 Our streets are much improved by the use of the township grader. Every street in town needs a gutter to carry off the water during our heavy rains.

The crossings especially are in bad shape. Many yards were flooded with rubbish owing to insufficient drainage of streets.

Dow City was well represented at Denison in attendance at the veteran's reunion. Those present were G. W. Huntington and wife, J. R. Rudd and wife, M. G. Wiggins and daughter Winnie, Clair Butterworth and wife, R. A. Slocumb and wife, A. H. Rudd, and many passed through here from the country.  
 The graduating exercises of the Dow City high school were given at the M. E. church last Monday evening. Before eight o'clock every seat was filled, and by fifteen minutes past eight the house was packed to its utmost. Unfortunately the audience was obliged to wait until half past eight before the class made its appearance. The exercises were good throughout and the order and attention almost perfect. The orations were all well delivered. A prominent feature of the occasion were a few well chosen words by Mr. Geo. S. Black, president of the school board. Words more appropriate could not have been spoken by the president of the United States. The occasion will long be remembered.
