

A FITTING FINALE.

School Teachers' and Friends Enjoy a Pleasant Evening as Guests of the Sunset Club.

As has been the custom since the holding of Annual Teachers' Institute in Fergus county, the members of the institute and many friends were entertained the evening of the last day by their Lewistown friends, a ball being given in their honor; in fact the annual school-ma'am dance has become a feature always looked forward to with much pleasure and remembered as one of the pleasant events of the season.

For five years the Sunset Club has had the honor of tendering the entertainment and last Friday evening the event was held in Culver's hall. No attempt had been made at decorations, the presence of so many handsome and smiling faces and attractive gowns being sufficient adornment to the hall.

Dancing was commenced at 9:15 and continued until 1:00 a. m., refreshments being served at 11:30. The music was by Noble's orchestra and consequently, the best to be had. Among those present were:

Messrs. and Mesdames Parrent, Moulton, Vrooman, Eldridge, Wiedeman, Walker and Badger; Mesdames Mahana, Noble and Aulds; Misses Peebles, Sipple, M. Sipple, Glancy, N. Glancy, Johnson, Wright, Otten, Myersick, Ryan, Mackey, Noble, Fletcher, Harris, G. Harris, Hassett, Dawes, Scovel, Mahana, E. Mahana; Messrs. G. Henderson, R. Henderson, H. Brown, Walldorf, O. Lehman, F. Williams, E. Smith, Laidley, Davis, Gordon, W. Wells, McFarland, Pierson, Foster, H. R. Watson, Hosington, Moore, Phillips, Warden, J. McKechnie, P. Smith and Hanke.

Back Interest at Utica Sold.

Announcement was made last week by Manager Symmes of the Power Mercantile Co. to the effect that his company has about concluded a deal for the purchase of the entire mercantile and real estate interests of George Bach at Utica. Some time last spring A. W. Warr and others negotiated for the purchase of the Bach interests but the deal failed at the last moment. The transfer to the Power Mercantile Co. is, however, assured and Mr. Symmes is now at Utica superintending the taking of inventory, at the conclusion of which he will assume possession for the Power Mercantile Co. The transfer includes real estate and improvements to the value of about \$4,000, and merchandise, valued at from \$25,000 to \$30,000. The company will be organized and incorporated as an independent establishment, but for some time, at least, will be under the management of Mr. Symmes. Mr. Bach will leave Utica with his family, but of his future plans we are not advised. The store was started by Chas. Lehman & Co. nine years ago, at which time Mr. Bach was manager of the Lehman store in Lewistown. In 1893 Mr. Bach purchased the Utica branch and since that day has not only greatly increased the quantity and variety of stock carried, but has built up a business which has brought large profits. Mr. Symmes says the stock will not only be kept up but increased, the superior advantage of the Power company for securing goods enables them to place a better class of goods before their customers without any increase in price. Mr. Symmes will likely remain at Utica for a fortnight.

Chronic Dyspepsia Cured.

AFTER suffering for nearly thirty years from dyspepsia, Mrs. H. E. Dugdale, wife of a prominent business man of Warsaw, N. Y., writes: "For 25 years, I was a constant sufferer from dyspepsia and a weak stomach. The lightest food produced distress, causing severe pain and the formation of gas. No matter how careful of my diet I suffered agonizing pain after eating. I was treated by many physicians and tried numerous remedies without permanent help. Two years ago I began taking Dr. Miles' Nerve and Liver Pills and Nervine. Within a week I commenced improving, and persisting in the treatment I was soon able to eat what I liked, with no evil effects. I keep them at hand and a single dose dispels any old symptoms." Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on diseases of the heart and nerves free. Address: DR. MILES MEDICAL CO., Elkhart, Ind.

COMPROMISE IN CASCADE.

The Northern Pacific Tax Trouble Settled in That County.

[Helena Herald.]

The settlement of the controversy between Cascade county and the Northern Pacific Railroad Company as to the right of said county to collect taxes on the lands of said railroad company was by an agreement between the company and the county on the following basis:

The company agrees to pay the county one-half of all taxes and penalties which have accrued or might have accrued under an agreement heretofore made between the county and the company, should the decision in what is known as the Myers' case, now pending in the United States supreme court, be in favor of the counties, save and except those lands which are known as indemnity lands, prior to date of patent thereof, and except such lands as may have been sold for taxes or classified as mineral lands.

The company also agrees to pay all expenses and moneys expended by the county in advertisement of said lands and in any litigation which has heretofore arisen between the company and the county growing out of the dispute between them as to the collection of any such tax.

The company further agrees that should any question hereafter arise as to the right of the county commissioners to make such settlement and the state should demand the payment from the county of the full amount of such taxes, then the company, in addition to the payment of said one-half of said taxes, will pay said state whatever amount of taxes and penalty shall be due it.

The one-half of the taxes agreed to be paid as above mentioned is to be paid within 40 days from the date of such agreement. The date of the agreement is Oct. 4, 1898.

A Society Minstrel Promised.

Some three weeks ago we published a notice from Mr. Fred M. Winans that he intended to form a vocal class in Lewistown, with the laudable object of insuring an occasional nights entertainment this fall and winter, comprising concert, opera and minstrel, alternately.

We are agreeably surprised to learn that Mr. Winans has been much more successful than his most sanguine expectations. And so many of our young people of both sexes have availed themselves of the opportunity for trying his system of voice culture that his time is now devoted entirely to giving lessons and preparing his pupils to this end. We understand arrangements are already made to give the first of these series Nov. 2, when Mr. Winans will, with the assistance of 25 pupils, and a good orchestra, give a society minstrel entertainment. It is needless to say that participants comprise our best talent and most respected citizens. All parties having a desire to assist will be cheerfully utilized. For particulars write or apply to Mr. Fred Winans, music parlor, rooms 7 and 8, Landt block.

NEW REGISTRATION LAW.

Provisions of the Measure With Which Every Voter Should be Familiar

The new registration law, which goes into effect this year, carries with it some important and radical changes. After registration this year the elector will not be required to register for eight years, providing the district contains no more than one thousand votes.

The period of actual registration has been shortened to six days. This year registration begins Oct. 24 and ends Oct. 29. The hours are from 9 a. m. to 9 p. m.

The registry agent must require every applicant for registration to make oath that such applicant is a citizen of the United States, of the age of 21 years, and a resident of Montana one year and of the county 30 days prior to the day before election, and that he is not registered elsewhere.

Naturalized citizens must produce their naturalization papers, or certified copy thereof, and the same must be stamped by the agent; provided, if the applicant cannot produce his papers or copy of them, because of their loss or destruction or from the fact that they are beyond his reach, he may be registered by making an affidavit setting forth the year he came to the United States, the state or territory, county, court and year where he was finally admitted to citizenship, and where he last saw his papers or a copy thereof. The credibility of the applicant who makes this affidavit must be established by the affidavit of one credible elector.

Naturalized citizens who have been continuous residents of the same district since the previous registration and whose names are upon the official register are not required to exhibit their naturalization papers.

Any person who makes oath that he will have been entitled to become a full citizen of the United States prior to the election shall be registered, but will only be allowed to vote by presenting his final papers before the judges of election.

An elector changing his residence after registering may be registered in any other district or county by obtaining a certificate from the agent with whom he registered that such registration has been canceled.

Agents must enter upon the official register the number and date of registration, the name and first name in full, the age and nativity of the elector, together with the number of the ward or name of precinct, and a particular description of the place of residence. If any person fails or refuses to give his residence with the particularity required, he must not be registered. Electors should therefore be prepared to give the ward, block and number of lot where they reside, if in towns or cities, or section, township and range if in the country.

Within four days after the close of registration the agent shall post up in five public places written or printed lists of those registered and give notice that they will hear objections to the right to vote of any person so registered until 6 p. m. on the Saturday previous to election, and requiring all persons whose names may be erroneously canceled upon the official register to appear and have such error corrected.

Three Doctors in Consultation.

From Benjamin Franklin. "When you are sick, what you like best is to be chosen for a medicine in the first place; what experience tells you best, to be chosen in the second place; what reason (i. e., Theory) says is best is to be chosen in the last place. But if you can get Dr. Inclination, Dr. Experience and Dr. Reason to hold a consultation together, they will give you the best advice that can be taken."
