## DENISON.

We have just purchased 800 pairs of Shoes of the American Hand Sewed Shoe Co., of Omaha, who are going out of business. These shoes we bought at a great sacrifice, and will give our customers the benefit by announcing some

### UNHEARD-OF PRICES.

We have also bought a sample line of Fine Cloaks and Capes, for Ladies, Misses and Children, at 66 $\frac{2}{3}$  cents on the dollar, which we will put on sale at greatly reduced prices.

We will also make a special sale for the next two weeks in all departments. Read our prices carefully.

## PUBLIC SALE.

We are compelled to retire from the Clothing Business for the lack of space. Our Dry Goods, Shoe, Cloak and Grocery trade has increased so rapidly that we find ourselves cramped for room and unable to give this department the necessary attention, consequently

### Our Immense Stock of Clothing Must Go.

We make a sacrifice on this line, but our customers get the benefit. This stock must be closed, and dealers as well as customers are invited to participate in this destructive reduction of profits. Any merchant can get the stock at a ruinous discount to close it out in a lump. The stock is all perfectly new, coming direct from the manufacturers within the past sixty days. As already stated, this stock must be closed as soon as possible, and you will not get another such opportunity to fit yourself with clothing at such low prices.

In order to make this sale of still greater interest to you, we will include at the sacrifice prices all our stock of Furnishing Goods, consisting of Gloves, Mittens, Work Shirts, Underwear, Caps, Suspenders, Collars and Cuffs, and Neckwear.
