It Happened in a Drug Store.
"One day last winter a lady came to my drug store and asked for a brand of cough medicine that I did not have in stock," says C. R. Grandin, the popular druggist of Ontario, N. Y. "She was disappointed and wanted to know what cough preparation I could recommend. I said to her that I could freely recommend Chamberlain's Cough Remedy and that she could take a bottle of the remedy and after giving it a fair trial if she did not find it worth the money to bring back the bottle and I would refund the price paid. In the course of a day or two the lady came back in company with a friend in need of a cough medicine and advised her to buy a bottle of Chamberlain's Cough Remedy. I consider that a very good recommendation for the remedy." It is for sale by C. F. Cassaday & Co.

CONVENTION AT SCRANTON.

President Mitchell Issues Call for the Gathering—Basis of Representation One Delegate for Each One Hundred Miners. Fourth Week of the Strike.

Shenandoah, Pa., Oct. 9.—President Mitchell at 10:05 a. m. issued a call for a convention of the three districts comprising the anthracite field to meet in Scranton on Friday next. The text of the convention call is as follows:

To All Miners and Mine Employees of the Anthracite Region—Brothers: In view of the fact that the mine operators have posted notices offering an advance in wages formerly paid and believing it to be our plain duty to consult your wishes as to our future action, we deem it advisable to ask you to select delegates to represent you in convention.

You are therefore notified that a convention will be held at Scranton, Pa., beginning Friday, Oct. 12, at 10 a. m.

The basis of representation will be one vote for each 100 persons on strike, or, if desired, one delegate may represent as many as 500 mine workers, but no delegate will be allowed to cast more than five votes.

Each delegate should have credentials signed by the chairman and secretary of the meeting at which he is elected, and whenever possible credentials should bear the seal of the local union.

JOHN MITCHELL,
President of the United Mine Workers of America.

Acceptance is Looked For.

Philadelphia, Oct. 9.—Qui-tu't prevails throughout the anthracite regions, the call for the general convention being generally accepted as a signal for a cessation of hostilities. It is the general expectation that the decision of the convention will be to accept the offer and return to work. There were many expressions of satisfaction by miners and operators and by merchants and others in the mining sections over the prospect of an early settlement of the troubles.

Yesterday completed the third week since the strike went into effect.

The miners will have parades and mass meetings at Shamokin today and at Scranton tomorrow. President Mitchell will be in attendance and is expected to speak at both places.

NO MARCHING AT HAZELTON

Mine Owners Had Armed Guards, But No Trouble Appears.

Hazleton, Pa., Oct. 9.—In anticipation of marching by the strikers every one of the dozen collieries in this district in operation, in a more or less crippled condition, was virtually an armed camp during the night, but the expected did not happen and the community remains undisturbed. There was no marching of large bodies of men, but crowds of strikers gathered, as is their custom every week day morning, in the vicinity of the various collieries that remain in operation. The greatest crowd, which numbered probably 300 men, assembled in the neighborhood of the Cranberry colliery of A. Pardee & Co., on the outskirts of this city. Quite a number of the workmen on their way to this mine were turned back, some through fear and others through persuasion.

No Trace of the Captives.

Manilla, Oct. 9.—The report of the capture of about 60 men of the Twenty-ninth United States Infantry on Marindique Island is confirmed through communications received by MacArthur and Kempff from Marindique island, but details are lacking. The Yorktown's relief column landed at Torrijos, on the Marindique coast, and marched to Santa Cruz, which was the proposed route of the captured party, without encountering the enemy or learning anything definite regarding the captives, except that they had entirely disappeared.

Supreme Court Convenes.

Washington, Oct. 9.—The United States supreme court convened at noon yesterday, Justice Gray and Justice McKenna being absent. No motions except for admission to practice were entertained. The docket will be called today.

MEETING OF DUNKARDS.

Thousands of Visitors Fed and Washed at the Indiana Church.

Hagerstown, Ind., Oct. 9.—The annual "big meeting" of the Dunkards is now in session at the brick church of the denomination, a mile west of this town. This annual meeting is in no sense a business function, but is purely social and held for the purpose of celebrating literally the apostolic command of foot washing and partaking of the last supper. Many distinguished preachers attend the meeting, which lasts two days, and the large crowds which attend is abundantly fed in the basement of the church.

All comers are welcome and no questions are asked. Thousands are fed. The church building is a curiosity in itself. It is absolutely without ornamentation. There is no front entrance, the door being in the rear.

SECURE YOUTSEY JURY.

Examination of Witnesses Begun—Some Strong Testimony Against the Accused. Jury Will View Scene of Tragedy.

Georgetown, Ky., Oct. 9.—The Youtsey trial began in reality yesterday and remarkable progress was made once the examination of witnesses began. The jury will be taken to Frankfort today to view the scene of the tragedy. The most important witnesses of the day were M. H. Todd, Frank H. Johnson, J. B. Matthews, Louis Smith and Wade Watts. Their testimony was circumstantially strong against Youtsey, but his attorneys are confident of disproving any presumption of his participation in the murder. Culton and Golden have yet to testify as to Youtsey's talk about the steel bullets and his receiving the key from John Powers.

Court Martial to Try Cadets.

Radford of Michigan and William P. Reid of Arizona. The accused had a fourth class man, Cadet Dorch, in a room where he was made to stand on his head.

Knocks Out Liquor Law.

Sioux Falls, S. D., Oct. 9.—United States Judge Carlund, in a decision handed down here yesterday, declared that the new state liquor law, which requires wholesalers of malt liquors to pay a state license, is void, as discriminating. The decision was in a suit for injunction brought by a St. Paul brewing company, whose warehouse at Aberdeen, S. D., was closed for refusal to pay the license. The court granted an injunction restraining the authorities from closing the warehouse.

OWNERSHIP OF LAND FIXED.

People Fight Over Property Which Finally Goes to the State.

St. Louis, Oct. 9.—An important legal decision affecting the ownership of 1,000 acres of land in this county was rendered by Judge Wakefield of the district court. The land is known as the sandhill lands, being the dry bed of the old Sandhill lake, near Salix. People owning property in the vicinity claim the land by right of accretion.

W. L. Ogden secured a swamp land title and began suit, claiming them as swamp lands. The case has been in the courts for many months and has been hard fought. Judge Wakefield held against both the plaintiff and the defendants, deciding the land belongs to the state of Iowa.
