The meeting at the M. E. Church is still in progress and attended by a very good audience. It has not been our pleasure to attend at all times, but many of those who attend regular are pleased with the influence the preaching is exerting. Dr. Keene is a man of more than ordinary powers, and as a minister is held in high esteem by his brethren.

J. C. Riley, Hartford, Ky., is the place to buy dry goods, groceries and queensware. He is selling out at cost in order that he may replace same with genteel furnishings this fall. Call and secure a bargain before it is too late.

The tobacco factory on the farm of W. T. Lea was struck by lightning on last Saturday afternoon, partially tearing away one end. Esq. J. S. Vaught, who was on his return from Beaver Dam, drove under the shed of this barn to avoid the rain, and was under the shed at the time the barn was struck. Mr. Lea and several hands were in the barn at the time, but luckily, were not hurt.

Belle, the little daughter of Mr. L. F. Woerner, met with a very painful accident last Tuesday. While swinging near a railing fence, she caught one leg on the fence, tearing a part of the flesh and skin from the leg about half way between the knee and ankle. The wound was about four inches long and went nearly to the bone. Under the skillful care of Dr. Miller she is getting along very well.

The social given by Mrs. Vaught at her residence in Hartford on last Thursday evening, in honor of her niece, Miss Ida Yonts, of Cadiz, Trigg county, Ky., was enjoyed by all who were present. The supper consisted of ices, cakes, fruits and in short all the delicacies that the most fastidious taste could desire. It can be truly said that Mrs. Vaught knows just how to make it pleasant for her guests.

The closing exercises of the Beaver Dam school which has been successfully taught for the past five months by Prof. J. R. Phillips ceased Friday night before a large audience of the patrons and friends of the school. All are well pleased with Prof. Phillips' work and the exercises did credit alike to teacher and to the little people who took part. The music class in charge of Miss Ella Hudson rendered valuable assistance in making the evening enjoyable.

The Idlewild Comedy Company supporting Miss Nellie Rogers, were in Hartford on Thursday, Friday and Saturday nights of last week presenting Fanchon the Cricket, on the first; Inchnavogue or Under two Flags, on the second; and Lost in London, on the third. They played to reasonably good houses each evening. Miss Nellie Rogers is a star and is well supported. The plays, in the main, were well rendered and highly pleasing. The plays were all the more pleasing from the fact that the manager, H. C. Shaft, his wife and daughter were formerly citizens of Hartford. Mr. Shaft has secured the right to play during the fair week. We wish the company the success they so much merit.

A Bargain. We have one reaper and one mowing machine, almost as good as new, which we will sell very cheap. BANK OF HARTFORD.

R. W. BROWDER, Dist. Pres. MISS M. F. HUBER, State Sec. Attempted Suicide. Miss Alice Litsely, of Short Creek, Grayson county, attempted suicide last Friday by shooting herself just below the heart. Miss Litsely is the second

daughter of Mr. James Litsely, of Short Creek. No cause can be assigned for the action unless it was removed from a scandal in which she and her step-grandfather figured sometime last fall. Mr. Litsely is a well-to-do man, and has the sympathy of many friends over his family misfortune. At last reports the young lady was not expected to live.

Base Ball Games. A considerable degree of interest is now being manifested in the county by the various clubs, and several interesting games have been played since the season opened.

On Saturday June 16th the Hartford club went to Horton and in a closely contested game succeeded in getting defeated in a score of 16 to 19.

Last Saturday Horton and Rosine played a game in which Rosine was worsted, the score standing 10 to 8 in favor of Horton.

At McHenry Saturday afternoon a game of seven innings was played between the Rockports and the McHenry first nine, the score being 12 to 12.

A game was then called between the McHenry second nine and the Hartford club, but at the end of the fifth inning it began raining and the players were driven from the field. The game stood, Hartford 8, McHenry 6.

Masonic Festival at Rosine. It was the good fortune for us to be present at the grand Masonic Festival given at Rosine on last Saturday. We arrived there about 9 o'clock a. m. and was greeted by many friends. There was a good crowd assembled even at this early hour. They continued to come in till noon. There was a reasonable good crowd in attendance, and everyone seemed to enjoy the occasion.

The highest degree in the order was conferred on a great many of those present repaired to the large tobacco factory where they found all the substantial and delicacies that could be had in the market. Immediately after dinner the bells of the Masonic Fraternity were sounded and the members were soon ready to march. After having reached the picnic grounds it was announced by Dr. L. T. Cox that they would not have the masonic lecture as previously announced. The lecturer failed, from some unknown cause, to put in an appearance.

In the absence of this speaker the county candidates were called on and responded in a mere announcement. Col. Q. C. Shanks was there and called on the members of the usual trade of the Democratic party. He talked although in a strong Republican community, fell like a cold blanket on his hearers. Dr. Meador was called on and responded in his usual logical manner. His remarks were well received. There was a very interesting game of base ball played between the Horton and Rosine clubs. The account of same will be found in another column.

Notice to Teachers. I will hold an examination for white teachers in College Hall, Hartford, Ky., on the first Friday and Saturday in July, being the 6th and 7th days of the month, and for colored teachers on the second and Saturday of the same month, being the 13th and 14th. L. P. Loney, Co. Supt.

Magnificent Connections. The Owensboro Inquirer interviews Capt. Triplett on the railroad question. The Capt. says:—"The \$100,000 asked from Ohio county is from the precincts voting at Hartford, Fordville and Sulphur Springs, and the prospects for it being carried are regarded as good. The ideas being proposed are: 1st, to divide between the precincts in accordance with their taxable property. That portion to be voted by Fordville will be equally divided between the Falls of Rough road and the Hardinsburg road, which is better known as the Irvington branch, is built, the Falls Road will be completed beyond Fordville, as that road will build its road from Irvington to a point about a mile from Hardinsburg, the branch to Rock Falls to Fordville, with a branch from the Falls of Rough to a Rockvale, then on to Hartford and the Chesapeake road. Bowling Green is to be connected with an connection and if it comes this way we will then have magnificent connections in every direction.

BORN. HARDWICK.—To the wife of Clarence Hardwick, June 26, a girl. FOGLE.—To the wife of J. E. Fogle, Thursday, June 21, a boy.

Liberty. We extend a cordial invitation to the friends of education as well as to the last day of our school, June 29th. The Rhetoric class will come out at night at the church, and we ask you to be with us, especially at night. The exercises of the day will be expositions of the various subjects in most of the branches taught in our school. Respectfully, W. B. MILLER.

Notice! Money saved by buying all kinds of Cemetery work of the Old Reliable firm of MISCHER BROS., proprietors of OWENSBORO MARBLE, GRANITE AND STONE WORK. They can sell cheaper, and do our work better than others, we employ no agents, and attend to the business ourselves, and therefore parties buying of us can save that big commission usually paid for yourselves that we mean what we say. Address all orders to MISCHER BROS., 17 1/2 Owensboro, Ky.

CENTERTOWN. Mr. Richard Moore, and little son, of Texas; Prof. Ferguson, and little boys, Morton and Carl, of Hartford, Ky., were the guests of L. C. Hanson, Walnut Creek, in the last of the week. They were mingling among many friends at this place Sunday.

Married, at Rosineville, Ind., Mr. J. W. Curtis to Miss Veach. May people and happiness be theirs, is the wish of all.

Notwithstanding the fact that the Republican raise such a howl about the accusation that Leach was counted out, we are reliably informed that one of the Republican County Committee said that Leach was counted out of twenty-five votes, and that it was because Lindsey could command more money to use in the canvass than Leach could.

HARTFORD'S RAILROAD.

Two Schemes in Contemplation of Connecting the Place With the rest of the World. (Owensboro Inquirer.)

Capt. Sam Cox, of Hartford, who is now in the city, says that the people of his city and county are undecided on the railroad question and there is nothing very definite in prospect yet, although there is a very general desire for a railroad connection of some sort. Col. J. C. Fawcett has promised to build his Irvington branch from the L. St. L. & T. to Hartford, and on to a connection with the C. O. & S. W. if the county and town will vote him \$100,000 of aid, payable in bonds, not to be issued till the road is completed. Capt. Cox says he does not think this proposition would carry. He says his people have always entered the experience of Mulheisen county with a good deal of interest and have been made very timid about incurring heavy debts.

Another scheme is to build a railroad from Hartford to the C. O. & S. W. near Beaver Dam, a distance of about 3) miles. Huntingdon has offered to do the rest if the citizens will procure and clear the right of way and furnish the ties. He will put down the rails and put on the rolling stock. The last Legislature granted Hartford permission to vote \$25,000 in aid of this scheme, but there is no talk of a vote being taken soon.

Capt. Cox says nothing more is heard of the Henderson and Hartford railroad scheme.

ROCKPORT. June 25, 1888. The temporary bridge across the run was finished Friday morning in time for the east-bound passenger train. It was thoroughly tested by a heavy coal train, and appeared perfectly safe except the slight sinking of two feet near the middle of the river. This will continue for some time, as the piles were not driven.

The colored brakeman who was drowned by his division engine, and examined the wreck at the foot of the piles in the bridge. His suit weighs 170 pounds. When dressed he looks frightfully enough to scare a corpse out of any grave.

Last accounts report the wounded all improving. They have all been re-moved to the other day the Paducah hospital yesterday morning.

Mrs. Minnie E. Hudson, daughter of Mr. J. S. G. Fulkerson, died of consumption at Rockport, on the morning of the 18th inst., and was buried at Pond Run the following day. She leaves a husband and one child.

Mrs. R. Y. Yarbrough of Springfield, Tenn. is visiting her mother, Mrs. Anthony.

The Rockport Cornet Band have Prof. H. B. Holloman, of Providence, Ky., with them now, and are progressing rapidly. It will not be long till Rockport can boast of the largest and best band in the county.

A match game of base ball will be played at Mineral Springs next Saturday between the Hartford and Rockport clubs. The excitement incident to the wreck has abated, we have turned our attention to preparation for the Reunion, and we hope all the committees, especially the one on supplies, will get it good work this week.

Chicago continues its still laboring, and will finally bring forth a stunner, no doubt, most likely Blaine, as his henchmen are evidently in the manager and are trying their best for all it's worth. If Harrison, Sherman and Gresham tamely submit to these rule-or-ruin schemes, they will prove very weak and treacherous indeed. But did you notice how heavily William O. R. with all his ambitions and inflated ideas, with "idiotic raving and pestiferous rant," but, bless your life, it is quite another to attempt to entertain ten thousand of the most experienced and learned men of the Republican party, in national convention assembled—a distinction our Billy seems not to have made. It was no more than a noble and just thing for the young and ambitious to have to learn to "think" before he could make a speech. William, I fear, has cut a sad figure abroad, and will have to return here with a broken mind, and exceedingly thin tricks of school boy rhetoric cannot be seen through so readily. Plainly, William is an exploded statesman.—"GROSS."

BEDA NEWS. Crops of every description are growing well. Farmers are well up with their work, and if the rains hold off, there will be a great deal of wheat cut this week. HAYNESVILLE, KY. Mrs. Ed. Soper has a bone felon on her finger, and it is believed that she will lose two joints of it, and is suffering greatly from it.

A little boy of Mr. Wm. Newton's, aged about 14 years, came to this place, Rosine, and as he was going to catch his horse it became frightened and kicked and ran over him breaking one bone in his arm and bruising his head considerably. Dr. John Hale was at once sent for to dress the wounds.

We think we will have a railroad soon and most every one is anxious for it. Capt. Mr. Jordan Haynes. He has a new buggy to ride in and he don't give a cent for a railroad.

Miss Mollie Butler's school closed to-day at Eggleston and she will soon go to her home at Pottsville for a short stay. But as I heard a young renter remark the other day she will be gone again in the sweet by and bye, as she has secured the winter school. Miss Mollie has won many friends while here.

Mr. R. Y. Yarbrough of Springfield, Tenn. is visiting her mother, Mrs. Anthony. Some time since W. R. Wright traded a 29 pistol to a shepherd dog, and the dog began to steal meat from Mrs. Owen. The consequence was J. L. Owen gave him a stem-winding shot gun out of his own double-barrel.
