

# Our Clothing Department

## MUST BE CLOSED OUT

# By Jan. 1st.

Don't wait till the best assortment is gone and get mad because your neighbor is wearing the same overcoat or suit that you have, and paid but half as you did for the same goods in a clothing store.

We must have more room for our Grocery Department, and we have decided to close out our Clothing Department. Price cuts no figure. If you can find what you want in our stock, you can buy it at practically your own figures. This means that you can get clothing cheaper than it was ever sold before in Crawford county. We do not quote prices for the reason that we do not intend to keep the stocked sorted up, and should we advertise a price on a certain suit and when you came for it, it was already sold, you might think that were deceiving you.

Our Advertisements are Always Truthful.

This Great Closing  
Out Sale will last  
Until January First.

Come early, while  
the assortment is  
good, and buy your  
clothes for just half  
what you have ever  
paid before.

And the merchants all be smiling  
As they figure up their biz

And a great big railroad shop  
And not a man will ever want to die,  
Till he sees the things a humming  
And his goods just on the bum  
And every day be Saturday bime-by.

Then let us keep things moving,  
Every man must do his share;  
And by square and honest dealing let us try  
Till we get the people coming  
Till we get to Denison he far  
And every day be Saturday, bime-by.

### AN IOWA SOUVENIR.

No nobler tribute was ever paid to Iowa and the Trans-Mississippi region, and the people thereof, than that embodied in the address delivered at Omaha on Iowa Day by Congressman Robt G. Cousins. This magnificent tribute has been issued as a handsome booklet, printed in two colors on heavy deckle edge paper, and bound in Art cover in two colors. It is the very thing for a Christmas remembrance. Every one should have a copy in his library or on his parlor table. It is an inspiration to patriotism, and a model of English composition. Send it to your friends outside the state. It will give them a true and beautiful picture of Iowa—its "folks and its farms."

If your local bookseller cannot supply you, send 25c to the Republican Printing Co., Cedar Rapids, Ia., and it will be sent to your address postage paid.

What is the matter with the Bulletin's clay pigeon? There is nothing in his paper about the REVIEW editor, except that he is called a liar in two places. Not a word in defense of Colonel Economy. Truly the Bulletin is going back on its friends. The clay pigeon intimates that the REVIEW is untruthful in asserting that there are reputable gentlemen among its stockholders and that some of them are dissatisfied with their bargain. The REVIEW reiterates its statement, but it does not propose to name the parties who have thus expressed themselves so that they may be singled out for persecution. Suffice it that since the REVIEW's article was published one of the Bulletin's stockholders came to us and said that it was true as far as he was concerned and that he had nothing to do with the Bulletin and did not care to. We are glad to note that the Bulletin stock has risen to \$1.25 per \$100.00.

The statement of the First National Bank appears in this issue. The bank is in splendid condition with deposits of over \$325,000.00. These immense deposits in a single Denison bank ought to be proof sufficient that there is plenty of money in circulation, and that Crawford county at least is not going to the demerit on bow-rows.
