Kentucky's Record.

The Republicans have charged that Gov. Beckham has been extravagant with the State's money in allowing to Capt. C. C. Calhoun a fee of \$60,000 for collecting for the Commonwealth an old war claim of more than \$1,000,000. In his speech at Winchester, Gov. Beckham showed by the Government records that Kentucky is the only Democratic State and Gov. Beckham the only Dem-

ocratic Governor that has yet collected one cent of these big war claims, and which all other Governors of Kentucky since the Civil War had failed to collect, and that it had cost Kentucky a smaller percentage to collect her claim than any other State had paid, although Kentucky's claim was one of the largest.

Dr. Briggs Brings Suit.

Rev. Dr. George W. Briggs, formerly a Methodist pastor of Owensboro, but more recently of Paducah, has sued the Louisville Railway Company for \$10,000 damages for alleged injuries received by falling from a street car on Twenty-seventh street in March. The plaintiff claims that a banana peel lying on the platform of the car was the direct cause of his injury. His arm was broken and he was otherwise injured.

Dr. Briggs, after some trouble in Paducah last spring with a boarding house keeper, whom he stabbed with a pen knife under an erroneous impression that he had abused his little son, resigned his pastorate there and went to Louisville. It was then this accident occurred.

Dr. Briggs, who is a remarkable orator, has recently been lecturing in the Southwest with fine success.

INDIANS PLAY BASE BALL

At Central City Saturday—Genuine Redskins from Spokane, Washington.

Manager May of the Central City Base Ball Club has secured a splendid attraction for Saturday. Mr. May is always on the lookout for novelties to present to the people and has gone to a large expense to secure the Sioux Indians for Saturday's game. They play Louisville Friday and Manager May guaranteed them \$200 for one game with his Central City team.

The Indians are all genuine red men from the western plains and reservations, and put up a very fast game. They defeated the Boston American league this season and several of the very best teams in the East. The Indians travel in their own private cars and are in charge of a special Indian agent. The game will be called at 2:30 o'clock p. m. Don't fail to be on hand and help root for the Kentucky boys. Remember the date, Saturday, Sept. 12.

Notice.

Rev. L. E. Campbell will preach at the Methodist church in Hartford, Wednesday night, September 9, and at Beaver Dam, Friday night, September 11. All are invited.

Women's Exhibits Free at State Fair.

Many ladies living in this county who are interested in the Woman's department of the Kentucky State Fair seem to have the impression that an entry fee will be charged for an exhibit or that those making exhibits will be required to buy a season ticket at a cost of three or four dollars. This, however, is a mistake, as no charge will be made for entries and no one who does not desire to do so will be required to buy a ticket.

The Ohio County Court convened in Court Hall Monday. The will of Mr. Joel Peyton, of Olston, was probated and put to record. Two Big Fires.

The general store belonging to Mr. Henry King at Westerfield was burned Wednesday night, together with all its contents. The loss was \$3,000, with no insurance. Mr. King was in Owensboro at the time buying additional stock, when a telephone message reached him saying that the store had burned.

Only the night before, the mill belonging to Westerfield Bros., at Pleasant Ridge, was burned and it is believed that incendiaries are at work in the neighborhood. From tracks, which were visible in the dust near the store, it was evident that two men had been in the store before the fire. Bloodhounds were sent for but we are informed they failed to get a track of any one on account of the time that had elapsed.

Mr. King's store was one of the largest county stores in the county. He said that on account of the high rate of insurance in the county he carried none.

Black Damp Causes Two Deaths.

PROVIDENCE, Ky., Sept. 8.—Two lives were lost here this afternoon in the air shaft of Martin's coal mine, which has been worked out and abandoned for the past several months.

Several boys were playing around the air shaft when James Hunter, a youth of twelve years, climbed down the shaft and was overcome by the black damp.

When Bud Holclaw, a young man of twenty years old, went to the boy's rescue he was also overcome, both bodies falling to the bottom of the shaft, death doubtless being instantaneous. The accident occurred about 2 o'clock and the bodies were not recovered until 5 o'clock.

A special train, bearing a diver and bell, was ordered from Evansville, but arrived too late to be of service, as the bodies had been recovered by means of grappling hooks. The Hunter boy was the grandson of Mr. T. B. Payne, a prominent merchant of this place. Mr. Holclaw was the son of a widow. He was an excellent young man and a member of the order of the Woodmen of the World, and highly esteemed among a large circle of friends. The act of heroism by which he lost his life has cast a deep gloom over the entire community.

A. C. Taylor, the undertaker, asks you to call on him when in need of anything in his line. Burial outfits furnished on short notice and at a most moderate price.

I am an Independent Republican candidate for the office of Circuit Court Clerk of Ohio county. I solicit the support of all, more especially the colored voters. This is the only way the colored people of Kentucky will ever get their share of the pie. We have been voting with the white Republicans since the abolition of slavery, and I for one think we are entitled to this advancement and if the colored people will stay with me, we will get a part of the pie.

I remain your servant, subject to the will of the people, Nov. 3, 1903.
