Ladies' saddles, bridles, &c., cheaper than the cheapest at P. P. Rowe's. Haden & Field say they're willing and able, and keep the very best Livery Stable.

The Bazar is a nice place to leave your wife and daughters, while you attend to your court business. Everybody that comes to Court next week, had better "jig" go and see Geo. A. Platt.

A. B. will open a fine line of Ladies', Misses and Children's embroidered lace this week. New Goods at Rogers & King, Buford, Ky. Call and examine prices, and we insure a sale.

For the newest, nicest, nobbiest goods in the country, go to Beaver Dam and see I. P. BARNARD. I. P. Barnard, Beaver Dam, has ladies' hats, trimmed by an experienced milliner, for sale.

Gents, we have just received a nice lot of underwear, of the latest colors and styles. Call at A. B. Fresh arrival, at Hardwick & Nalls, of new goods, daily, the remainder of this week.

If you wish to buy goods cheaper than ever before, just go to E. Small's Royal Trade Place Store. Read the large, liberal and attractive advertisement of Messrs. G. M. Rowe & Co., Ceralvo, in this issue.

Stuttering cured by Bates' Application. Send for description to Sampson & Co., Box 2336, New York. New spring clothing for gents, dress goods of all kinds and qualities, for ladies and misses, at I. P. BARNARD's, Beaver Dam.

Do not forget that V. P. Addington has removed his stock of goods to his new store East of the court-house. Anderson's Bazar supplies goods at such prices to school teachers for claims, on school Commissioners. Tremendous excitement at Beaver Dam. I. P. Barnard's new stock of goods is attracting the attention of the people for miles around.

Five hundred pounds of gold and silver wanted in exchange for good, either work. Call and see W. H. Edson, next door to Crow House. Next to the fount of every blessing, is the nice Soda Fountain at Ford's drug store, you can get this pure, sparkling, beautiful beverage.

There is no place in all the Green River Country where you can find better goods for the same money, that can be had at I. P. BARNARD's, Beaver Dam. Mr. B. P. Berryman, has just completed a neat and substantial brick chimney to his parlor. Mr. John Short was the architect.

Do not forget that D. F. Tracy can supply you with buggies and spring wagons as good, for the same money, as you can get anywhere. E. Small will return home during the week, with a very fine assortment of goods, just in time to meet the wants of persons visiting court next week.

Every man, woman and child that comes to court next week, are especially invited to visit E. Small's renowned Trade Place, and see the fine display of new goods. When you come to Circuit Court next week, bring your wives, daughters, sisters and mothers with you, and let them visit the Bazar while you attend to business in court.

We learn that Hartford Lodge No. 12, I. O. G. T., will give a dramatic entertainment, about the first of June, for the benefit of the Lodge. Due notice will be given. We will take in exchange for goods or in payment of accounts, all kinds of county produce. ROGERS & KING, BEUFORD, KY.

If you can't bring your family to the Bazar next week, take a list of the things they need, and see how cheap the Bazar man can fill their order. Why buy your buggies and spring wagons of foreign parties? when you can do as well, if not better, at D. F. Tracy's, and be patronizing a home man and encouraging home trade besides.

If your wife and daughter cannot visit the Bazar when you come to court next week, we will gladly send them samples of our goods, from which to make selections. Rev. W. P. Bennett united Mr. Nathaniel Matthews and Miss Mary B. Brandon, at the Clerk's office, last Monday morning. The happy pair fall from the North-east end of the county.

H. B. Taylor sheared three of his yearling lambs bought of McFerrin last fall, which yielded 30 pounds. One was a buck and the other two were ewes. The wool from the buck lamb was 13 inches long.

We invite the attention of our readers to the advertisement of I. P. Barnard, Beaver Dam. Call and see his immense stock of goods examine his prices, and you will be sure to buy.

Ned Shown, of Beda, has filed a caveat in Washington for a new patent. He has just discovered the art of making the most perfect brush fence ever yet invented. A note cannot get over it, through it, nor even under it.

Mr. James O'Connor has moved his shoe shop to the office next door to W. H. Edson's Jewelry store, where he is as well if not better, than ever, prepared to serve his friends and customers.

If your wife and daughter can't visit the Bazar when you come to court next week and will not risk your selection, let them send to the Bazar for samples as we take pleasure in distributing specimens of our goods through the country.

A Large number of the citizens of town were prevented from attending church at Beaver Dam, Sunday, to hear Rev. J. S. Coleman deliver his quarterly Centennial sermon, on account of rain.

F. M. Heaven was brought before Judge Newton, on last Friday, upon the charge of assaulting George Peach with a nickery stick. The jury concluded that he had beat \$10 worth out of him, and consequently assessed his fine at that amount.

The Echo gives an account of the marriage of Joe C. Haden, of Paradise and Miss Sue Arnold, of Greenville, April 29. Mr. Haden is one of the leading young men of Mullensburg and Miss Arnold is the favorite of all who know her.

Remember well and bear in mind, a trusty Livery Stable is hard to find. Haden & Field keep that sort, your horse entrusted to them will receive better care, better food, better attention, than he would at your own hands.

Geo. A. Platt's is the place to buy your groceries. He keeps a first-class assortment of all kinds of groceries, and sells them at low figures. He is polite, attentive and accommodating to customers. When you come to court next week, do not fail to call and see him.

Wm. White, Secretary of the Grand Lodge of I. O. O. F., organized Beacon Lodge, No. 273, at McHenry, last Monday night. The officers elected, are as follows: Levi Millard, N. G.; W. G. Duncan, V. G.; Dr. V. M. Taylor, Sec.; Robt. Duncan, Treas.

There were three persons sentenced to the penitentiary from the Mullensburg Circuit Court, to wit: Bob Duval, colored, charged with snatching a \$100 bill from E. O. Pace, at the Greenville fair last fall. Hesse Taylor, for horse-stealing, and Wm. Davis for house-breaking.

Many of our young Americans about town, will be glad to hear of Mr. Frank Anderson. We have received a letter from him, giving his location as Elkville, Jackson county, Illinois. He is working on a farm. He reports the wheat crop as very fine, but says the farmers are fearfully behind their spring work.

Mr. W. D. Coleman furnished us some very fine specimens of wool, Monday, from his cotswold sheep. The specimens from the buck being 13 inches, and from the ewe 10 inches long. His whole flock of 123 yielded him an average of 12 1/2 pounds of wool per head. The smallest fleece weighed eight pounds, and the heaviest weighed 15 1/2.

Jesse Robertson desires to inform the people of this vicinity that he has come to stay, and is prepared to do any and all kinds of work in the Tensorial line. His Barber Shop is as nice and clean as a palace or parlor, and it is a real luxury to go into such a place to get shaved or have your hair trimmed. Patronize Jesse, for he does serve it.

Haden & Field are "duly and truly prepared" to take care of all the horses that come to town next week. They have fed in abundance, and having no other irons in the fire, they will give their own personal attention to stock left at their stable, which will thus be apt to receive proper attention, than if left solely to the care of hired help.

The Committee appointed to let the rebuilding of the amphitheatre at our Fair Grounds, received several bids on last Thursday. There were several contestants, Dan Heylshoh, of Litchfield M. P. McDowell, J. J. Felix and Wm. H. Mauzy. The board met the same evening and rejected all the bids concluding that the bids were too high. The Company will probably do the work themselves.

The following is not by the author of "The Dove," but by our "village poet," who never writes anything about the sweet by-and-bys:

The bare-foot days have come again, The happiest of the year; When average small-boy stunts his toe, And too-loose with many a tear.

The melancholy days have come, The saddest of the year; Of scrubbing floors, painting hearths, And scouring far and near.

We call the attention of our readers to the advertisement of the Connecticut Mutual Life Insurance Company, of Hartford, Conn., appearing in this issue. This is one of, if not the best Life Insurance Company in existence. It has no stock holders, it is managed very economically, in fact, it presents a better showing in that respect, than any other company extant. It is on a firm basis, and is in no danger whatever of failure. It pays its losses promptly. This company had a policy on the life of Dr. Hill, of Owensboro, of \$10,000, and paid it promptly. It is the binding duty of every man with a family to have a good life policy and you could not do better than invest in the Connecticut Mutual. Mr. W. G. Head, agent, will be at Beaver Dam and Cromwell, this week, and Hartford next. Call on him and make application at once, for life is uncertain, death is certain, and delay is dangerous.

Ohio county has nearly doubled her voting population in the last ten years. According to the statement furnished us by Mr. Armistead Jones, Assessor, there are now 4,108 voters, divided by districts as follows: FORTNEVILLE—White, 647; colored, 11. ROSINE—White, 691; colored, 28. ROCKFORD—White, 789; colored, 46. CROMWELL—White, 591; colored, 42. BEUFORD—White, 541; colored, 42. HARTFORD—White, 769; colored, 135. TOTAL—White, 3,819; total colored, 289.

There are several scattering lists yet to be taken which will probably make the total vote of the county reach 4,125.

A Bold Attempt. At a dead hour last Friday night, our Jailor was aroused from his slumber by some parties representing themselves as Mr. Hanger, deputy Sheriff, with a prisoner. The Jailor, upon going to the door, instead of finding the deputy Sheriff, had a pistol leveled at him and the keys of the jail demanded. Mr. Sullenger being of the true grit, remarked that they could not get them and stepped back closing the door. Mr. Sullenger called Mr. Allen Johnson, who was sleeping in the room with him, which gave them a scare, and when they came out, the parties had fled. Mr. Sullenger recognized the parties as John S. Moore, Pendleton Tyro and George Tyro. A warrant of arrest was issued for each of them, and they were brought early next morning, and they were held for further trial under bond of \$200 each, and failing to give the same, were incarcerated in jail. Geo. Tyro, the other defendant, was released on plea of non *compe* *mentis*. This is the most daring act ever attempted in this county. The jail is now strongly guarded at night, and will be, as long as there are any prisoners confined in it. The next lot of men who go there and demand the jail keys, will get a load of buck shot that they will not be able to wag off with.

Among the many visitors to our office, recently, none have been more appreciated than that of Judge C. J. Lawton and wife, on last Wednesday morning. When the fathers of our town exhibit an interest in our enterprise, we feel doubly encouraged.

William Williamson and Wm. Hamilton, of McHenry, will bid farewell to this part of God's good world next Saturday, and will turn their backs westward. Denver Colorado is the objective point at present. We regret to lose such sober steady young men.

A Woman's Name. Galunae means the blossom of the pomegranate. Nearly all female names signify birds, flowers, scents or other ornaments or luxuries which abound in their metaphorical potency. During the modern times ideas have been borrowed from the Orient and the same significance is given to the name English Female Bitters. It implies a restoration to health, a radical cure of all those chronic derangements and irregularities which afflict the female sex. It implies quick and powerful action over the female troubles. It implies regulating and restoring old and young females to their natural condition, and no lady should fail to use them.

HAVE YOU HEADACHE? One cent's worth of Bailey's Saline Aperient will cure you. Have you acid stomach or heartburn? Half a cent's worth of Bailey's Saline Aperient will cure you. Have you indigestion? Two cent's worth of Bailey's Saline Aperient will relieve you. Are you bilious? Three cent's worth of Bailey's Saline Aperient will remove all biliousness. Are you dyspeptic? Bailey's Saline Aperient will do so. It is a powerful cathartic, cooling purgative, and foams like soda water. Its pleasantness makes it quite a favorite among the ladies. For seeing a radical cure of all those chronic derangements and irregularities which afflict the female sex, its effects are gratifying, relieving their headache and constipation. Only 50 cents per bottle.

Has long been made for an effectual and permanent cure of all those chronic derangements and irregularities which afflict the female sex, its effects are gratifying, relieving their headache and constipation. Only 50 cents per bottle.

A PUBLIC DEMAND. Has long been made for an effectual and permanent cure of all those chronic derangements and irregularities which afflict the female sex, its effects are gratifying, relieving their headache and constipation. Only 50 cents per bottle.

How the Connecticut Mutual Life bears the Test. It maintains the highest standard of solvency adopted by any Company or any State Department in this country. Its surplus, estimated by the most conservative standard, is abundantly ample for all contingencies; it has in force over 64,000 policies; its mortality has been always less than the table rate, and it exercises increasing care in selecting risks; the ratio of expenses to receipts has almost invariably been below that of any other company, having been for the entire thirty-three years of its business but 8.28 per cent, and in 1878 but 6.57 per cent, while the average expense ratio of other companies was nearly double that of this company; it has always been noted among companies for its profitable investments and high rate of interest. It has no stockholders. Every dollar of saving or profit belongs solely to the policy-holders, and goes to reduce the cost of their insurance.

On the 1st of January, 1879, it had paid out for losses and matured endowments, \$2,338,794.45; returned surplus dividends and interest, \$35,163,206.22; men lapsed and surrendered policies, \$7,731,989.61; and against a total liability of \$44,775,651.59, it held assets amounting to \$48,179,128.34. From such record, it can be well judged, whether its work in the future is likely to be well and safely done.

TUTT'S PILLS

INTRODUCED, 1865. A TORPID LIVER is the fruitful source of many diseases, prominent among which are:

DYSPEPSIA, SICK-HEADACHE, COSTIVENESS, DYSENTERY, BILIOUS FEVER, AGUE AND FEVER, RHEUMATISM, NEURALGIA, MIGRAINE, COLIC, GRAVEL, CALCULI, &c.

SYMPTOMS OF A TORPID LIVER. Loss of Appetite and Nausea, the bowels are costive, but sometimes alternate with looseness, Pain in the Head, accompanied with a dull aching in the back, Pain in the right side and under the shoulder-blade, fullness after eating, with a distension to exertion of body or mind, Irritability of temper, Low spirits, Loss of memory, with a feeling of having neglected some duty, General weakness, Dizziness, Flushing at the Heart, Dots before the eyes, Yellow Skin, Headache generally over the right eye, Redness of the face with dull dreams, highly colored Urine. IF THESE WARNINGS ARE UNHEeded, SERIOUS DISEASES WILL SOON BE DEVELOPED.

are especially adapted to such cases, and will relieve the sufferer of such a change of feeling as to astonish the sufferer.

TUTT'S PILLS are free from any properties that can injure the most delicate organization. They are purely vegetable, and contain no opium or any other narcotic. By relieving the costiveness of the bowels, they cleanse the system from poisonous humors, and thus impart health and vitality to the body, causing the system to be in a healthy condition, without which no one can feel well.

A Noted Divine says: Dr. TUTT'S PILLS are a most valuable medicine for the relief of the bowels, and for the cure of the liver, and for the relief of the system generally.
