Testimonials from Everywhere Some from Near Home

Given up by the Doctors.—Cured by the Oxygenor in 3 Weeks.

Council Bluffs, Iowa, July 20, 1899.

NEBRASKA OXYGENOR CO., Omaha, Neb.
Gentlemen—I am very grateful for the opportunity of being able to publicly express my heartfelt appreciation of the benefits derived from your wonderful instrument, "The Oxygenor."
I suffered for several months with inflammatory rheumatism, and was given up by the doctors as incurable. My lower limbs were swollen and for ten weeks I was unable to use or move them.
I was prevailed upon to try the Oxygenor, and in ten days I was able to walk about, and in three weeks I was entirely well. Since being cured by the Oxygenor, I have felt better and enjoyed life more than I ever have before. I cannot commend too highly the "Perfected Oxygenor King" and its merits to suffering humanity. I would not be without it under any consideration.
Very Sincerely Yours,
MRS. J. B. MILLER, 1013 South Main St.

Powerful Endorsement by Judge Bradley of Omaha.

Omaha, Neb., May 9, 1899.

TO THE NEBRASKA OXYGENOR CO., Omaha, Neb.:
My attention was called to your new method of treating diseases and at once interested me, as it seemed to me that you had arrived at the surest and most rational means of curing disease that I have ever heard of, and I made up my mind that if anyone of my family should have need of medicine I should try this Oxygenor remedy. About the last day of April my wife was attacked with severe pains in the right arm, which from her prior experience she called rheumatism, and it grew so severe that her arm became powerless, and she was in constant pain with it, so much so that she could neither rest nor sleep. I at once procured one of your Oxygenors and applied it and the pain ceased. She slept well and on the morning following the pain had left the arm and she experienced only a slight trace of it during the next day.
She has used the Oxygenor not one week and she has not only been freed from pain, but says she feels better than she has for a year past. No medicine was taken during this time, and nothing done but to use the Oxygenor. It is entitled to the full credit for having cured her.
If the people of Omaha who today are afflicted with rheumatism alone knew how simple and effective cure can be made of this torturing disease by using one of your Oxygenors, you could not begin to supply them as fast as you would want them.
Yours respectfully,
L. H. BRADLEY, 518 and 519 Paxton Block.

The chief essential of success for a young man is what the vast majority of young men think about the least—that is good health and a sound constitution. That is the first thing; nothing precedes it. In the battle for success, that should be a young man's first thought; not his ability, nor his work, but his health. That is the basis; the cornerstone of all. Abilities cannot bring health, but health may, and generally does, develop ability.

It Cures While You Sleep.

The Oxygenor works upon a scientific principle, and can't possibly do any harm. It is the surest and safest way out of disease. Take no chances with drugs and medication. The Oxygenor lasts a lifetime, and will serve a whole family, if not all sick at once. When once paid for you have the best "doctor" ever ready to protect the health of the family. Its mode of operation is simple, pleasant and effective.
All who wish to place themselves and their families in possession of these valuable life and money-saving instruments, whose application never fail to alleviate suffering humanity—no matter what the disease, should call on us or write for literature.

Constipation—Rheumatic Iritis.

Omaha, Neb., August 29, 1899.

Mr. E. MOSES, MGR., Nebraska Oxygenor Co., Omaha, Neb.
Dear Sir—For the past year I have been laid up with rheumatism, which affected my whole body and caused partial blindness from rheumatism iritis. I spent not less than \$125 for doctor and drug bills, with no benefit except momentary relief.

During the past year I have not been able to work more than 2 weeks. I was persuaded by friends to try your Perfected Oxygenor King, which I did, with the result that after four weeks' use of it I was able to go to work and am better in health after six weeks, than I have been for over a year. It has cured me entirely of constipation, and I believe the Oxygenor will effect a cure of rheumatism in a few months more use.

Yours truly,
J. P. HANNAHER, 1107 S. 15th St.

Almost Miraculous.

Omaha Daily News, Oct. 27, 1899.

A splendid example of the marvelous efficacy of the Oxygenor King has been furnished by Mrs. Chas. E. Speece, of Harlan, Iowa, whose story of the marvellous cure accomplished in the case of her invalid mother is remarkable. She said her attention was first called to the contrivance during a visit to Omaha when she spent a day at the exposition grounds.

Having learned of the Oxygenor King concession in the Liberal Arts Building of the wonderful cures it effected, she tried, on her return home, to persuade her mother, Mrs. Geo. E. Taylor, to send for one. Mrs. Taylor had been an invalid for four years. During the last three months of this period she was unable to leave her bed, excepting when lifted to a chair by some of the attendants. Her condition was caused by rheumatism and general debility, which was aggravated by a fall from a platform a few years ago. Physicians were unable to cure her or even relieve her, and she became gradually worse, until they acknowledged they could do nothing more for her excepting to try to relieve the conditional pain by hyperdermic injections.

Mrs. Taylor was unwilling to try the "Oxygenor King," believing that if the doctors failed to help her, nothing else could avail. When asked whether it would be wise to try the "Oxygenor King" the physicians stated, a trial could do no good and might be harmful. For that reason they discouraged the idea.

As Mrs. Taylor became worse under medical treatment and it seemed there was no help for her, as the doctors said she could only live a few days longer, her daughter resolved to buy one of the "Oxygenor Kings" and for this purpose she came to the city a week after her first visit. On her return home Mrs. Speece says, "mother was suffering terribly. I applied the "Oxygenor King" according to directions. Mother slept without awakening that night for the first time in seven years, as she had always been subject to insomnia. It was 9 o'clock next morning when she awoke. The pain was all gone and she felt stronger than she had for many years. The pains did not return until afternoon, and then I made the second application. Since that time there have been no symptoms of the former ailments. She has grown strong steadily."
