#### LOCAL NEWS.

Thanks.  
to the International hotel for your  
er.  
Tap the flume" is the way to put it  
when you call for beer.  
The Collar flume is going to Florida  
pend the winter.  
We heartily recommend for sparking  
poses the kerosene oil sold in  
Maiden—it burns very low.  
Bismore says there is only one  
slower than a bull team, viz: our  
ill.  
Turner is absent on a brief visit  
his home in Benton. He expects to  
mu soon.  
is expected that the elite of Maiden  
be in attendance at the ball this  
uing.  
Brown & Davis have just completed  
fine wine cellar in the rear of the  
house.  
Barney Trainor has moved his meat  
market into what is known as the "Old  
Meat Market," on Main street.  
E. L. Finkell, has been declared in  
ny, and is now on his way to Deer  
edge, with Deputy Erwin in charge.  
The Junction and Benton coaches  
are both lost in the storm last Satur-  
day and remained out over night.  
Miss Belle Brown, who resides at the  
collar, has been secured to teach the  
inter term of school at Stewart's  
nch.  
Joe Wolfe is digging a well in the  
ar of the International hotel. The  
indications are that he will find good  
water at a depth of 25 feet.  
There are strong rumors in circula-  
tion that there was not only a "freeze  
up" in connection with the shutting  
down of the Collar, but also a "freeze  
out."  
Gen. Meade and C. C. Snow, of the  
Collar Mining Co. made a flying trip to  
Junction City early in the week. They  
are expected to be "well hooked up"  
in their return. We hope so.  
J. R. Whitmore, in the employ of  
Paul McCormick & Co., Junction City,  
was in town this week. He secured  
several of the daily mail petitions and  
proposes to get all the names possible  
between here and J. C.  
The Board of Trustees of the Con-  
solidated Silver Mining Co. met one  
week ago last Monday and elected the  
following officers for the ensuing year:  
Isaac Orschel, Pres't; Jos. Hamilton,  
Sec. and Treas.; R. M. Dryden, Vice-  
President.  
It is reported that a soldier who de-  
serted from Maginnis on the 20th, was  
found dead the next morning, half way  
between Maiden and the post, with his  
hands and face gnawed off by wolves—  
Ex. This is false. Neither wolves nor  
hulge can down a Fort Maginnis sol-  
dier.  
Our Gene has roamed the mountains wild,  
In search of elk and bear,  
Has chased the red man on the prairie,  
And the coyote to his lair;  
But he swears by all above him  
And that place below called—  
Tut the hardest game he ever struck.  
Was the party named—Finkell.  
Victor Dorne and W. W. Tobey left  
Friday morning for the Black Hills,  
where they have considerable mining  
interests. Both of these gentlemen  
are satisfied with the property they have  
bonded here, and intend to make  
things lively in early spring.  
The following is the official vote of  
Meagher county, as furnished us by L.  
Rotwitt:  
Power, R. 209, elect; Haase, R. 291,  
elect; Furgus, R. 289, elect; Cook, R.  
188; Handley, D. 212, elect; McClint-  
ock, D. 313, elect; Gorham, D. 237;  
Tierney, D. 222.  
Mr. Dohn, of the firm of Dohn &  
Moran, liverymen, left Monday morn-  
ing for Junction City, after several fine  
cutters for their livery stable, head of  
Main street. We understand they will  
be dandies. No old puns will be  
turned out by these boys. They are  
rustlers from Rastleville, and "don't  
forget it" for a holy second. Let  
us forget bear this in mind and give  
this new enterprise the support it so  
justly merits.
