For several months past the Fords creek country has been infested by a peculiar sort of rodent known as the "Fords creek mountain rats." These rats are capable of carrying off a wagon load of plunder at a time, and are pretty good drivers and riders. In their thieving expeditions they draw no lines, but take whatever comes handy, plundering a sheep herder's shack or a ranch. It has happened several times that a herder, on going to his shack after a hard day in the field, has found that every bit of food had been carried off in his absence, and naturally these depredations have caused a lot of feeling. The identity of the rats has now been pretty well established, and if the robberies are continued there will be a roundup pretty soon that is likely to furnish a job for the coroner.

What your Tailor? Ever stop to compare your local tailor's facilities with those of our tailors? He doesn't buy his woollens direct from the mill nor his trimmings from the manufacturer, does he? Our tailors do—besides having a modern equipment a thousand times larger. Such facilities mean buying material lower—saving all middlemen's profits—and the production of better garments at a great deal less cost. And you derive the benefit. Step in and see samples of woollens for fall and winter—the finest assortment we've ever displayed. Exclusive Local Representative of Ed. V. Price & Company Merchant Tailors, Chicago. A magnificent coach horse, belonging to McLaughlin Bros., of St. Paul, and valued at \$4,300, is being exhibited here during the fair. The animal is a high stepper, and attracts much attention from admirers of blooded stock. William Newman, a victim of epilepsy, was examined as to his sanity last Saturday and adjudged insane. He was formerly employed at the Horse Shoe Bar ranch, and he has many friends who hope that his ailment will yield to treatment. There is one thing we are absorbing and that is the attention of the people who know good things when they see them. Power Mercantile company. Presiding Elder R. M. Candidate For Assessor. To the voters of Fergus County—I hereby announce myself as an independent candidate for assessor of Fergus county. SAMUEL ANDERSON.

An Exposure of Ignorance

Within the last two weeks we had on display, both on our floor and in our handsome show windows, all of the latest creations in STYLISH FALL PLAID GOODS. Others, seeing their beauty and realizing their backwardness in accepting everything of the latest, have given vent to their sorrow by making reckless statements and advertising the so-called fact that "PLAID COATS HAVE RELEGATED TO THE PAST."

...Let Us See If They Really Know Their Business...

Every up-to-date merchant knows that the "Dry Goods Economist," a periodical published in New York City, is accepted by the trade as the BLUE BOOK of American Dry Goods and all heed it as carefully as Mohammedan does his Koran. In the issue of the "Dry Goods Economist" published September the 8th, 1906, on page 27 of that issue, is printed in heavy type in the very center of the page, headed "DRESS GOODS FOR SPRING," the following announcement: SPRING, 1907, will show a material increase in the use of suitings, Checks and Stripes, and a corresponding decline for the demand for plain wool and worsted materials. On page 45 of the same issue are TWELVE steel engravings and cuts of all of the latest spring of 1907 Plaids and stripes. You need not accept our word for this assertion. We have a copy of the Economist on hand and are willing to show you that the assertions of others to the contrary are INCORRECT.

Next to Broadcloth, which holds first place with the Dressy trade for immediate delivery, CLOTH PLAIDS ARE THE NEXT FAVORITES with the market short of high class materials. And be it understood by cloth plaids we mean the finest materials produced by such mills as are organized to manufacture exclusive high class fabrics. This clinches our argument that we are the LEADING STORE of the inland Empire. We are not only up-to-date, but we are six months ahead of the times, and it more than conclusively illustrates that others cannot even be accepted as competition but are lingering along in the same old rut that was made when the first freighters hauled goods from Utah to our own fair state of Montana, and their ignorance of UP-TO-DATE CLOTH COAT MERCHANDISING is laughable.

...GOOD NEWS... We have just unloaded a car of TELMO BRAND CANNED GOODS, and the packers are pleased to inform us that it is the FIRST CAR OF CANNED GOODS TO LEAVE CHICAGO that has been PACKED UNDER THE STRINGENT NATIONAL PURE FOOD LAW ENACTED BY THE LAST CONGRESS OF THE UNITED STATES. We have sampled the cans and will state that we DEFY ANY MERCHANT TO SHOW A BETTER CLASS OF GOODS OF AN EXTRA STANDARD GRADE. Don't take our word for it. You have the cannery INSPECTOR'S and Uncle Sam's EXPERTS back of these goods, and that means SOMETHING. Others may quote you prices on canned goods at any old figure—we would advise them to give them away. Think of it! We have nothing but 1906 pack of Telmo Canned goods on our shelves. They are overloading themselves with canned goods that others could not sell. Our Motto: "NOT TO APE, BUT TO BE AHEAD." TELMO TOMATOES, RICH, RED AND RIPE, 20 cents per can. TELMO CORN, SUGARY, CREAMY AND DELICIOUS, 20 cents per can. TELMO SWEET POTATOES, A ZEST TO THE APPETITE, 20c per can. TELMO SHRIMP MAKES A SALAD DREAM, 35 cents per can. TELMO SLICED PINEAPPLES ENCHANTS A FRUIT SALAD, 35 cents per can. All of the above are of 1906 NATIONAL PURE FOOD PACK.

We have nothing in our Fall and Winter Coats but the latest. Broadcloth in all styles; Box Coats, Three-Quarter Lengths, Snuggling. We have left over from spring just six Misses' and Ladies' Tight-Fitting Jackets, the styles of which are still in fashion, and consisting of \$10.00 Meltons reduced to \$7.50; \$10.00 Kerseys reduced to \$6.00; \$12.00 Coverts reduced to \$7.50; \$15.00 Beavers reduced to \$7.50. We must close these out this week.
