### The Eminent Kidney and Bladder Specialist.

**The Discoverer of Swamp-Root at Work in His Laboratory.**

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, or the kidneys themselves break down and waste away cell by cell. Then the richness of the blood—the albumen—leaks out and the sufferer has Bright's Disease, the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root the new discovery is the true specific for kidney, bladder and urinary troubles. It has cured thousands of apparently hopeless cases, after all other efforts have failed. At druggists in fifty-cent and dollar sizes. A sample bottle sent free by mail, also a book telling about Swamp-Root and its wonderful cures. Address Dr. Kilmer & Co., Binghamton, N. Y., and mention this paper.

Rev. F. W. Bateson is recovering from a severe attack of erysipelas. On Sunday the pulpit of the Baptist church was occupied by a former Denison boy, Rev. John Smith, Professor of Greek in the University of Chicago. The congregation was much pleased with his eloquence and many of his friends here are glad to note his rapid but well earned success.

The Holiness campmeetings ended on Sunday evening after ten days' successful session. Rev. Rees and his son preached strong and able sermons and those in attendance showed remarkable zeal and devotion. Holiness people may be a trifle over vain of their religious achievements but this we must admit, that the vast majority of them lead lives which are far above the average. For our part we cannot believe that they are perfect or free from sin and temptation but they are a good deal better than many of their detractors. The sermon preached on Sunday night was remarkably strong and cogent and was full of helpful things which were well worth remembrance. The numbers from abroad were not so great as expected but the evening, were largely attended. All their arrangements were well made and those camping at the park found everything convenient. During the meetings the holiness band held open air meetings up town which excited much interest and undoubtedly did much good. The Review is glad that the association had such an enjoyable and helpful meeting.

**Be Careful**

No woman can be too careful of her condition during the period before her little ones are born. Neglect or improper treatment then endangers her life and that of the child. It lies with her whether she shall suffer unnecessarily, or whether the ordeal shall be made comparatively easy. She had better do nothing than do something wrong.

### MOTHER'S FRIEND

is the one and the only preparation that is safe to use. It is a liniment that penetrates from the outside. External applications are eternally right. Internal medicines are radically wrong. They are more than humbugs—they endanger life.

Mother's Friend helps the muscles to relax and expand naturally—relieves morning sickness—removes the cause of nervousness and headache—prevents hard and rising breasts—shortens labor and lessens the pains—and helps the patient to rapid recovery.

From a letter by a Shreveport, La., woman: "I have been using your wonderful remedy, Mother's Friend, for the last two months, and find it just as recommended."
