IOWA TROOPS ASSEMBLING

Gallant Hawkeye Soldiers March Up Market Street.

VETERANS GET A NOISY WELCOME

Relatives and Friends Greet Them—General Shafter and Governor Shaw Review the Troops—Men Make Fine Appearance on Parade—Artillery Acts as Escort.

SAN FRANCISCO, Oct. 24.—The Fifty-first Iowa volunteers marched to camp at the Presidio yesterday. The transport docked at 7 a. m. The wharf was crowded with the relatives and friends. There was a profusion of flowers and each soldier had a posy in the muzzle of his Krag-Jorgensen.

The parade moved shortly after 10. General Shafter sent a battalion of the Third United States artillery as an escort. A part of this battalion dismounted had the right of the line. Then followed Governor Shaw and Adjutant General Byers, mounted, and the gubernatorial party in carriages.

The interest, however, was centered in the brave fellows just in from the Philippines. They looked strong and fit as they swung up Market street with the tread of veterans. Colonel Loper and staff rode at the head of the regiment. The band played Sousa's "Stars and Stripes Forever," as they passed Newspaper row. Bells rung, whistles shrieked, the crowd cheered, the boys looked glad. The Iowans here were proud of them.

Bringing up the rear were the ambulances and the remainder of the Third United States artillery with eight field guns. At Van Ness avenue and Iven street General Shafter and staff awaited the regiment. Governor Shaw and official party here fell out of line and reviewed the troops with the guests of Shafter, the boys marching right on to the Presidio, where they will occupy the camp just vacated by the First Montana.

IN THE HANDS OF THE JURY.

Trial of Herman Hundhausen of Chicago Comes to an End.

CHICAGO, Oct. 24.—The trial of Herman Hundhausen for complicity in the murder of Walter Koeller on the night of Sept. 2 came to an end yesterday. The jury is still out. Koeller was murdered by Richard Honeck, Hundhausen being with Honeck when the crime was committed. Honeck claimed that Koeller's father had years ago been a party to the killing of Honeck's brother in Herman, Mo., and for this reason he sought Koeller and stabbed him to death in the most cold blooded manner. Honeck has admitted his guilt. Hundhausen claims that Honeck exercised hypnotic influence over him. Honeck will be placed on trial today.

Denby Reaches Washington.

WASHINGTON, Oct. 24.—Hon. Charles Denby, one of the Philippine commissioners, reached Washington yesterday morning, accompanied by his son. Messrs. Schurman and Worcester, the other civilian members, are expected in a day or two, when there will be a meeting of the commission preparatory to submitting a report to the president. Colonel Denby will make a call on the president today, and pending that declines to be interviewed on the future administration of the government of the islands.

Bohemian Figures Correct.

CEDAR RAPIDS, Oct. 24.—The ministerial union, comprising upwards of 40 ministers and representing 12 denominations, unanimously passed resolutions today declaring they had carefully investigated the circulars posted by the Bohemian Brotherhood league, claiming that the Bohemian fraternal societies taught infidelity, and found the figures and statistics relative to suicides in the societies had been quoted from official records and are absolutely correct.

Need Aggressive Campaign.

SAN FRANCISCO, Oct. 24.—Colonel J. C. Loper, in command of the Fifty-first Iowa, in an interview, says: "All that is needed now is an aggressive campaign, with plenty of men, and this war will be settled in short order. The Filipinos must be thoroughly whipped. Every town taken must be held and war conducted in a stern fashion. Our volunteers are the greatest soldiers in the world, I believe. Iowa has a right to be proud of its regiment."

New York shipping agents report that demands for freight space to South Africa are rapidly increasing and in consequence there is a corresponding increase in rates.

PREPARING TO MEET RUSSIA.

Aldrich Chas. Curator, Historical Dept.

Notes on the Great War Prepared by England. New York, Oct. 24.—A dispatch to the Tribune from London says: "Everybody is asking why an immense body of reinforcements is going out when every bulletin of victory from Natal proves that a more moderate force would suffice. That is a mystery as dense as London's black fog. There is a glimmer of light from Paris, where it is rumored that the Russian troops will occupy Herat prematurely with the ameer's consent. Well informed men were asserting last night that these vast preparations were not meant as a grand parade, but were a wise precaution, rendered necessary by the possibility that Russia would take advantage of the occasion and make another advance on western Afghanistan, where full control could be secured over Persia. "Those who are behind the scenes in European diplomacy at the present moment and well aware of the intriguing now taking place between France and Russia and the intention, if possible, to take advantage of England's difficulties, very much doubt if the intrigues are checked by British successes in Natal and on the western border of the Transvaal and the Free State. The British government is perfectly informed of what is passing and has not hesitated to make very swift preparations, naval and otherwise."

BRUSH WITH THE ENEMY.

Insurgents Driven From Trenches at Calamba, in Southern Luzon.

MANILA, Oct. 24.—The insurgents around Calamba have bothered the Americans lately with their repeated attacks, consisting of shooting a lot of ammunition into their opponents' camp from long range. Major Cheatham's battalion of the Thirty-seventh infantry, three columns of the Twenty-first infantry, a battery of the Fifth artillery and a Gatling gun sallied out yesterday morning from Calamba, drove the Filipinos from their trenches and drove them three miles, inflicting heavy losses on them. One American was killed and three wounded of the Twenty-first infantry. Lieutenant Ferguson, with 20 scouts of the Thirty-sixth regiment reconnoitering near Labao, encountered a party of mounted Filipinos. He killed six of them and captured eight, with 10 rifles.

Four men from the gunboat Marivelo were lured ashore 18 miles from Iloilo by a flag of truce and the insurgents killed one, wounded one and captured one. The gunboat did not fire for fear of wounding Americans.

Rebels Active in Colombia.

CARTAGENA, Colombia, Oct. 24.—News just received shows the revolution is general. The insurgents have taken river steamers and have armed them and have burned railroad bridges. The government is arming and dispatching river steamers with troops. A government commissioner has arrived here.

McBride's Confession Verified.

OSAWATOMIE, Kan., Oct. 24.—The confession of J. C. McBride, the Stillwater convict, of a postoffice robbery and murder committed here has been verified. The marshal who was shot by McBride was doubtless James Helms, who was killed Jan. 22, 1895. The identity of the murderers had never been known.

Fireman Killed at Ladder Practice.

McKEESPORT, Pa., Oct. 24.—Fireman Roseberg was killed and Fireman Maloney badly injured during ladder practice at the Central fire station. The aerial ladder had been shot up and the men had reached the top when the wagon overbalanced and the men fell with the ladder, which was broken to pieces.

Emperor an Exhibitor.

BERLIN, Oct. 24.—Emperor William will exhibit the Frederick the Great collection of curios, literary treasures and French paintings at the Paris exposition.

TELEGRAPHIC BRIEFS.

At the Hercules Athletic club, Brooklyn, Martie McCue and Joe Cain of Brooklyn fought a 25-round draw. Charles Wright, one of the five men swept off the Brooklyn elevated railroad structure on Saturday, died Monday. His death is the third due to the accident.

A strike is imminent at the Springfield (Ills.) rolling mills, owned by the Republic Iron and Steel company, which will involve 300 men. Conferences are being held.

WRECK ON WABASH.

Two Men Killed in a Collision Near Wabash, Ind.

CARS SMASHED INTO SPLINTERS.

Seven Boxcars and a New Engine Completely Wrecked—Groceries and Clothing Scattered All About the Right of Way—Head Brakeman Badly Hurt.

WABASH, Ind., Oct. 24.—A frightful wreck occurred on the Wabash road about four miles from here about 7:30 o'clock last evening, by which two men were killed, seven boxcars and a new engine were completely wrecked. Thirteen loaded cars broke loose from freight train No. 73 and ran down a grade to a point where there is a sharp curve in the track. Train No. 91, coming west at a lively rate of speed, struck the cars with terrible force. The engine was thrown 20 feet from the track and the cars were smashed into splinters. Groceries and clothing are scattered all about the right of way. Engineer Mosher, a new man who was learning the road, was instantly killed, both legs were cut off, his right arm torn from the socket and badly mangled.

Engineer Bickle jumped and escaped with a sprained ankle. Fireman Bloomfield sustained probably fatal injuries. Head brakeman Reynolds was also badly hurt.

Threatened by Flames.

CONNELLSVILLE, Pa., Oct. 24.—Connellsville is blinded today with the terrific forest fires which are raging without any interruption all along the crest and sides of Chestnut ridge. The situation is really serious, so extensive and wide is the area of flames. The air is so laden with the blinding blue smoke that the citizens of Connelleville cannot see across the river, and every house is filled with the haze. Fires have crept down and are drifting their burning embers over South Connelleville. At the head of the flames may be seen flocks of hot and weary birds, squirrels and other game.

Brained Her With a Hatchet.

ALBION, Ill., Oct. 24.—Mrs. Michael Ankenbrand was killed at Kitchen's Bridge, near this place, Sunday, by Mrs. A. McLaue, a neighbor, as a result of a quarrel. Mrs. Ankenbrand was returning home from the church when the quarrel started. The two women were in front of Mrs. McLaue's house and Mrs. Ankenbrand had a child in her arms, when her neighbor brained her with a hatchet.

Firebugs at Baker City.

BAKER CITY, Oct. 23.—Five fires were started almost simultaneously in different parts of the town. Two buildings were burned to the ground. A negro named Charles Johnson confessed to starting the fires and implicated a Mexican and a white man, who were arrested also. The negro says it was planned to rob the faro banks and saloons during the excitement caused by the fires.

Tried to Wreck a Train.

WATERTOWN, S. D., Oct. 24.—Attempts were made to wreck a train on the Northwestern last night by placing obstacles on the track, consisting of planks spiked down and ties piled on them and braced with iron bars. A boy named McDowell discovered the obstruction just before the train came, secured a lantern and stopped the train.

Wholesale Fruit Store Burns.

STOUX FALLS, S. D., Oct. 24.—Fire last night gutted the greater portion of the three-story brick and stone building owned and occupied by B. O. McCrossan & Co., wholesale dealers in fruit. The fire was the worst in several years. The loss will reach many thousands of dollars, which the members of the firm state is fully covered by insurance.

Fatal Boiler Explosion.

ORANGE, Tex., Oct. 24.—By an explosion of a boiler at the Latcher & Moore lumber mill, two men were killed and eight others injured. Lawrence Buehler, one of the men killed, was riding by the mill on horseback. He was horribly mangled. Louis Rickes received injuries which proved fatal.

Five Jail Birds Get Away.

BEATRICE, Neb., Oct. 24.—The Fulton bloodhounds were called to Wilber to track five jail birds, who escaped some time yesterday. The prisoners were supposed to have been assisted by outside parties, who chiseled a hole through the wall and spirited the prisoners away in a carriage.

Insurgents Enter Caracas.

CARACAS, Venezuela, Oct. 24.—General Cipriano Castro, the insurgent commander during the recent revolution, has entered this city. A warm reception was accorded him. There was no trouble when Castro arrived and no fear of renewed fighting is felt, as everybody wants peace without retaliation.

Deering and Wife Are Safe.

GLENWOOD SPRINGS, Col., Oct. 24.—Information reached here of the safe arrival at the ranch of Pat Sullivan, 75 miles from here on the White river, of C. W. Deering and wife, the millionaire plow manufacturer of Chicago, who, it was feared, were hemmed in by the snow near Hahn's peak.

LOOK FOR BAD NEWS.

Big British Disaster Apprehended in London.

YULE COMPELLED TO FALL BACK.

English Commander Finds It Necessary to Retire From Dundee—Hostilities Resumed in the Vicinity of Glencoe—Boers Open Fire on Dundee.

LONDON, Oct. 24.—No news yet received tends to dispel the apprehension caused by Lord Wolseley's brief summary of the situation. A Pietermaritzburg dispatch says now that the censor permits no message to be sent from the front. Other dispatches represent the Boers as boasting that Dundee is absolutely cut off and assert that despite the British victories the situation is still uncertain. The Pretoria dispatch giving the report of General Joaber, to the government evidently refers to the first battle at Glencoe, and the reasons why Commandant Erasmus failed to come to the assistance of Commandant Meyer cannot be fathomed. If he had done so the British victory might have been still more dearly bought. Probably Commandant Meyer, arriving at the rendezvous first, thought to get all the glory of wiping out the Britishers himself. If so the Boers suffered badly because of his hastiness. It appears certain, however, that the brilliant victory at Elandslaagte was produced for effect as a relief of Glencoe, and the very reticence and brevity of Lord Wolseley's communications are only too ominous. It seems to be worded to prepare the public for bad news, and it is only too likely that General Yule has been compelled to abandon the wounded and the prisoners at Dundee because his force is too weak to hold the four and a half miles separating Dundee and Glencoe.

Probably General Yule believes he can better protect Dundee from an enemy advancing from the northwest by concentrating all his available strength at Glencoe, where there are now 3,600 men and three batteries. In the meantime efforts will be made to reopen the railway and to get reinforcements from Ladysmith.

It is expected that by this time Commandant Erasmus has joined Commandant General Joubert and that their combined columns amount to 10,000 or 11,000 men, while the Free State Boers now threatening Ladysmith from the east and a column reported to be coming through Zululand must also be reckoned with.

In short General White has been unable to follow up his successes and is obliged to remain at Ladysmith without being able to restore railway communication, which is probably broken at other points besides Elandslaagte. Thus the enemy, though their original plan, which is supposed to have been Colonel Schiel's, failed, may fairly be credited with having isolated General Yule's brigade and divided the British force in Natal.

General Yule may find himself in a tight place, needing all his experience in Indian and Burmese fighting to extricate himself.

It is quite evident that the war office has news which has been withheld from the public, and if the situation, as here sketched, is confirmed, Boer divisions may be expected at other frontier points.

Up to midnight the war office was besieged with inquiries, the heavy lists of British losses causing much heart burning. Said a workingman who was reading the list: "If this is the price of suzerainty, good God, but we are paying in full."

It is regarded as not impossible that General White may yet be compelled to concentrate all the Natal forces at Ladysmith and await the arrival of the army corps.

A dispatch to the Times from Coleridge, Cape Colony, says: "The situation is grave. The Boers are 350 strong and will be reinforced from Driekop. No defense is possible. The town guard will retire on Naauwpoort on the appearance of the enemy. The Driekop force is estimated at 1,500 men. The report of the fighting at Glencoe has been placarded at Bethulie, the frontier town on the east London line, as a brilliant Boer victory."

Comment on Modus Vivendi.

LONDON, Oct. 24.—The Times, commenting on the Alaska modus vivendi, says: "The American rejection of Canada's arbitration proposal may be regretted, but it cannot be condemned as altogether unreasonable. At the same time Canada's bitterness is not unintelligible. The dispute is tolerably certain to become more acute as time goes on if it is not permanently settled by amicable means."

Trials of Idaho Miners.

MOSCOW, Ida., Oct. 24.—The trials of over 100 Coeur d'Alene miners on a charge of stopping the United States mails at Wardner on April 29 will begin this week in the United States court. Several of the accused have already been brought here from Wardner.

LONDON, Oct. 24.—The Prince of Wales yesterday received former President Benjamin Harrison in an audience at Marlborough house. Mr. Harrison visited the house of commons.
