The Day Closes to Open with Brighter

The fourth of March closes the present session of Congress, and many new members will enter upon their Congressional career. The Democratic party will have in the next session a clear majority over all others combined, hence the hurry to secure all the advantage they can get from the present, and all the obstructions thrown in the way of the House for the passage of proper measures for the good of the country, lest it might inure to the honor of the Democratic party.
