K. OF P.'s GO TO CARROLL.

They Assist in Installation and Initiatory Ceremonies.—Splendid Working Team. On Monday evening about thirty-five Knights went to Carroll, where they assisted in the installation and initiatory ceremonies of the new officers and candidates of the Carroll lodge. Denison's splendid team together with a complete outfit of working regalia was taken along and the team received many words of praise for the manner in which the work was handled. The Carroll lodge had prepared for a big gathering and were not disappointed, there being representatives from Manning, Sac City, Glidden and Dunlap, aside from the Denison delegation. Grand Chancellor B. I. Salinger was fortunately enabled to be present and assisted in his usual happy manner in presiding over the ceremonies. After work in first degree had been given the candidates, the Knights were invited to a repast which was served by Knight Nestle and which proved a credit to Mr. Nestle's ability as a hostess. After supper work in second and third degrees was resumed and lodge was duly closed in just time to catch the early morning train for home. The Denison boys say they were royally entertained and anxiously await an opportunity to return the compliment. The Carroll lodge is in a flourishing condition, with such members as B. I. Salinger, C. C. Colelo, Editors Powers and Hungerford, U. S. Heffelfinger, just the right sort of men to build up any lodge.

FAST TIME.

A C. & N. W. stock train from west of Galva on the Northern Iowa division was delayed several hours Sunday, Jan. 14th, on account of a damaged bridge. The train consisted of seventeen cars of stock, and left Holstein at 2 p. m. and was unloaded at the Union Stock Yards in Chicago at 9:20 a. m., Jan. 15th, a distance of 450 miles and an average of 24 miles per hour, including all stops, changing of engines, etc. There are a few roads that can beat the Northwestern when it comes to getting stock in time for the markets.

GREAT QUESTIONS OF THE DAY.

Whenever a topic of general interest is agitating the country you may be sure to find the fullest discussion of it in The Chicago Times-Herald. The columns of the paper are always devoted to the things of greatest importance. They touch every phase of every question and the man who reads them will before long be recognized as an educated man by all with whom he comes in contact.

OUR OFFICE ABLAZE.

Prompt Action Prevents a Disastrous Fire.—The Review Editors Are Proudly Thankful. On Friday evening the REVIEW office had a narrow escape from total destruction by fire. The accident occurred shortly after eight o'clock just after the last of our Friday edition had been mailed and as the last man was about to leave the office. The REVIEW has recently purchased some gasoline lamps—(Now, don't stop and say "I told you so," for it was not the lamp's fault) and just before closing the office Mr. Henry Finern turned out the lights. In doing so, one of the lamps was loosened from the hook on which it was suspended, and fell to the floor with a crash. In an instant the room was ablaze. The scattered papers on the floor added fuel to the flames and it looked for a moment as if the old building was doomed. Mr. Finern did not lose his head but went coolly to work to extinguish the flames aided by many people who rushed to the scene as soon as the fire alarm was sounded. Mr. L. M. Baer whose hand was scorched while throwing the blazing lamp out of the building, has our particular thanks for his cool headed work and bravery. We have contributed our twenty-five cents per week toward Mr. Baer's salary as night watchman for many years, but his one act of Friday night squares the account and leaves a goodly balance in his favor. We also wish to express our thanks to the fire company for its promptness. While its aid was not needed its splendid work is none the less appreciated. The Great and Only expects to get out of the old building pretty soon but it has no desire to move in such haste as the scene which met our eyes Friday evening, indicated it would be forced to do.

Revival services are being held in the Methodist church this week beginning at 7:30 p. m. All are cordially invited to these. Ignace Paderewski, the noted pianist and composer, will appear at the new auditorium in Des Moines Tuesday evening, Feb. 13th. The second half year of the Kindergarten opens on Monday next. During the first two weeks children over five years of age will be admitted to the Kindergarten. Geo. Morris had the misfortune to sustain a severe sprain in the ankle on Sunday last, but with the aid of crutches for a day, is enabled to be around again.

Mrs. J. N. Bradley and Mrs. Wier leave tonight for Chicago for several weeks' visit with friends. From Chicago Mrs. Bradley will go on to New York where she will visit a week with Mrs. Lee. T. J. Garrison has just returned from a two weeks visit in Chicago, where he was accompanied by Mrs. E. S. Garrison. Mrs. Garrison stopped over Sunday here and then returned to her home in Logan.

Mr. John Way of Charter Oak favored us with a call on Monday evening. Mr. Way is one of the stalwart friends of the REVIEW and that is paramount to saying that he is a good citizen and a good neighbor.

The winners in the preliminary essay contest at the high school were Merle Smith, Mary Walker, and Willetta Strahan. One of these will be chosen to represent Denison at the inter-state high school contest at Anamosa. The live bird shoot held at Breda Sunday between Denison and Breda was won by Meeves and Tamm, of Denison, they winning 38 birds against 34 won by the Breda men. A return match will be held here next Tuesday.

Mr. J. H. Gable has just returned from his eastern trip. While in Washington he met Miss Grace Meyers and reports that she is well and prospering. Together they visited the new congressional library which is the finest building in the world.

Mr. Chas. Tabor left for Des Moines this afternoon. Mr. Tabor is a public spirited man and he goes to do what he can for Denison. Miss Flora Ames accompanied him and will remain in Des Moines for some time visiting at the home of Mr. H. S. Ames.

We are reliably informed that as soon as the Central places the stock scales in position Mr. John Rowland will buy hogs at this point. Mr. Rowland is an experienced buyer and having a large acquaintance with the stock raisers of the county will enjoy a good business.

Royer Bros., a jewelry firm of Dunlap, have failed and the manager, John Royer, has skipped the country. From the amount of rancor displayed by the Dunlap Reporter in telling of the matter, we should judge that Royer Bros.' prize advertising bill was still unpaid. The Dunlap press might indulge in a second contest to see which is the best collector.

Haugh & Kemming.

Now is the time you can reap your harvest in the clothing line. In order to dispose of heavy winter goods we will stand up and tell you that you cannot get out of the store without buying. We know what we are talking about. We have not got too much goods left over. We bought more goods and sold more than we ever did before in the history of our business in Denison in one year. The only way to do a clothing business is to sell to the same party the second time. We have been doing it for 20 years. Come and see us and we will talk with you. Don't be afraid of "losing the choice" as we do a first class clothing business and are always prepared for our trade. Experience taught us if we did not have the goods we could sell them. Thanking you all for past favors, we remain your servants in the clothing business.
