MILITIA ORDERED OUT.

Mob Was in Complete Control at New Orleans.

NEGROES CHASED FROM STREETS.

Colored People Beaten and Killed Wherever They Could Be Found—Police Powerless to Stop the Rioting—Murderer Charles Reported Captured.

NEW ORLEANS, July 27.—In the rioting of yesterday one negro was beaten to death, six were so badly wounded that their lives are despaired of, and about a score of people, white and black, male and female, have been more or less seriously wounded. Disorderly acts continuing throughout the city, resulted in the swearing in by the mayor of 500 special policemen and the ordering out of 1,500 of the state militia upon orders of Governor Herd, who responded promptly to the appeal of Mayor Capdeville for assistance in suppressing the existing lawlessness. Yesterday attacks were made by irresponsible mobs of whites upon the black element, and the negroes before nightfall had been completely chased from the streets. The effect of the disorders has put a practical stop to business in the wholesale districts and on the river front, and this means a serious crippling of the trade of the port. The business elements rallied in force and hundreds of business men responded to the appeal of the mayor for assistance in preserving order.

The police have been practically helpless throughout the disturbance. The force consists of 300 men, including clerks and operators, and this is manifestly a force inadequate to the preservation of the peace in a city of 310,000 people. But aside from this, was fierce indignation among the members of the department over the killing of Captain Day and Patrolman Lamb by the negro, Robert Charles.

Hoodlums patrolled the streets throughout the day and wherever they saw a negro assaulted him. One of the most sensational incidents of the day was the discovery of two negroes wounded almost to death in a boxcar on the levee front near the corner of Josephine street. The poor fellows were desperately hurt and only one was conscious. He was so frightened that he declined to give any account of the shooting.

At 2 o'clock an unknown white man came along Julia street near the corner of Baronne. He saw a negro and without any provocation began to fire at him. The negro escaped, it is believed, without being hit. At midnight the city was quieter than it usually is at night. There is a report of the capture of Charles, the slayer of Police Captain Day, near the city. If possible, he will be protected and given a trial in court, the authorities having determined not to permit a lynching, no matter how much force is required to prevent it.

FORGING THE CHAIN.

Evidence Adduced at Powers' Trial Points to Yontsey as Goebel's Assassin.

GEORGETOWN, Ky., July 27.—There were several features in the evidence in the Powers trial yesterday. Constable Davis Farrows of Frankfort, who entered the legislative building a minute or two after the shooting of Goebel, testified that he saw a man whose description tallies with that of Yontsey, close the door of the office of the secretary of state behind him and run down the basement steps.

W. H. Wagner of Williamsburg, who arrived in Frankfort with the mountain men Jan. 25 and spent much of his time between that time and the day of the assassination in Powers' office, gave damaging testimony against both Powers and Yontsey. He said that on the Friday preceding the assassination several men were in Powers' office discussing ways and means of defeating Goebel before the legislature, and one

man in the party said, "Somebody ought to kill the d—n rascal."

Another replied: "I have made up my mind to do that myself."

The witness said he did not know either of the men talking at that time, but he had seen Yontsey recently and was almost positive he was the man who made the last remark. Witness overheard Powers talking complainingly on the day that Representative Berry was unseated and according to his statement Powers said: "We might be able to do something if the head of the ticket would act. If he does not, I intend to expose the whole d—n business."

Makes State Assessment.

LINCOLN, July 27.—The state board of equalization has completed the assessment of property for state taxes. The valuation of all taxable property in the state, exclusive of railroad, telephone and telegraph property, is fixed by the board at \$171,747,592.75, and the total assessment at \$1,208,984.94, or \$77,707.54 less than last year. In equalizing the taxes the board fixed the rate of taxation in the western counties slightly less than in the eastern counties.

Woodmen Have an Outing.

STOUX CITY, July 27.—Modern Woodmen of America from points throughout Iowa, Nebraska and South Dakota picnicked here yesterday to the number of about 2,500. The visitors paraded the business streets in the forenoon and spent the afternoon participating in a program of athletic sports at Riverside park.

IOWA ASSESSMENT.

Reports From Counties to State Auditor Show Increase in Value.

DES MOINES, July 27.—The state executive council began the work of equalizing the assessment of personal property among the 99 counties of Iowa yesterday. The work will be completed this week. It was found from the completed reports to the auditor of state from county auditors that there is a total increase in the actual value of Iowa property this year, as compared with last, of \$56,806,321 in personalty alone, no new assessment of real estate having been made this year. Live stock alone increased in value \$43,000,000 during the year. The figures are at actual value.

Rev. Queen Charged With Bigamy. CENTREVILLE, Ia., July 27.—Rev. S. T. Queen was arrested in Mystic on a charge of bigamy. He is a prominent Christian minister and has been living with wife No. 2 in Mystic since May, when he married her there. Wife No. 1, who prefers the charges, lives in Oxford, Neb., and will be here for the preliminary trial today. The Rev. Queen says it is a case of blackmail.

Her One Hundredth Birthday. VILLISCA, Ia., July 27.—Eight hundred persons attended the celebration of the 100th anniversary of the birth of "Grandma" Wheeler, who resides with her son near here. Mrs. Wheeler was born at Watertown, Conn., July 24, 1800. Five generations attended the gathering.

Body Found Hanging from Tree. CEDAR RAPIDS, Ia., July 27.—A man who had evidently been dead for a number of days was found hanging from the limb of a tree by a wire rope in the timber a short distance from Central City yesterday. No one knows the man and there was nothing to indicate his identity.

Cassell Fails to Secure a Place. DES MOINES, July 27.—The feature of the light harness racing yesterday was the failure of Cassell, the favorite in the 2:18 pace, to secure a place in a five heat race, which was won by Lou Vaughn. Contralto captured the 2:24 trot and Miss Lycurgus the 2:20 trot.

SAFE ROBBERS OVERHAULED.

Nebraska Sheriff Makes Successful Chase After Thieves.

BROKEN BOW, Neb., July 27.—Sheriff Armstrong came in with the two men who robbed the safe in Tierney's drug store at Ansley yesterday morning. The robbers were discovered in attempting Shepard's safe after they had gone through Tierney's safe, but before their arrest was accomplished they had fled. The thieves were overhauled while asleep in a brush thicket in Buffalo county. They secured from the safe between \$300 and \$500, mostly in gold and silver. The sheriff found on their persons \$220, a bunch of skeleton keys and a small file. They gave their names as Redding and Haley.

Woman Shoots Her Child. SCHUYLER, Neb., July 27.—Fannie Gadsden, wife of James Gadsden, shot her 11-year-old daughter, Alice, yesterday, inflicting wounds, one of which is of a very serious nature, having passed through the body at the waist line; the second shot struck in front on about the same line, passed around under the skin to the back and out. Mrs. Gadsden has been mentally afflicted several years.

Leasing the School Land. LINCOLN, July 27.—Land Commissioner Wolfe is preparing to begin another auction of school lands, of which there are now about 77,000 unleased acres. The available land is located in 33 counties. It is expected that the revenue from the leases will amount to 8 per cent of the appraised value, except where the lands were bid off at a bonus last year and not taken.

APPEALS TO ENGLAND.

All the Powers Are Included in China's Mediation Party.

SALISBURY WILL NOT RESPOND.

Chinese Are Concentrating About Tien Tsin—It Is Now Believed Allies Will Begin Advance on Peking in About Two Weeks.

LONDON, July 27.—All the powers appear to have received an identical Chinese appeal for mediation, but in the absence of definite news regarding the fate of the ministers and of any reliable indications of the real origin of the appeal it seems that Lord Salisbury, the premier, considered it was not even necessary to publish the fact that the appeal had been received or to do anything beyond formally acknowledging it, with perhaps an intimation that nothing could be done until news from Peking had arrived. If it could be ascertained beyond doubt that the reports of a massacre at Peking were unfounded—and there is a disposition here to believe that the ministers may, after all, be held as hostages—Lord Salisbury's policy would probably incline more toward the conciliation attributed to Washington than to the revenge attributed to Berlin. But while there is no cessation of the deluge of rumors, it is beginning to be believed at Shanghai, Canton and other points that the viceroys are as completely in the dark as to affairs in Peking as the Europeans themselves.

Meanwhile the doings of Li Hung Chang are regarded with ever increasing suspicion, while the situation in the southern provinces daily grows worse.

With the report that the allies will begin to advance on Peking in a fortnight and in view of Admiral Seymour's visit of inspection to the Yang-tse-Kiang, the feeling is that no great time will elapse before things assume a definite shape.

The viceroys of Nankin still profess to be able, with the aid of the Yang-tse viceroys to keep order, but he declares that if the powers send warships it will assuredly lead to an anti-foreign outbreak. If it be true that the Japanese have started a campaign from Shan Hai Kwan, that also will precipitate matters, but the report to this effect lacks confirmation.

It is reported from Tien Tsin that the Chinese forces are concentrating at the village of Getsang, ten miles north of Tien Tsin, where it is said large quantities of rice are stored.

There is little fresh news regarding the situation in Manchuria. The Russians inflicted another serious defeat on the Chinese at Fort Echo on July 23.

From Kobe comes a report that eight battalions of Russians have been compelled to leave Vladivostok and Tien Tsin on account of Manchuria trouble.

The Daily Mail explains that the Chinese employe of the British legation, according to its advices yesterday, escaped from Peking to Newchwang and reported there that when he left Peking most of the members of the legations were dead and the condition of the others was hopeless, did not actually leave Peking until July 8, and this goes to show, if his statement is to be relied upon, that a general massacre had not occurred on July 6, as has been reported.

The Russian and Japanese cavalry are keeping in close touch with the enemy. The river is still low and water transport would be difficult.

Massacre at Ki Yuan Fu.

There is an unconfirmed Chinese report that 60 Protestant and Catholic missionaries have been massacred in Ki Yuan Fu and the vicinity. The Shanghai correspondent on the Daily Mail describing the massacre at Kukden, says: "The bishop had armed 200 natives to defend the cathedral and a number of Chinese troops had been sent to defend the converts, but the soldiers were leagued with the Boxers. While the Christians were holding a service, believing themselves safe under the protection of the troops, the signal was given and soldiers and Boxers surrounded and set fire to the church, putting the escaping worshippers to the sword. The bishop was captured and taken to the viceroys' yamen where he was diabolically tortured and decapitated. His head now hangs in front of the yamen."

The Hong Kong correspondent of the Daily Express wires as follows, under yesterday's date: "An Italian priest has just arrived here from Hon Sien Fu, in southern Hunan, where the Italian bishop and three priests have been massacred, after revolting torture. This took place on July 4. Six hundred converts were massacred after the women had been subjected to hideous brutalities. Six other priests fled to the hills, where they were probably killed. The priest who escaped had a perilous journey to Hong Kong. He hid in a coffin on board a river boat for 17 days."

REMEY GIVES LIE TO CHINA.

American Admiral Declares Throne Was in Sympathy With Boxers.

WASHINGTON, July 27.—There were no developments to warrant the assumption that there will be the slightest improvement in the Chinese situation. Indeed, the general tenor of the news was to add to the steadily growing doubt as to the good faith of the

Chinese government as manifested in its acts. Admiral Kempff's letter made the direct statement that the imperial authorities were in sympathy with the Boxers, though he added that the government was afterward paralyzed and incapable of controlling the situation. This was the first official declaration to reach our government contradictory of the Chinese representations that the imperial government had steadfastly and from the first opposed the Boxer movement, and our government is bound to accept the word of its own officer until that is overcome by irrefutable evidence. Then the exchanges that are in constant progress between the powers are tending more and more to cast suspicion upon the genuineness of the many communications that have come from Peking from Chinese governmental sources. If it should be finally established that there has been an attempt on their part to practice a gigantic fraud upon the world, the fact may call for a change of attitude on the part of the United States government toward China. This would not affect the military policy under way, but merely the technical relations between the two governments, which would probably closely approximate a step of formal war.

FOREIGNERS ARE IN DANGER.

Governor of a Chinese Island Announces His Inability to Protect Them.

HONG KONG, July 27.—Consul General Wildman has been informed that the Chinese governor of the island of Hai Nan has served notice on the consuls that he is unable to protect the foreigners any longer. The American missions have appealed to Consul Wildman to send a warship to Hoi How to bring away the foreigners.

It is believed that three men, three women and three children belonging to the American Presbyterian board's mission at Nodoo, Nai Nan, have been murdered by Chinese imperial troops. The last news from there was dated July 12, at which time they repelled the attack of the Boxers.

Hong Kong is full of refugees. An outbreak is expected on the West river.

Given Up for Lost.

DES MOINES, July 27.—W. H. Bron of Rosehill, Ia., and his family have given up the safety of their son-in-law and daughter, Mr. and Mrs. Frank Garrett, who are missionaries for the Christian church in China. Both of the young people graduated from Drake university, Des Moines, a year ago. A letter from them dated June 18 is the last word received. At that time they were starting from Kuling to Shanghai. The Boxers were inciting the Chinese to kill all foreigners and the missionaries, numbering about 60 Americans, were badly frightened. All efforts to communicate with the Garretts have been fruitless.

Forty Lives Reported Lost.

VICTORIA, B. C., July 27.—A fearful calamity is reported by passengers of the Cottage City, which arrived here from Alaskan ports yesterday afternoon, having taken place on Lake LeBarge. The news, however, lacks confirmation and is, therefore, given as the passengers had heard it in Juneau. The stern wheeler, Florence III, operated and partly owned by Captain Barrington, they were told, had been caught in a storm on the lake and was capsized. There were 150 passengers aboard, and 40 are said to have lost their lives. The steamer Humboldt is stated to have brought news to White Horse.

PANAMA, Colombia, July 27.—A treaty of peace between the government and the revolutionists was signed yesterday. This action followed directly after the most desperate battle of the entire revolution, in which the losses on each side were very heavy.

COLON, July 27.—The insurgents in the department of Panama have surrendered. FORCE BOERS TO RETREAT.

Flanking Movement by French Threatens Their Line of Retirement.

LONDON, July 27.—Lord Roberts reports to the war office under date of Balmoral, July 25, as follows: "We marched here yesterday without seeing the enemy. The Boers, on July 24, engaged French and Hutton six miles south of Balmoral. While Anderson's mounted infantry attacked the Boers' right French made a turning movement around their left. Seeing their retreat threatened the Boers broke and fled. French and Hutton followed and pressed to cross Oliphant's river today at Naaport. Our casualties were one wounded."

Lord Roberts reports to the war office that General Archibald Hunter's command was heavily engaged July 24 and 25 in the hills south of Bethlehem. The Boers were strongly entrenched and fought stubbornly throughout the 24th and required the British to retire from some of their positions with about 60 casualties. At last accounts General Hunter had worked around into Brand-water basin in the rear of the Boers, while General Hector MacDonald and General Bruce Hamilton were blocking outlets on the front of the federals, who had evacuated their position at Witnek.

AVENGE DEATH OF COMRADE.

Detachment of Fortieth Infantry Kills 89 Insurgents at Oroquieta.

MANILA, July 27.—At Oroquieta, in northern Mindanao, two soldiers entered a native store for the purpose of buying food. One of them was killed by a bolo and his head severed from his body. The other escaped and gave the alarm. A company of the Fortieth infantry, stationed at Cagayan, repaired to Oroquieta and killed 89 natives, 30 of them being in a single house.

Subsequently the gunboat Callao, commanded by Lieutenant George B. Bradshaw, shelled Oroquieta, burning the warehouses. One of the crew was killed. A force of the enemy, estimated to number 500, under the leadership of Alvarez, formerly the insurgent president of Yarbanga, is now persistently troubling northern Mindanao.

A marine at the outpost of Isabella de Balsin was tolloled by natives and so badly wounded that he died. Isabella is tranquil.

LEMARS, Ia., July 27.—S. Smoyer, proprietor of the Windsor hotel in this city, walked off a train going at the rate of 20 miles an hour last evening. He was badly stunned and terribly bruised when picked up and taken home. It appears while returning from Sioux City he fell asleep in the car. When hearing some one say something about LeMars he rose up, gathered up his belongings and walked out of the car door and off the rapidly moving train.

JESTER TRIAL NEARING END.

Both Sides Rest Their Case and Arguments Begin Today.

NEW LONDON, Mo., July 27.—In the trial of Alexander Jester, charged with the murder of Gilbert Gates, William Shrewsbury, who testified to seeing the dead man's body in Jester's wagon in Huler's lane, was again under fire from the defense in an effort to impeach his testimony. Both sides have rested the case and while Judge Eby prepares the instructions to the jury the lawyers are preparing for the supreme conflict of this great legal battle. The argument begins today. When both sides rested the aged prisoner said: "I am glad the ordeal is over. I forgive everyone who has testified against me. Their consciences and their words are in the hands of their God and with him they must settle. I am innocent of the killing of that poor boy, Gilbert Gates, and believe in time he will be found alive and well. I expect to return to my Oklahoma home in time to preach next Sunday next."

NEGRO ASSAULTS SIMPSON.

Rough and Tumble Stage Fight at Fort Scott Political Meeting.

FORT SCOTT, Kan., July 27.—Ex-Congressman Jerry Simpson was routed here last night by a crowd of hoodlums while attempting to deliver a political address in the amphitheater at the race track. A crowd of probably 200 roughs went to the meeting to create a disturbance. One of the leaders, a big negro, jumped upon the platform and when the ex-congressman attempted to push him off, the negro fought and they both went to the floor. Others then rushed in and Simpson was in danger of rough treatment until Mayor Goodlander and a crowd of professional and business men took a hand and beat off the rowdies. Several of the latter were arrested, but the mob later overpowered the police and released the prisoners. Mr. Simpson's speech was not finished. Many of the city's best people were in the audience.

Bold Plan to Release Prisoners.

PITTSBURG, July 27.—One of the boldest and most systematic plans for the release of one or more prisoners from Riverside penitentiary was thwarted yesterday by accident. The plan by which the rescuers hoped to reach the inside of the penitentiary wall was by tunnel from the cellar of a house on Sterling street, nearly opposite one of the gates. Their work is remarkable, considering the obstacles to be overcome. Investigation showed that it was over 200 feet long, but because of its zigzag character had not reached the prison wall. One of the officers who crawled a distance of 201 feet in the dark passageway, was compelled to return before reaching its end by reason of the foul gases arising. From this it is inferred that the tunnel had tapped a sewer.
