

COMING THIS WAY.

Great Rock Island Route Heading for Denison.

OUR THIRD RAILWAY.

Denison Will be Railroad Center—Best Shipping Facilities—A New Era For Denison.

It is now almost beyond doubt that before snow flies another winter Denison will, beside being located on the Main line of the Northwestern, at the head of the Boyer Valley division of the same road and on the direct line of the Illinois Central from Omaha to Chicago, will also be on the line of the Great Rock Island route from Des Moines to Sioux City.

The Rock Island officials have not been saying much but they have been sawing wood. Surveying parties have been at work for the past month and the new line has been partially surveyed. The best evidence of the coming of the Rock Island to Denison is to be found in the fact that the road has already purchased land in the city. This deal was completed during the week.

The new line runs from Guthrie Center to Manning thence northwest through Denison to Sioux City. It will join the main line at Menlo and thence go on through to Des Moines. If Denison can now induce the Milwaukee to build a line from Manilla Denison will have the best railroad facilities of any town in western Iowa. Manufactures and wholesale houses are sure to take advantage of such a railroad center and Denison can look forward to becoming one of the important inland cities of Iowa. Hurrah for Denison.

Mr. John Peters has joined in the general movement for improvements and has placed a new foundation under his house and has graded his yard nicely.

The McHenry Park show held left last night for the state fair in charge of W. E. Cole and Wm. Quade, to whose care is due their present splendid condition. From Des Moines, they expect to go to Minneapolis, Milwaukee, and a number of other points. They are a fine lot and should capture not a few ribbons.

On Monday, August 21, occurred the death of Mr. Broder Brodersen, who resided near Kenwood. The deceased was 69 years of age, and had lived in Crawford county a number of years. He was born in April, 1830, in Lendholm, Schleswig-Holstein, Germany, and came to America in 1886. The funeral took place on Wednesday, conducted by Rev. Clausen of the German Methodist church.

THE PRENTICE CASE.

The Prentice case was on trial before Justice Montgomery yesterday. The trial was held at the court house and many witnesses were called. The alleged victim, Mary Prentice, is a bright looking girl of nearly fourteen years. Her story, as told upon the stand was, that one Sunday after all others had gone her father made pretense to get her to go upstairs, that he followed her and then took undue liberties with her. He did not detain her however, and she went down stairs and later he attempted to get her into the room with him, but she broke away from him and went to her uncle's house. She alleges that Prentice called her some very bad names and that he was drunk at the time.

Just as we go to press we learn that the defendant was discharged.
