

An Honorable Surrender.

If you surrender to our store and our methods of sale, you only improve your comfort—it's an honorable surrender. It simply means buying your goods at the lowest possible prices—securing the qualities that you prefer, but at prices it requires no effort to pay. Making a test of the matter through the midsummer and autumn months will only convince you of the truth of our assertion.

One-Price Victories.

Just because they were purchased where the cash-buying brought best results, is why these items will prove especially attractive to you. You'll not go amiss on the styles—they're the newest. You'll not go wrong on qualities—they're the superior kind.

Clearance Values.

Our "clean-sweep" prices are causing many lines of goods to melt away rapidly. You'll be in time yet for some of them if you're on the ground early. The values are unusual, but it's our way and we will name the prices that sweep out quickly each season's accumulation, and the buyer gets the benefit.

Make it your store through the autumn and the winter months, and you'll be enabled to make it a thrifty season. You'll feel that best results follow the surrender.

Strong in Every Way.

Made up in that desirable style that means longer shapeliness and greatest wear, finished in that clever and inimitable style that the dressy fellows like, are the suits made by Edward Rose & Co., Chicago. Choicest colorings and weaves for the autumn wear now being shown, at prices that mean a great saving to you. Careful dressers like our clothing way, it means economy coupled with choicest results.

Does Baby Thrive?

If your baby is delicate and sickly and its food does not nourish it, put fifteen or twenty drops of Scott's Emulsion in its bottle three or four times a day and you will see a marked change.

We have had abundant proof that they will thrive on this emulsion when other food fails to nourish them.

It is the same with larger children that are delicate. Scott's Emulsion seems to be the element lacking in their food. Do not fail to try it if your children do not thrive. It is as useful for them in summer as in winter.

Ask your doctor if this is not true.

Wonderful Cure

Spinal Disease the Result of a Fall—Abscesses Formed.

Kentucky Clergyman Reports What Hood's Sarsaparilla Did.

The character of the people who testify to the merits of Hood's Sarsaparilla is worthy of consideration. Head what a Kentucky clergyman says: "When our little girl was 3 years old she fell from a loft and strained her spine. Since then she has been subject to spinal disease, and lost the use of her limbs. She was very delicate and did not have much appetite, and abscesses formed on the left side of her spine, which discharged continually and she was obliged to lie on her right side all the time. We procured a bottle of Hood's Sarsaparilla and she began taking it. The first effect was to give her an appetite and enable her to sleep. She continued taking it, and now she is a healthy child with the exception of her deformity." Rev. B. B. WARD, Chaplin, Kentucky.

The good people of Hartford protest against the saloons here being run on Sunday. It has got so that a man can get liquor at the saloons here the same on Sunday as on any other day. There is a law against running a saloon on Sunday and it should be observed. We respectfully ask the saloon-keepers of Hartford to enter into an agreement by which this practice shall be stopped.

The crop outlook in Ohio county this year is good, barring the slight drought in sections. Wheat has rendered the finest yield for years. Corn is doing well, but needs rain. Tobacco is up to the average and looks well, but it also needs moisture. There have been several showers throughout the county lately, but no continued downpour. But it is quite evident that, taken all around, we will have a good crop year.

There was a large crowd in attendance at the dedication at Central Grove Baptist church last Sunday. The crowd was estimated at 1500 to 2000 people. The church is a handsome structure, pleasantly situated on the Hartford and Centertown road. It cost \$1100 and is clear of all debt; in fact, there was a surplus of \$83 raised over and above all indebtedness. The church was organized only two years ago, and considering circumstances is in a very flourishing condition. Dr. J. S. Coleman conducted the exercises in his usual impressive manner.

Miss Augusta Smith, of Owensboro, and Mr. Thurlow M. Ashley, of Beda, this county, were married at Rockport, Ind., on the 29th of last March, but the fact did not become known to any of their friends until Saturday, not even to Mrs. Ashley's parents before Friday. Mr. Ashley formerly lived in Owensboro, and was part of the time in the employ of the Owensboro Wagon company and later in the insurance business. It was while living there that he formed Miss Smith's acquaintance. There was no objection on the part of the parents of the bride, and the clandestine marriages was simply the result of a desire on the part of the couple for a romantic wedding.

A MURDEROUS DEED.

An Old Widow Lady Almost Killed by a Night Assassin while Sleeping.

Joseph Bratcher immediately rushed over to the residence of his mother, but found everything dark and still and no one looking. Supposing that one or more assassins were concealed in the house, he was afraid to enter alone in the darkness. He ran over to the residence of Joel Bratcher, another son of the old lady, living about 500 yards distant, and procured help and a light. When the rescuing party returned to the place of attack they found everything dark and still as before. Upon entering the house they found nobody within except old Mrs. Bratcher who was sitting upon the side of her bed, wiping the blood from her face. She was in a dazed condition and could not give a very straight account of what had happened. That she had received murderous treatment was evident. Upon the foot of the bed lay a bloody ax. It seems that Mrs. Bratcher was lying peacefully sleeping when she was attacked, and her right hand partly over her face. The would-be murderer evidently aimed at her forehead, but missed it. She was struck two or three terrific blows in the face, one of which broke the middle finger of the hand which was in the way. Her cheek bone was broken and her face badly crushed with the blunt part of the ax. Blood was flowing freely and she presented a horrible sight. Drs. Felix and Lynch were at once sent for and her wounds were dressed.

Mrs. Bratcher was unable to give a description of her assailant or to render a very lucid account of the affair. It seems that the attack was made in the dark or by the flimsy glare of a match or two. Little evidence of the assassin, or assassins, was visible except the ax. There was no indication of a crowd of men. The bolt was burst from the door, but the corn through which young Mrs. Bratcher said the band of men had come was not trampled down. No trace of the flight of the attacking party could be seen. The sum of \$5, which old Mrs. Bratcher had with her, was gone, but nothing else was missing. From the indications it seemed that the assailant had become frightened and left in a hurry before he finished his work.

The whole affair is shrouded in mystery. Old Mrs. Bratcher has been a charge upon the county for some time, and was not known as possessing any considerable wealth. She was the owner of a small parcel of real estate including the place on which she lived, and it is understood, a life interest in another tract. Her cash possessions were of no consequence. Grave suspicions are abroad, but nothing criminal can be definitely fastened upon anybody. It was an awful occurrence and forms a deep, dark mystery.

Mrs. Bratcher was dangerously hurt and her recovery is not expected. Her age—80 years—renders her chances for recovery all the more hopeless. There have been no arrests and no late developments to clear up the case.

LATER—Laura Bratcher, wife of John Bratcher, and who first gave the alarm, was arrested Sunday and taken to Leitchfield.

The Geo. W. Peck Lecture.
A badly disappointed crowd heard the Peck lecture at the court house Monday night. It had been extensively advertised by its manager, and the large audience expected to hear something at least worth their money, but their anticipation was in vain. It was very tame, insipid and plainly lacking in those features which constitute a humorous lecture. This is not our private opinion, but is publicly expressed by the vast majority of the audience who heard it. The audience was much chagrined and disappointed, and were not averse to freely expressing their sentiments.

Ohio County Bonds.
The fiscal court of Ohio county met last Friday to consider the proposition of issuing bonds for the purpose of funding the indebtedness of the county. They made an order to issue \$30,000 in bonds to bear 4 per cent interest, due in 20 years, the county retaining an option to take them up at any time after five years. The indebtedness of the county is about \$35,000 or \$40,000 and this debt bears interest from 10 to 12 per cent. By this issue it is hoped to save the county from \$1,500 to \$2,000 in interest per year.

The bonds will be issued in denominations of from \$100 to \$1,000. F. T. Miller, M. L. Hensley, W. A. Rose, S. E. Cox and John H. Barnes were appointed as a board of commissioners to superintend the engraving and issuance of the bonds. The money realized will be used to take up the outstanding indebtedness of the county as fast as it is received.

The following is the indebtedness of the county in round numbers as far as it is known at present:

- (1) Wrought Iron Bridge Co., \$9,000.00
- (2) Beaver Dam Deposit Bank, 3,500.00
- (3) Bank of Hartford, 6,000.00
- (4) W. M. Warden, 2,500.00
- (5) John C. Lindley, 2,000.00
- (6) F. C. Austin Mfg. Co., 400.00
- (7) Geo. B. Thomson, 500.00

Outstanding orders and claims for year '97 and '98 unpaid \$10,000.00. No. 1 bears 6 per cent interest from April 1, 1898.

No. 2 bears 10 per cent interest included in the debt up to Oct. 1, 1898. No. 3 bears same rate of interest.

No. 4 bears 10 per cent interest. Two years interest now unpaid.

No. 5 bears 6 per cent interest. One year unpaid.

No. 6 bears 6 per cent interest, unpaid since April, 1897.

No. 7 bears 6 per cent interest since October, 1897.

The amount of taxes charged to the Sheriff this year (1898) is \$24,000, out of which the running expenses of the county must be paid before any part of it can be applied to the payment of any outstanding indebtedness.

It is the desire of the commissioners that our own people take the bonds, as no better nor safer investment can be found. The court has certainly done well in adopting this method of liquidating the indebtedness of the county.

Teachers' Institute.
The teachers of Ohio county are assembled in Hartford this week in the capacity of the Ohio County Teachers' Institute, and there are quite a number in attendance. Nowhere in the State can there be found a more intelligent or progressive body of teachers than in Ohio county, and they constitute an important factor in our advancement and civilization. From the teacher's hands comes the finished scholar, whose integrity of character constitutes our highest type of citizenship. The teachers are engaged in a great work and they should meet with every encouragement. We are proud of our teachers and their accomplishment, and we welcome them into our midst in the deliberations which are intended to better them for their noble work.

The following teachers are in attendance: E. A. London, Burrell Shields, H. H. Davis, Fannie Rinder, Bessie Maddox, O. E. Smith, M. J. Holbrook, Nannie King, C. L. Patton, A. H. Rose, F. B. Leitch, Carl Soper, J. C. Lawrence, Louana Ford, Savie Austin.

To the Farmers.
The attention of the farmers is called to the fact that the Beaver Dam Milling Co. has just had its mill thoroughly repaired and every part of it put in the most perfect condition. They have enlarged their mill, put in much additional machinery, and added many conveniences so that they can more speedily and better serve you than ever before. They have the reputation at home and abroad wherever their flour is used of making as pure flour as can be made. No corn meal, corn starch, or adulteration of any kind goes in one ounce of their flour.

Load up your wheat and bring it to them and they will pay you the highest market price for it, or give you in exchange every ounce of good flour it is worth.

They desire your patronage. They guarantee your satisfaction.

MOTHER! There is no word so full of meaning and about which such tender and holy recollections cluster as that of "MOTHER"—she who watched over our helpless infancy and guided our first tottering step. Yet the life of every Expectant Mother is beset with danger and all effort should be made to avoid it.

so assists nature in the change taking place that the Expectant Mother is enabled to look forward without dread, suffering or gloomy forebodings, to the hour when she experiences the joy of Motherhood. Its use insures safety to the lives of both Mother and Child, and she is found stronger after than before confinement—in short, it "makes Childbirth natural and easy," as so many have said. Do not be persuaded to use anything but

MOTHER'S FRIEND

"My wife suffered more in ten minutes with either of her two children than she did altogether with her last, having previously used four bottles of 'Mother's Friend.' It is a blessing to any one expecting to become a MOTHER," says a customer. HENDERSON DALL, Carmi, Illinois.
