

WORK IN HARMONY

Mexicans and Americans Will Hunt the Villa Bandits Together.

REACH AGREEMENT

Mexican Military Men Believe That in View of the Troops Dispositions to Be Made by General Obregon in Co-operation of the Tentative Agreement Made With General Scott, the Withdrawal of American Troops From Mexico Will Take Place in About Two Months—Bandits May Be Eliminated in That Time.

EL PASO, Tex., May 3.—Mexican military men believe that the withdrawal of the American troops from Mexico will take place in about two months, it was learned here tonight. American officers would make no comment.

The Mexicans say that in view of the troop dispositions to be made by General Alvaro Obregon, in co-operation with the tentative agreement made with General Hugh L. Scott, the running down of the bandit groups in Chihuahua and Durango can scarcely take more than that period of time. On assurances from General Carranza that the bandits are dispersed, the northward movement of American troops will attain full speed and it will not be long until the last troop crosses over the international boundary lines. In the meantime, it was pointed out, there will be constant movements northward of American detachments.

Answers to dispatches sent today to Washington by General Scott and to Queretaro by General Obregon were not expected to be received here before tomorrow. In case the terms settled upon by General Scott and General Obregon are approved by President Wilson and General Carranza, the present negotiations practically will be concluded, although the formality of another conference will be gone through with either tomorrow night or Saturday.

It is probable that no American troop movements will be begun until General Carranza has signified his acceptance of the stipulated conditions by the Washington government.

After that, however, the Mexican and American troops are expected to begin at once a co-operative campaign that will effectively stamp out the various bandit groups.

SCOTT SENDS REPORT

WASHINGTON, May 3.—A long telegram in code reached the war department late tonight from General Scott at El Paso giving a full report on his conference with General Obregon, the Carranza war minister. Up to the time the message was deciphered the Washington government had no official knowledge of the result of the discussion between the two military advisers, although administration officials had made no secret of their satisfaction over the news in press dispatches from the border saying that an understanding had been reached and danger of a clash with the de facto Mexican government removed.

General Scott sent a brief message during the day that he was preparing a full report for later transmission to Secretary Baker. The secretary and General Bliss, acting chief of staff, were on watch for the report all day and until far into the night. As the hours passed, however, it became clear that no action toward ratification of the agreement could be taken until President Wilson had studied General Scott's dispatch tomorrow.

The Mexican problem is being handled by the president personally. It is understood, and no steps will be taken without his sanction. It has been hinted that it was Mr. Wilson himself who suggested the conference between General Scott and General Obregon.

Officials apparently saw no reason to doubt the press reports from El Paso giving the substance of the tentative agreement.

The reports bear out information here as to the scope of the powers given General Scott in the additional instructions sent him after General Obregon's insistence on the immediate

(Continued on Page Eight.)

FEDERAL GRAND JURY INDICTS FIVE GERMANS FOR CONSPIRACY

NEW YORK, May 3.—John Devoy, editor of the Gaelic-American, and John T. Ryan, a Buffalo attorney, were mentioned in superseding indictments handed down today by the federal grand jury that is investigating the alleged German plot to blow up the Welland canal. The two men were not indicted, but are alleged to have had cognizance of the conspiracy. Devoy is a leader in this country in the movement for Irish independence.

The new indictments go into the details of the alleged plot, and for the first time in pro-German conspiracy cases, state that it was aimed to assist the German emperor. The indictments are against Capt. Franz von Papen, recalled German attache;

Situation in Ireland Is Now Extremely Quiet

LONDON, May 3.—"The situation in Ireland is quiet," says an official statement, issued this evening. "The collection of arms and the arrest of fugitive rebels is progressing satisfactorily. A strict cordon is still maintained. In Galway the police barracks at Oranmore, about seven miles east of Galway, was attacked by a party of rebels, but held out until relieved."

JESSE PINKLEY FORMER MAYOR PASSES AWAY FROM LONG ILLNESS

Jesse E. Pinkley, deputy state stock inspector, died at 8:45 Tuesday night at his residence, 308 Second avenue, south, after a long illness, aged 43 years. He is survived by the widow and one daughter; one brother, James Pinkley of Missouri, who was at the bedside, and a brother and sister, in addition to other relatives, residing in Missouri.

The decedent first became ill about three months ago, and he submitted to an operation. He improved gradually and perhaps three weeks ago took up his duties again, his strength slowly returning as he went about. On April 25 he returned to the city from a trip to Butte, Helena and White Sulphur Springs, but very soon after getting home began to lose ground again, although he was not confined to his bed until a few days ago. His ailment, a very serious liver trouble, with complications, brought him down rapidly and he was unconscious most of Tuesday.

His Career. Mr. Pinkley came here from Missouri many years ago and was for some years employed by David Hilger and the Fergus people in the Armelco country. Removing to Lewistown, he engaged in the livery business, conducting the Elkhorn stables for several years. In 1904-5 he served as alderman from the second ward and was then elected mayor. At the expiration of his first term he was re-elected, thus serving four years as mayor. Some time after his retirement from that office he became deputy state stock inspector, a position that he held at the time of his death.

Mr. Pinkley was a first-class stock man and was widely known throughout the county. He was recognized by all as a man of strict personal integrity, loyal to his friends at all times, large hearted and charitable and fearless in the discharge of his duties.

Mr. Pinkley married Miss Cline here several years ago.

The funeral of the late Jesse E. Pinkley, former mayor of Lewistown, and stock inspector for Fergus county at the time of his death, will take place tomorrow at 2:30 p. m. from the M. E. church. Rev. Donaldson will conduct the services, which will be in charge of the Elks lodge of this city. The pall bearers will be selected from the Elks, Woodmen and the Odd Fellows lodges of the city. The decedent having been a member of these orders. Members of these lodges will attend in a body.

The casket will be opened at Creel's parlors today from 10 a. m. to 4 p. m. but not at the church.

From Mayor Symmes.

In accordance with the general sentiment of the community, I respectfully suggest that all business houses of this city remain closed during the hours of the funeral of the late Jesse E. Pinkley, former mayor of Lewistown, to be held from the Methodist church, Friday afternoon at 2:30 o'clock. I suggest that from 2:30 until 4 o'clock, on that day, business be suspended in order that all may have an opportunity to show their respect for the memory of the former mayor.

MANY ATTEND BALL. The May day ball given last evening at the Armory hall for the benefit of the Lewistown Independents, the newly formed ball club, was a complete success. The attendance was large and all apparently had a good time.

German Note Today

Reply Will Leave No Doubt, It Is Said, Concerning Exact Position of Germany

BERLIN, May 3.—(By wireless to The Associated Press, via Sayville.)—The draft of the German reply to the American note has been finished. The reply is subject to minor alterations, which may result from interchanges of views between Berlin and general headquarters. The attitude of Germany will be stated in clear and precise terms. The note will leave no room for doubt concerning the exact position assumed by Germany, which will communicate the definite nature of instructions that will be given to submarine commanders and other data on which Washington itself can judge the situation.

The German reply to the American note on submarine warfare may be expected momentarily. It now appears, however, that Thursday may be the day on which it will be handed to the American embassy. Following the submission of the German reply, the center of gravity in the situation, it is considered here, will rest in Washington, where it must be decided whether the proposal which Germany makes meets the conditions of the last

paragraph of the American note. The conference of high German authorities at headquarters has been concluded and Dr. von Bethmann-Hollweg, the imperial chancellor, it is understood, will start this afternoon for Berlin.

Ambassador Gerard visited Foreign Minister von Jagow here this morning, but continued absolutely uncommunicative on the situation. The foreign office also declined to have anything to say on the subject.

PRESIDENT WILL BE FIRM. WASHINGTON, May 3.—President Wilson, Secretary Lansing and Col. E. M. House, held a long conference tonight at the White House. It is understood that the submarine situation was discussed, but Secretary Lansing said later that he had received no word from Berlin regarding the character of the German note, which press dispatches said probably will be handed to Ambassador Gerard tomorrow.

The president and his advisers are keeping their minds open while they wait for the German note. The delay very evidently has created a bad impression, however, and it was said au-

thoritatively today that the issue would have to be cleared up this week if diplomatic relations with Germany were to continue.

The president is known to be an alterably determined to adhere strictly to the position assumed by the United States in its demand that Germany immediately declare and effect an abandonment of its present methods of submarine warfare.

No proposal of any kind will be accepted by the American government, it is said, unless it includes a declaration of intention to stop sinking peaceful ships. In this connection press dispatches to the effect that new orders to submarine commanders would be told of in the German note were read with interest by officials, but comment was withheld pending the disclosure of the nature of the instructions.

Colonel House, who discussed the submarine issue with German officials while abroad for the president several months ago, arrived here this morning. His coming to Washington was considered significant because he has taken an active part in the German negotiations to date.

GERMAN POSITIONS CAPTURED

LAD'S EFFORT ENDS IN DEATH

BILLINGS, May 3.—Herman Beck, a 19-year-old newsboy, started out at 2:30 this morning to earn the 75 cents he lacked of the price of a suit of clothes that had caught his fancy. At 8:30 his older brother pulled the lad's mangled body from beneath the wheels of a freight train under which he had fallen. There was 45 cents in his pocket.

FIRST PEOPLE TO MAKE TRIP

PORTLAND, Ore., May 3.—Mr. and Mrs. Henry Warrington started today from here on what will be the last leg of an all-water trip from a point practically at the Montana line in Idaho to San Francisco. So far as is known here they are the first people to make such a trip. The Warringtons have a mine near Salmon City, Idaho.

AUTO ACCIDENT PROVES FATAL

MACHINE OVERTURNS NEAR GRASS RANGE AND ALFRED J. BENNER IS KILLED INSTANTLY. DRIVER LOSES CONTROL OF THE CAR.

At an early hour yesterday morning, when speeding along a level stretch of road, twelve miles south-east of Grass Range, Alfred J. Benner lost control of his automobile, and the machine swerving back and forth, overturned, plowing Mr. Brenner, who was the lone occupant, to the ground. During the fall Brenner sustained a fracture of the neck, and death was practically instantaneous.

It was not until yesterday morning at an early hour that the accident was discovered, and the authorities in Lewistown were notified. The body was picked up after a careful examination of the premises, and taken to Grass Range. Yesterday afternoon J. Cole took Coroner George Creel to Grass Range, where an investigation took place, and the facts were readily ascertained.

When found the gas throttle and spark were wide open, indicating that that Brenner was going at top speed. The driveway at this point was level and the road smooth. However the car started to run off to one side, and in bringing it back, control was apparently lost, and the smash-up took place.

Brenner had been in Grass Range until a late hour Monday night, when he started for the Kinnick ranch, where he was employed as a ranch hand. He was taking several sticks of dynamite and a box of caps to the ranch. The caps were under his arm and strange to say, did not explode while the dynamite also was found intact, in the car after the accident. The Kinnick ranch is about 12 miles from Grass Range and thus when the turn-over took place he was nearing his destination.

Brenner was a young man, but 28 years of age. His mother lives in Ohio, and has been communicated with. The remains will be shipped east for interment. The body was brought to Lewistown last evening and is being embalmed for shipment.

GRASS RANGE TO BECOME A CITY

PETITION FOR INCORPORATION IS FILED WITH THE COMMISSIONERS.

ELECTION TO BE HELD IN JULY

And now Grass Range wants to become a city.

A petition asking for incorporation was filed with the county commissioners Tuesday and J. C. Robinson was appointed to take the census. This had all been anticipated by the enterprising Grass Rangers and Mr. Robinson immediately presented his report showing 337 names, this being considerably in excess of the legal requirements.

The board ordered a special election to be held on July, when Grass Range will determine whether or not it desires to become incorporated. It is stated that the sentiment in his thriving town is strongly in favor of the change and that the resident voters will give it heavy support.

The judges appointed are John Grovum, J. B. Barnes and I. E. Cummings, with J. B. Johnson and Dwight A. Fisher, clerks.

RED-BLOODED AMERICANS

SENATOR HARDING DELIVERS A PATRIOTIC ADDRESS AT THE WORLD COURT CONGRESS.

NEW YORK, May 3.—United States Senator Warren G. Harding, of Ohio, addressing the world court congress tonight, pleaded for "red-blooded Americanism armed and unafraid, so prepared for defense that we need never surrender our just rights before a world in arms."

"We must be fit to meet a peril," he declared, "and that peril will be menacing until the leading nations of the earth join us in a committal to the cause of international justice, judicially decided."

Senator Harding asserted it was easy to believe in the fraternity of nations as well as states.

"If a triple alliance, why not a world alliance?" he asked. "If a quadruple entente, why not the entente of all civilization, in the name of justice for all mankind?"

"The man who expects justice, as his right," he said, "must freely grant it as his duty. Before an international court of justice nations would suffer no more or less than individuals do in their courts and the uninterrupted tranquility of peaceful pursuits would compensate tenfold."

"Our great nation speaks for justice. On the very verge of involvement we plead for our rights under international law. There is a cry for humanity's sake in the official papers, but our demand must rest on our rights under the law. We demand on justice and while asking for ourselves we must stand ready to grant it to others."

History indicates how a world road to universal peace might be constructed on the principle of outlawry and excommunication, former Governor Simeon Baldwin of Connecticut, asserted here tonight in addressing the World Court congress.

"All religions," declared Mr. Baldwin, "have found excommunication a pretty drastic remedy. I am, myself not satisfied that a reliance on public faith and public opinion might not be sufficient, unaided, to accomplish the end in view. But if compulsion be deemed necessary, is there not fair ground for believing that it can

FRANK DARCY HURT

Frank Darcy, a well known rancher of the Gilt Edge country, met with a serious accident yesterday at about 8 a. m. near the eastern city limits of Lewistown, when his four horse team ran away. A boy on a bicycle coming up from behind frightened the horses, Mr. Darcy being thrown to the ground, and the wagon running over, breaking his right leg in six different places. Dr. Attix was summoned to attend to the injured man. Mr. Darcy was coming to Lewistown to get a load of supplies when the mishap took place.

VISIT THE METROPOLIS.

Mrs. E. J. Christie, an old and highly respected citizen of Lewistown, wife of E. J. Christie, Lewistown's well-known caterer, and her two daughters, Amy and Leontine, left Monday morning for Butte and other Montana cities on a two weeks' sojourn. This being Mrs. Christie's and Miss Amy's first visit to the metropolis, Miss Leontine having made her home there of late months, no doubt they will be much impressed with the hustle and bustle of the greatest of all mining camps in the world.

DEATH OF A. J. STUMP.

A. J. Stump, a rancher, 52 years of age, residing 12 miles northeast of Grass Range, died there Friday.

CONTEST ACTION.

James B. Buehler of Roy yesterday filed a contest case against the home-stead filing of Julius F. Stater, whereabout unknown to contestant. The land involved is located in 9-19-19, and abandonment for over six months past is alleged.

Guilty of Libelling the Memory of Washington

TACOMA, Wash., May 3.—A verdict of guilty was returned tonight by the superior court jury that for four days has been sitting in the trial of Paul H. Haffer, a young Tacoma socialist, accused of libelling the memory of George Washington. Attorneys say the case sets a precedent for the entire country. The maximum penalty for the offense under a state statute, is one year in the county jail, a fine of \$1,000 or both.

GRACE TAYLOR HAS BREAKDOWN

SUDDENLY BECOMES INSANE AND IT IS NECESSARY TO PLACE HER UNDER RESTRAINT. HAS HAD MANY TROUBLES LATELY.

Miss Grace Taylor, daughter of the late Edward Taylor, who died in this city a few weeks ago, was taken in custody yesterday morning on a charge of insanity. The unfortunate woman is violently insane at this time, but it is believed that with proper treatment she may have a chance to recover her reason. Miss Taylor lived alone at the Boulevard apartment house and showed no particular signs of mental derangement until yesterday morning, when her attempt to borrow a revolver attracted attention. Questioned later as to this she declared she intended to shoot some women. However, all her statements were incoherent and merely indicated a complete breakdown of her mental faculties.

Miss Taylor was taken to the hospital temporarily and will be given the best of care and meanwhile her relatives will be notified of her condition. She had for several years lived alone with her father, who was very old and an invalid and the task of taking care of him was a heavy one. Then he has been involved in litigation and other business troubles. These things are supposed to have contributed to break her down.

BACK FROM DAWSON.

J. T. McDonald is back from a business visit to Sand Springs, in Dawson county. He reports conditions fine in that region. Mr. McDonald made the return trip of 110 miles in good time by auto, considering the condition of the roads. He left Sand Springs at 7:30 a. m. and reached Lewistown at 2 p. m. the same day. The crossing of the Musselshell was effected with but little trouble, the stream not being very high.

WILL GO TO DENTON.

J. J. Fischer returned yesterday from a business trip to Denton, where he purchased a half interest in the Denton Meat Market. Mr. Fischer and Christ Tomberg will conduct this business from June 1st on. Mr. Fischer will resign his position at the Abel Bros market in this city to remove to Denton the end of the month. Mrs. Fischer will join him later.

JOHN D. WARR ILL.

Word was received here yesterday of the serious illness of John D. Warr, at Los Angeles. Mr. Warr is the father of A. W. Warr, cashier of the Bank of Lewistown, and was formerly in business in Lewistown. His son is now in Chicago but will undoubtedly proceed to his father's bedside forthwith.

BARNES-KING STOCKHOLDERS RECEIVE DIVIDEND JUNE 1

On June 1 a dividend of 7 1/2 per cent will be distributed among the stockholders of the Barnes-King Mining and Development company of Kendall. The directors have just decided to cut this melon.

The first dividend of the company was paid March 1 and was also 7 1/2 per cent.

This naturally gives confidence to the stockholders who now place a higher value on their certificates. Stock is steadily advancing and in some quarters it is thought that it will go to par.

FOR THE CENSUS.

Born May 1, to Mr. and Mrs. Edward Evers, of Winifred, an eight pound boy.

Born May 2 to Mr. and Mrs. R. P. Lambert, an 8 1/2 pound boy.

LEADERS ARE SHOT

Four Irish Rebels Found Guilty and Executed Forthwith.

SOME IMPRISONED

Patrick H. Pearse, Provisional President of Ireland; Thomas J. Clark, Thomas MacDonough and James Connolly, Who Was Styled Commandant General of the Irish Republican Army, Were Executed in London at Daybreak Wednesday Morning. Premier Asquith Announces to House of Commons.

LONDON, May 3.—(3:40 p. m.)—Four signatories to the republican proclamation in Ireland have been tried by court martial and found guilty and were shot this morning.

Patrick H. Pearse, the "provisional president of Ireland," was among those shot.

The other two shot were Thomas J. Clark and Thomas MacDonough.

Three other signatories of the proclamation were sentenced to three years' imprisonment.

Premier Asquith made an announcement to this effect in the house of commons this afternoon.

Another of the rebels found guilty and shot this morning was James Connolly, who was styled "commandant general of the Irish republican army."

Patrick Pearse, the "provisional president of Ireland," was about 33 years of age and was known in Ireland as an authority in Gaelic literature. He started in life as a barrister, but devoted most of his time to literary and educational pursuits. For some time he was editor of the Gaelic Journal in Dublin and later founded St. Endas school, which he conducted up to the time of the Sinn Fein rebellion.

Pearse had many friends in the United States. He lectured in this country on Irish ideals and Gaelic literature, the proceeds of his lectures going to the support of his school. The lead of the Sinn Fein rebellion was the son of an Englishman, but was himself born and educated in Dublin. He was unmarried.

James Connolly lived for several years in New York, where he was active as a socialist leader and agitator. Connolly returned to Ireland about five years ago to aid in organizing the Irish labor party. He was about 60 years of age and was well-educated. He was the author of a book entitled "Labor in Irish History," published in Dublin, and was editor of a labor paper in that city called "The Irish Worker." He was the father of eight children, all of whom survive him, as well as his wife.

Thomas MacDonough was a close associate of Pearse's and a highly educated man. He was for some time assistant professor of English literature in the national university in Ireland, but resigned to become assistant to Pearse in St. Endas school.

Thomas J. Clark was one of the leaders in the Fenian conspiracy of the early eighties. He was arrested and sentenced to life imprisonment, but was released after serving 14 years.

After a short visit to America he returned to Dublin, where he opened a tobacco store. Clark married the daughter of Mayor John Daly of Limerick, another of the Fenian leaders. He is survived by his wife and four sons.

The coalition cabinet has ridden over one more crisis and made what statement was possible for permitting rebellion to flame up, by dropping overboard the chief secretary for Ireland, Augustine Birrell, who theoretically was responsible for the control of that country.

This solution was in accordance with the traditions of the British government and excites no protest.

Premier Asquith announced to the house of commons the execution today of three Sinn Fein leaders and that Sir Roger Casement would be tried with the utmost expedition. Then Mr. Birrell made explanations of the motives for his leniency in dealing with the long-smoldering sedition. The retiring secretary spoke with deep emotion of

GERMANY CROWDED U. S. NAVY OUT OF SECOND PLACE IN 1911

WASHINGTON, May 3.—Secretary Daniels today transmitted to Representative Butler of Pennsylvania, ranking republican member of the house naval committee, a report of the general board of the navy, showing that because of lack of information regarding additions to European navies since the war began, it is impossible to state what building and personnel program would be necessary to re-establish the United States in second place among the world sea powers.

The board included in its report a survey of the fleets of the principal powers as they stood on July 1, 1914. The report says there is no authentic data available as to the number of

types of ships that have been added to belligerent navies since the outbreak of the war.

Representative Butler had specified that the program he wished outlined was one that would put the navy in second place in three years. The report says that, according to its best information, the country is best equipped to begin building simultaneously within six months, five dreadnaughts, five battle cruisers, nine scout cruisers, 22 destroyers and an unlimited number of submarines. If congress should direct that private ship builders abandon all private work,
