Centertown Local No. 598, met Friday night, Feb. 19, 1909, at Central Grove schoolhouse with a goodly number of its members present. Received three new members at this meeting. The new tobacco pledge was signed by all members present. By order of local the pledge will be found on secretary's desk at each regular meeting which is on Friday night before the first and third Sundays in each month. We urge all growers of the weed in our territory to come, pay your dues if you have not already done so, and sign the pledge before it is called in, as we do not expect to make a house-to-house canvass this time.  
Members, come and pay your dues. Don't wait for a committee to come to you. You owe this much to your neighbor, to you family and to your God, and to the man on the outside. Well, we can't do the case justice.  
Respectfully,  
ALNEY TICHENOR,  
Committee.  
Rural Carriers Meet.  
The Ohio County Rural Carriers Association met in Beaver Dam, Ky., on Feb. 22, 1909. House was called to order by the president J. F. Lowe, with a nice talk in regard to the object of the meeting. The following order by the president, J. F. Lowe, J. E. Davidson, Seth Moseley, Wm. A. Basham, R. H. Taylor, C. D. Chick and D. L. Miller. Motion made by J. E. Davidson for the President to appoint a committee on resolutions and the following were appointed: Wm. Basham, C. D. Chick and D. L. Miller, who submitted the following: The R. D. Carriers of Ohio county in convention assembled passed the following resolutions:  
Resolved, That we deplore the present system of working our public roads and ask our county judge to try to appoint competent road overseers, and to do all in his power to better our roads.  
Resolved, That the carriers do what they can to give the patrons good service and that the patrons do what they can to help the carriers, especially in keeping on hand a supply of stamps.  
Resolved, That as we believe the Parcel Post will be put on us, we think we should be recognized in regard to our salary. As the city carrier is allowed a maintenance for horses, we think we should be allowed the same.  
Resolved, That we now ask the authorities that they furnish us relief from the abuse of which we complain.  
Resolved, That both our county papers be furnished a copy of these resolutions, as well as the R. F. D. News.  
Adjourned to meet at some future time.

**What's In a Name.**

**YOU** would think that "The Ladies' Home Journal" was for ladies who had homes or staid at home, a class not universal to the gentler sex. Men are now learning that the Journal is also for them.

Never an issue that has not three to five articles which would profit any man. They are taking advantage of this and the Ladies' Home Journal is now quoted by men as often as the average magazine.

**"Lettie's Sister Marries!"**

You who are reading this may not know what this means, but the little girls of this town do. Lettie Lane is a very popular person with them. Some of her folks come every month in the Ladies' Home Journal which is on sale together with the best patterns on earth and everything you may want from an up-to-date alive dry goods store.
