THE REVIEW is all Home Print; enjoys large circulation, and is unexcelled as an advertising medium.

DENISON, IOWA, OCTOBER 10, 1899.

Ashamed of Its Platform.

We do not blame the Bulletin for being ashamed of its party platform but we are surprised that it should publicly protest against its publication in a republican paper. For sometime past the REVIEW has been publishing a portion of the democratic platform without comment, simply allowing democracy to convict itself of absurdity out of its own mouth.

It is quite true that the words we published do not appear in the new platform. This was done purposely by democracy—purposely to satisfy the silverites and at the same time not to give offense to gold democrats. It was a cowardly subterfuge and the fact that a democratic paper objects to the publication shows that it was intended as a subterfuge.

The exact situation is this: the democratic platform for 1899 re-affirms the national platform of 1896.

It does not go into details, it sounds good to reaffirm a national platform, but it is not so good when the platform is quoted at them.

The REVIEW simply publishes that which the democrats of Iowa reaffirm. No wonder it makes them mad and they call it fraud. If a man called you a liar yesterday and you go to him to-day and he says, "I reaffirm my statement of yesterday." What would it mean but that he repeated the statement that you were a liar? Would you be committing a fraud if you said he called you a liar on both days? This is the situation in simple terms and we fail to see wherein the REVIEW has been guilty of a fraud.

Does the Bulletin deny that the platform of 1899 reaffirms the platform of 1896? Does it deny that the paragraphs quoted appear in the Chicago platform? If not, its charge of fraud, falls flat and unproven.

Why should this organ of democracy be so angry at the reappearance of this ghost of its own creation. Does it not believe these statements uttered officially by democracy and backed by its demi god Mr. Bryan? Did not the whole democracy make these very planks the basis of their campaign three years ago? Do not these planks constitute the last official declaration of democracy on the money question? And are they not officially and specifically endorsed by the Iowa democrats this year?

Are you ashamed of the utterances of your party, Mr. Bulletin? Are you anxious to conceal a part of your own creed from your followers? The following is the quotation to which the Bulletin objects, read it carefully and you will see why.

Recognizing that the money question is paramount to all others at this time, we invite attention to the fact that the Federal Constitution names silver and gold together as the money metals of the United States, and that the first coinage law passed by Congress under the monetary unit and admitted gold to free coinage at a ratio based upon the silver dollar unit.

We declare that the act of 1873, demonetizing silver without the knowledge or approval of the American people, has resulted in the appreciation of gold and a corresponding fall in the prices of commodities produced by the United States, and that the burden of taxation and of all debts, public and private; the enrichment of the money-lending class at home and abroad, the prostration of industry and the impoverishment of the people.

We are unalterably opposed to monometallism, which has locked fast the prosperity of an industrial people in the paralysis of hard times. Gold monometallism is a British policy, and its adoption has brought other nations into financial servitude to London. It is not only un-American, but anti-American, and it can be fastened upon the United States only by the stifling of that spirit and love of liberty which proclaimed our political independence in 1776, and won it in the war of the Revolution.

FREE SILVER. We demand the free and unlimited coinage of both silver and gold at the present legal ratio of 16 to 1, without waiting for the aid or consent of any other nation. We demand that the standard silver dollar shall be a full legal tender, equally with gold, for all debts, public or private, and we favor such legislation as will prevent, for the future, the demonetization of any kind of legal-tender money by private contract.

the paralysis of hard times." No wonder the Bulletin is mad and cries "fraud". We would be mad if we had to defend such fool propositions. A democratic paper always gets mad when confronted with its record. The Bulletin in common with all democratic papers, is trying to break loose from its declarations of 1896. They want the people to believe that democracy means something different. Let us ask the Bulletin a few questions, it will not dare to answer them, but then it never does answer a square question.

Did or did not the Iowa democratic convention of 1899 endorse and reaffirm the national democratic platform of 1896?

Did or did not the national democratic platform of 1896 contain the paragraphs as above printed?

Have or have we not hard times at present?

Have or have we not monometallism at present?

Would or would not a democratic victory resulting in democratic national supremacy be followed by free coinage of silver at the ratio of 16 to 1?

Why is the re-publication of a portion of your own national platform of 1896 as reaffirmed by your own state convention of 1899, distasteful to you?

The Bulletin will follow but it will not answer these questions. Coming down to county politics we would ask the Bulletin some questions which will also remain unanswered.

What portion of Mr. Blume's record do you point to with pride?

How many motions did Mr. Blume make in the legislature? What were they?

Was a petition of 300 names headed by J. B. Romans presented to Mr. Blume during the legislature? Did he comply with the petition?

What bill did Mr. Blume present to the legislature, aside from a legalizing act relative to ordinances passed by the town council of Arion?

In what respect is Mr. Kuehl better qualified to fill the office of treasurer than Mr. C. E. Price?

In what respect is Harry Huntington as well qualified for surveyor as Morris McHenry?

Has or has not M. N. Smith made a good coroner, and have his official acts been at all times consistent with humanity and a proper respect for the dead?

These are but a few of the questions we have to ask; we shall have some more next Friday. In the meantime we dare the Bulletin or any other representative of democracy in Crawford county to answer these?

OUR CANDIDATE FOR SHERIFF.

Mr. A. C. Beers of Manilla, the republican candidate for sheriff, is a man in every way qualified for the position. He has the enthusiastic support of his home town—democrats and republicans alike vowing to support him with all their might. A man who comes with that kind of an endorsement is a man worth considering. In our last issue we omitted Mr. Beers from mention in our article on the ticket because his enthusiastic Manilla friends wished to present his candidacy more at length and the manuscript did not reach us in time for publication. We assure our readers that the omission was not made because Mr. Beers was not one of the strong men on the strongest ticket ever presented to Crawford county; he is a strong man and anyone who thinks he is going to be behind the balance of his ticket will have a bad case of misplaced confidence in November.

Mr. Beers is one of Manilla's most popular business men, together with his partner, Mr. Crakes, he runs one of the best livery barns in the county. All over the southern part of the county he knows and is known by every one, and what is better he is liked by all.

Mr. Beers is a man of 41 years of age, strong, active and in the prime of life. He is a Canadian by birth, but moved with his parents to the United States in 1832. We can say of Mr. Beers that he is thoroughly American in the broadest and best sense of the term. For fourteen years he has been a resident of Crawford county thus having spent nearly all his manhood days in our midst. He came here as a poor man ready to dig a livelihood out of the hills of Crawford. For several years he rented a farm in Iowa township, by hard work and economy he was enabled to purchase a farm in Nishnabotny township, this he sold and moved to Manilla where he has since resided. His record is one of hard work, economy and perfect integrity. To be as honest as Ashley Beers, is as good as any man need hope to be. Should Mr. Beers be elected, as we sincerely hope he will be, he will be a fearless officer, a man who will know his duty and who will not shrink it, an officer through whom no man will lose a cent, a kind hearted man who would perform whatever painful duties he might be required to with the utmost kindness and consideration. This is the kind of a man we present as our candidate for sheriff. You need not take our word for it, ask any man in Nishnabotny or Iowa townships and he will say the same. Mr. Beers is going to be a vote winner this fall, he is the kind of man the people like, a man who can sympathize with others, a man who has been proven kind and true and faithful in every relation in life. In every essential qualification for the office of sheriff he is all that could be asked. A vote for Beers is a vote for a good conscientious, faithful man.

Church Notes.

PRESBYTERIAN.

The communion services on Sabbath morning were attended by a very large congregation and were of a very interesting and impressive character. There were several baptisms of adults and children in covenant relationship, and quite a valued accession to the membership of the church by profession of faith and certificate.

In the evening the pastor addressed a large congregation on the theme "A Queenly Woman."

BAPTIST.

The ordinance of baptism was administered on Sabbath evening.

The Pastor's themes on "The Tolerance of Jesus" and "The Forgiveness of Sins" were listened to by large attentive audiences on Sabbath.

The culture course class meets at 8:30 on Thursday evening to continue what promises to be a very helpful and successful course of instruction on the four gleams of the Messiah.

Delegates from the various departments of the church are being selected to attend the annual state convention meeting which assembles at Boone on the week beginning October 23.

The duet sung on Sabbath evening by Prof. Eastman and Miss Terry was a precious gospel truth sung to the heart. Indeed the congregation is being favored with very excellent music throughout.

METHODIST.

All the services of the day were well attended.

The Epworth League was favored with a beautiful duet by Messrs. Sibbert and Gibson.

The quarterly conference on Monday a. m. was very enthusiastic and all seemed very hopeful for the work of the new year.

The officers and teachers of the Sunday school were entertained by Prof. and Mrs. Van Ness on Monday evening to plan for Rally Sunday.

Quite a large delegation of ladies representing the W. F. M. S. of Denison will attend the branch meeting in Des Moines this week. All are anticipating a splendid and profitable time.

Last Sunday was the First Quarterly meeting on the Denison charge. In the morning the sacrament was administered by the pastor. This was followed by the regular morning sermon. In the evening the presiding elder was present and preached.

HIGH SCHOOL NOTES.

In punctuality Miss Leptien's room was the most perfect last week.

Mr. Roy Lee, a brother of the former principal, visited the H. S. Wednesday morning.

Myrtle Goff, Isabel Marshall and Jas. Mill were absent last week on account of sickness.

The A English Literature class is studying Lowell. The B class will begin to read Macbeth in a few days.

The teachers would like to have the coming School exhibition the most successful of all the preceding ones. If all would enter this work and do their best this could be done. Many now have work prepared.

Two orations are required of the members of the A class this year—the usual oration and the graduating oration. The first one must be handed in Dec. 11th. The B and C classes will have but one as is customary.

Mr. Eastman has changed his hour for the regular music lesson on Wednesday, going to Miss Gillmor's room the first period after noon, at which time he generally visited the High School. This was done for convenience.

The Harlan vs. Denison football game was played at Harlan Saturday. It proved a defeat for Harlan. The score was six to five in favor of Denison. This is a great encouragement for the Denison team, it being the first victory of the season and the boys will try much harder to win the game with Carroll, which will occur soon.

Miss Robinson left Friday afternoon for a two days visit at her home in Des Moines, Mr. Failor taking charge of her English composition and first Latin classes. As it could not be otherwise arranged the A and D classes were left without a teacher for the last half hour in the afternoon. It is reported that they were very good.

It will be amusing to many democrats to learn from the Bulletin that those who are in the Denison "ring" are angels and those not in the ring are revengeful soreheads. Let us reverse the situation and ask what the Bulletin and its ring would have done had not its ticket been nominated. The Bulletin announced its intention to bolt should the convention not nominate its men.

COLUMBIA as a Convention Town.

COLUMBIA, Mo., Oct. 10.—The Sunday School Association of Boone county has determined to extend an invitation to the State Association of Sunday Schools to hold its annual meeting in Columbia. During the next few months several important state meetings will be held in Columbia, including the Missouri Teachers' association, the Missouri School Directors' association, the Missouri Baptist Young Peoples' union and Missouri Federation of Woman's clubs. The latter association will meet here early in November.

OMAHA, Oct. 10.—Thomas Lord Kimball, one of the most prominent railroad men of the west, died Monday afternoon at his home, 1231 Park Wild avenue. The end came quite unexpectedly, and as the end of what was considered only a slight illness, lasting more than two weeks.

RULES. 1. No work shall be entered for premium which has previously been exhibited for that purpose.

2. Only the work of one pupil for one premium shall be fastened together.

3. Paper about 12 1/2 inches should be used, except for maps, drawings, etc.

4. Each article shall have upon it the age of the pupil at the time the work was done.

5. Neither the name of the pupil, teacher nor town shall be upon the article entered. Each teacher shall keep a list of pupils who present work, assigning to each a number beginning with 1. This list shall be given to the manager when the work is entered. Each teacher having work exhibited will be given a number. Articles exhibited will be marked with these two numbers together with the pupil's age—thus: "6-12, age 11 years." The first number is the teacher's, the second the pupil's, followed by the age of the pupil.

6. Except in the cases of seed, wood, plant and insect collection and charts of productions, which may be the work of an entire room, the article exhibited must be done entirely by an individual pupil.

7. The entries will be closed the day previous to opening the exhibit.

8. Unless asked to do so, no person shall make any explanation of work to the judges.

9. Only one premium for the same article shall be awarded to one pupil.

10. Teachers are invited to send in any good work, even though it is not mentioned on the list.

11. For additional information, or for teachers' numbers, address H. V. Failor, Denison, Iowa.

Steeplechase Rider Killed. CHICAGO, Oct. 10.—J. Boyd, a well known steeplechase rider, was killed at Hawthorne yesterday. The accident occurred in the third race, a steeplechase. Boyd had the mount on Globe II. The bunch got off well together and as the horses swung toward the fence Boyd swerved with the seeming intention of carrying Cheesemite out of the course. He succeeded, but Globe II crashed against the wing of the hurdle and turned a complete somersault, colliding with and knocking down Three Fords and crushing Boyd so badly that he died while being conveyed to the hospital.
