SCOUTS HAVE A FIGHT.

Americans Come Upon Enemy at Santa Rita.

FUNSTON COMES TO THE RESCUE.

Lieutenant and Five Soldiers Are Wounded—Filipino Envoys Leave Manila Under Flag of Truce—Carry Home Peace Terms and Are Expected to Return in a Few Days.

MANILA, May 26.—A scouting party of American troops encountered a body of insurgents at Santa Rita and the Americans being reinforced by Brigadier General Funston with the South Dakota regiment, a warm fight ensued. A lieutenant and five men of the American forces were wounded and ten of the insurgents were killed and several captured.

General Hughes, who has been appointed to relieve Colonel Smith as governor of the Visayan district, will be succeeded as protest marshal by Brigadier General Williston, who recently arrived here in command of the troops of the Sixth artillery.

MANILA, May 26.—The Filipino commissioners left here by special train yesterday. They were escorted to their lines under a flag of truce. It is expected they will return soon.

President Gonzaga of the Philippine commission, previous to his departure, said: "We greatly appreciate the courtesy shown us. We have spent some time with your commissioners, incidentally considering the American constitution. Its principles impress us profoundly. The plan of government offered the Philippines seems in theory a good colonial system. But why should a nation with your constitution seek to make a colony of a distant people who have been so long fighting against Spain to secure the same rights your constitution gives? You fought the same battle in America when you fought against England."

In the fighting at San Fernando yesterday 50 Filipinos were killed and many wounded. The Americans had two men killed and 12 wounded.

Discuss Laws of Warfare.

THE HAGUE, May 26.—Both sections of the committee on the laws of warfare of the peace conference met separately yesterday and began the examination of the subjects submitted to them; the Red Cross section discussing paragraphs 5 and 6 of the circular of Count Muravieff, Russian minister of foreign affairs, and the Brussels conference section discussing paragraph 7. Both sections met subsequently and discussed the question of competence as regarding the scheme for the revision of the Geneva convention, known as the Morgauer scheme. No decision was reached.

Esterhazy the Real Criminal.

PARIS, May 26.—The Figaro publishes a long article arguing from the whole body of evidence offered before the court of cassation, that Esterhazy is guilty of the crime for which Dreyfus is being punished. Among the points made is the fact that while Colonel Panizzardi and Colonel Schwartzkopen, of the Italian and German legations in Paris at the time Dreyfus was condemned, never ceased to affirm his innocence, they kept silent concerning Esterhazy. The Aurore says that M. Mornard's conclusions demand a new trial of Dreyfus by a new court martial.

Wood Reports All Quiet at Santiago.

WASHINGTON, May 26.—The war department received the following message from General Wood, in command of the province of Santiago:

SANTIAGO, May 26.—To the Secretary of War: Just returned from inspection of principal interior towns on north coast, this department. People at work, no hunger, no application for personal assistance during the trip; people absolutely quiet; no Cuban troops under arms anywhere in province; no brigandage.

Big Blaze at St. John.

ST. JOHN, May 26.—Fire that broke out in a building that adjoined the general warehouse of P. Nause & Sons, Main street, north end, did enormous damage. A leading underwriter estimates the loss at \$500,000, and the insurance at \$300,000. For several hours the fire's progress was unchecked. Insufficient water supply, a long term of dry weather and a brisk gale contributed to cause a conflagration, which for a time threatened annihilation to the wooden district where it originated.

Cuban Chiefs Rebel.

HAVANA, May 26.—The fight between General Gomez and the old Cuban assembly leaders is waging hotly. General Gomez' manifesto issued to the soldiers yesterday, requesting them to give up their arms and return peacefully to their homes, will be met today by a strong manifesto from a majority of the Cuban chiefs, urging the soldiers not to accept any of the \$3,000,000 offered by the United States, but to disband and keep their arms.

General Guy V. Henry, who has just been succeeded as governor general of Porto Rico by General Davis, called on President McKinley Thursday to pay his respects. General Henry talks enthusiastically of the island.

The lightning was very severe and it struck in several places in the city, but no serious damage is reported. AVOIDS HERESY TRIAL.

McGiffert Case Referred Back to New York Presbytery.

TWO REPORTS ARE SUBMITTED.

Majority and Minority Recommendations Presented to the Presbyterian General Assembly and the Case Is Remanded to the Home Body For Settlement—Y. M. C. A. Convention at Grand Rapids.

MINNEAPOLIS, May 26.—In the hands of the presbytery of New York is the fate of Rev. Dr. Arthur C. McGiffert, professor of church history in Union Theological seminary, New York. The general assembly of the Presbyterian church steered clear, as it hopes, of the rocks of another heresy trial, when it voted yesterday afternoon after a fierce, earnest, tumultuous and sometimes personal debate to refer the whole matter to the presbytery of New York, "for such disposition as in its judgment the peace of church and the purity of the doctrine may require."

When the bills and overtures committee was announced a profound silence held over the assembly and the packed galleries. Dr. Wallace Radcliff, chairman of the committee, took the speakers' platform and read first, that part of the report on which all members of the committee agreed. It was a review of the case and the statement of four fundamental doctrines of the church which Dr. McGiffert's "History of Christianity in the Apostolic Age" is held to deny.

Next Dr. Radcliff read the majority's report and then it was known at last that there were to be two reports. This report, which was ultimately adopted, left the matter to the discretion of the New York presbytery. The minority report, read by Dr. Benjamin Lewis Hobson of Chicago, made it mandatory upon the New York presbytery to appoint a committee to confer with Dr. McGiffert and if he would neither modify his views nor peacefully withdraw from the church proceed against him in accordance with the provisions of the constitution of the churches, and that would have meant a heresy trial and before taking up the debate the whole assembly rose as one man and voted for the preamble, on which all agreed. From this scene of unanimity the aspect of the assembly was soon changed to one of tumult. The preamble was frequently spoken of as a magnificent new confession of faith, a doctrinal deliverance that the Presbyterian church is still theologically sound to the core. The preamble follows:

1. It is a fundamental doctrine of the word of God and the confession of faith that the Holy Spirit did so control the inspired writers in their composition of the holy scriptures as to make their statements absolutely truthful, i. e., free from error when interpreted in their natural and intended sense. All seeming discrepancies and contradictions in the bible are to be referred to the limitations upon human knowledge. To hold that the holy scriptures are in any respect historically inaccurate is to oppose the teaching of the confession, chap. I, sec. 4, which declares that "the authority of the holy scripture for which it ought to be believed and obeyed, dependeth wholly upon God, the author thereof, and therefore it is to be received because it is the word of God."

2. It is a fundamental doctrine of the word of God and the confession of faith that "the son of God, the second person in the trinity, being very and eternal God of one substance and equal to the father, did when the fullness of time was come take upon him man's nature, with all the essential properties and common infirmities thereof, yet without sin. So that the two whole perfect and distinct natures, the Godhead and the manhood, were inseparably joined together in one person without conversion, composition or confusion."

These doctrines of the confession forbid any teaching respecting the Lord Jesus which would attribute to him in any particular liability to error.

3. It is also a fundamental doctrine of the word of God and the confession of faith that "our Lord Jesus in the night wherein he was betrayed instituted the sacrament of his body and blood, called the Lord's supper, to be observed in his church unto the end of the world," and further that "the Lord Jesus hath in this ordinance, appointed his ministers to declare his word of institution to the people to pray and bless the element of bread and wine, etc." No teaching which declares that the Lord's supper was instituted in any other manner than by the direct personal act of the Lord Jesus is in harmony with the truth of the holy scripture, or loyal to the person of Jesus Christ.

Any teaching which in any way modifies or belittles the essential act and the exclusive necessity of faith in human salvation is mischievous, dishonoring to the word and sacrifice of Jesus Christ. This assembly enjoins upon all sessions and presbyteries loyalty, to defend and protect these fundamental doctrines of this confessional church.
