

SPLENDID CLUB ORGANIZED

McKinley and Roosevelt Club Started with big Membership.

A VERY ENTHUSIASTIC MEETING

Club is Well Organized and Should Soon have at Least Three Times its Present Membership. The Work to be Pushed.

The Denison McKinley and Roosevelt club was organized on Friday evening at the close of the city caucus. The republicans of Denison seem in earnest and determined to make the club a thorough success. During the day a membership roll had been circulated to a limited extent and with those who joined in the evening, the membership was swelled to over 125. This is a good start and indicates that much can and will be accomplished in the way of organization this fall. It is the intention to secure from the membership a uniformed rough rider's club and to make the club an effective part of the campaign this fall. The membership roll is now in the hands of Mr. Sears McHenry, and every loyal republican in Denison should make haste to become a member; an initiation fee is charged and every republican should feel it a duty and a pleasure to see that his name is enrolled. The officers of the club are as follows: President, Sears McHenry; vice-president first ward, A. C. Weeks; vice-president, second ward, W. C. Rollins; vice-president third ward, I. V. Jackson; secretary, H. K. Harthun; treasurer, N. L. Hunt; executive committee, Messrs. Kuehnle, Lally, Meyers and Neave.

We have not heard anything of the Bryan club which was to have been organized some two weeks ago, and we feel sure that had it been a success our democratic friends would have been talking more about it; this fact should

REPUBLICAN CITY CAUCUSES.

The republican caucuses met in accordance to call at the City Hall on Friday evening. Although usually but little interest is taken in the caucuses of either party, a large number were present. The list of delegates as chosen by the different caucuses appears in another column. At the close of the ward caucuses a general caucus was held in the city hall for the purpose of placing in nomination candidates for justices of the peace and constables. Hon. C. W. Von Coeln was selected as chairman of the caucus, and H. K. Harthun as secretary. Upon motion a ballot was taken for justices of the peace, the two highest to be declared the nominees. The result was: Gulick 37, McLennan 30, Montgomery 16, Jackson 13. Messrs. Gulick and McLennan were declared the nominees of the caucus. Upon motion the two former constables, Messrs. McAhren and Laub, were renominated by acclamation. Having no further business the meeting adjourned as a caucus to meet for the organization of a McKinley and Roosevelt club. The report of this meeting is given in another column.

Before the voters left the hall Mr. Montgomery stated that he wished to make a few remarks and said that he had cast his first ballot for Abraham Lincoln while in the army, that he had been a republican all his life, but that he felt that in his not receiving the nomination the old soldiers were not being treated right. He said that the republicans of this town had kept him as justice of the peace for 14 years and he felt that he had not had his fair share. He intimated however, that he might still vote for McKinley and Roosevelt. We greatly regret the circumstances which made it impossible for Mr. Montgomery to secure a re-nomination. The fact that he has been retained in office for 14 years by the republicans of Denison, shows that they have had the utmost consideration for Mr. Montgomery's military record, and by most men it would be considered fair, if not generous treatment. That he was not re-nominated is due to his own actions, and not to any desire upon the part of the republicans of this city to turn down an old soldier, or not to give them due recognition. We feel that Mr. Montgomery instead of feeling injured should feel grateful to the party which has for fourteen consecutive years maintained him in office.

DIED.

MOORE—In Omaha, on Friday, Sept. 21, 1900, at the home of her daughter Mrs. James Tracey, Mrs. Mary Moore, aged 68 years and 6 months.

Only two weeks ago Mrs. Moore was in Denison in comparatively good health, looking after the sale of a farm in Washington township. While here she contracted a slight cold which resulted in pneumonia setting in and causing her death as stated above.

Mrs. Moore and her husband, Mr. Pat. Moore, came to Crawford county in April 1872, and settled on a farm in Washington township. Here a family of seven children was brought up, all of whom survive the deceased. Mrs. Moore died in 1879, and in 1887 Mrs. Moore moved to Omaha to live with a married daughter. Her children are Mrs. Jas. Tracey, Stephen, Frederick, John and Edward of Omaha, Eugene of Cedar Rapids, Neb. and Mrs. James Kelly of Valley Junction, Iowa. Mrs. Moore is well remembered by many of our older citizens as a woman of sterling qualities. While living on the farm her hospitality was accepted and relished by many a weary traveler. Her children have lost a tender, loving mother, a friend at all times, a friend and counsellor never to be again gained in this life.

The remains were brought to Denison on Monday afternoon and funeral was held at the Catholic church, Rev. Father Farrelly preaching the ceremony. Interment was had in the old Catholic cemetery.

On Thursday Sept. 27, the Northwestern line will run a grand excursion to Omaha on account of Ak-sar-ben Carnival, at one fare for the round trip, tickets limited to Oct. 1. Returning special train will leave Omaha at 11:00 p. m. Greatly reduced rates on Sept. 25 to 28, limited to Oct. 1.

OBITUARY.

Fannie Shirliff, eldest daughter of Mr. and Mrs. H. Shirliff of Vail, Ia., was born at Lynnville, Illinois, on February 11, 1859, where she resided until 1865 when her parents moved to Kandiyohi county, Minnesota, remaining there until 1873. That year the family removed to Crawford county, Iowa, which since that time, has been Fannie's home. In 1881 she was married to Mr. R. J. Riey who, with a large family of children, father, mother, two brothers and one sister are left to mourn her loss.

She was a devoted wife, kind mother, obedient daughter, loving sister and a true friend; never complaining, but always patiently doing the tasks of this life. She was a member of the Episcopal church, and only a short time before her death expressed to the pastor the wish that she might be present at church services.

As briefly stated in the last issue of the Review, she died at the home of her sister, Mrs. J. L. Ainsworth, of this place, on Wednesday, Sept. 19th, at 5 o'clock p. m. Funeral services were conducted by the Rev. Allen Judd of Des Moines, assisted by the Rev. A. G. Martyn of this place, on the following Friday at 10 o'clock a. m. with interment at Deloit cemetery, many friends being present at the last sad rites.

The floral tributes by friends, and a floral pillow as an offering from the teachers of the Denison public schools, were beautiful indeed. Looking upon the calm, peaceful face of the one "Asleep in Jesus," one could read on that restful countenance, the words of Him who said:

"I have glorified thee on earth; I have finished the work which thou gavest me to do."

CARD OF THANKS—We wish to extend our thanks to those who were so kind to us in our great loss of little Freddie. MR. and MRS. CHRIS.

SIMPSON GOES TO MANILLA.

Receives Appointment in Veterinarian Quartermaster Department.

Dr. Hal C. Simpson bade good-bye to his many Denison friends last evening and started for Manilla, Philippine Islands. He has been appointed veterinarian in the U. S. army with headquarters at Manilla. It was only after long determination that the Doctor decided to accept the appointment. The money consideration, while good, is a matter of small note; it is along the professional line that the offer tempts Mr. Simpson. He is anxious that he may rank with the very best in his profession, and this alone impels him to go. The route taken was over the Central and Minneapolis & St. Louis to St. Paul and then over the Northern Pacific to Seattle, where he expects to arrive about Thursday. Later in the week he will take passage on the transport "Capack" and go straight to Manilla. The appointment is for one year and the salary is \$100 per month and transportation both ways. It is not often that a man of Mr. Simpson's travels 50,000 miles in a little over a year's time. His trip to South Africa covered something over 20,000 and now he is off for another 30,000 mile trip. We trust he may make the voyage in safety and at the expiration of one year return to Denison.

DRUG FIRM CHANGES.

Drybread & Co. Sell Their Stock of Goods to W. H. Armstrong & Co.

Owing to falling health, Mr. Drybread has been compelled to sell his drug business in Denison and will seek better health in Colorado. The transfer was made on Monday morning, the new firm being W. H. Armstrong & Co. Mr. Armstrong hails from Iowa Falls, is a chemist of long experience, and intends to push the business to the top notch. He will be assisted by Mr. B. M. Covault, of Cleveland, Ohio, also a first-class chemist. Mr. Armstrong is well pleased with our city and says he has come to stay. We welcome him and bespeak for him a good business. During Mr. Drybread's stay in Denison he has made many friends, who regret the departure of he and his estimable wife and trust that he may find the health he seeks in Colorado.

DENISON GETS NEW BUSINESS.

Mr. John C. Schuler, of Dubuque, to Open a Dry Goods and Shoe Store.

Negotiations have just been completed whereby Mr. John C. Schuler, of Dubuque, gets a lease of the McHenry store room, now occupied by Mr. Wygant. Mr. Schuler will arrive and take possession as soon as the room is fitted up, and will open up a stock of dry goods and shoes. The location is a desirable one, and Mr. Schuler being a man of long experience in the business, will undoubtedly build up a good trade. The Review joins in welcoming Mr. Schuler to Denison.

NOT PLEASED WITH HOUSE.

The Frank E. Long repertoire company which completed a week's engagement at the opera house, was one of the best companies visiting Denison in a long time. The company presented such plays as "Peaceful Valley," "The Middle Man," etc. in a very creditable manner. For some unexplainable reason the attendance was not very large, with the exception of Monday. Mr. Long took occasion on each evening to complain of the poor attendance, something those who were there were not to blame for, and this became monotonous. Patrons who did get out should not have been lectured for not bringing someone else. Another thing Mr. Long advertised upon three occasions was that a bicycle would be given away the last evening, but owing to the small house he announced that he could not do so, but would rather dismiss the house. The wheel should have been given away even if there were only a dozen present. He should have kept his word.

BIG CROPS THIS YEAR.

The American farmer will reap enormous crops of grain this year. According to the Cincinnati Current Price the estimated number of bushels of wheat is placed at 500,000,000; oats 800,000,000; corn 2,000,000,000. Last year's crop was considered as unparalleled, and this year is following closely in its steps. The price for all these cereals will be good and will continue to be so for an indefinite period. A vast majority of this product comes from the Mississippi valley and the west, and therefore the farmers of this section of the United States are well fixed financially.

Dr. C. S. Leech, New Dentist, over Bank of Denison. Special attention to Crown and Bridge work

The near approach of autumn makes the necessity for choosing materials for cool weather apparel an imminent one. Especially is it important for intending home dressmakers to make selections early and to be equipped with information that will enable them to know how to do this wisely. There are fewer actually new weaves in the present season than have been seen in several years. Poplins are favorably talked of, and prunelles, whipcords and Venetian cloths, according to Harper's Bazar, are to be among the best fabrics employed by conservative tailors. Plain toned effects in cloths and embossed grounds in silks may be said to represent the two classes of goods.

Cloths will be seen in a wide range of colors, including tans that are almost as pale as cream and deep rich brown, blue and green. The hairline striped cloths that have figured so popularly in men's garments will be adopted generally for the more gannish tailor gowns, but the satin faced Venetian cloths, prunelles and sublimes—the last silk warped and effective—are to lead in fancy afternoon cloth gowns. Camel's hair, plain, flecked and suggested plaid effects will also be plentifully used. Chevots and serges will as usual lead in favor for smart utility gowns that are to do service for the morning walk or shopping.

Miss Runkle and "The Helmet of Navarre."

The August Century is out of print as the result of the popular interest in Miss Runkle's historical romance, "The Helmet of Navarre," which began in this number. As a rule, the critics hesitate to pronounce judgment on a novel when only one installment of it has appeared; but in this case an exception has been made, and a chorus of praise has greeted the new story. Miss Bertha Runkle is the only child of Mrs. L. G. Runkle, a well known New York journalist and one of the editors of the "Library of the World's Best Literature." The present work is a maiden effort at fiction writing. She was born in New Jersey a few and 20 years ago, never went to kindergarten as a child nor to college as a young woman, has traveled little and has never been in France, which possibly accounts for her laying there the scene of her romance.

LAND AT \$64.00 PER ACRE.

A Farm of 160 Acres in Hays Township Brings a Big Sum.

On Saturday the executors of the estate of Levi Rowland sold a farm in Hays township three and one half miles south of West Side to Mr. Claus Thiedeman for \$64 per acre. The land in question hasn't a building of any description upon it, but is under cultivation, Mr. Thiedeman having farmed it for the past five years. Mr. G. R. Hunter of Funkstown, Md., and Mr. Harry E. Baker of Hagerstown, Md., were in attendance at the sale and feel much elated at having sold the land at a good price. Mr. Hunter has been in Iowa on one or two occasions before, but says he had no idea land was so valuable. Mr. Baker drove through Iowa in '69 going to the coast. Both are pleasant gentlemen to meet. We acknowledge a pleasant call.
