School commenced in the Binal district with an attendance of only thirteen. There should at least be forty.

A number of Grovites were invited to a banquet at the residence of Mr. Wiggins in Dow City a short time ago.

Quite a number of people from the Grove have been to Denison lately investigating the cheap prices quoted in the "Great and Only." One man bought a good ulster for \$1.25, another a pair of articles for 75 cents. The above was purchased of the firms which have their ad in the REVIEW. Others who do not advertise should take warning and get in out of the rut.

**Christmas Table Decoration.**

A very pretty decoration for the table at the Christmas dinner is a tiny Christmas tree. Candiid fruits and gilded and silvered walnuts make it bright and seasonable, while a little frosting with the powder that comes for the purpose makes it a beautiful object under the glitter of the lights. The tree will be trimmed and prepared for you by any florist and should be planted in a fancy low vase or dish. The picturesque dwarf evergreens that come from Japan are most effective when used in this way, and yet they are such costly treasures that few who own them are willing to make table decorations of them. —Philadelphia Ledger.

Friday the mail sack came to grief and after the train had gone we found West Side Journals scattered all over the yard. Too bad, Mr. Herre had spent a great deal of time getting up a nice extra edition; but that is the way it happens sometimes. "The best laid schemes of mice and men gang aft a-glee."

Sunday was a red letter day for church going people. It was the appointed day for the first Quarterly meeting at the M. E. church. Presiding Elder Lothian, who was not able to be present, had provided an able substitute in the person of Dr. Lewis, of Morningside University, Sioux City. The Doctor preached two very able sermons in the morning and evening, and addressed the Sunday school to the delight of the little folks. Frank White took a trip to Chicago last week, in care of Wm. Maloy's four car loads of cattle. Mr. Maloy's cattle sold at top prices, as they were fine ones.

Edward Downey marketed sixty-three head of hogs last Friday, averaging four hundred. If all farmers of this vicinity could raise cholera-proof hogs as Mr. Downey does, mortgages would go straight up.

Boyd Sherwood's team had a narrow escape from being run over while tied in the street at Wall Lake, last Friday. It appears that a team belonging to some farmer became unmanageable and came down Main street at break-neck speed, they ran square into Mr. Sherwood's team, and had it not been for the aid of willing hands the accident might have been more severe.

**She Gave It Away.**

Until Christmas is over.

## HERE'S TO YOU, MY BROTHER.

MY FRIEND, and I love him—  
God bless the skies above him,  
Wherever 'neath their azure he may be—  
We were made the time I speak of  
And now we hear the creak of  
The frost that chills the branches of life's tree.

We wandered in the mountains,  
And we played beneath the fountains  
That tumbled down the overhanging steep,  
And we swam amid the driftings  
Of the autumn's somber siftings,  
From the trees of woodland pastures, neck deep.

Then the winter came, and flurry  
Of the snow in flights and swirls  
Laid the ermine covers deep upon the earth;  
And the woods and hills were ringing  
With our happy shouts and singing,  
The echoes of the season's joy and mirth.

But those years succeeding morrows  
Brought care, and age, and sorrows,  
And the struggles life allots to earnest men;  
They are mountains that divide us  
And the fountains of our pride us  
When we seek to bring dear boyhood back again.

But the years have come unceasing,  
Bringing joy, and care, increasing,  
And there's compensation, sweet, within it all,  
For love from loved ones found us  
And that fond delight surrounds us,  
As a vine-clad, safe and flower-covered wall.

So here's to you, my brother;  
Though far from one another,  
Let us drain the cup of good will from the brim  
And thank dear God above us  
That around are those who love us  
While we sing, again, a cheering Christmas hymn.  
WILLIAM LIGHTFOOT VISSCHER.

## COLLEGE NOTES.

Several new students entered Monday. The attendance is now twenty greater than at the same time last year.

Prof. Van Ness' Arithmetic class now numbers fifty-five. This is one of the largest classes there has ever been in the school.

It is feared that an addition will have to be built to the Society Halls, to accommodate the large number who desire to attend the regular Friday evening meetings.

There are now five classes in algebra. Since the study has become one of the branches required of teachers for a first grade certificate there is a marked difference in the interest taken in the subject.

Shorthand work continues to surpass our expectations. The best of work is being done by those in the department, and the six new typewriters and the second-hand Remington are all in use constantly.

One of the proudest days for the Athenium society was when the last payment on the piano was made and the canceled mortgage was returned. The society is now practically out of debt and ready to decorate and otherwise beautify the hall.

The D. N. S. Star is just about the best school paper gotten out by any of the schools of Iowa. It is ably edited and beautifully printed. The support is far from what it should be. Let every student subscribe and see if it can not be made even better.

The names of the seniors and juniors as passed upon by the faculty was read in Chapel last week. Both classes are composed of good material and are larger than usual, there being in the normal department seven seniors and ten juniors. The first orations are to be given in about four weeks.
