Rejected.**

**President of Spanish Commission  
Refuses to Continue the  
Negotiations.**

**Secretary Alger Expresses Belief  
That This Is Not Formal Action  
of the Commission.**

**Our Demands Presented and November  
28 Fixed as Date of Final  
Answer.**

**Money Indemnity Offered Spain for  
the Philippines Amounts  
to \$20,000,000.**

Paris, Nov. 21.—The president of the Spanish peace commission, Senor Montero Rios, has refused to continue the negotiations.

**Practically an Ultimatum.**

Paris, Nov. 21.—The Spanish and American peace commissions met in joint session at two o'clock in the afternoon. The Americans declared the United States must have the entire Philippine archipelago, and for a treaty cession of the islands the Americans tendered to Spain \$20,000,000.

It is further declared that it is the purpose of the United States to maintain the Philippine islands as an "open door" to the world's commerce.

On the terms named the United States proposes a mutual relinquishment of all claims for indemnity, national or personal, subsequent to the outbreak of the last Cuban insurrection.

November 28 is fixed as the date on which the United States commission desires a definite response to Monday's propositions and all other subjects in issue here.

It is also declared that the United States desires to treat the religious freedom of the Caroline islands as agreed upon between the United States and Spain in 1886, and also of the acquisition of one of the Caroline islands for an American naval station, and of cable-landing rights at other places in Spanish jurisdiction, and the revival of certain Spanish-American treaties as heretofore in force.

The Americans also refuse to arbitrate article 3 of the peace protocol, bearing upon the future disposition and control of the Philippine islands.

The meeting was then adjourned until Wednesday.

**American Memorandum Was Long.**

Paris, Nov. 21.—The memorandum of the American commission embodying the above propositions is long and was not read in full.

**America's Position.**

Washington, Nov. 21.—The state department has not yet been advised of the reported refusal of the Spanish peace commissioners to continue the negotiations in Paris. Secretary Alger expressed disbelief of the accuracy of the report, or, rather, he feels that it was based upon the personal expression of opinion of President Rios, of the Spanish commission, and that he did not necessarily represent the formal opinion of the full commission. Still the breach, if breach there has been, would not be a matter of surprise to the state department, which has shaped instructions to the American commissioners so as to bring the negotiations in Paris to a sharp issue, one way or the other Monday.

**Will Pack Up and Leave.**

If President Rios did express the determination of the Spaniards, under their instructions the American commissioners will promptly pack up and leave Paris for the United States at

once. It is said at the state department that nearly all of their work in such case will go for nothing. The proceedings before the commission were so conducted that no one point agreed upon was to be regarded as binding unless a complete treaty should be made. In other words the agreement on each point as it was passed over was tentative, and final acceptance was conditioned upon a complete agreement on all points.

**Terms of Protocol Stand.**

This does not necessarily wipe out what has been accomplished under the terms of the protocol. Each article of the protocol must stand, for it was in no respect dependent on what would follow at Paris, saving the one clause touching the Philippines. For instance, Spain agreed positively to relinquish her sovereignty over Cuba and Porto Rico and evacuate those islands, and to cede to us one of the Ladrone islands for a naval station. Those agreements are beyond recall, and all that was left to be settled at Paris related to the Philippines. That is the ultimate position of the United States government, as announced at the state department.

**Peace or War?**

As to what shall follow now—peace or war—the officials are not clear, and earnest consideration will be given to this subject before any decision is announced. It is believed that the Spanish forces in Cuba will continue the evacuation of the island, which is now in progress. It is not thought probable that they will attack the United States forces. The latter will not attack so long as they continue to carry out the terms of the protocol. There is no problem connected with Porto Rico, which is now completely in our possession. Guam, one of the Ladrone, can be easily garrisoned at any time, the Spanish force there having surrendered. This leaves about the only questions to be determined those connected with the Philippines.

**An Aggressive Policy.**

It is not believed that Spain will make any effort to reconquer these islands. Meanwhile the United States military and naval commanders probably will be directed to extend their occupation at once to the whole group of islands, though it is not clear that this can be accomplished without much trouble and perhaps a hostile clash with the insurgents. For some reasons a speedy decision to undertake this work would be acceptable to the state department. There are foreign interests and lives and property at stake there for which the United States has assumed a moral if not a technical responsibility. Such for instance is the situation in the city of Iloilo, the second of importance in the Philippines, which is besieged by a large number of insurgents. The small Spanish garrison is inadequate to defend the foreign interests in the place, and although under our construction of the rules of war we are not permitted to act there so long as hostilities are suspended, yet there is some force in the Spanish plea that we have prevented them from defending themselves and the foreigners in their care from the insurgents.

**PRICE IS NOT DEAD.**

**Sergeant Reported Killed in Street  
Fight in Manila Is Still  
Alive.**

Manila, Philippine Islands, Nov. 21.—Passengers who arrived here by the steamer Adelante report that two Spanish gunboats recently visited Sorsogon and fired three shells into the town, claiming that the insurgents there refused to lower their flag when ordered to do so. On the insurgents showing fight, it is added, the gunboats left hurriedly. The shells did little damage. Sergt. Price, of the Minnesota regiment, who was stabbed by disorderly Filipinos on Friday night, and who was reported to have been killed, is still alive.

**At Point of Death.**

New York, Nov. 21.—Charles W. Coudock, the veteran actor, lies at the point of death at his home in this city. Mr. Coudock is suffering from a form of dropsy of the heart and has been dangerously ill since November 3, when he was attacked with what was considered a violent form of indigestion.

**Denison College Worst by Dow City Eleven.**

**DENISON FAILS TO SCORE.**

**Denison High School Meets Great Defeat  
at the Hands of the Harlan High  
School Boys.**

The Denison college team tried conclusions with the Dow City boys on the gridiron last Saturday. While Dow City clearly outclassed the college boys, the latter were gamey and full of grit and contested every inch of the ground. The game was played at Dow City, and was witnessed by about one hundred people and three hundred boys. Dr. Folsom was referee, Booth umpire, and Hammond and Gable linesmen.

Denison had the ball and started off with a good kick. Rudd caught the sphere and it was soon in Denison territory, but in Dow City hands. They bucked the Denison line for gains of three, seven and fifteen yards. The last scrimmage was quite a serious affair, and drew blood from at least two of the players. It was still Dow City's ball and they hit the line for successive small gains, getting down to the College's twenty-five yard line. Denison's center began to show more resistance, so two right-end plays were tried, then they tried the left end, but ran against a proposition in the shape of Sandstrom. Sandstrom played a great game throughout, and downed his man every time. Denison now got the ball on downs. The College boys tried Dow City for a succession of short gains and then punted. The ball was returned to Denison's five yard line and carried to a touchdown by Bell. Goal was kicked and the score stood. Dow City 6. College 0.

The ball was put in play by Denison, but was soon in her territory. Baker gained through the right end and would have made more but for a clever tackle by Whaley. Baker made five yards more, a push through center netted another three yards, and then there was a left end play, and this was where John Howarth scored a touch-down. John was interested in the game, very interested in fact, and he could not keep outside the lines. When the left end play began one of the boys rushed to tackle but John was in the way. He did not stay in the way long. Something struck him in the forehead and he scored a touch-down. It was a full length touch-down at that. John picked himself up and kept out of bounds thereafter. He did not take it so much to heart as did the Denison boys, for the bright Dow City players took advantage of the situation, made a rapid pass to the right and scored before the College players knew where they were. Dow City failed to kick goal, and after a little desultory playing the half closed with the ball on Denison's thirty yard line. Score, 11 to 0.

**The Second Half.**

The College played better ball in the last half, and made a very stubborn resistance. There were few brilliant plays in this half, it was just a stubborn, determined struggle. After nearly twenty minutes play Dow City succeeded in carrying the ball over the line and a goal was kicked. The game ended with the ball in Dow City's territory.

It is hard to individualize the plays. Butterworth, Rudd and Baker were the stars of the Dow City team, although Woodruff was a tower of strength. Our boys all did the best they could and we are not going to particularize, as they live near at home and are pretty husky fellows. The final score was Dow City 17. Denison 0.

The following was the line up:

**THE HIGH SCHOOL GAME.**

Denison won toss up and choose east goal. Harlan kicked off and gained ball through a fumble at Denison's twenty-five yard line. Harlan by a series of end plays made touch down in four and one-half minutes. Goal was kicked. Score 6 to 0.

Denison kicked and Harlan carried ball back ten yards when they lost ball on fumble, Servoss falling on ball. Denison commenced to play rapid football and was gaining ground by a series of good plays. Finally Harlan held them and Denison lost ball on downs, having failed to make the necessary five yards in four downs. This was the only time Denison lost ball on downs. Harlan lost the ball on downs but immediately gained it again on a fumble. Harlan by a series of end plays advanced the ball to Denison's twenty-five yard line, when the oval was given by a double pass, to Peiffer, Harlan's quarter back, who made a run of thirty yards, secured the second touch down for Harlan. Goal was kicked. Score 12 to 0.

Denison kicked off and ball was returned nearly to Harlan's twenty-five yard line when time was called.

**SECOND HALF.**

Harlan got ball from Denison's kick off and returned it twenty yards by passing ball to Peiffer. Harlan lost ball on downs and Denison on fumble. This was repeated three times in quick succession. Harlan losing ball on downs and Denison on fumbles. Harlan finally gained another touch down and goal was kicked making the score 18 to 0.

Harlan returned ball fifteen yards from Denison's kick off, and after a repetition of fumbles by both sides secured a touch down. Ball was punted out to position for kicking goal which was successfully accomplished.

Ball was put in play again and was in Harlan's territory when time was called. Harlan with one or two exceptions was unable to pierce the Denison line nor to stop their line smashes. On the other hand Harlan put up much better interference than Denison as is evidenced by the score, which was nearly all gained by end runs.

The tackling by Denison's new men was fine. Hunt and Cassaday both did especially fine tackling.

The line up of the teams was as follows:

DENISON.	LINE UP.	HARLAN.
Randall.	Center.	C. Herlet
Runniger.	Right G.	Lenke
Walker.	Left G.	L. Herlet
Roman.	Right Tackle.	W. Metcalf
Whilshouser.	Left Tackle.	Gus Wick
Cassaday.	Right End.	Herb. Beebe
Morris.	Left End.	Harry Beebe
Hunt.	Quarter B.	Peiffer
Servoss.	Right H.	Boo h (capt.)
Young.	Left H.	W. Myers
Davis.	Full B.	Bercham
Barber.		Wilton
Shaw Van	Sub.	Baught
		Wyland

The game was a remarkably clean one, and the only thing that is to be regretted is the fact that our townsmen do not support our boys by turning out and give them financial aid.

A return game will be played at Harlan Thanksgiving.

Plans are being made by several ladies to attend the game, which is highly commendable to say the least.

**THE SLEET AND SNOW DOES DAMAGE.**

**Telephone and Telegraph Wires in  
Kansas City and Surrounding  
Towns Are Grounded Under Their  
Ice Coating—Mercury Falls from  
Twenty to Sixty Degrees.**

Kansas City, Mo., Nov. 21.—Sleet and snow have done more or less damage to telephone and telegraph wires in Kansas City and surrounding towns within the past 12 hours, rendering communication uncertain. Dozens of poles and wires have snapped under the heavy weight of the sleet, and street railway traffic is hampered to a considerable degree. Trains are late in some instances, but not seriously so. The storm seems to be general over Missouri, Kansas and Nebraska.

At Beatrice, Neb., the wind is blowing 30 miles an hour and the snow is blinding. The thermometer is eight above zero, a fall of 60 degrees in the last 24 hours. At Abilene, Kan., three inches of snow has fallen and the thermometer has fallen 50 degrees; at Lincoln Center, Kan., it is bitterly cold and five inches of snow has fallen and is drifting badly. At Leavenworth, Kan., the electric cars are tied up because of the danger from stray live wires.

**Remarkable Change.**

St. Joseph, Mo., Nov. 21.—A remarkable change in weather has taken place here during the last 24 hours. Sunday it was too hot for overcoats and wraps, and wind blew a gale. At night sleet began to fall, which turned into snow Monday morning and there was a fall in temperature of 40 degrees. The weight of the sleet has broken down many telephone wires and railroad trains are running irregularly.

**Kansas Has Genuine Blizzard.**

Topeka, Kan., Nov. 21.—Kansas is experiencing a genuine western blizzard. Sleet began falling shortly before midnight Sunday night, which later turned to snow. A high wind is blowing, drifting the snow badly. Trains on all the railroads are being delayed.

The thermometer has fallen over 30 degrees since Sunday evening.

Wichita, Kan., Nov. 21.—A hard blizzard prevails in this section. Snow and frozen sleet cover the ground and the temperature is far below freezing. Cattle are suffering severely, and in some localities the coal supply is insufficient.

Salina, Kan., Nov. 21.—A fierce blizzard has been raging in this vicinity since midnight and the ground is covered with snow. Much suffering to unsheltered cattle is reported.

**Blizzard in Minnesota.**

St. Paul, Minn., Nov. 21.—The first snow of the season began falling early Monday morning, the storm developing into a genuine blizzard. There is a high wind blowing and the snow is drifting. Reports from throughout the state show that the storm is general.

Duluth, Minn., Nov. 21.—A howling blizzard with a 45-mile wind is raging here to-day and the weather is rapidly growing colder. All vessels are remaining in port and a 60-mile gale prevails over Lake Superior.

**Actress Awarded Damages.**

London, Nov. 21.—Mrs. Paulet, an American actress whose stage name is Jenny McNulty, and who on November 16 last brought suit in the Queen's Bench division of the high court of justice against some money lenders, has been awarded £1,000. The plaintiff at the time of the hearing asserted that while she was in America the defendants seized her effects for debts of her husband, who at the time had deserted.

**Operatives on Strike.**

Augusta, Ga., Nov. 21.—Three thousand operatives in the cotton mills here struck Monday on account of a reduction in wages.
