Messenger Chapman of the Boyer Valley line, has been transferred, Mr. Barscht taking his place. We have not learned where Mr. Chapman will be stationed.

CHANGE OF LOCATION.

As has been noticed by our readers the firm of Haugh & Kemming has been dissolved by mutual consent and the business will be continued by Mr. J. T. Haugh. This firm has long been known as the old "reliable" and we do not believe a customer ever left their doors without having received the full worth of his money. With such a reputation thoroughly established and with his host of personal friends Mr. Haugh should and will meet with unqualified success. Within a few days the stock will be removed to No. 3 Broadway and a splendid line of fall goods will be added.

The financial embarrassment through which the firm recently passed, has only served to make them more friends as they have shown their desire to be honest and fair above all else. Our best wishes are with Mr. Haugh in his venture and with Mr. Kemming in whatever he may undertake. We know we voice their sentiments when we say they are grateful to the people for their kind patronage and that Mr. Haugh invites all his old friends to visit him in his new location.

CRAWFORD COUNTY CROPS.

A ride through the county at this time is one to be enjoyed. Everything is looking its best. Great fields of corn, in many instances two and three ears to the stock, huge stacks of grain, green meadows, the first crop of clover already harvested, are to be seen on every hand. Surely with such crops one should be happy. We believe Crawford county will reap one of the best crops this season in many a year. A drive in the south part of the county convinces one of this fact. Take, for instance the road through Coon Grove and out on the Defiance route, one sees as good farming land, and as good improvements as any in the state; the land is not hilly, and still is just rolling enough to be well drained, and the crops are excellent, the corn standing above a man's head. Another noticeable feature in this part of the county is the abundance of fruit. At almost every farm one sees a large orchard the trees heavy with fruit. Crawford county is indeed fortunate this year.

SUNDAY SCHOOL PICNIC.

On Wednesday afternoon the M. E. Sunday school held its annual picnic at Marshall's grove. A large number were in attendance. The parents took an interest and came with well filled baskets, and by their efforts it was a success. At one o'clock teams were at the church for all who wished to go, and they kept going back and forth all afternoon. About seventy-five students from the college went out on hay racks and made things lively by giving the college yells, etc. Numerous swings and other amusements had been provided and the afternoon was pleasantly spent in social conversation and in playing games, in which the older people took part and made interesting. Supper was served about six o'clock and all returned in the cool of the evening, having had a most enjoyable time.

BEAUTIFUL DRIVES.

Did it ever occur to you who are in the habit of taking morning or evening drives how many different beautiful road-ways there are leading from Denison? A person may pick out a new road for each morning of the week if desired. For instance he may go by way of Mat. Mill's sand pit through Coon Grove to Dan Riddle's and return by way of the cemetery, or go south from Wm. Cochran's and return by the way of A. L. Roger's. A beautiful drive is out to E. C. Sage's and cross the river along a wooded road and return past Jas. Rollins'. For fine scenery drive past McHenry Park to the old mill site and come up on the west side of the river. There are a number of nice drives leading to the north and west of town. One hardly realizes what a fine country surrounds our city until they have driven over it.

THE LONDALE STOCK CO.

Will open the regular theatrical season in Denison at the opera house next Monday night. The house and stage has been rehauled and remodeled since last season and is now in good shape. The management has been fortunate too, in securing a first-class attraction for that event as the company is one of the very best on the road to-day. It is composed of some of the brightest talent in the dramatic category of players, all being professional people of well known and recognized ability. Upon Monday night ladies will be admitted free and the house will, no doubt, be tested as to its capacity.

EXPLANATION WANTED.

The Review says J. P. Jones, formerly of this city is building a fine new residence in Denison. The Review, however, does not state whether Mr. Jones will occupy it himself—that is with a wife—or whether J. P. is doing it for an investment. At we look at it from a distance it appears suspicious—Defiance Enterprise.

CASE OF DIPHTHERIA.

The little son of Mr. and Mrs. Richard Johnson, living in east Denison, is sick with diphtheria, and the family has been quarantined. Mrs. Johnson and two children only recently returned from a visit to Rock Island and it is supposed that the disease was contracted while there.
