Democratic Speaking!

HON. JOHN S. RHEA AND HON. H. D. McHENRY Will address the people of Ohio county, at Hartford, Ky., Friday, July 27th, at 1 o'clock. Everybody invited.

Bradley's Reception. The reception given by the Republicans last Wednesday, did credit to its managers. The procession consisting of pedestrians, equestrians, luggies and wagons a hundred yards in length, was headed by the Hartford Cornet Band, which by the strains of sweet music discoursed, added very materially to the occasion.

The remarks by Mr. Wm. Milligan in presenting Mr. Bradley, were well said, in fact all went well till the distinguished speaker was cast out upon the tariff ocean to sail alone with nothing to support him except the "war tariff plank." We are constrained to say that we thought we had ere this listened to demagoguery, but must say that the effort made by this distinguished gentleman was freighted with more demagoguery than we ever listened to before.

Barbecue at Barrett's Ferry. Preparations are being made to make this barbecue one of the grandest ever yet had in Ohio county, and no money or means will be spared to make it a success.

A Bargain. We have one reaper and one mowing machine, almost as good as new, which we will sell very cheap. H. W. RAGLAND, HARTFORD.

For Sale. One yoke of good work oxen. Call on Shelby Brook, Echols, Ky.

Notice. Fourth Quarterly Meeting for Hartford District M. E. Church South, will be held at Liberty on the 4th and 5th of August. Hope all the churches will come up with their assessments. Hartford circuit is able to pay double her assessment. God loves a cheerful giver; pay your prochein, and when you come to die you will feel that death is but the gate to endless joy. TOM DUKE, Steward.

Will Our Friends Hear This Call. We are now in need of at least half the amount subscribed to rebuild Hartford Baptist Church. Will those who know themselves to be thus indebted, please make payment on or before the first day of August, and thereby save us the necessity of calling on them personally, or of collecting through the bank on eight drafts. The money we must have and that quickly. We are in earnest, as we propose to build a house that shall be creditable to the town and county, and to pay for it as we go. By order of the COMMITTEE.

Republicans Preparing a Feast. TAYLOR TOWNS, July 23, 1888. - When the Republican nominee, Mr. Renfrow, withdrew his name from the people as a candidate for sheriff, they truly realized that they were out of bread stuff, and seeing that the Democrats were fully abreast of the times, they called in a convention to prepare a feast for themselves. On coming together and consulting C. M. Pendleton, he advised them to go to mill again (Milligan) he thought that would be about the way to start. After going to mill they think of something to eat with their bread. It is said that man cannot live on bread alone, and they send over to Ragland (Ragland) for their deserts, but alas! she is swallowed up, by the old darkey would say by de guff ch (Guffie) realizing their embarrassing circumstances, they cry out what shall we do! what wet at mill and have it well brogged (Brown). W. T. Brown's wheat mill ground out, and it was the last resort, for W. D. Coleman and L. P. Loney changed him to a Republican Democrat. Call Taylor to be sheriff is a matter of fact already ascertained, but we want a majority of five hundred so rally! rally! rally!

E. P. Neal was in our midst some days ago, urging Republicans to go to the polls, and insisting that Democrats that would not vote for Brown, to stay at home, but it's politics first, Presley, and then kindness, and we are going to the election, too. GRUBB.

BEAD NEWS. July 23, 1888. - Wheat threshing is well under way; the yield is quite satisfactory. Hay making has also commenced, and that the crop is much better than was feared it would be. Farmers have as a general thing, got their tobacco cleaned out, and in very good condition. Corn is looking as well as could be desired. The blackberry season is about over. A great many gallons have been canned, and a great many more sold. Mrs. Steve Bennett canned and sold about 60 gallons. Widow Ward and Mrs. Humphrey sold as many or more. Well, we just have an abundance of everything in the vegetable line to eat, and but few who are able to appreciate it. If you want to see every body get hungry and feel like everything is good to eat, let there be a famine with little or no prospect for anything to eat, then everything seems good.

A good many people are anticipating a good time at the Sunday School celebration at Barnett's Creek Saturday, the 28th. Rev. ROSINE. On last Saturday night the Democrats and Republicans had each a separate reunion. The Democrats were entertained by speakers J. E. Rowe, L. P. Loney and E. L. Felix, Hartford. The able and logical speeches were received by the large enthusiastic crowd. The Republicans had Judge Taylor, of Morgantown, the reported bought-over proselyte from the Democratic party, to represent the false theory of the g. o. p. The Republicans having closed out first, quite a number of them did us the reverence to march in with their flag and hear us through. We heartily congratulate Bro. G. I. Beck for the noble confession which he has made in behalf of the party principles which have stood through the dark ages from 1800 to the reign of Grover Cleveland, the noble exponent of the Democratic party in the United States; also J. L. Liles, of the Republican party at Rosine.

The hum of the thresher is heard in our land. Wheat is turning out well. Uncle To Bate had 818 bushels; J. M. Holloway more than 100 bushels. Childs has gone below Prentice to see a piece of land which he thinks of purchasing. Bro. Jas. Davis preached an interesting sermon for us yesterday. W. P. Thomas, our most excellent singing master, has begun training his class for the S. S. Celebration at the Sulphur Springs. The class will meet next Sunday 3 o'clock P. M. FARMER.

A Rest. EDITORS HERALD. - Permit me to express my thankfulness to the Church at South Carrollton and Oak Grove for the two months rest they have given me. It is the opinion of my family physician that I need such a rest. It is my first rest from my pastoral labors that I have taken for 25 years, and I feel very grateful to my brethren for their kindness; and hope the rest will enable me to do more efficient work for the Master. W. P. BENNETT. Island, Ky., July 21 1888.

The pride of Kentucky - Mammoth Cave - is beyond the description of tongue or pen, one of those indescribable things that can only be appreciated when seen. No amount of eloquence can paint the awful solemnity of the cave, the grandeur of the pits and domes, showing action of water that has been putting in its work for decades, the marble parly of Martha Washington's statue, Hinson of the Star Chamber, wonderful reverberations and echoes, Echo River, and the interesting blind white fish peculiar to Mammoth Cave. The Cave Hotel is open all the year. The temperature in the cavern never varies, so visitors have the privilege of seeing the cave at any season. 24nd

BARRETT'S FERRY.

The farmers are done gathering in the "golden sheaves" and are now separating the "tares" from the grain. The yield as a general thing, is good. Corn and tobacco in this vicinity are looking exceedingly well.

A singing school has been in progress at New Baymans school house for several weeks, conducted by Prof. Morris. Mr. Cornelius Matthews, of this vicinity, moved an old dwelling house from his premises some months ago, and since then, while digging up the fertilizer from and around where the building stood, preparatory to moving it, found a Spanish dollar and upon further investigation, found a Mexican dollar. Mr. Matthews continued digging, and at last account had found some gold. It is believed that money was buried there once in time.

Mrs. Julia Wedding, widow of Geo. C. Wedding, deceased, has been engaged to teach the school in this district.

Ah! There! Bradley, in his speech at McHenry, said: "If there had been a Republican on the committee to investigate the Tate matter, the defalcation would have been shown to be much larger - would have shown up a million more." Now, Mr. Bradley was in Frankfort a great deal during the time, and took great interest in the matter, canvassed with his political friends there, and we believe he did and does know who were on that committee to investigate Tate.

Not being able to complete their labors before the adjournment of the Legislature the committee, composed of Senators Triplett (Democrat) and LUNSFORD, (Republican from Hopkins) and R. H. Gray, Democrat, of the House, was continued by joint resolution for 10 days, and said committee did remain over and complete its work. Now, did Mr. Bradley know this? We believe he did. How do you explain it? One of the residents of McHenry said Bradley talked like he thought he was talking to a set of "durned fools."
