assayer Miller could not retain Mr. Rose in that office he did his best "Angels could do no more.

Our voting contest promises to be a warm number before the finish.

WESTERN PRESS ASSOCIATION PASSED TIMELY RESOLUTIONS THE NATIONAL BUSINESS LEAGUE FOLLOWS SUIT

(Reported to the Daily Capital)

After a bitter fight in the committee on resolutions, the western Negro Press Association let President Roosevelt down easy, in the Brownsville affair, by saying that he had been "misinformed", by asking the reinstatement of the negro soldiers, and by commending Senator Forsaker of Ohio for his work for the race. At the same

and the Negro soldier, and we take this opportunity to express our appreciation of the same.

"We view with grave concern and alarm for the future of our country, upon the steady encroachment and widespread acceptance of the impracticable ideas of southern agitators which tend to promote racial strife, encourage unjust laws and debase the Puritan ideas of right, reason and justice, which are

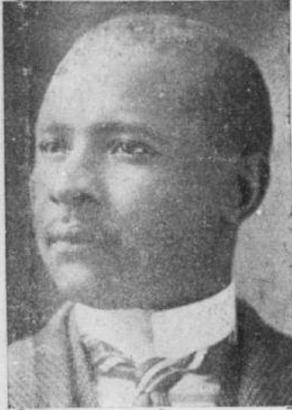

taught and students, and bring about a complexity of unpleasantness in every phase of daily life.

Attention was called to agitation in the North, claimed to have been brought about against the negroes by southern people.

The editors went on record as

favoring the admission of negroes to the West Point Military academy and the Annapolis Naval academy, besides giving them admission to the artillery and marine corps.

The movement to get the race in to the commercial lines more than ever was commended.

time an effort to commend Secretary Taft, in the resolutions failed and instead Forsaker, the man who has been fighting the Secretary in Ohio, got the praise.

The resolution says:

We have the utmost confidence in the administration dealing justly with all men, yet we believe it has been misinformed as to facts surrounding the Brownsville affair; and since a senatorial investigation has found our soldiers innocent of all charges, we urge the reinstatement of the discharged soldiers.

We are not unmindful of the invaluable service to our people and the country by Senator Joseph

imbedded in the fundamental structure of our national commonwealth. Such teachings tend to pervert the objects and ends of Christ-
