FASHION HINTS

The separate blouse pictured here is a veiled model with the very popular Japanese sleeve, Chiffon or Chiffon Cloth, which has very much more body, is generally used for these waists, veiling either a plain contrasting color or something in Persian effect.

A man went into a studio and asked the artist if he could paint a picture of his father.

"Yes," said the artist. "When can your father sit for me?"

"Why, father's dead!"

"Well, can't you give me a photograph of him?"

The man who wanted the picture said he had no photograph, so he described his father as well as he could to the artist. When the picture was done he came to look at it.

"Yes, yes," he said, excitedly, "that's father, all right." Then he started to cry and the artist asked him what he was crying about.

"Nothing," he said, between his sobs, "but father has changed so."

PHILADELPHIA WINS EASILY TRIM THE CHICAGO CUBS IN CHAMPIONSHIP.

Former Won Four Games, Latter One—Coombs Winning Pitcher—Total Attendance 125,000—Total Receipts \$175,000—Each Athletic Gets \$2,000—Collins Leading Batter of Series.

Chicago, Oct. 24.—The baseball championship of the world belongs to the Philadelphia club of the American league. They clinched the big pennant fast Sunday, seven runs to two for the Chicago Nationals, and it was a big overflow crowd that saw it.

Five games have been played, and the easterners took four of them by outbating, outfielding and outrunning the veteran Chicagoans. They got the "jump" at the start, and although Chicago punctuated their program with a defeat yesterday, it really did not change the situation a bit.

The Philadelphians were due. They won the American league banner in 1902, but there was no world's series that year. Five years ago the New York Nationals were too strong for them. So in this year of grace it was not on the cards that they were to be denied.

Big Money for Players.
While the series was not the most profitable ever played, it helps to simplify the high cost of living problem confronting even such heroes as the Philadelphians, with winter coming on. The players' share of the money amounted to \$79,071. Of this 60 per cent, or \$47,443 goes to the winners, and \$31,628 to the losers. As there are 23 players on each team eligible to participate, each of the Philadelphians is entitled in round numbers to \$2062, and each Chicagoan to \$1375.

The players shared in today's receipts by courtesy of the management of the two clubs, who conceded that if today's receipts should be larger than those of any previous day the smallest receipts should be credited as accruing to the fifth day, and the Sunday receipts accredited to the fourth contest, the last in which the players had a financial share.

The total receipts for the series were \$173,980. The two clubs get \$38,735 apiece, while \$17,398 goes to the national commission. The total attendance was 125,219 persons.

Coombs the Hero.
The performance of Coombs in pitching and winning three of a five-game series is probably unique. He had but one day's rest between the second and third games and but three days intervened between the third contest and today's exhibition. He had better control today than in the previous contests and foiled the opposition batters when his meant runs.

Brown, for Chicago, pitched excellent ball, except in the locally disastrous eighth, and the holocaust of that inning was by no means entirely his fault.

The day was bright and the weather of the Indian summer variety. Ground rules, as usual, were necessary.

Chicago's failure in the series can be laid to one cause—the weakness of the pitchers.

Facts of the Series.
Games won—Philadelphia, 4; Chicago, 1.
Total attendance—125,219.
Total receipts—\$173,980.

Players' cut—Each Athletic, \$2062; each Cub, \$1375.
Leading batter—Collins, Athletics, 429.

Leading pitcher—Coombs, who won three games.
Biggest crowd any one day—Chicago, final game, 27,371.

Total runs—Athletics, 35; Chicago, 15.
Total hits—Athletics, 57; Chicago, 37.
Total errors—Athletics, 9; Chicago, 9.
Total stolen bases—Athletics, 7; Chicago, 3.

CARNEGIE RETURNS HOME

He and Family Are Well After Visit in Foreign Lands.

New York, Oct. 24.—Andrew Carnegie leaned heavily on the arm of his secretary as he walked down the gang way of the White Star liner Baltic, Sunday, from Liverpool. He did not relinquish his hold on the supporting arm until he had entered a carriage to be driven to his Fifth avenue mansion, and in walking the length of the pier to the elevator displayed signs of fatigue.

Mr. Carnegie declared, however, that he felt splendidly and had enjoyed the voyage immensely. He was relieved of the tediousness of the custom routine by leaving baggage on the pier for inspection. Mrs. Carnegie and daughter, Miss Margaret, remaining until an inspector began opening their baggage.

KIDNAPED CHILD REVEALS STORY

Boy Caught in Omaha Compelled to Walk Across Several States With Captor.

Dewey Victor Wellman, 11-year-old son of a widow in Seattle, Wash., who was kidnaped from his home on July 16 last, was found by the police in Omaha Saturday. The little boy was with H. Schuman, a Seattle contractor, who, the boy says, took him from his home.

According to the boy's story, the pair walked all the way from Nevada to Omaha. Sometimes they were hungry, but despite the lad's pleadings, Schuman refused to take him home.

Schuman was caught here when he applied to the Associated Charities for work. He confessed stealing the child.

The boy himself told the story of his capture. He said he had gone for a boat ride with the man, whom he had seen on the street many times. They got in the boat and Schuman refused to return. With tears streaming down his face, the little fellow told how he had tramped over miles and miles of dusty roads. They would stop at a farmhouse and Schuman would work a while and then move on, he said. Finally they came to Omaha. The pair will be taken to Seattle at once and the child restored to his mother.

KING APPLE'S GREAT POWER.

Railroad Will Send Apple Show to Chicago in Record Time.

King Apple's dominion is fully established when he can upset railroad schedules and order record runs over transcontinental lines to suit his imperial convenience. That is what the northwestern potentate has accomplished with regard to the transportation facilities placed at his disposal by the Hill lines, over which the prize-winning displays from the third National Apple show in Spokane, the week of November 14, will be moved to Chicago for exhibition in the First Regiment armory, November 28 to December 4.

A special train, loaded with the northwest's choicest offerings of the king of fruit, will be started on passenger train time 48 hours after the Spokane show closes, the night of November 19, for a run of 2,000 miles. The train will carry the winner of the \$10,000 championship sweepstake on earload contests and many other premium takers, also displays from 35 commercial orchard districts in Washington, Oregon, Idaho, Montana and British Columbia.

NAME POSTAL BANK TOWNS.

Anaconda, Coeur d'Alene City, Olympia Chosen for First Trial.

The 48 cities in which the first trial is to be made of the new postal savings bank have been announced by Postmaster General Hiteheek on behalf of the board of trustees.

On account of the limited appropriation, second class postoffices were selected in the western cities, as follows: Globe, Ari.; Oroville, Cal.; Lendville, Colo.; Coeur d'Alene, Idaho; Anaconda, Mont.; Nebraska City, Neb.; Carson City, Nev.; Raton, N. M.; Klamath Falls, Ore.; Deadwood, S. D.; Provo, Utah; Olympia, Wash., and Laramie, Wyo.

While the actual date for the opening of the postal banks at these cities has not been definitely fixed it is practically certain that it will be the first of the year.

If the selection of Olympia is a criterion city to try out the new postal savings bank system, what a great boost it will get.

Squabble Between Dunsmuir and Mackenzie in British Columbia.

Victoria, B. C.—Instead of there being one lawsuit between William Mackenzie, the Canadian Northern builder, and former Governor James Dunsmuir, in connection with the recent \$11,000,000 sale of coal properties, there are two. In one Mackenzie is plaintiff and Dunsmuir is defendant. In the other the positions are reversed. Both suits are over the same matter.

AIR ARMY IS READY

JOHN RYAN SAYS UNCLE SAM IS UP-TO-DATE.

Claims to Have 3,500 Men Over the United States to Act As Scouts—Army Has Been Instructed to Cooperate With Air-going Men in Organization of Aeronautical Corps.

America's air army is ready for business. John Ryan, son of Thomas F. Ryan, founder and commodore of the United States aeronautical reserve, in a signed statement says:

"We have 3,500 men, situated in every state in the Union, enlisted in the aeronautical reserve to act as scouts in time of battle. Officers of the army and navy have been assigned to cooperate with him in the organization of an aeronautical reserve corps.

"The aeroplane will eventually make war so full of horrors, by its inevitably increasing power to destroy fortifications, as well as ships and towns, that it will be one of the greatest means of bringing about peace among nations. It is still true at the present day, however, that a nation to preserve peace must be prepared for war. The country commanding the strongest army and the strongest navy will be feared most.

Began a Month Ago.
"It was due to a full realization of these facts that I became interested in the organization of the United States aeronautical reserve. Only a month has passed since the first actual recruiting work began at the Harvard-Boston aviation meet.

War Department Recognition.
"General Robert Shaw Oliver, acting secretary of war, in behalf of that department of federal service, has assigned Brigadier General James Allen, chief signal officer of the army, to consult and correspond with the United States aeronautical reserve in regard to its relations with the war department. The reserve intends to put its services and resources at the disposal of the government in times of war.

"Up to date very little has been done in this country toward testing the value of the aeroplane in naval warfare. Perhaps this has been delayed somewhat on account of the strenuous efforts that are being made to produce more efficient vehicles. Nevertheless the navy department has displayed deep interest in the aeronautical reserve movement and will give it its cooperation."

NATION'S TAXES CALLS FOR SWEEPING PROBE

Scandal Expected to Follow Announcement of Corporation Revenues—Aggregate Too Small.

A nation-wide scandal may result from the manner in which the corporation tax law has worked out. With the official announcement by the treasury department at Washington that the total paid in as the result of the tax is only a trifle more than \$27,000,000 Wall street financiers are convinced that an extremely clever job in hiding profits has been carried on by somebody.

This federal tax is 1 per cent of the net yearly income of a corporation tax from all sources over and above \$5,000—exclusive of all amounts received by it as dividends on the stock of other corporations subject to the tax.

Two Biggest Payments.
The two biggest concerns in the country, the Standard Oil company and the United States Steel corporation, have paid into the government more than \$2,000,000, or about one-thirteenth of the entire tax.

This, the financiers say, is preposterous, inasmuch as many of the big companies have admitted a total earning of 7 per cent or better on their capitalization in their reports to their stockholders.

The prediction made in financial circles is that as the result of the apparent evasion of the tax law, the law will be strengthened by congress in the near future so that the treasury department may readily detect those who fail to meet the requirements.

Policeman Fleming Arrested.

Oakland, Cal., Oct. 24.—Daniel B. Fleming, a state railroad policeman, was arrested here by Town Marshal Seng of Redding on a warrant charging him with the murder of George Vallier, the 19-year-old Tacoma boy who, with a companion, was found beaten and unconscious on the roof of a car of an overland train at Redding, August 25, and who died of his injuries a day later. Fleming protested his innocence of the crime. He was taken to Redding, where he will face trial. Fleming was arrested at the instance of the mother of Vallier.

Hood River Packers At Show.

Hood River, Ore., will be well represented at the apple packing contest at the National Apple show at Spokane, November 14. At least eight or ten of Hood River's most efficient packers will attend the contest. Several packers can exceed 100 boxes a day.

People Who Work Indoors With Their Hands

Seamstresses, watch-makers, artists, draughtsmen, and many others, cannot properly handle their tools with cold, stiff hands. Many a lost hour or two on cold winter mornings results from the delayed heat of furnace or stove.

The Perfection Oil Heater in a few minutes gives the temperature that assures the worker warm hands and pliable muscles. The

PERFECTION SMOKELESS OIL HEATER

Absolutely smokeless and odorless

quickly gives heat, and with one filling of the font burns steadily for nine hours, without smoke or smell. Has automatic-locking flame spreader which prevents the wick from being turned high enough to smoke, and is easy to remove and drop back so the wick can be quickly cleaned.

It has a damper top and a cool handle. Indicator always shows the amount of oil in the font. The filler-cap does not need to be screwed down; it is put in like a cork in a bottle, and is attached to the font by a chain, and cannot get lost.

The burner body or gallery cannot become wedged, because of a new device in construction, and consequently, it can always be easily unscrewed in an instant for reworking. The Perfection is finished in Japan or nickel, is strong, durable, well-made, built for service, and yet light and ornamental.
