A CORRECTION.

Allow me through the REVIEW on behalf of the Board of Trustees of the Methodist church to contradict the statement made publicly several times at the Holiness meeting in our town on last Tuesday. It was declared that the M. E. church was closed against the meeting and that they were compelled to rent Hunt's Hall; such statement was a falsehood and an insult to the Board of Trustees. When the Pastor was spoken to about the use of the church he informed the inquirers that it would be necessary to have a meeting of the Trustees as they have the authority of opening and shutting the church doors and as the Trustees were not consulted about the matter for any one to publicly declare that the church was closed against them is a falsehood that needs contradiction. When a man claiming high attainments in Christian experience declares that the Methodist church was closed against the Holiness meeting for fear of splitting the church and that it better be split before it all goes to hell, convinces us of the possibility of getting into the rut that Elijah got into in his day that all Israel had gone after Baal and "I only am left". Yours for the truth, Rev. Maxwell.

Two gangs of surveyors have been in this vicinity the past few days and the usual railroad talk has been going the rounds. One gang, presumably the Rock Island people, have been following along, but somewhat south of the old survey through Jackson township. The other surveyors, supposed to be the Baltimore & Ohio, cross the Boyer about a mile north of Deloit, across to the Patrick Fineran farm and south through Thos. Clements and just east of the St. Ann's church and will cross the C. & N. W. this side of the Clark White farm with an over head crossing striking diagonally across toward Manning. The survey is for the purpose of getting the shortest route from Sioux City to St. Louis and Mr. Kirkman, in charge of the surveyors, stated this was the most satisfactory route yet surveyed.

Every Month

there are thousands of women who nearly suffer death from irregular menses. Sometimes the "period" comes too often—sometimes not often enough—sometimes the flow is too scant, and again it is too profuse. Each symptom shows that Nature needs help, and that there is trouble in the organs concerned. Be careful when in any of the above conditions. Don't take any and every nostrum advertised to cure female troubles.

BRADFIELD'S FEMALE REGULATOR

is the one safe and sure medicine for irregular or painful menstruation. It cures all the ailments that are caused by irregularity, such as leucorrhoea, falling of the womb, nervousness; pains in the head, back, breasts, shoulders, sides, hips and limbs. By regulating the menses so that they occur every twenty-eighth day, all those aches disappear together. Just before your time comes, get a bottle and see how much good it will do you. Druggists sell it at \$1.
