PUT NATIVES TO ROUT.

Gunboats Scatter Their Deadly Hail Among Rebels.

GENERAL DEL PILAR WEAKENS.

Insurgent Leader Thinks Filipino Government Has Left Him and Asks Terms of Surrender—Aguinaldo Said to Have Hastily Fled to the Province of Nueva Ecija—Belief Peace Is in Sight.

MANILA, May 16.—The "tinclad" gunboats, Laguna de Bay and Cavadonga, and a launch under Captain Grant, ran into a nest of insurgents concealed in the brush and on both sides of the Rio Grande river, three miles above Calumpit, yesterday afternoon and were received with heavy volleys at short range. A sergeant belonging to the Utah battery was killed and one private wounded.

Opening with their rapid fire guns, the Americans killed 20 of the natives and wounded several others, filling the jungle with a hail of shot for a half hour until the enemy fled.

The insurgent general, Gregorio del Pilar, believes that he has been deserted by the Filipino government and desires to surrender if he can secure what he regards as honorable terms from the Americans.

It is now said that Aguinaldo has fled into the province of Nueva Ecija. On April 29 he retreated by carriage from Baling through San Isidro, and nothing has been heard from him in the two weeks since.

The 5,000 Spanish prisoners who are reported to be held by the insurgents have carried into a northern province and scattered among small garrisons. They are beyond American succor this season unless a Filipino surrender takes place within three weeks.

The insurgent hospital near San Isidro is reported to be overwhelmed with wounded. General Pilar's main subsistence depot is five miles in front of Lawton.

Five American prisoners were carried through this town last week. Their names are unknown.

Natives are returning through the American lines to their own homes.

McKinley to Greet Western Volunteers.

HOT SPRINGS, Va., May 16.—It is the intention of President McKinley to be in the western states at the time of the return of the volunteers who have done heroic service in the Philippines. It is expected that the necessity for the retention of volunteers in the island of Luzon will not exist much longer, and when the volunteers reach their native states for muster out Mr. McKinley hopes to be there to greet and honor them. If the trip to the west already planned should not occur when the volunteers are returning another journey will be made to carry out this purpose.

Riot Act Read to Ludgate.

VANCOUVER, May 16.—The riot act was read yesterday in connection with the dispute over the possession of Dead Man's island. Matters reached an acute stage when Ludgate once more started work on the island with 50 men. Five provincial and city police were present. Ludgate let it be known that he would forcibly resist arrest, therefore the riot act was read. Ludgate had to be knocked down and handcuffed before he gave in. He is now in jail.

Natives Oppose British.

HONG KONG, May 16.—The native opposition to the occupation by British forces of the new territory, Kow Loon, opposite Hong Kong, has suddenly been renewed. About 900 men of the Hong Kong regiment, with machine guns, are leaving here and the volunteers have been warned to be in readiness for any emergency. The British second class gunboat Swift and three other gunboats are proceeding to sea under sealed orders.

Final Victory for Miners.

DES MOINES, May 16.—The final victory of the striking miners was secured yesterday when it was announced by the Christy mine that in the future the men employed there would receive 80 cents per ton and the eight-hour day. The Christy mine was the only one still holding out against the demands of the miners or in which some compromise had not been effected.

Belief Peace Is in Sight.

NEW YORK, May 16.—A special to the Herald from Washington says a satisfactory conclusion is expected by administration officials from the conference which will be held by the American Philippine commission with the commission which Aguinaldo proposes to send to Manila.

File Protest with British Consul.

LONDON, May 16.—The following dispatch has been received by Lloyds from Manila: "Owing to the orders of the revolutionists, all English employes have been forced to leave the rice mills and to come here. Native employes will be left at the mills. A protest has been filed with the British consul."

ST. LOUIS, May 16.—Clarence Forbes and Maurice Rausch, two bantams from Chicago, fought a whirlwind 20 round draw before the West End club here last night. The boys were evenly matched. Throughout the entire 20 rounds there was no letup on the fast work.

GOMEZ REFUSES TO ACT

Declines to Serve Longer In Payment of Army Money.

NOTIFIES BROOKE OF THE FACT.

CLIMAX to the Complications Surrounding the Distribution of the \$3,000,000 Donated by the United States to the Cuban Soldiers — "Generals" Want Lion's Share of the Money.

HAVANA, May 16.—General Maximo Gomez yesterday informed Governor General Brooke that he could no longer act as the representative of the Cuban army in the distribution of the \$3,000,000 appropriated for the payment of the Cuban troops. Gomez informed General Brooke that he must withdraw from the plan to the extent that he will not name other commissioners to replace those originally named by him who have refused to serve. Governor General Brooke is to go ahead with a new plan, Gomez remaining in an attitude of friendly inactivity.

General Brooke may make a declaration concerning the manner in which he will proceed. He is determined not to be trifled with. He has the rolls of the privates and noncommissioned officers who are willing to accept \$75 each, and this amount will be offered on the conditions previously laid down. A forcible disarmament of the Cuban troops will be the ultimate procedure, provided the events of the next two or three weeks show that such action is necessary.

General Brooke will issue an order for Cuban privates and noncommissioned officers to meet at specified places on specified dates to receive payment. They are to be accompanied by their company officers for the purpose of identification. Both General Gomez and the governor general feel that the privates ought not to lose their share in the American gratuity merely because the schemes of certain high officers in the Cuban army have interposed obstacles. The belief among the Americans is that the company officers will assist in this way. General Brooke's orders will be disseminated through the newspapers, placarded in the postoffices and given the widest circulation practicable. General Gomez has written a history of his relations to the army payment question. It includes the correspondence that has passed between himself and the governor general, and it is intended to make his position clear to the public and to contrast his conduct favorably with that of the other Cuban leaders.

WASHINGTON, May 16.—High officials in the war department were reluctant to discuss the Cuban situation. The dispatch of the Associated Press was read with interest, but did not cause much surprise among army officers, who are well informed about the Cubans, especially those who are known as "soldiers of fortune," and who have been bitterly disappointed because the island was not turned over to them immediately after the Spanish surrender. There is an impression that the intention of General Brooke to see that the \$3,000,000 are distributed among all the Cuban troops has caused disappointment among the many "generals" and other high officers, who were evidently expecting to secure a large share of the money. The belief was expressed that the situation in Cuba is serious and that careful and diplomatic management will be needed. It was stated that no orders would be issued to General Brooke, as he had ample authority to deal with any situation which might arise. There seems to be a belief that General Gomez has contributed to the delay in the payment of the money.

Mayor Van Wyck to Testify.

NEW YORK, May 16.—Mayor Robert A. Van Wyck has been served with a subpoena to appear before the Mazet commission and is expected to be on hand today. The importance of today's session is attested by the number of important Tammany officials who have been summoned to appear, of whom the mayor and comptroller are the most noteworthy. The mayor will be questioned concerning all his important doings as head of the city government and his reasons for the removal of certain important city officials, such as the police commissioners who stood in the way of Chief Devery's promotion. His relations with Mr. Croker will be carefully looked into.

Working For International Arbitration.

THE HAGUE, May 16.—It is understood that the Americans and British are meeting with some success in their efforts to get the question of international arbitration, which is now the eighth article of the program, advanced to the first place. Acting upon an order from the papal secretary of state, Cardinal Rampolla, the papal inter-nuncio left The Hague yesterday as a protest against the omission of the government of the Netherlands, acting on behalf of Russia, to invite the vatican to send a representative.

BATTLE AT PRINCETON.

College Men Clash With Cowboys and Indians.

TRY TO STOP WILD WEST PARADE.

As a Result of the Fight One Man May Die and Several Students and Circus Employes Are Badly Bruised and Hurt. More Serious Rioting Prevented by the Action of President Patton.

PRINCETON, May 15.—Princeton students and Pawnee Bill's Wild West employes indulged in a pitched battle yesterday and continuous and serious rioting was prevented only by the presence of men with cool heads and the action of President Patton of Princeton university, later in the day in calling a mass meeting of all of the students. For 50 years it has been an unwritten law of Princeton that no circus parade must pass through the streets.

Yesterday Pawnee Bill's Wild West combination violated traditions and paraded. The result was the fiercest battle Princeton has seen in many years. As a result of the day's fight one man is unconscious and may die, and a number of students and employes of the show are nursing wounds received in the fray. That the show would be upset at night seemed a certainty until President Patton called a mass meeting of the undergraduates and the faculty and the result of the meeting indicates that the show will leave town un-molested, but it will have lost money, for word has been passed through the town that no one is to enter the tent.

Things were proceeding in the usual course in the university when the parade started. The procession reached the college campus without trouble, but passed down Nassau street at a bad moment, for just as the band's music was heard the students were in the act of passing from the first morning lectures to the second.

The townspeople were out in force and waiting for the parade, and the great majority of them were massed near the campus. Word passed all along the line, and within a few minutes 600 or 700 students had assembled on Nassau street. Cannon crackers left over from previous celebrations, eggs purchased at near-by stores and vegetables bought or confiscated from the stores, were assembled quickly. The men unable to obtain these missiles armed themselves with clods of turf hastily torn from the lawns. The trouble started with the band wagon. Cannon crackers were thrown, and these, exploding under the six horses, made them frantic. One of the leaders stumbled and fell, dragging down the other horses with him. The students, meanwhile, kept up a merciless bombardment with eggs and vegetables.

On the return the parade wheeled into John lane and the students made a grand rush to head off the procession. Again the employes of the circus were rotten egged. The cowboys and Indians finally charged the students and used their whips freely. That was the turning point of the affair. Stung by the whips and bruised by the riders running into them, the students became ugly and in a moment the missiles that were annoying but not dangerous were replaced by stones and the fight became serious. Revolvers were drawn, but fortunately the owners were wise enough to fire over the heads of the enemy. Some of the Mexican or South American cowboys unslinging their bolas and used these with great effect, the leaden covered ends being exceedingly effective. The cowboys charged the crowd several times and rode down those who could not get out of the way. In this manner Edward Dillon, a colored man, was knocked down and kicked in the head by a pony and his skull fractured. A student was injured by a pony trampling upon him. Another was wounded by a bola and another was struck by an Indian with one of the snake whips. Many students were less severely hurt. The cowboys and Indians were also badly bruised and hurt.

Move Headquarters to Des Moines.

DETROIT, May 16.—The headquarters of the Order of Railway Conductors will hereafter be located at Des Moines instead of at Cedar Rapids, Ia., which has been the headquarters for a number of years. This was decided by the delegates to the 27th biennial session of the grand division of the order, which has been in session here for a week. Cedar Rapids made a strong endeavor to retain the headquarters and Cleveland and Toledo were also in the race. The election of officers will be held today.
