VOLUME XXXIII 63

TO RETAIN HIS COMMAND

Sampson Will Remain in Control of the North Atlantic Fleet.

SCHLEY WILL NOT BE CHANGED, EITHER

Many Regiments Anxious to Be Mustered Out—Department Making Out List—Ordnance Officers Glad Arms Are to Be Given Back to Spaniards at Manila.

Washington, Aug. 22.—Rear Admiral Sampson will retain command of the North Atlantic fleet, notwithstanding his service on the Cuban military commission, and Rear Admiral Schley will continue in his present naval command, although serving temporarily on the Puerto Rican commission. This statement was made authoritatively at the navy department. The list of naval assignments posted contains that of Admirals Sampson and Schley to the Cuban and Puerto Rican commissions respectively, but no reference is made to any change in the fleet commands.

There was much interest about the navy department in connection with an expected official visit from the two read admirals, who have been ordered to report here. They had not reported up to midday and officials were not sure of the time of their arrival. While here they will receive from the president their commissions as rear admirals.

Wont Assemble in Hampton Roads.

Washington, Aug. 22.—Orders were issued by the navy department Monday which will prevent the assemblage of any large fleet at Hampton Roads. The large warships will be sent to New York and Boston and torpedo boats at Newport, R. I. The only ships to remain at Fortress Monroe are auxiliary cruisers and tugs. These orders were issued owing to complaints of steamboat companies that a large fleet in the harbor at Hampton Roads, would interfere seriously with navigation.

Anxious to Be Mustered Out.

Washington, Aug. 22.—The war department has not yet made out its list of regiments to be mustered out of the service, but has been in constant correspondence with various sections of the country upon the subject. At first it was thought that the demand to remain in the service would prove embarrassing to the department, as so many troops desired to continue in service. It is now believed that there has been a change of sentiment and the officers and men of regiments that see no possibility of further fighting are willing to go back to their avocations. Some want to go to the new possessions, but others, it said, see no glory in policing Santiago and other captured points where there is nothing to do. Some of the troops are also becoming weary of camp life. The First Alabama, it is understood, has been selected for mustering out at its own request.

Don't Want the Guns.

Washington, Aug. 22.—Ordnance officers are really relieved that they will not have the care of the small arms captured at Manila, which, by the terms of surrender, are to be returned to the Spanish soldiers when they evacuate the city. It is stated by officers of experience that it would not be profitable for the United States to secure ammunition supplies for a different kind of gun, where there were only a small number such as those captured at Santiago, or which might have been captured at Manila. If 50,000 or 100,000 stands of arms were taken, then the United States might work profitably in the matter of supplying them with ammunition different from the regular arm which has been adopted for the troops and which is now in use. The ordnance bureau had an opportunity to select the Mauser when the Krag-Jorgensen arm was chosen. The officers who made the examination found defects in the Mauser, which gave the other gun the preference. They believe that the introduction of a small number of small arms into the army of different make and caliber would do more harm than good, and that in the end the expenses would more than make up for the temporary saving that might follow the use of the captured arms.

Sick Soldiers at Plattsburg.

Plattsburg, N. Y., Aug. 22.—Nineteen sick and wounded soldiers have arrived from New York and are now comfortably settled in the new quarters at the Plattsburg barracks. They are mostly colored men belonging to the Ninth and Tenth cavalry and the Twenty-fourth infantry, but a few of them are members of the Sixth cavalry and are rough riders. Many more are expected this week.

St. Paul to Be Given Back.

Philadelphia, Aug. 22.—The auxiliary cruiser St. Paul arrived at Cramps' ship yard late Monday afternoon. The St. Paul will be returned to the International Navigation company by the government as soon as she is put in the same condition as when the great liner was chartered for naval service.

VICTIMS NUMBER FOUR.

Bodies Found in Clearing Away the Wreckage on the Railroad at Sharon, Mass.

KNIGHTS OF PYTHIAS.

Every Section of World Where There Is a Grand Lodge Will Be Represented at Indianapolis.

Indianapolis, Ind., Aug. 22.—The biennial meeting of the supreme lodge Knights of Pythias will begin Tuesday morning with every section of the world where there is a grand lodge represented. The national encampment of the uniform rank was formally opened Monday afternoon and nearly 10,000 uniformed men are in camp. The supreme temple Rathbone Sisters opens Wednesday morning and the attendance will be greater than ever before. The imperial palace Knights of Khorassan began Monday morning and will last four days. The supreme lodge Pythian Sisterhood will open Tuesday morning.

No special business is to be transacted by the uniform rank at this encampment. The knights are here on a vacation and to have a good time. The supreme lodge will be in session here two weeks.

Shot and Killed.

St. Louis, Aug. 22.—James A. Baker, superintendent of the Majestic Steel Range company, was shot and killed in front of his home at 5055 Ridge avenue by Campbell Allgaier. The men quarreled over certain alleged statements Baker is said to have made about Allgaier's sister Betty, who lives a few doors west of the Baker home. Baker was 37 years old and leaves a widow. Allgaier, who was placed under arrest, is 25 years old and a widower.

Another Rich Find.

Seattle, Wash., Aug. 22.—The latest stampede from Dawson City is the North Fork of Forty-Mile creek, an American soil. This news was brought here by parties arriving from Dawson. They report that on August 2 word of a rich find on Forty-Mile creek reached Dawson and in 24 hours 500 people had started for the scene of the reported discovery. They were mostly idle men. The old miners did not take much stock in the report.

Boston to Care for Sick.

Washington, Aug. 22.—The Olivette, hospital ship, which has just arrived at Montauk Point with 200 sick on board, has been ordered to proceed to Boston. The sick soldiers will be taken to hospitals in Boston, which have volunteered to Surgeon General Sternberg to take care of them.

Resigns His Position.

Milwaukee, Aug. 22.—John S. George, for 30 years general commercial agent of the Chicago & North-western Railway company in this city, has resigned his position to take effect on September 1. His successor has not yet been named. Mr. George will enter the brokerage business.

Actress at Point of Death.

San Francisco, Aug. 22.—Madeline Bouton, late leading lady of the Frawley Dramatic company, is lying at the point of death as the result of a recent surgical operation.

Powder Mill Explosion.

Chattanooga, Tenn., Aug. 22.—A tremendous explosion at the plant of the Chattanooga Powder company at Ooltowah station, 18 miles from here, killed two white men, Lucius B. Eakin and Norton Mostelke, and wounded seriously, if not fatally, six others. After the explosion the plant was destroyed by fire.

Destroyed by Fire.

Potsdam, N. Y., Aug. 22.—The plant of the High Falls Sulphite Pulp and Mining company, located at Pyrites, has been destroyed by fire. The cause is unknown. The loss is placed at \$200,000 and there was an insurance of \$50,000. The capital stock of the company is \$150,000, held mostly in Potsdam.

MILES IS COMING BACK.

Will Leave Puerto Rico for the United States Very Soon Now.

BROOKE TO BE LEFT IN COMMAND.

Matters Arranged with Capt. Gen. Macias Preparatory to the Meeting of the Peace Commission at San Juan—Spanish Getting Ready to Evacuate the Island.

Washington, Aug. 22.—The war department has been advised by General Miles that he will return to the United States soon, but fixing no definite date. It is believed that he will await the arrival of Mrs. Miles and daughter, who have gone to Puerto Rico. The command of American troops in the island will devolve on General Brooke, who is also a member of the Puerto Rican military commission.

Arranging for Evacuation.

Ponce, Island of Puerto Rico, Aug. 21 (delayed in transmission).—Maj. Gen. Miles has decided to leave with his staff for Washington in a few days, possibly to-morrow. He will turn over his command to Gen. Brooke, who is expected to reach here to-morrow for conference.

Gen. Miles has arranged matters generally with Capt. Gen. Macias preparatory to the meeting of the peace commission at San Juan. Gen. Macias, while maintaining his outposts, is steadily retiring his forces to the capital preparatory to their embarkation.

Mail Communication between Ponce and San Juan has been established.

and the overland telegraph wires which have been severed will be connected immediately.

All that will remain for the commission to do, Gen. Miles says, will be to secure an inventory of government property transferred to the Americans and to give receipts to the Spanish authorities.

Capt. Gen. Macias, in his various communications with Gen. Miles, has shown the best spirit. He is anxious to cooperate in bringing about an evacuation at the earliest moment possible and is placing no obstacles in the way of the volunteers returning home.

Lieut. Col. Ramery, the highest Spanish volunteer officer in the island, reached here last night from Alibonito. Other officers have been coming through our lines all day. Lieut. Col. Ramery says that the Spanish forces at Alibonito were short of ammunition and water and entirely dependent for food upon Cayey. They must have succumbed, he declared, as soon as Gen. Brooke struck Cayey.

According to a letter from San Juan the Spanish residents there who had fled from the city have returned and there is great rejoicing among them that the war is ended, a feeling shared by the soldiery.

Col. San Martin, former commander at Ponce, who abandoned the city on the approach of the Americans, and who, it was reported, had been shot for forsaking the city, is in the hospital sick. He has been stripped of his rank.

End of War Causes Illness.

Philadelphia, Aug. 22.—Notices have been posted at the Frankford arsenal to the effect that the services of all the extra men who were put to work since the outbreak of the war will be dispensed with on September 1. About 700 persons are affected by the order. The reduction in force will reduce the daily output from 30,000 to 40,000 cartridges.

Mr. John Cook, of near Vail, had business at the County seat Monday.

Messrs. H. C. and Wm. Laub made a business trip to Dunlap on Monday last.

GET DOWN TO BUSINESS

Convention of the German Roman Catholic Central Society at Milwaukee.

Milwaukee, Aug. 22.—With the public festivities concluded and the visitors departed the 340 delegates to the forty-third annual convention of the German Roman Catholic Central society got down to business Monday. Previous to the business meeting the delegates assembled at St. Antonius' church, where solemn requiem mass was celebrated for the souls of departed members. After the services the delegates proceeded to the Deutscher Mannverein hall, where the business sessions are conducted.

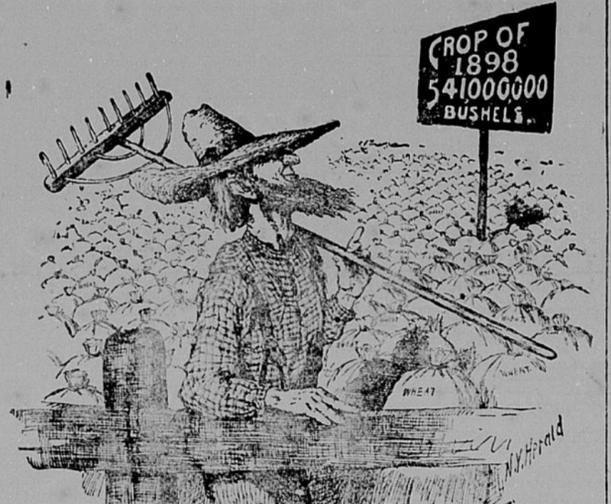

President Adolph Weber, of Racine, called the convention to order. He stated that the annual report of the financial secretary shows a membership of about 50,000, representing 375 societies. During the year 6,681 sick members were paid benefits aggregating \$161,599. The heirs of 753 members were paid \$92,185. The amount of cash in the treasury is \$1,500,000. Twenty-three new societies were admitted during the year.

The opening was made auspicious by the address of Dr. Ernst Marie Lieber, the illustrious leader of the centrist party in the German reichstag, who was received with uproarious applause.

MAY BE AN AMERICAN.

Wife of a German Found Dead at the Foot of a Cliff Near Florence, Italy.

Rome, Aug. 22.—Much suspicion has been caused by the death of the wife of Ernest Possel, a German, whose remains were found beneath the cliffs near Florence. The maiden name of the deceased was Eleanora Beckett.

THINGS COME HIS WAY AGAIN.

NEGROES ON THE WAY.

Sheriff at Pana, Ill., Receives Cases of Rifles and Prepares to Protect the Mines.

Pana, Ill., Aug. 22.—Although expected, no material change occurred in the mining situation Monday morning. Out of a possible 100 citizens summoned by Sheriff Coburn to meet at the city hall at eight o'clock only ten put in an appearance. Sheriff Coburn received a consignment of six cases of Springfield rifles with which to arm deputies to protect negroes from the south, who are now not expected to arrive before Wednesday morning. Citizens are in great fear of serious results upon the arrival of the negroes and are aroused over the action of the operators.

Die from Typhoid.

Atlanta, Ga., Aug. 22.—Thomas J. Prince, troop C, Sixth cavalry, Robert M. Bailey, troop D, Fifth cavalry, and Frank Mellor died in the hospital at Fort McPherson of typhoid fever. Mellor was a general prisoner undergoing a sentence of six months and his identity in the army has been lost. The body of Ancker Powers, Second New York volunteers, who died, was sent to Troy, N. Y., Monday.

Sigsbee Promoted.

Washington, Aug. 22.—The president has promoted Capt. Charles D. Sigsbee, U. S. N., now commanding the St. Paul, by advancing him three numbers on the list of captains in the navy for "extraordinary heroism."

MANILA CABLE IS SPLICED

Signal Corps of the United States Succeeds in Making the Repairs.

INSURGENTS MAY CAUSE TROUBLE.

Control the Water Supply into the City—Have Demonstrated Their Inability of Self-Government—Fourth Expedition Under Gen. Otis Arrives Safely and All Well.

Washington, Aug. 22.—The Manila cable was repaired and operated by the signal corps of the United States army. The first intimation that the cable was again in working order was a dispatch received from Lieut. Col. Thompson, who telegraphed Gen. Greely that he had repaired the cable with the materials he had taken to Manila with Gen. Merritt's army. Two days after the message from Col. Thompson a message was received from the president of the cable company announcing that the Manila line was again in working order.

The signal corps has sent with every detachment which it has ordered to the front a complete outfit, so that when the army landed at any place it could begin operations at once and very soon place the government at Washington in communication with the officers in the field. Outfits were carried to Santiago and also to Ponce, although the landing at the latter place was unexpected. Yet with the materials at hand, an improvised cable was put in operation at Ponce until supplies could be obtained from St. Thomas.

Asked for List of Wounded.

Washington, Aug. 22.—Adj. Gen. Corbin cabled Gen. Merritt to send a list of the wounded at Manila.

Quiet at Manila.

Manila, Philippine Islands, Aug. 22.—Perfect order has thus far been maintained in Manila under American control. The city is quiet and seems almost to have resumed its normal business and social activity.

Aguinaldo Is Glibly.

New York, Aug. 22.—A dispatch to the World from Manila, Philippines, says: The natives control the water supply of Manila and refuse to allow the water to run except for a few hours each day.

They have demonstrated that they are incapable of self-government.

The fourth American expedition, which left San Francisco July 15, in command of Maj. Gen. Otis, has arrived. All on board are well.

The monitor Monadnock arrived August 16. On the way she stopped at the Ladrone island of Guam, which had been seized by the first expedition. She found that a Spaniard had repudiated American rule and set up a government on his own account.

Capt. Whiting, of the Monadnock, promptly upset this new "government" and brought him here.

Brig. Gen. McArthur has appointed as provost marshal Col. Owenshine, of the Twenty-third regulars, and for deputy marshal Col. Smith, of the California volunteers.

Brig. Gen. Greene has been appointed fiscal administrator and Col. Whittier collector of customs.

The total number of dead in the campaign is 25, of wounded, 100.

Private C. Duon, of the Astor battery, and Capt. Bjornstedt Burson, of the Minnesota volunteers, have died of their wounds since the battle. The other wounded officers and men are doing well.

Made Superintendent of West Point.

Washington, Aug. 22.—The president has appointed Capt. Albert Bennett as superintendent of the military academy at West Point with the rank of lieutenant-colonel. The new superintendent is a first lieutenant of cavalry in the regular army, but is a captain in the volunteer service. He is one of the heroes of the Santiago campaign and was severely wounded in the fighting there.

Four Soldiers Held.

San Francisco, Aug. 22.—Formal charges have been preferred against four members of the Tennessee regiment in connection with the assault on Dan Thomas last Monday. These accused are Privates Davis, Clark, Anderson and Scruggs, who have been under arrest since the affair occurred.

New Holland Steamer.

New York, Aug. 22.—The Holland-American line announces that the new twin-screw steamer Statendam, built by Messrs. Harland & Wolff, at Belfast, for their line, arrived at Rotterdam from Belfast last Saturday. On the passage a speed of 16½ knots was attained.

Michigan Soldier Dead.

Atlanta, Ga., Aug. 22.—Gilbert Bacon, company E, Thirty-second Michigan volunteers, died of typhoid fever at Fort McPherson.

THE VOTING CONTESTS.

The REVIEW has made arrangements by which it offers its readers an opportunity to vote for their favorites among the young ladies of the county. We know there are many, bright, intelligent girls who would like to obtain an education but the cost stands in the way. There are others to whom the community would gladly testify their appreciation for their helpfulness. There are the teachers in our public and Sabbath schools, the organists, the singers, who gladly lend their talents upon different occasions, the obliging accommodating clerks, the girls upon the farm who do their work so faithfully, the girls who are employed in household duties—none are barred from the contests, and they will surely appreciate your votes whether they gain the prizes or not. Show your esteem by voting for some such young lady in your neighborhood, ask your friends to vote for them. It may be the turning point in their lives which will lead to a nobler and better womanhood. If your neighbor does not take the REVIEW get him to try it until November 1st. You will be doing him a kindness by introducing the REVIEW into his home and he can help the young lady of his choice by voting his coupons. Send in your votes early so as to encourage the contestants. Write a letter to the REVIEW placing some deserving popular girl in nomination and thus call the attention of her other friends that they may work with you. This is also a splendid opportunity for an energetic young lady by seeing her friends and securing their votes to get six months' schooling free of charge. The men are just now hustling about the county soliciting nominations and the REVIEW proposes to give the girls a chance. The prizes will be awarded at the county fair and we hope you will all be there. If you come the fair will be a success. Let us hear from you.

ASST. SURGEON BOYLE.

Dr. H. A. Boyle has been honored by Gov. Shaw with the appointment of Assistant Surgeon of the 50th Iowa regiment in camp at Jacksonville. Dr. Boyle left for his post of duty Monday morning.

It is expected that the regiment will be sent home very shortly and the doctor does not expect his stay to be of more than two or three weeks duration. We congratulate Dr. Boyle on this recognition of his ability, and would respectfully call attention to the fact that Gov. Shaw still remembers the folks at home.

John Hall, of Washington township, was in town today for the first time in three months. Our readers will remember the serious accident which befell him, in which both his legs were broken. His recovery has been slow and painful and his friends are glad to see him about again.

A. D. Randall sold his fine little gray carriage horse yesterday to a man in Defiance for \$75.
