

The new wafer is just right (just crisp enough, just sweet enough, just gingery enough) and the sealed, air tight package keeps it just right until eaten. Ordinary ginger cakes and cookies, sold in the usual way, get moist and soggy in damp weather and hard and tough in dry weather.

### THE KIRON CHRONICLE

L. J. Miller and wife, of Deloit, spent a few hours here Wednesday forenoon sightseeing the town and from here they went to Schieswig.

A child's pocket book was found in the Mission church Sunday last containing a small sum of money which can be had by calling at the parsonage.

Also a boy's coat was found near the Baptist church Monday morning which was left at the postoffice.

Kiron has been visited by many Italians or dago railroad laborers, but all have been gentlemen compared with a portion of the crowd that played a game of gentlemen at the hotel Tuesday evening.

On Tuesday afternoon a game of ball was played between Deloit and Kiron resulting 28 to 10 in favor of Deloit. Deloit has a good team and too much for our boys. The usual amount of hooting and yelling was indulged in during the game. Our boys arranged for supper at the Getman hotel for the visitors and for a while it was hard to comprehend what sort of a crowd part of the crew was. Their ungentlemanly and disgusting acts at the table were enough to have shamed the most heathenish. If a return game is to be played we hope our boys will act the part of gentlemen and not bring a blot upon themselves and our town. Some of the players were gentlemen, but the balance, assisted by others from that place, missed the mark greatly.
