EXTRACTS FROM ROOSEVELT'S LETTER.

We stand for the prosperity of the country and for the renown of the American flag.

The Kansas City platform stands for re-acton and disorder, and for a policy abroad which would imply the dishonor of the flag.

Under the administration of President McKinley this country has been blessed with a degree of prosperity absolutely unparalleled.

This nation cannot afford to plunge into financial and economic chaos.

The policy of the free coinage of silver at the ratio of 16 to 1 is a policy fraught with destruction to every home in the land.

Men who are not willing to make such an issue (free silver) paramount have no possible justification for raising it at all.

If we are to prosper the currency of this country must be based upon the gold dollar worth 100 cents.

A depreciated currency means loss and disorder to the business man, but it means grim suffering to the wage-worker.

No good whatever is subserved by indiscriminate denunciation of corporations generally and of all forms of industrial combination in particular.

The American people cannot, if they wish to retain their self-respect, refrain from doing their duty as a great nation in the world.

The doctrine of the "consent of the governed" was not held by Jefferson or by any other sane man to apply to the Indian tribes in the Louisiana territory which he acquired.

Jefferson distinctly stated that the Louisianans were "not fit or ready for self-government," and years elapsed before they were given self-government.

The parallel between what Jefferson did with Louisiana and what is now being done in the Philippines is exact.

We are not taking a single step which in any way affects our institutions or our traditional policies.

Over enormous tracts, including the Indian reservations, with a territory as large as that of the Philippines, the constitution has never yet "followed the flag."

In Florida, acquired by purchase from Spain, the Seminoles, who had not been consulted on the sale, rebelled and waged war, exactly as some of the Tagals have rebelled and waged war in the Philippines.

No one deemed it necessary to push the doctrine of the "consent of the governed" to a conclusion so fantastic as to necessitate the turning over of

Alaska to its original owners, the Indian and the Aleut.

Nothing even remotely resembling imperialism or militarism is involved in the present development of the policy of expansion.

Our army is relatively not as large as in the days of Wayne. There is no more danger of a draft than there is of the reintroduction of slavery.

The only certain way of rendering it necessary for our republic to enter on career of militarism would be to abandon the Philippines to their own tribes and guarantee them against outside interference.

Properly speaking, the question is now not whether we shall expand—for we have already expanded—but whether we shall contract.

Our first care must be for the people of the islands which have come under our guardianship.

The merit system is in its essence as democratic as our common school system, for it simply means equal chances and fair play for all.

To grant self-government to Luzon under Aguinaldo would be like granting self-government to an Apache reservation under some local chief.

There would be no justification whatever in abandoning the wild tribes to work out their own destruction.

Cured of Chronic Diarrhoea After Thirty Years of Suffering.

"I suffered for thirty years with diarrhoea and thought I was past being cured," says John S. Holloway, of French Camp, Miss. "I had spent so much time and money and suffered so much that I had given up all hopes of recovery. I was so feeble from the effects of the diarrhoea that I could do no kind of labor, could not even travel, but by accident I was permitted to find a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and after taking several bottles I am entirely cured of that trouble. I am so pleased with the result that I am anxious that it be in reach of all who suffer as I have." For sale by C. F. Cassaday & Co., the Broadway Pharmacy.
