He will speak in Lewistown, and if arrangements can be made will be in Gilt Edge and Kendall. Joe Toole is by long odds the most popular man in this state, and he will be given a rousing reception by the people of Fergus county. There is a bare possibility that William J. Bryan, twice the peerless leader of democracy, will come to Lewistown next week. He will be in Montana, and the state committee is desirous of having him come to Lewistown. It will be known here definitely within the next two or three days whether or not he will come, and if he is billed for here the fact will be widely advertised.

Drake, the Chicago mine owner and millionaire, happened to be a guest at the Hoffman and when the boys had finished, he made them a present of \$50. The gift was greatly appreciated by the boys. If there were a few more people in Lewistown as liberal as Mr. Drake, Lewistown could soon boast of a band as good as any in the state.

Last Sunday afternoon at the home of J. W. Hughes five miles east of this city was solemnized the marriage of Miss Elma Simms to Mr. Jesse Jenkins, both of the young people residing near Flatwillow. The Rev. W. A. Winters performed the ceremony which was witnessed by only a few relatives and friends. The groom is an upright, energetic young rancher and is in every way deserving of the sweet bride that he has won for himself. They will make their home on his ranch in the southern part of the county.
Roy E. Ayers was born and raised in Fergus county. There is not a mark against his record. He received his preparatory education in the schools here and won honors while in the law school in Indiana. For a young practitioner he has had excellent success with his cases. He is fully equipped for the county attorney's office and will perform the duties of that important position in an efficient and creditable manner. These things with the additional fact that he is running against a man who aspires to a third term should give him your vote.

Last Sunday morning while "Hatch" first name unknown, was watching the fire being extinguished at the New Ideal Cafe, a fellow by the name of Primer walked up and without any sidesteps, feints or other pugilistic preliminaries, landed a right hander on Hatch's phisog, sending the unoffending fellow to the earth. Hatch arose only to receive another biff in the nose. The man who did the pummeling then sauntered down town. Officer Will Bebb appeared on the scene a few moments later and told the belligerent Mr. Primer that it was the tall hill for him. He objected and it became necessary for the officer to slap Mr. Primer under the eye with his fist. Mr. Primer then walked aloft quite docilely and the next morning paid his fine of \$10 with equal docility. He said that he was somewhat intoxicated Sunday morning and possessed of a hallucination to the effect that Hatch had rolled him. The incident was closed as soon as he handed Magistrate MacGowan the ten.

Fergus county and particularly Lewistown, is going to be well represented at the state fair which is in progress in Helena this week. The one fare rate which the Montana Railroad company made proved popular and many are taking advantage of the opportunity to get to Helena cheap at a time when there are all sorts of attractions. Standing room was at a premium on the train which left this city yesterday morning and it was expected that a large number would be picked up along the road. Over seventy tickets were sold at the local office and of this number, 60 were to people who were going to Helena. It is expected that the rush tomorrow will be even greater as a large number have expressed it as their intention to go in the morning. Mr. Neff has always been rather expert with the rod but he crowned his Waltonian accomplishments with a supreme achievement last Saturday afternoon when he hauled out a trout which weighed four pounds and one ounce. The catch was made in Spring creek near the Iron spring and it required five or ten minutes for the fisherman to put the big fellow on the grass.

The fire department was called out at 8:30 o'clock Sunday morning to extinguish a blaze in the New Ideal Cafe. A pan of grease caught fire in the kitchen of that establishment and in an instant the entire room was full of fire. Fortunately, the flames were confined to the big range, and after the grease had burned out it was found that nothing but the range had been greatly injured. The fire boys did not find it necessary to turn on any water. The proprietors of the New Ideal are to be congratulated that the fire was not more serious. They soon had the smoke cleared out and everything as usual within two hours after the fire occurred.

There is one man on the democratic ticket who is going to surprise the republicans by his running qualities. That man is Arthur T. Dennis, the big framed, broad minded young miner from Kendall. His work has not yet enabled him to get out to make a canvass but he is working very effectively through the hills and will soon start out through the country. He is just the kind of a young fellow that the people of the west glory in-strong in body and mind, fearlessly independent, scrupulously honest. He knows the needs of a laboring man and will make a reliable and useful member of the legislature. Cast your vote for him.

George Canon's duties as deputy in the office of the clerk and recorder will not permit him to make as active personal canvass for the office of treasurer as he and his friends desire. Mr. Canon is entirely too conscientious an officer to neglect a single public duty to go on a campaigning trip and will do his work largely through personal letters and through his friends in all parts of the county. Mr. Canon is an expert accountant and will conduct the treasurer's office in a manner which will reflect credit upon himself and the county. The voters of Fergus county will be working for their own best interests if they cast their ballots for George Canon.

FLOOR FELL THROUGH.
Several others were also slightly hurt. Some seven thousand persons attended the ceremony, and about 200 were seated or standing on the floor which covered the newly made basement. In the confusion that followed many were trampled upon and half suffocated.
