More Cloaks, Jackets, and Capes Arriving.

Our immense business early in the season caused Mr. Levitt, of our Winterset store, to go east. He is making wonderful cash purchases. Although the time for manufacture of Jackets and Capes for this season was practically over two weeks ago, Mr. Levitt accepted an offer from a leading cloak house in Cincinnati to clean up materials left on the manufacturer's hands. He placed an order for 700 Jackets and Capes for our three stores, made to our special order, and of choice materials. He got them at prices that were a surprise even to us, and we positively assert that you cannot duplicate our jackets and capes in Denison for double the price we ask. This is a bold statement, but we know that the goods are worthy.
