CENTRAL NOT CERTAIN

Although Several Surveys Have Been Made the Road May Not Be Built.

MAY GO TO SIOUX CITY.

Work on the Northwestern Branch is Being Pushed, Graders Throwing Dirt Rapidly.

It seemed a few days ago that we were to have another railroad into Denison. The prospects were that the Illinois Central would locate its line from Ft. Dodge to Omaha not only through this county, but through Denison as well.

Indications now point to the fact that the road may not be built through the County at all, and if it is, that it may miss Denison. Several surveys have been made, some of which are through the northwestern part of the county, and one across the fair grounds west of Denison; the one crossing the fair grounds being the last one to be made. It is asserted by a good many that the depot may be located on the fair grounds if the road is constructed. We understand that some of the officers of the Fair Association have been approached as to the price at which the property can be bought.

The REVIEW is heartily in favor of the railroad's coming down the West Boyer Valley, and hopes that inducements may be held out to cause it to come nearer Denison than the Fair ground. The business men of the town should accept this as their opportunity to do something to secure a competing line for the town, because if this opportunity is lost it may be a long time before another such opportunity will be offered.

If Denison is to continue to be the best town in this section of the State, it must secure another railroad, and we suggest that our enterprising men take such steps as will, if possible, induce this railroad, if built, to come nearer Denison than where it is now claimed it is to be located.

It will not do to assume that the road will come without the co-operation of our people. We hope it will not turn out as it did when the Milwaukee railroad was built through the county; that on account of our indifference we lost the opportunity of securing it with all the benefits which its coming here would have insured. It is reported that negotiations are now pending which may attract the Central to build from Sioux City to Omaha and if so Denison cannot expect it to come here.

There are several hundred men with teams and scrapers working on the Northwestern grade between Denison and Algona. The Odebolt Chronicle says:

The Northwestern has purchased land for a town site from F. Weed in section 23, Levey township, nine miles from Odebolt. Seven miles further down the river, 65 acres for another town site has been purchased from Wm. Shives, in Stockholm township. The Shives station will also be nine miles from Odebolt, in a straight line south from the residence of Z. W. Sparks.

No Further Trouble.

Knoxville, Tenn., Nov. 3.—There was no further trouble among the colored soldiers Wednesday night. Anticipating another outbreak on the part of the Sixth Virginia regiment, which mutinied on account of the appointment of white officers, the commandant at Camp Poland kept three regiments under arms all night. The Sixth Virginia, however, drilled Thursday under its new officers.

TRANSPORT PANAMA SAFE

Her Arrival at Havana Is Reported --She Leaves Later for New York City.

DALZELL TELEGRAPHS OF HIS SAFETY.

Sensational Report of Loss of Transport and Several Hundred Sick Soldiers in a Gale Proves Untrue—Created Great Excitement at War and Navy Departments.

Havana, Nov. 3.—The transport Panama from Santiago, fears for whose safety had been entertained, arrived here Thursday morning.

The Panama reached this port at nine a. m. and landed seven American passengers, including some military officers.

She left Havana at about ten a. m., her destination apparently being New York.

It is reported the Panama has about 400 sick men on board.

Cablegram from Dalzell.

Pittsburgh, Pa., Nov. 3.—J. Duff, brother-in-law of Congressman Dalzell, has just received a cablegram from Mr. Dalzell, announcing his safe arrival at Havana, and the fact that the reported loss of the Panama has no truth in it.

Caused Great Excitement.

Washington, Nov. 3.—The reported loss of the Panama caused great excitement at the war and navy department and both were deluged with cablegrams from relatives and friends of persons believed to be on the transport begging for information. Neither department had any information on the subject and each discredited the report. To all inquiries replies were sent that the department had heard nothing on the subject and did not believe the story. The principal foundation for the department's disbelief was that a telegram was received from Gen. Wood at Santiago about midnight treating of purely business affairs and saying nothing whatever of the rumored loss of the ship. It was assumed that he would have telegraphed if the rumor appeared to be well based.

CLAIMED BY GEORGIA.

That State Holds That Chattahoochee Is Within Her Boundaries—Courts Must Decide.

Atlanta, Ga., Nov. 3.—State's Attorney Wimlish has filed his report with Gov. Candler on the claim set forth by Georgia that 1,500 square miles of territory lying in Tennessee and North Carolina belongs to the first named state. Mr. Wimlish goes over the case as far back as 1822 and says the question is still an open one and is a matter for the courts to decide.

There is still some doubt as to whether Chattahoochee is in Georgia or Tennessee. Referring to this matter the state's attorney says:

"Chattahoochee is within the ancient boundaries of Georgia. If the question is reopened and that boundary is established, Chattahoochee, will, of course, be in this state."

Hoard of Money Found.

Cleveland, O., Nov. 3.—A special from Akron, O., says: A large sum of money has been discovered at the late home of Oscar Osborne, who was murdered at Richfield a few weeks ago. It is said the murdered man had confided to a neighbor the hiding place of the money, and recently search was made, with the result that sums aggregating \$10,000 were found. The theory is now advanced that the strap found about Osborne's neck was used to choke and strangle him, to induce him to tell where the money was hidden. It is known that Osborne had secreted large sums somewhere about his place.

Bad Robber Arrested.

Columbus, O., Nov. 3.—Detectives from Charleston, W. Va., Thursday identified G. A. Williams, alias G. A. St. Clair, as Pomp Smith, a notorious burglar and safe blower, wanted in Charleston for cleaning out a store there one night recently. STARTLING NEWS.

Why Silver Republicans are Ardent Supporters of Democrats.

THEY EXPECT OFFICES.

Silver Republicans Likely to be Placed in Office should Democrats be Successful this Fall.

"It is growing apparent why the silver republicans are so enthusiastic in favor of the democratic ticket; in other words why they seemingly have taken charge of and are managing the democratic party in Crawford county. It now leaks out that A. J. Gary is to become deputy county auditor in case Mr. Carey is elected, and E. K. Burch is to be second man in the office of county attorney if Col. Wright is elected.

It looks very much as if the Burch, Gary and Romans combination are desirous of securing offices for themselves. If these men are elected the taxpayers need not complain when they are installed into office.

THE FINAL APPEAL.

Very Necessary that You be at the Polls Early.

GET OUT THE FULL VOTE

Read what Chairman Hancock has to Say in his Appeal, Tell your Neighbor to Vote.

Tuesday next is election day. This will be our last reminder. Only a few days remain before the voters of Crawford county will be called upon to exercise the greatest privilege accorded any people on earth, that of casting their ballot for those who in their opinion are fit to govern the affairs of the state and county. We urge every republican voter to be at the polls. The republican county ticket is in keeping with the excellent qualities of the judicial, congressional and state tickets. Each man is good, clean and capable, and now there is but one thing to do, get out and vote. We herewith publish an appeal from state chairman Hancock and ask a careful perusal of the same:

To the voters of Iowa who are in favor of a sound and stable currency, and who wish to protect the honor and integrity of this country:—Only a few days remain before you are called upon to exercise the greatest privilege in your possession—a privilege enjoyed by the people of no other nation in the world—the privilege of expressing at the polls the principle of government which you favor. And I desire to take advantage of this opportunity to urge every voter in Iowa who believes in a sound and stable currency and who wishes to protect the honor and integrity of his country, to avail himself of this privilege and cast his vote on Tuesday, November 8 for the nominees of the party which manfully and boldly declares for these principles in its platform. There are two most vital issues in this campaign—the Financial Question and the Endorsement of the Administration. The loss of a single Congressman, or a failure to carry this state this year by an increased majority, will be considered as a change of sentiment on the money question and a vote of censure on President McKinley and his Administration. Can the country afford this? A large majority of the voters of Iowa are in favor of sound money and upholding the noble and patriotic administration of the President; but a failure to vote is equivalent to a vote of censure, although not so intended. Over confidence is our only danger, and it is our great danger. We must not be contented with allowing our neighbor to vote, but we must vote ourselves; and not only must we vote ourselves, but we must see that our neighbor votes also. I therefore earnestly beseech every voter who is in favor of the principles as enunciated by our platform to lay aside the burdens of the day on the 8th of November and devote his time on that day to the success of the party.

Hoping that with your assistance the death knell of the free silver heresy may be sounded by the people of Iowa, and that our nation's flag may never be tinged with dishonor by a vote of censure on the glorious administration of President McKinley, I remain Very respectfully yours,

C. T. HANCOCK,
Chairman Republican State Gen. Com.

TO BE SENT TO NEUVITAS

Order Issued for the Movement of Troops to Cuba About November 22.

PART TO BE SENT TO PUERTO PRINCIPE;

Brigade Will Be Under the Command of Brig-Gen. Carpenter—One of the Regiments to Go Will Be the Third Georgia—Army Officers Ordered to Santiago.

Washington, Nov. 3.—Secretary Alger issued the first order looking to the military occupation of Cuba by the United States troops. The order was issued only after very careful consideration of the reports of the military officers now in Cuba, and of the Hecker board and other expert commissioners, which have been in the field. The order looks to the occupation of two points to begin with, namely: Neuvitas and Puerto Principe, but the occupation will be extended as rapidly as the Spanish evacuation proceeds. The order directs the movement to begin at once, but according to the calculations of the department it will scarcely be possible to make the first landing before November 22.

Headquarters of the new corps which has been created for the purpose of beginning the occupation will be at Neuvitas under the command of Gen. L. H. Carpenter, now in command of the Sixth and Seventh cavalry, at Huntsville, Ala. The order is as follows:

The headquarters of six troops of the Eighth United States cavalry and the Third Georgia volunteers will be at Neuvitas. Six troops of the Eighth United States cavalry and Fifteenth infantry to Puerto Principe.

The regiment will be prepared for embarkation at once and the subsistence department will arrange for the necessary provisions. The command will make provision for hospital and medical supplies.

Brig. Gen. L. H. Carpenter, United States volunteers, is assigned to command these troops, with headquarters at Neuvitas.

The cavalry brigade, composed of the Seventh and Eighth United States cavalry, is discontinued. The Seventh is assigned to the First army corps and the Eighth to the Second army corps.

The Fifteenth United States infantry is detached from the Fourth army corps, an infantry brigade created, composed of the Third Georgia volunteers and the Fifteenth United States infantry, and designated as the Second brigade, Third division, Second corps.

The orders sending the Second brigade, Third division, Second corps to Athens, Ga., have been revoked.

First Lieuts. Alexander Richardson, Edward Williams, William Wilks; Second Lieuts. Robert G. Woods, Jacob C. Smith and John W. Brown. They are all colored and were formerly attached to the Twenty-fourth infantry, or Ninth and Tenth cavalry. They were promoted on account of distinguished personal gallantry in the field at San Juan and El Caney.

Two Kinds of Rations Needed.

San Francisco, Nov. 3.—Capt. Lee Linn, chief commissary of the army in the Philippines, who arrived here on the Peru, is on his way to Washington with official reports. His home is in Wabash, Ind., and he will stop there before returning to Manila. He said in an interview:

"It is probable that in the future the government will have two kinds of rations—one for troops in the temperate zone and another for soldiers in the tropics. I suppose that more vegetables and meat with practically no fat will be provided for men on military duty in the Philippines. I saw a message of complaint filed by the Colorado regiment. The fault is not with the government nor with the commissary. It is with the company cooks and the company officers. There is never any complaint from the regulars. They know how to husband their rations. They even save sufficient to create quite a company surplus fund."

Politician Shot.

Ridgeville, O., Nov. 3.—Adam Rowe, a prominent politician of this county, was fatally shot near here by William Smith. TO BE FREE FROM CAPTURE.

Memorial Prepared Asking President to Call International Convention to Consider Important Question.

Washington, Nov. 3.—A memorial prepared by Charles Henry Butler and others has been presented to the president asking that this government call an international convention to consider the question of making private property free from capture on the high seas in time of war. The memorial pays a highly respectful tribute to the administration on the humane and speedily successful prosecution of the recent war and points out that this government is in the best position of any power at present to take the initiative in such a humane movement without laying itself open to the imputation of selfishness. The memorial gives an interesting resume of this country's advocacy of free ships and free goods and quotes the famous Paris convention, which it will be remembered is as follows:

First—Privateering is and remains abolished.

Second—The neutral flag covers enemy's goods, with the exception of contraband of war.

Third—Neutral goods, except contraband of war, are not liable to capture under an enemy's flag.

Fourth—Blockades, to be binding, must be effective—that is to say—maintained by a force really sufficient to prevent access to the enemy's coast.

The memorial urges that international law should be amended to not only include all the above, but to except all private property from capture except contraband of war. It is pointed out that the present threatening aspect of European politics would make this move by the United States particularly acceptable to the remainder of the world at this time, and besides saving untold loss and suffering by innocent non-combatants in case of a general war would stand forever as another of the many strong claims that this country holds upon the gratitude of the civilized world.

MAY STAY IN CUBA.

Spanish Government Will Permit Soldiers Who Have Served Three Years to Remain.

Havana, Nov. 3.—The Spanish government has decided on the terms under which the soldiers desirous of staying in Cuba will be allowed to remain. If they have served three years in full they will be given their discharge and paid a small part of their salary, distributed pro rata, receiving notes for the balance. Those soldiers who have served less than three years will be taken to Spain.

This rule concerning discharge applies to the orden publicos also, and it is believed that the majority of them will take the opportunity to secure free transportation to Spain.
