

Our Home Town

School districts can be bonded only for building improvements. Indebtedness caused by teachers' salaries and other things of "overhead" expense cannot be paid through issuance of bonds.

Herbert W. Drain in town Monday announced himself as strongly in favor of schools. Lewis Bakken, government trapper, was in town Saturday from his home near Broadus. He has been in the service for six years and last year again captured the record for the best government trapper in Montana.

Roy Keaton came down from the ridge country Friday and left with the mail carrier the next morning for Miles City. John Osgood is visiting with his parents, Mr. and Mrs. Bert C. Osgood, on Powder river, home on a 60-day leave of absence from the vocational training school at Helena.

According to Fred W. Rue, in thirteen years of his fifteen years' residence, the ice in Little Powder river has gone out between the 13th and 25th of February. The first of the week the ice in the river was still intact but two or three days' thaw would throw enough water into the river to open the channel.

Many people on the verge of despair have taken Tania and recovered. Dr. C. H. James last week made a professional visit to the home of Chas. Scofield where his wife was on the sick list.

Mrs. B. W. Peterson and Mrs. A. B. Norris last Thursday entertained the Ladies' Aid at the Powder River hotel. Mrs. J. D. Taylor and Mrs. Mary Thompson will serve as hostesses next Thursday.

The latter part of the week a ventilating air shaft was installed on the south side of the Powder River County bank building for the purpose of conveying gas and lead fumes from the Examiner's office.

Undersheriff Ed Serrys Saturday forenoon shot an unknown range horse that had wandered into town and near the courthouse well had fallen to its side, too weak to rise again. Serrys at first used a .32 special revolver and snapped it three times with the bullets jamming and finally bursting the barrel. Another revolver was procured that proved more effective.

Corda and Clem Adamson of Epstie transacted business in town on Saturday. The past week Dick Wither with a team and sleigh has been hauling the mail from Beebe to Volborg.

If you are run down, discouraged and out of heart, get a bottle of Tania and see how different it makes you feel. S. A. Holt, Broadus.

John Broadus ventured forth Saturday afternoon in a touring car and accompanied by his wife and Mrs. Malle Dally started for Broadus to attend the show and dance that evening. His car broke down near the W Bar ranch where it was abandoned. The three occupants walked another two miles to Tom Doyle's, arriving there about 9 p. m. John Garr with a team and sleigh responded to a telephone call and went to their assistance.

Doyle's place is only about a mile from Broadus but in making the trip the four travelers lost their way and did not reach this destination until after midnight. At one time they were near the court house but on the wrong side of the fence and there was no gate in the vicinity.

E. A. Patten of Graham is a contributor to the Examiner's free magazine exchange. Quite a few magazines are on hand now for the asking. Byron Hurt, Mr. and Mrs. Harry Fisher, Mr. and Mrs. Bob Nalley, Mr. and Mrs. C. M. Smith, Clarence Richardson, John Wells, Clinton Doyle, Mr. and Mrs. A. W. Devasher and John Osgood were among the number from out of town who attended the Saturday night show and dance.

The first harbinger of spring was observed in Broadus Monday forenoon when Osborn Pemberton in his touring car drove over from his Little Powder river ranch. After several weeks the appearance of a touring car in motion was a welcome sight in Broadus and the event caused some little "excitement."

Corbin Feeley, who several weeks ago was compelled to abandon his truck near Broadus, arrived Saturday afternoon with team and sleigh, bringing 8,500 pounds of gasoline and groceries for the stores. He had started from Miles City with 60,000 pounds but left part of the load at Coalwood.

Tania is a powerful, reconstructive, systemic and stomachic tonic. It tones up the system, restores lost appetite and makes you feel strong, sturdy and well as nature intended. S. A. Holt, Broadus.

Joe Knowles was in town Saturday after a load of lumber for a residence he will construct this spring on his wife's homestead north of Broadus.

Max Weber was a visitor in town Saturday. John Leno on Monday started alteration of machinery at the local flour mill which will provide for the manufacture of a better grade of flour. The improvements will be completed within a few days and grinding resumed.

L. S. Vandever and T. E. Wilson from the Coalwood country, brought a load of sawdust to Broadus Monday. Owen Fitch from Little Powder river was in town Tuesday.

Lee Warren returned to Broadus Monday from the Horkan ranch near Stacey where he has been engaged the past several days as general utility man.

The American Legion Post of this county have advertised a big dance at Broadus Saturday, March 4 and for this event has engaged a five-piece orchestra.

At a recent social function in the Coalwood country a straw vote was taken to ascertain the popularity of a gravelled road project. The vote stood 5 to 15 in favor of it. The five later declared themselves as favoring a gravelled road but not until they were convinced the money would go into actual road work.

Jimmy, the 3-year-old son of Mr. and Mrs. A. B. Norris, sustained an inch laceration over his left eye Tuesday when he ran into a high chair. The injury was dressed by Dr. C. H. James.

Some five scholars in the Broadus grade schools are said to be affected with the "itch" and it is said action will be taken at once to prevent its further spread.

Carl Schmidt and Guy Nash, the latter accompanied by his brother Harold are among the many who will return to their homesteads this spring.

Plats of the Kelsey Bluff and Pumpkin Creek-Epistie roads were filed and approved.

The report of the County Health Officer for the year 1921 was filed and approved.

On motion all bids received for the purchase of \$100,000.00 in Powder River County Highway bonds were tabled, for the reason that an action has been commenced in the District Court by J. L. Wilson, W. H. Frays and Chas. W. Miles, attacking the validity of the issue of said bonds, and in which case they are plaintiffs against Powder River County, J. H. Morris, C. M. Smith and Baxter Pierce as County Commissioners, J. T. Wilson County Treasurer and F. T. West County Clerk and Recorder in and for said Powder River County.

Commissioner Morris presented the following resolution and moved its adoption: Whereas it appears that action has been instituted seeking to declare void highway bonds which were about to be issued by Powder River County wherein J. L. Wilson, W. H. Frays and Chas. W. Miles are plaintiffs and whereas it appears that the action will entail considerable expense to the county, but that it is our duty to do every thing in our power to follow the majority of electors of Powder River County, as evidenced by their votes cast at the special highway bond election:

Wherefore be it resolved that we do everything necessary in the premises to maintain the validity of said bonds in the pending action and the County Attorney is directed to handle this action in the most effective manner, and that all officers are requested to economize in the most rigid manner consistent with the proper performance of their duties. On motion it was decided to advertise for bids for classifying the remaining three townships. On motion board adjourned.

Attorney: F. T. WEST, County Clerk and Recorder. IN BANKRUPTCY. IN THE DISTRICT COURT OF THE UNITED STATES FOR THE DISTRICT OF MONTANA. In the Matter of Arthur E. Yarger, Bankrupt.
