**DR. BARKER GIVES SOME COMMON SENSE ADVICE TO BUSY MAN REGARDING EXERCISE.**

**SIMPLE RULES FOR KEEPING WELL**

Some sound advice was meted out in liberal quantity, Tuesday at the noon-day luncheon of the business men of Lewistown, assembled to the number of 156 at the Bright hotel dining parlors. It was the largest Chamber of Commerce dinner of a year past, and reflected credit upon the live local organization, which is maintaining the interest and the support of the business men of the city to a remarkable degree. Dr. Barker, the eminent physician, who is here for the week, delivering a series of important lectures, to the people of the city, was the speaker of the day. His subject was: "How the Busy Man Can Keep Well the Year Around."

President Bert d'Autremont of the Chamber of Commerce introduced the speaker, who lost little time in getting to the meat of his subject. However, he could not resist bestowing a few compliments upon the city of Lewistown and the local Chamber of Commerce. He said that Lewistown impressed him as being the most progressive city of 6,500 population that he had ever seen, while the Chamber of Commerce was worthy of a city of 25,000 population. The attendance at the dinner was the largest of any similar affair at which he had spoken in any city smaller than 25,000.

The value of exercise for the busy man was then discussed in an emphatic and impressive manner by Dr. Barker, who gave a number of reasons for every business man to take from 15 to 20 minutes daily for the right kind of exercise. At the close cards containing some simple exercises were distributed. These contained some valuable rules, laid down by Dr. Barker, who has made a life-long study of the subject, and who was physical instructor for ex-President Taft.

The doctor explained that discoveries had been made showing that the white blood corpuscles become sluggish and inactive in the man who fails to exercise properly, and these soldiers of the body are thus weakened for their fight against the disease germs. Thus exercise will keep the cells active and minimize the danger of sickness. He predicted the time when all persons would do the proper gymnasium work, so that sickness would be almost unknown, and death would follow from old age and not come prematurely through diseases that can be prevented. The cleanest campaigns of the past 15 years have done much good to stop the multiplication of germs, but 11 years ago the discovery was made that the white cells in the blood can prevent the germs from getting the upper hand in the human body, if they are properly active. Experiments in Germany showed that laziness breeds inactivity among the white cells, and thus exercise proved the opposite. Tests made three years ago in Germany gave modern science this important discovery for combating disease germs. He urged every business man to apply this to himself and at the conclusion illustrated a series of nine exercises designed to develop various organs and parts of the body. This would give the business man more vitality and prolong his life. It would enable him to do much more work in the space of the day, enough to more than make up the time spent in exercising. So lack of time is no excuse, for the business man to put forth, as he really gains time by being in physical condition so that he can do his work better and not become fatigued.

Dr. Barker urged that the business man have a gymnasium in Lewistown, and one enterprising citizen said he would contribute \$100 for such an undertaking. This question will receive the active consideration of the chamber the next few weeks.

**Talks to Women.**  
At the St. James parish house at 3 o'clock Tuesday afternoon, and again at the Methodist church in the evening, Dr. Barker talked to the women of the city. On both occasions the auditoriums were crowded to the doors. Testimonies of the women who heard him give proof of the interest he aroused by two practical and straightforward talks along lines of sex hygiene, and the eyes he has opened to wonderful benefits of simple, consistent exercise.

**ZAPATA LEADER IS ROUTED IN BATTLE**  
EL PASO, Texas, Jan. 26.—Gen. F. Maycott, commanding a part of the Carranza army of Gen. Jacinto Trevino, has routed the Zapata leader, Benjamin Argumedo, in a battle at Mazas. According to a telegram received tonight at Juarez, Maycott had 1,000 men. Argumedo is said to have been in personal command of the defeated forces.

**THERMOMETER REGISTERED 21 BELOW AT 7 O'CLOCK YESTERDAY MORNING.**

**TWENTY-FIVE BELOW AT 5 P. M.**

The observer's forecast of "continued cold" was fully verified yesterday and just to insure this fact being thoroughly noted by all, a keen breeze prevailed practically all day and last evening.

It was hardly as cold Tuesday night and early Wednesday morning as was anticipated, the indications being for a record breaker. Early yesterday morning the government thermometer registered 23 below zero.

When Observer W. W. Watson read it again at 7 o'clock the mercury stood at 21 below zero. At noon yesterday it was 17 below zero, but with the breeze referred to it seemed considerably colder.

During the afternoon the mercury gradually dropped and at 5 o'clock it stood at 25 below zero, dropping just a little under that point during the evening.

The forecast for today is fair weather with indications that it will be colder.

Tuesday night there was a light fall of snow which was general in this section of the state.

existing land hospitals should be authorized. The navy department, the surgeon general said, already was working out plans for a hospital ship to accommodate 800 patients, an appropriation for which is asked in the pending naval bill. Both the Relief and the Solace, the navy's only hospital ships, were old and inadequate, he said, but if a new ship were authorized, the Solace might be put into shape for use in Pacific waters.

South of Norfolk and San Francisco, the surgeon general explained, the navy at present has virtually no hospital facilities. He said the hospital corps should be enlarged from the present 1,571 to 2,700 and that 94 more surgeons were needed.

**SPECIAL CORRESPONDENT SENDS BUDGET OF NEWS FROM ARMELLS**

ARMELLS, Jan. 26.—A gang of the Mountain States Telephone & Telegraph company, consisting of 50 men, pitched tent here last Wednesday and commenced planting poles on the extension, Hager in town. Getting to the conditions were such as to alarm the townspeople. Tools and tools were shipped to Hager for storage.

C. E. Doolan recently lost his homestead house by fire, caused by the roof falling in while getting breakfast. Furniture, stoves and dishes were saved. Doolan was formerly section foreman at this point.

William Riley, wagon seller, blacksmith at the Fergus ranch, is spending a few days in Lewistown.

Miss Agnes Fergus is down with the measles.

Claude E. Maury, proprietor of the "horse ranch," is spending the winter at his father's, near Dilley, Ore., with his family.

Robert Dixon and son are in Lewistown for a few days.

Mrs. A. S. Good has recovered from several weeks of illness.

High winds Saturday blew all the snow off of the wheat field and warm winds Sunday have melted the snow drifts.

Andrew Fergus and Postmaster K. Matthews are busy putting the new school district and expect to erect a school house in the new townsite at Armells as soon as necessary steps are taken by proper authorities. They advocate a large building, 40x50, for a No. 1 teacher with at least nine months school per year. They claim to not have met with any serious opposition thus far. Armells is on the line between districts 105 and 127, which makes it necessary to draw from both to make up required territory.

**MEMBERS OF CITY COUNCIL PLAY A STRANGE JOKE ON THEMSELVES**

The reason for there being no quorum at the council meeting scheduled for last Monday night has just been ascertained. At least Aldermen Harry Vestrom and James Smith come forward with this plausible story: They state that they were in the city clerk's room from 8 p. m. until 8:30 p. m., waiting for the mayor and the other councilmen. In the meantime the other members of the council were upstairs in the council chamber, ready to proceed with business as soon as one more alderman came on the scene. Not knowing this and thinking that they were the only ones present at the no-quorum meeting, Messrs. Smith and Vestrom eventually wandered off toward their homes at about 8:30 p. m., when search for them was the hottest. The gentlemen forgot to rattle up stairs, where the lights were burning brightly, attributing said brightness for the activity of the janitor.

**MRS. ELIZABETH F. MOHR TAKES EIGHTY JURORS FOR THIS YEAR**

**WITNESS STAND IN OWN DEFENSE**

PROVIDENCE, R. I., Jan. 26.—Elizabeth F. Mohr, 42, of Lewistown, Mont., is the first woman to appear as a witness in her own defense in a criminal case in this state. She is charged with the murder of her husband, Dr. W. W. Mohr, on Feb. 14, 1913, in Lewistown. She is charged with poisoning him with strychnine.

The widow told her story in law tones. Once or twice while telling of some particularly irritating turn in her domestic troubles, she seemed on the verge of breaking down.

In answer to questions put to her by her counsel, the witness said her husband had been cruel and abusive, but that she loved him notwithstanding. She identified a letter she said she had received from him while she was at the Newport home in the fall of 1913, in which the doctor said: "I don't want anything around that reminds me of you and if you ever put your foot in my place in Providence again I will about kill you. You are barred from my Providence places and I never will associate with you again. The only time we will be under the same roof again, will be when I go to Newport, perhaps. When you leave there you leave everything."

Continuing, Mrs. Mohr said she received many beatings from her husband because of her attempts to keep the doctor away from him. She said she was doing, that he was interested in what he did.

She did not deny writing letters to Healis, Dr. Mohr's negro chauffeur, while she was visiting the doctor's relatives in McEwanville, Pa., but she said she wanted to know what the doctor was doing, that he was her husband and she was interested in what he did.

The next jury term of court is to begin Monday, February 14, and the cases set will extend the term from that date to and including May 1. There may, of course, be some additions to the calendar, while a few of the cases now set may be disposed of before they are reached in court. **NEW GOVERNMENT SHIP PURCHASE BILL NOT LIKELY TO BE OPPOSED**

WASHINGTON, Jan. 26.—Prospects for passage of a government ship purchase bill are believed to be bright by administration leaders, who saw in conferences President Wilson last today with democrats who opposed such a measure last year, indications that united support for the revised proposal eventually would be won.

The president continued during the day to urge leading members of congress to hasten action on important legislation. He discussed the ship purchase bill particularly with Majority Leader Kitchin of the house, and Senator Clarke of Arkansas. Later Representative Kitchin said the bill, if presented as outlined to him, would receive his support. Senator Clarke would not discuss it, but some of his friends said they believed the measure could be submitted in form to meet his approval.

Senator Simmons, chairman of the senate finance committee, and Representative Fitzgerald, chairman of the house appropriations committee, were among those who went to the White House for conferences. The president made it clear that the matters before congress he hoped to see pushed ahead of everything else were the following:

National defense measures including army reorganization and increased naval construction.

Creation of a merchant marine designed to serve as a naval auxiliary in time of war.

Revenue legislation, including revision of the income tax law and creation of a non-partisan tariff board.

The Philippine self-government bill, which will include a provision granting independence within 2 to 4 years, provided satisfactory steps are taken in the meantime to establish a stable independent government.

**ENROLLMENT IN CITY'S SCHOOLS**

The new semester for the city schools began Monday with the largest enrollment which has ever before been reached. Some 950 children were in attendance when the new rolls was made up. New beginner's classes will be started in all three buildings, and when the new school building is completed in South Lewistown within the next week or 10 days, there will be 30 or 35 lower grade children accommodated there. All the buildings will be filled to capacity. One desirable change will be effected in bringing the sixth A grade from the "Lawton" building to the Lincoln for departmental training there.

**Home Credits.**  
One of the important innovations of the new semester will be the system of home credits which was explained at some length by Supt. Franke before the Parent-Teacher association and when the new school building is completed in South Lewistown within the next week or 10 days, there will be 30 or 35 lower grade children accommodated there. All the buildings will be filled to capacity. One desirable change will be effected in bringing the sixth A grade from the "Lawton" building to the Lincoln for departmental training there.

**ARREST CAUSES SOME SURPRISE**

A small sensation was created here late Tuesday afternoon by the arrest of W. H. Nitschke, who has been connected with the clothing department at the Sweitzer store for some months past, on a charge of petit larceny. In this particular instance it is alleged that Nitschke made a sale, or a supposed sale of an overcoat, worth \$25, and that the store received none of the proceeds, there being no record of the transaction. Chief E. W. Ray made the arrest and in the work on the case he was assisted by Frank Lavigne, the state stock inspector, long a prominent detective. There were no inclinations on the part of any of the officers to go into the details. Nitschke was arraigned before Judge B. H. Foley and his bond was fixed at \$500. Nitschke at first seemed to consider the arrest a joke, but if this was serious he was soon undeceived. The witnesses named on the complaint are Chief E. W. Ray, Mr. Lavigne, Mr. Sweitzer, Ernest Bullard, Miss Ritchie, Louis Eddy, John Doe and Richard Roe. Nitschke stoutly maintains that he is innocent of the charge.

**for Loss of Two Stallions in Fire**

Read what he says about the prompt payment and methods of the Montana Livestock & Casualty Insurance Co.

Hobson, Montana, Dec. 27th, 1913.

Montana Livestock & Casualty Insurance Co., Helena, Montana.

Gentlemen:  
We have just received through your district agent, J. E. Pinkley of Lewistown, Montana, your check for \$2000, being the full amount of policy No. F. L. A. 90, and No. 1254 on our imported stallions "Gaelique" and "Filibuster" which loss by fire occurred on the sixth instant. I wish to extend our heartfelt "Thanks" for the prompt payment of this loss.

We fully realize the value of Livestock Insurance and the help it is to the stockmen of the state of Montana, and we for one feel as though we cannot say enough for the good of your cause.

We would get up any time of the night to speak a good word for the Montana Livestock & Casualty Insurance Company. We expect to buy another stallion in the spring and he will be insured in your company just as soon as purchased.

Wishing you a very Happy and Prosperous New Year, we beg to remain,

Yours very truly,  
M. T. ROONEY & SON
