## SOLUTION NOW IN SIGHT.

Belief That French Proposal Will Meet With Favor.

## GERMANY TRIES IT AGAIN.

Edict of Chinese Emperor Ordering Punishment of Prince Tuan and Others Furnishes the Occasion for Another Note—Withdrawal of Americans.

Washington, Oct. 5.—Propositions of a far reaching character concerning China are being presented in rapid succession to this government. The state department had no sooner disposed of one of these propositions by delivering a response to the German government than it was confronted by an even more important proposition submitted by the French government, and within half an hour formally seconded by the Russian government.

The answer to Germany covered the subject of punishing Chinese offenders and made known that the United States had instructed Minister Conger along the lines suggested by Germany. These instructions look towards securing the names of the persons deserving chastisement, also whether the punishment accorded with the gravity of the crimes committed, and finally, in what manner the United States and the other powers are to be assured, that satisfactory punishment is inflicted. Aside from these specific purposes of the note, it is regarded as important chiefly as establishing the most satisfactory relations between the governments at Washington and Berlin.

The Franco-Russian proposal takes a much broader scope and submits a program under which the negotiations for a complete settlement can be carried forward. The French charge, M. Theibaut, handed the proposition to Secretary Hay shortly after noon yesterday, and held a brief conference concerning it. Half an hour later M. de Wollant, the Russian charge, arrived at the state department and handed to Mr. Hay a note expressing Russian approval of the propositions just submitted by France. Mr. Hay gave no formal answer to the two communications, as they will go first to the president at Canton.

The Franco-Russian proposition is under four heads, namely, first, punishment of the guilty parties; second, interdiction of the shipment of arms into China; third, payment of indemnity to the powers; and fourth, sufficient guarantees for the future. In addition, a suggestion is made for the establishment of a permanent legation guard at Peking; for the razing of the Taku forts and for the maintenance of a line of communication between Peking and the sea.

## NEW GERMAN NOTE.

Issues Another Message to the Powers on the Chinese Situation.

Berlin, Oct. 5.—An official of the foreign office informs the correspondent of the Associated Press that Germany is issuing a second note to the powers regarding the method of securing punishment for those guilty of the outrages in China. This note is issued as a result of the edict of the emperor of China beginning proceedings against Prince Tuan and others. The note will shortly be published.

## First Train on New Line.

Clinton, Ia., Oct. 5.—Yesterday a train pulled into this city which attracted considerable attention. It was the first train into this city by the Indiana, Illinois and Iowa Railway company. For several months past the residents of Clinton have been looking for this train and its appearance was hailed with considerable enthusiasm, as it means another railway for this city.

## Revenue Cutter Aground.

Havana, Oct. 5.—The revenue cutter Viking, with Governor General Wood on board, ran aground Tuesday afternoon on a key near the coast about 60 miles from Batsbano. A steamer has gone to tow the Viking off the reef. All the members of the party were safe.

## Carnival at Kansas City.

Kansas City, Oct. 5.—The carnival parade, esteemed by many to be the most interesting event of Kansas City's week of festivity, was viewed by probably the largest crowd of visitors ever in the city on a similar occasion. The parade was full of grotesque features, King Kiki and his band of merry followers, having invented many novelties of a pleasing nature.

## Southern Tour of Prohibitionists.

Harriman, Tenn., Oct. 5.—The prohibition special train arrived at Harriman Junction last night from Cincinnati. In Kentucky stops were made at Georgetown, Lexington, Nicholasville, Wilmore, Danville and Somerset, closing with the evening meeting here. The train left this morning for Chattanooga.

## OPPOSE THE WITHDRAWAL.

American Citizens in China Think That Troops Should Be Kept There.

Tien Tsin, Oct. 4.—At a meeting of American citizens at Tien Tsin the following resolution was adopted: We, citizens of the United States, deplore the contemplated withdrawal of a large part of the United States troops in North China. We feel the work of the allied armies is far from accomplished and the refusal of the American government to take part therein, is sure to be regarded by the allies as an unworthy act, and by the Chinese as a sign of indifference. We urge our government to carry to an end the work it has so honorably and efficiently begun, and to maintain a sufficient force here to secure the protection of American mercantile and missionary interests until a settlement of the present trouble is accomplished.

## BORALMA A WINNER.

Takes Down the Transylvania Stake at Lexington After Meeting With Accident in First Heat.

Lexington, Ky., Oct. 5.—Interest in the third day's meeting of the Kentucky Trotting Horse Breeding association's fall meeting was centered on the Transylvania 2:13 trot, purse \$5,000. Boralma, winner of last year's futurity, from Lawson's Boston stable, was the favorite. In the first heat, Boralma and Bay Star collided about 125 yards from the wire. Both went down and John Kinney, Bay Star's driver, received a wrenched knee. The field finished, York Boy winning at the conclusion of the heat. Bay Star was placed eighth and Boralma ninth. Both horses were greeted with loud applause on their reappearance on the track for the next heat. In the second heat, Boralma was the outside horse, but took the pole before the first quarter had been reached. He kept this position to the finish. In the stretch York Boy gave the Boston horse a hard drive. Boralma won the third heat easily. The game Boston horse finished first in the last heat, winning the race.

In the 2:20 trot Newton A. won the first two heats easily. In the next three he lost his speed, Colonel Stranger coming to the front and winning. In the futurity for 2-year-olds Furl won the first heat easily. Alice Mapes, in the following heat, made a strong race, finishing first. In the third, Miss Ophelia and Alice Mapes were neck and neck in the stretch, but the latter was pulled away and finished fully two lengths ahead, winning first, third and fourth money.

## Five Soldiers Perish in Mountains.

Washington, Oct. 5.—General MacArthur reported to the war department yesterday that five soldiers died in the mountains of Laguna province after having made their escape from the insurgents, by whom they had been captured. The date of their death is unknown and no details are furnished as to the manner of their death. It is supposed, however, that they perished from starvation and exposure after having lost their way.

## Arrest Leader of Counterfeiters.

Wichita, Kan., Oct. 5.—T. M. Frantz, leader of a gang of alleged counterfeiters, was arrested here late last night. He lives at Canton, Kan., and is a man who stood high in that community. The coins are made out of Mexican silver dollars and Galena lead. Frantz is said to have coined the money. George Bell, Isaac Bell and Frank Nolan are in the federal jail at Fort Scott, accused of passing the coins at Galena and Joplin.

## Revenue Cutter Aground.

## TELEGRAPHIC BRIEFS.

All war taxes on importations to Venezuela from foreign countries have been abrogated.

## Hanna a Target for Chunk of Ice.

Chicago, Oct. 5.—Senator M. A. Hanna was the target for a ten pound chunk of ice last night at the Thirty-first Ward Republican meeting. The ice was dropped through an aperture in the tent directly over the speaker's stand. It did not miss Hanna's head over two inches, and had it struck him, would have knocked him down and probably fractured his skull. The police said it was probably the work of some mischievous boy who had secured the ice from a neighboring saloon.

## ROOSEVELT AT OMAHA.

Demonstration in Honor of the New York Governor.

## BIG MEETING HELD IN TENT.

Political Issues of the Day Discussed to a Large Assembly—Makes Ten Addresses at Various Points in Nebraska—Brilliant Night Scenes at Omaha.

Omaha, Oct. 5.—Governor Roosevelt was met at the train last evening as it rolled into the station after a day of strenuous effort, in which no less than ten speeches were made, by the reception committee of this city, and after a parade through the streets he was conveyed to a tent where an enormous audience had assembled to hear him speak. The street reception accorded the governor was an extremely warm and brilliant affair, and enormous crowds lined the streets. His speech was one of the ablest efforts he has made on his journey. He spoke an hour and a half, and was listened to with profound attention by an audience much above the average of political audiences in intelligence. At midnight Governor Roosevelt departed on his Iowa trip.

Governor Roosevelt said, in part: It is a pretty difficult thing to know what issue to discuss because our opponents change the paramount issue so often. I am perfectly willing to meet them on any issue if they will only stay long enough on it. Now what need is there for me to discuss economic and financial questions when they do not dare to discuss them themselves.

Now take the question of free silver. If any of you are fortunate enough to know whether Mr. Bryan, if elected, will pay the obligations of the nation in gold or in silver, I wish he would divulge his knowledge, for Mr. Bryan will not. There is no doubt about where we stand on the gold standard and we stand on it on the Atlantic seaboard and in the Rocky mountains—anywhere. We are fortunate enough in having issues which stand wearing in any part of the country. Now, gentlemen, some people say that the silver issue is dead. The silver issue cannot be dead when people are uncertain as to how a candidate of one of the two great parties would pay the obligations of the government. No issue is dead when you cannot tell whether a creditor or a pensioner or whoever he may be is to get 48 cents of a hundred on a dollar. It is dead to that extent, that nobody ventures to argue in its behalf.

All I want you to do from a material standpoint is to examine Mr. Bryan's proposals of four years ago and then to yourselves compare those proposals with their signal non-performance. The spirit moved Mr. Bryan and he prophesied that unless you had free silver the wage worker would stand idle in the market places. That was the prophecy. The fulfillment was that the wage worker has very nearly double as much work as he had before. That was the way it came out, and he prophesied again. He said that if they elected McKinley the farmer would find the products of his farm diminishing in value, when in your own state of Nebraska they have increased from 15 to 60 per cent in the different productions. You do not have to take my word for anything of this kind. Simply look up the statistics and find out what has happened among your friends.

The last paramount issue that seems to have been developed on the other side is the issue of trusts. I am only going to ask your attention for one moment to that. By trusts, of course, is now meant the great aggregations of corporate wealth which, although not technically trusts, are such as we commonly understand the word in speaking one to another. It is idle to say that all of these great corporations do evil. If you understood the circumstances concerning them all, you would never in the world go back to some of the conditions that preceded the present system of consolidation. Take for instance the great railway lines in my own state of New York. At one time, in order to get from New York to Buffalo you had to change cars five times and travel on five different lines. It was four times as uncomfortable and three times as costly to travel and to ship freight than as now. There a positive benefit came from consolidation.

The whole development of our highly specialized and highly complex modern industrial civilization has been attained and produced by these great aggregations of corporate wealth. There has been good and there has also been evil. The man who denies the evil is just as foolish as the flamboyant person who thinks that it is all evil. There are evils and they have got to be cut out. They are going to be cut out. Not by oratory, but by common sense. One of the first things to do is to make up your mind that you want in getting rid of the cancer to avoid killing the patient. The very fact that the problem is complex means that there will probably be a remedy to cure it. Governor Roosevelt discussed at considerable length the franchise law passed in New York and its operations. He also illustrated what he denominated the twin phantoms, imperialism and militarism, and appealed to all true Americans to stand by the policies which had made the American nation powerful among the other nations of the earth.

## Hanna a Target for Chunk of Ice.

Chicago, Oct. 5.—Senator M. A. Hanna was the target for a ten pound chunk of ice last night at the Thirty-first Ward Republican meeting. The ice was dropped through an aperture in the tent directly over the speaker's stand. It did not miss Hanna's head over two inches, and had it struck him, would have knocked him down and probably fractured his skull. The police said it was probably the work of some mischievous boy who had secured the ice from a neighboring saloon.

A state and congressional middle-of-the-road Populist ticket was nominated Thursday at a conference held in Yankton, S. D.

## ARRESTS IN RICE CASE.

Lawyer Patrick and His Valet Charged With Forgery.

New York, Oct. 5.—Captain McCloskey, chief of the detective bureau, last night announced that his men had arrested Lawyer Albert T. Patrick and the valet, Jones, for forgery in connection with the case of William M. Rice, the Texas millionaire, who died

WILLIAM MARSH RICE, suddenly in this city a week ago Sunday.

The exact charge against Patrick and Jones is that they forged signatures to checks and assignments drawn by the late millionaire aggregating a quarter of a million dollars.

## POISONS THE CHEESE.

Colored Servant Girl Prepares Strychnine for an Ottumwa Family but Sargent is Druggist.

Ottumwa, Ia., Oct. 5.—A 12-year-old colored girl of this city placed a large quantity of strychnine in a jar of club house cheese yesterday with the intention to kill her employer's family, and now shows no repentance for the deed.

Emerald Hamilton has been in the employ of W. L. Sargent, a prominent druggist of this city for four months. Yesterday she was charged with larceny and confessed. She was discharged, but before she left the house, managed to place 15 grains of strychnine which had been used to poison rats, in a jar of club house cheese. The Sargent family partook of the cheese for supper, but Mr. Sargent's technical knowledge at once told him that some of the food had strychnine in it. He promptly prepared emetics and gave it to the others with the result that all recovered.

## McGarry Gets a New Trial.

Dubuque, Ia., Oct. 5.—It came as a surprise to people of Dubuque to learn that the supreme court of Iowa has reversed the decision of the Dubuque district court in the case of John McGarry. The latter was convicted of murdering Attorney Lavake some two years ago. McGarry was sentenced to life imprisonment, but this decision means a new trial, because some technicalities were not observed in the first trial.

## Messenger Was Ready for Robbers.

St. Joseph, Mo., Oct. 5.—Express Messenger Charles E. Baxter, who killed the Burlington train robber near Council Bluffs, was on the passenger train which was held up and robbed at Roy's branch, near here, on Jan. 18, 1894, when the safe was looted. He has been ready to use a Winchester since that night.

## DEMOCRATS HEAR BRYAN.

Addresses Gathering of Clubs at Indianapolis.

## CLOSE OF THE CONVENTION.

Candidate Escorted Through the Streets by Marching Clubs—Characteristic Demonstration at the Hall—All Join in an Enthusiastic Welcome.

Indianapolis, Oct. 5.—The hall in which was assembled the National Association of Democratic clubs was thronged with people yesterday afternoon, probably 5,000 being present, but as the hour approached for the advent of Mr. Bryan at 4 o'clock the aisles were filled to a degree of almost suffocation. After Adlai E. Stevenson had concluded James R. Sovereign, ex-grand master workman of the Knights of Labor, spoke, dealing with the workman from a political standpoint.

Mr. Sovereign was followed by J. Milton Turner, minister to Liberia under Grant's administration, who spoke briefly. As Bishop Turner concluded, Mr. Bryan appeared upon the platform. His arrival served to instill into the meeting a degree of enthusiasm which had not marked the proceedings of the convention. He reached the city a few minutes before 3 o'clock. He was escorted through the streets by a number of marching clubs and he was welcomed at every turn by throngs of people.

As soon as the Democratic national candidate appeared on the platform there was a wild shout of greeting and this soon developed into a demonstration, which continued for about 6 minutes, until, indeed, there was a call for a cessation from Mr. Bryan himself. The speech was liberally applauded throughout and when it was concluded there was a rush to the stage on the part of those in the audience who wished to shake hands with him. He, however, avoided this demonstration and soon found his way back to his hotel.

## Mr. Bryan Spoke as follows:

The Republican party is not prepared to meet the issues of this campaign. The Republican party is today dodging and running from nearly every issue in the campaign. When they started out they said the money question was the question of paramount importance. But, my friends, they found that when a man says that a question of money is more important than a question of government, he at once arouses suspicion and people begin to wonder whether he thinks a dollar is more important than a man. Think of trying to make the money question paramount in this campaign! Why, my friends, when the money question was paramount in 1896, we found the Republicans trying to make out that the tariff was the paramount issue. Now, when the question of human race and human liberty are at stake, the Republicans say that the money question is the paramount issue. The American people have not yet decided in favor of imperialism. The Republicans refuse to meet it. They say now that the reason we are in the Philippines, the reason our boys are dying, the reason a large army is necessary, the reason we cannot come home is because I helped to ratify the treaty.

If it is the hand of God that takes us to the Philippine Islands, why do the Republicans want to lay it onto a Democrat? Now they say the war would stop if it were not for the Democratic party. They say that the Filipinos would lay down their arms but for the hope they have that I may be elected. My friends, whenever a Republican tells you that, you tell him that the colonists fought the same battle that the Filipinos are fighting and that they did it nearly a hundred years before I was born.

Tell them that the republic of South Africa fought the same fight before this question ever arose in American politics. Tell them that the Cubans waged a war for 30 years to secure the same rights before there was ever an anti-imperialist party in this country or ever need for such a party. Tell them that the Filipinos issued a declaration of independence patterned after that of the United States before imperialism ever entered into American politics. My friends, they do me too much honor when they say that I am responsible for the Filipinos' hatred of foreign domination. If they have not forgotten the teachings of Abraham Lincoln they would know that he said it was not a party or a man, but God himself who planted in the human heart the love of liberty which no Republican party can take away.

Mr. Hanna says there are no trusts. That settles the question. He ought to ask his wife. Every wife knows there are trusts. The only trust any Republican in this country seems to know about is the ice trust and the Republicans don't know much about that, for if they did they would know that every stockholder is a Republican. If they knew more about the ice trust they would know that its harm was confined to the people of New York, and if they knew that they had as governor of that state of New York a man who would not let any harm come to his people, they would know there would be no ice trust there, for the governor would kill it.

## Crane Again Nashed for Governor.

Boston, Oct. 5.—The chief feature of the Republican state convention outside of the regular program was the presence of Senator Henry Cabot Lodge, who made a speech in which he eulogized Senator Hoar, urging his re-election. The ticket is headed by W. M. Crane for governor.

## Hurn is Improving.

Beatrice, Neb., Oct. 5.—W. J. Hurn, who was shot by Dr. W. F. Lee Sept. 30, is reported as considerably improved. Dr. Lee was brought before Judge Bourne at midnight and released on \$3,000 bond to appear Oct. 22.

## STRIKERS' LINES INTACT.

No Break From Their Union Notwithstanding Operators' Offer of Increase.

Hazleton, Pa., Oct. 5.—Not the slightest notice has been taken by the striking miners of the 10 per cent advance offered the employes by several of the larger coal companies. As far as is definitely known not one striking miner has accepted the advance, but on the other hand, more have quit their places, notably in the Schuylkill region, where three additional collieries of the Reading company were shut down. The United Mine Workers' officials are still hard at work trying to close the few mines that continue in operation.

## LOOKED LIKE TROUBLE.

Mine Workers' Officials Succeeded in Turning Back Army Marching on Treverton—Collieries Suspend.

Shamokin, Pa., Oct. 5.—Three thousand strikers, headed by a band, and 300 slate picker boys, the latter carrying small American flags, left Mount Carmel at 6 o'clock last evening to march to Treverton, 16 miles distant, in Northumberland county, to compel the workmen of the Franklin colliery to remain at home today. Five carloads of deputies from Schuylkill were sent to the scene.

President Fahey of the Ninth United Mine Workers district telephoned from Pittsville to George Hartline, secretary of the district, to stop the march. Hartline, accompanied by several local members of the executive board, hurried up the road and at Green Ridge, three miles out from Mount Carmel, came upon the marchers. The committee mounted a platform and Hartline, in a 5-minute address to the highly excited men, persuaded them to go home. Then he hurried to this place, where 5,000 miners were gathered on Shamokin and Commerce streets, awaiting the arrival of the marchers. From a hotel balcony Hartline told of his successful mission and pleaded with his auditors to disperse, which they did.

Some time later North Franklin announced that to prevent trouble the colliery would not be opened until the strike was settled.

## Root Knocks Out Creedon.

Kansas City, Oct. 5.—Jack Root of Chicago knocked out Dan Creedon of Australia in one round at Convention hall last night in the presence of 5,000 spectators. The fight lasted two minutes and thirty-four seconds. Root landed a hard right swing on the jaw, flooring Creedon, and ending the fight. Creedon outweighed his opponent 20 pounds, but at no time was he able to land a damaging blow. Root was the aggressor from the start, hitting the Australian at will. Root escaped without a scratch. Creedon struggled to his feet after ten had been counted, but it was a minute before he recovered his senses.

Temple Will Be Erected for Baron von Ketteler and Officials Degraded.

Taku, Oct. 1.—The dowager empress has deputed the highest official of the empire to make all necessary arrangements for a most imposing funeral in honor of Baron von Ketteler, the late German minister to China. She has also ordered the erection of a suitable temple at the capital to his memory. The superintendent of trade at Tien Tsin has been ordered to meet the body on its arrival here and the highest officials at other ports will pay the greatest honor to the dead. An imperial edict degrades from all ranks and offices Prince Tuan, Lan Yi, Kang Yi, Tung Fui Siang and others concerned in the Boxer movement.

## Withdrawal of Americans.

Tien Tsin, Oct. 2.—The withdrawal of the United States force from Peking will begin tomorrow. The marines, Major W. P. Biddle commanding, will march from Tien Tsin and the Fourth infantry regiment will follow them closely. The American garrison at Ho Si Wu and Pei Tsang will also be withdrawn. Most of the allied generals are opposed to the campaign of revenge which it is supposed the Germans have in view. The Germans are planning a movement east of Tung Chow to capture the arsenal.

## Herron Will Join the Socialists.

Eldorado, Ia., Oct. 5.—Dr. George B. Herron, the eminent socialist orator and writer, has just returned from an eight months' trip abroad, and in an address has stated that he expects to cast his lot with the Socialists.

Maxwell W. Long of the New York Athletic club Thursday, at the Guttenburg track, broke the world's 440-yard running record, going the distance in 47 seconds.

President Young of the National League has sent to President Charles Zimmer of the Ball Players' union notice that a committee of three club owners has been appointed to meet a committee of the union and discuss the matter of grievances to be held Oct. 25.
