Mr. M. E. Edwards, of Defiance, was a Denison visitor in our city yesterday. He is a breeder of thoroughbred Duroc Jersey hogs and has been advertising his stock in the REVIEW which resulted in a number of sales in the northern part of the county.

Mrs. Nora Bicknell returned to her home in Minneapolis on Thursday after a month's visit with relatives in Dow City, and at the home of her friend, Mrs. A. W. Wiggins, in this city.

Marion Cole of the Poor Farm had what might have been a serious accident happen to him Tuesday evening. In crossing the Illinois Central tracks at Arion his buggy was run into by a freight train. Fortunately, the occupants were not injured but the buggy was quite badly used up. It was a narrow escape.

The last rail on the Ft. Dodge & Omaha was spiked on Wednesday. The officials were enabled to take a trip over the new road direct from Chicago by way of Tara and the main line. The company is busy now hauling depot supplies for the different depots and it is expected they will soon begin to move freight both ways.

In a letter received from Mr. W. P. King he states that he and his partner will be in Denison about Nov. 10, and be ready for business sure. It will be remembered these gentlemen intend to open a general flour, feed, coal and wood store in the implement house of E. T. Cochran, and they expect to do a good business. Both men are gentlemanly fellows and we welcome them to our city.

On Tuesday last, Mr. and Mrs. Jos. Brogden and Mr. Chas. Brogden and daughter, Edna, visited at Omaha. They also took occasion to visit the Christian Home at Council Bluffs and were much taken up with the interest and good discipline shown by the little folks there. All were neat and tidy as could be and wore a happy contented smile. Little ones from three to five years were taking part in different programs and showed the best of training.

By an oversight, we neglected to make note of an accident which happened to Mr. Jno. Enright on last Saturday. He had been working down at the new depot and in some manner was struck by a switch engine, which threw him about 30 feet and injured him quite severely. He was taken to his home on Dwyer street and Dr. L. L. Bond, the C. & N. W. physician, was called who attended the injured man. While his injuries were severe yet he will be able to be around again in the course of a month.

Col. Loper, commanding the Fifty-first Iowa volunteers, who have just returned from the firing line in Luzon, declared to a correspondent of the Des Moines Capital that every man in his regiment would re-enlist if it were necessary to do so. "I have many democrats in my command," said he, "but not a single one of them will tell you anything else but that he wants to see the rebels whipped and is in favor of all that will bring this about without loss of time. We have no partisan politics here; all are American soldiers and stand for the flag." — Carroll Herald.

The Parker Pen Co. of Janesville, Wisconsin, are unique advertisers. For the past three months they have been requesting dealers all over the world to send pictures of children under six years of age to compete for eighteen prizes. Many thousand photographs were received and passed upon and out of this number little George Paul Rasmisel of Denison was successful in securing fifth prize—a handsome fountain pen. The young man should be proud of so high a compliment, especially when the decision came from such well known advertising experts as Lord & Thomas of Chicago, who were the judges.

The young ladies of the Elebijos club entertained their gentlemen friends on Tuesday evening. True to the spirit of the evening the meeting took the form of a Hallowe'en hide and seek party. The gentlemen invited did their share of seeking and the ladies were located at the home of Miss Agnes King, and by 8:30 the whole company was assembled. Conspicuous among the company were the yellow faces of numerous jack lanterns, who grinned their approval of the merry making. Besides the club's regular games of dominoes, Hallowe'en games and tricks were indulged in. Misses Agnes and Margaret King served the guests with the legendary lunch of apples, nuts, pop corn, etc., and thus ended a very jolly party.

**DECLAMATORY CONTEST.**

The declamatory contest at the college chapel last Wednesday evening was a splendid example of what the oratory department is doing this year and of the enthusiasm that exists in the college proper.

That much hard work and studious preparations had been exercised was thoroughly evident. The chief characteristic of the contestants as a whole was strength. Not so much was done as would otherwise have been done had there been an audience to encourage the speakers. Seventy-five people scattered promiscuously through a hall that seats 300 is no inspiration to the young orator. The people of Denison should be sufficiently proud of this normal school and of the oratory department to encourage the students by their presence on such occasions as this.

The judges were Messrs. Cook, Pease, Kenning, Failor and McHenry. According to their markings 1st place was given to Miss Pearl O'Brien who gave the "Ruggles Dinner Party" in a decidedly characteristic manner. Her Irish brogue was perfect and in all the work was most commendable.

Mr. Don Talcott received second place. Mr. Talcott had a strong personality and will, no doubt, in time make a splendid speaker.

To Miss Edith Luney was given third. She gave a clipping from "Last Days of Pompeii." To attempt anything of this nature is considerable. The manner in which she gave it was not only exceptional amateur work but there was a savor of professionalism about it.

The democrats are sending out a circular printed in German to German voters, urging them to vote for Fred White for governor, and stating that Governor Shaw said in a speech that any one who opposed the Philippine policy of the administration ought to be shot, or words to that effect.

The authors of the circular know that this statement is absolutely false and unfounded, but seek to prejudice people against Governor Shaw in the hope that some of them will believe the lie and vote for Fred White.

The circular is not signed by any one. The democrat or democrats who made up the lie are afraid to sign their names to it.

This circular also says that 16 to 1 is not an issue this year. Other circulars are being sent to silver men, urging them to do all in their power for the success of the democratic ticket because a democratic victory will be a victory for 16 to 1 and the silver cause.

Circulars are also being sent out by the democrats to Irish Catholics, seeking to appeal to them upon religious grounds.

All of the circulars are unsigned, as we are informed. No intelligent voter will be misled by such demagogic appeals. Only cowards and sneaks will resort to anonymous communications. No one need be afraid to sign his name to a truthful statement. The fact that the papers are unsigned show their falsity without any further argument.

Who are the cowards and sneaks who are sending out these circulars?

Why are they afraid to disclose their identity?

Wm. McBride and wife were over at Defiance on Sunday last where they visited Mr. McBride's parents.

The opera house will again be crowded to overflowing on Monday night. Gov. Shaw also draws a crowded house.

On account of the illness of Mr. L. C. Goodrich the Friday club met this afternoon with Mrs. Kuehne instead of with Miss Jessie Goodrich.

To enable us to get in the election news the REVIEW will not be printed until Wednesday of next week. The issue of that date will contain all the news of the different elections.

Mrs. Elizabeth Heston Cronk and daughters, Ruth and Virginia, of Omaha visited a few days with her parents, Mr. and Mrs. G. W. Heston. Denison is Mrs. Cronk's childhood home, she therefore can see the many marked changes as to improvements, etc.

Trinity Guild held a social afternoon with Mrs. J. B. Romans on Thursday, and a most enjoyable time was the result. The house was beautifully decorated with house plants and blooming flowers. During the afternoon refreshments were served; and a game in which great interest was taken, was participated in. Three prizes were awarded.
