## TROOPS TO STOP REBELS.

Column is Dispatched to the Kowloon Frontier.

## CHINESE COURT AT SIAN FU.

Recent Edicts Removing Moderates From Office Indicate Prince Tuan's Ascendancy—Powers Practically Unanimous on French Proposal.

Hong Kong, Oct. 15.—A column of troops was dispatched this morning to the Kowloon frontier, with the object of barring armed refugees, either rebels or imperial troops, from entering British territory when defeated.

The rebels are reported to be 300 strong, 30 miles north of the British frontier.

A thousand of Admiral Ho's troops are in pursuit of them, while 2,000 Chinese troops have left Canton, overland, to intercept the rebels.

Admiral Ho has informed the governor that the rebellion was carefully planned. The rebels are anxious to conciliate the villagers and gain the respect of foreigners, hence the absence of outrage and pillage. All indications point to the rising as being widespread. Outbreaks occurred simultaneously in several centers of Kwang Tung and Kwang Si.

Apparently Kank Yu Wei, Sun Yu Sin and the Triads have amalgamated their forces in the common cause—to overthrow Manchuria in South China. Some positive indication of the attitude of the foreign powers is anxiously awaited.

The rebellion in the Kwang Tung province is serious. Chinese authorities are unable to suppress the rebels. The depletion of the Canton garrison of 7,000 men renders the city unsafe and piracy is rampant in the river delta.

Last night the rebels attacked Macao, but the Portuguese soldiers soon dispersed the rabble.

A French launch was captured by pirates Oct. 13, near Mon Chow. The pirates secured \$32,000 in specie.

Peking, Oct. 10.—Li Hung Chang has arrived at Tung Chow, escorted by Russians. It is said he will arrive here tomorrow.

The British column under Lord Campbell, which forms part of the expedition against Pao Ting Fu, and is making a detour to the south of Pao Ting river, reached Tu Liu, on the grand canal, yesterday.

## ALL BUT GERMANY ANSWER.

Informal Reply From That Country on French Proposal.

Paris, Oct. 16.—Germany is the only power which has not replied formally to France's note on China, though it has verbally accepted its terms.

Japan's answer, received yesterday, accepts the proposals, retaining only one condition. This refers to the importation of arms. While agreeing with the principle, Japan offers suggestions as to how the prohibition can best be accomplished.

A dispatch received at the French foreign office from Hankow, dated Oct. 13, says the Chinese court arrived at Sian Fu Oct. 12.

Call a Halt on Chamberlain.

London, Oct. 16.—Mr. Chamberlain having served the purpose of the Unionists in securing a big majority in the parliamentary general election, which is admitted on all sides to be chiefly due to him, there seems a disposition on their part, manifested in the Unionist press, to put a stop to the colonial secretary's further ambitions. The Conservative organs loudly proclaim the "absolute necessity" of retaining Mr. Chamberlain at the colonial office, asserting that he is "too hasty and indiscreet for the foreign office."

Fear Carlist Agitation.

Paris, Oct. 16.—A dispatch from Madrid says the Spanish government is greatly concerned at the revival of the Carlist agitation and the discovery of a depot of arms at Lerida, Catalonia. Four arrests were made, including a man named Nimbo, who styles himself "Chief of the Carlist administration." The Herald of Madrid says the Carlists are preparing, feverishly, to open a campaign at the end of the present year.

Patrick and Jones in Court.

New York, Oct. 16.—Albert T. Patrick and Charles F. Jones, the former one of the counsel and the latter valet for the late William M. Rice, millionaire, appeared before Police Magistrate Crane yesterday, charged with complicity in forging the name of William M. Rice to a check for \$25,000, drawn in favor of Patrick on the banking house of S. M. Swenson & Sons. Patrick and Jones both pleaded not guilty.

Prepare to Receive Bryan.

New York, Oct. 16.—Tonight will occur the demonstration in this city in honor of W. J. Bryan. Preparations of a most elaborate character have been made, with a view of making the occasion the most spectacular and memorable ever extended to a candidate for political honor in the history of America.

## HANNA STARTS ON HIS TOUR

Large Amount of Time Will Be Devoted to South Dakota.

Madison, Wis., Oct. 16.—Senator Hanna began his speech-making tour of the northwest yesterday by making six addresses in Wisconsin, two of them of some length. The principal addresses of the day were made at Waukesha, where the special train carrying Senators Hanna and Frye and other Republican leaders, was held for over an hour, and at Madison. Short speeches were also made at Racine Junction and Racine. Senator Hanna was everywhere greeted by immense crowds, his reception at Madison being particularly enthusiastic. In his speeches Senator Hanna laid particular stress on the trust question and the position of the Democratic party in regard to the tariff.

"There are no monopolies in this country," he said, "except those which are protected by a patent issued by the government."

Senator Hanna also said that the Standard Oil trust, the sugar trust and other great combinations had been killed, so far as they were trusts, by the Sherman law.

More time and attention will be given to South Dakota than any other state in the list to be visited. Senator Hanna could not say at present just the number of places at which he would be expected to make a talk in South Dakota, but thought he would practically cover that commonwealth from one end to the other.

Except Omaha, he could not say where the Nebraska committee would send him in Mr. Bryan's state. The start in South Dakota will be made at Watertown today.

## RESUME YOUTSEY CASE

Testimony of Goebel's Brother the Feature of the Day at Georgetown—Defendant's Condition.

Georgetown, Ky., Oct. 16.—The Youtsey trial was resumed yesterday, although Youtsey was reported in the same condition as last week. His room door was opened and his bed pulled up in plain view and hearing of the jury, and while the witnesses were being examined Youtsey could be heard calling his wife's name in a hollow, monotonous voice and she could be seen sitting on his bed.

The feature of the day was the testimony of Arthur Goebel, the brother of the murdered man. He told of a conversation with Youtsey, in which the latter stated that Governor Taylor had ordered the killing of Goebel and that he had let Berry Howard, Dick Coumb and Jim Howard into Powers' office the morning of the shooting.

Roosevelt Leads His Tour of Kentucky.

Covington, Ky., Oct. 16.—Addressing one of the largest crowds that has ever assembled in this city to listen to a candidate for public office, Governor Roosevelt last night ended his campaign in Kentucky. Long before the governor's arrival here court house square, in which the speaker's stand had been erected and decorated, was congested with men and women, anxious to hear him. As had been the case at every other point in the state, there was preserved the best of order.

Cleveland Greets Bryan.

Cleveland, Oct. 16.—The reception tendered to Mr. Bryan in this vicinity was the most brilliant he has received on his entire tour. The Central armory, holding many thousands of people, where he made the first speech of the evening, was filled to suffocation, and Bond street, a broad thoroughfare leading from the Hollenden hotel, and along which Mr. Bryan was to pass to reach the armory, was so densely crowded with people that it was difficult to get through the mass.

## COMMUNICATIONS ARE CUT.

Field Marshal's South African Engagements More Pressing Than Imagined. Rumors of Attacks on the Railway—Return of Refugees Postponed.

London, Oct. 16.—The Durban correspondent of the Standard says: Railroad communication north of Standerton has been suspended since Thursday. There are persistent rumors of Boer attacks on the railway. Considerable uneasiness has been caused by the postponement of Lord Roberts' departure.

London, Oct. 16.—Commenting on the activity of the Boers and the statement from Cape Town that Lord Roberts has postponed his home-coming, the Standard says: "There are certain indications pointing to the conclusion that unexpected difficulties have arisen which Lord Roberts deems grave enough to demand his presence for some time to come. All the facts suggest that it is impossible yet to denude South Africa of any substantial portion of the large army."

The editorial calls for the most severe measures against the irreconcilable Boers. "Prompt and ruthless punishment for every insurgent burgher caught in delicto."

Roberts Thanks Buller.

London, Oct. 16.—Lord Roberts, in an army order announcing the return of General Buller to England, thanks Sir Redvers for his gallant service while he was commander-in-chief of the British forces in South Africa and for the ability with which he carried out the operations, while serving under Lord Roberts, which "resulted in the collapse of the Boers in the eastern Transvaal."

Lays Blame on Boer Leaders.

Berlin, Oct. 16.—The Berliner Tageblatt publishes a letter from Machadodorp, which concludes as follows: "Not superior numbers, nor the greater military capacity of the British, but treason, folly and puffed-up impotency among our leaders, caused our ruin."

Among those in attendance were persons from abroad who had been invited and were guests of the colony for the day.

Charge Boys With Train Wrecking.

Chicago, Oct. 16.—Four boys, suspected of having caused the wreck of the New York and Boston express on the Lake Shore railroad at South Chicago Sunday, were arrested yesterday. The boys, ranging in age from 9 to 11 years, deny that they wrecked the train, but one of them said he knew two boys who had stolen parts of the switches. The train was derailed by an open switch and two men were killed and three injured.

The rule is returnable at 4 p. m. today. The grounds for the application are alleged irregularities on the part of certain stockholders in securing the control of a large block of stock.

Complaint to Labor Commissioner Starts Investigation in Des Moines.

Des Moines, Oct. 16.—The state began an investigation of child labor in Des Moines. Labor Commissioner Weenerstrum received a complaint Saturday that a certain Des Moines institution had in its constant employ a large number of children. He at once arranged for an investigation, with a view to furnishing the state with specific information on the subject of child labor in Iowa, that it may be adjusted by law. It is probable that incidentally this investigation will assist the friends of the projected compulsory education measures. The labor commissioner will not give out the name of the firm.

## NEELY CASE NOV. 12.

United States Supreme Court Will Pass Upon Several Important International Points Next Month.

Washington, Oct. 16.—The supreme court granted the motion of the government to advance the Neely cases and assigned them for hearing Nov. 12. The cases came up from the federal court of New York on the decision of Judge Wallace denying a writ of habeas corpus. The government is very anxious for a decision which will settle the international questions involved. The court also assigned for the same day the two cases which involve the question as to whether the constitution extends over the new possessions. One case is the case of Goetz, a New York tobacco importer, appealing from the decision of the United States court of the southern New York district, making tobacco dutiable under the Porto Rico tariff act. The other comes up on appeal from the federal court of Illinois. One Peke, a soldier of a South Dakota regiment, who served in the Philippines, is the complainant. When he returned home he brought 14 diamond rings. They were afterwards seized in Chicago and confiscated as smuggled goods. Through Peke's agent suit was brought to recover them on the ground that the Philippines were part of the United States within the meaning of the constitution, and that the diamonds were unlawfully held. The lower court in both cases sustained the action of the federal authorities.

## KANSAS MILLERS INDIGNANT

Claims Minneapolis Brethren Discredit Wheat From Their State.

Topeka, Kan., Oct. 16.—The Kansas State Millers' association meets here today to denounce the Minneapolis millers for discrediting Kansas wheat. The Minneapolis millers advertised widely the fact that they did not use Kansas wheat in the manufacture of flour.

The Topeka Capital sent a representative to Minneapolis to investigate and he found that several hundred car loads of Kansas wheat had been shipped there. Representatives of the Kansas Millers' association went to Minneapolis and verified these reports, and now the Kansas Millers' association propose to condemn the Minneapolis millers for discrediting Kansas wheat and at the same time furnishing flour made from it to their customers.

The Kansas millers will appeal to Kansas farmers to patronize Kansas mills and ship surplus wheat to Europe via gulf ports.

Suffragists in Iowa.

Des Moines, Oct. 16.—Miss Mary G. Hay of New York, the national organizer of the woman suffragists, is in the city to attend the state convention of that organization, which convenes here today. In an interview yesterday she declared that it had been decided that Iowa was to be the battleground for the suffragists. It is thought that Iowa presents the best field for work at present, as it is estimated that over one-half the women of the state are in favor of woman suffrage. It is the intention of the organizers to keep up the fight until they secure the legislature.

## MINERS ON THE MARCH.

Strikers Moving In Force on Panther Creek Valley.

## TROOPS ORDERED TO SCENE.

Six Companies of Fourth Regiment Under Command of General Gobin Leave on a Special Train for the Valley—Miners Expect Operators to Yield.

Shenandoah, Pa., Oct. 16.—Advices have reached General Gobin that a large body of marching strikers have left McAdoo for Panther creek valley. They expect to reach that valley in time to intercept the miners on their way to work in the morning. General Gobin ordered six companies of the Fourth regiment to leave at once for that valley, and a special train on the Philadelphia and Reading road was provided to take them to Tamaqua, which station is but a few miles from Coaldale. General Gobin went with the troops and assumed personal command. The Governor's troop of cavalry, which is stationed at Oneida, will leave for the Panther creek region early in the morning.

The objective points of the strikers are Lansford, in Carbon county, and Coaldale, in Schuylkill county. Most of the collieries in that section have been working all through the strike, despite the efforts of numerous organizers sent to that section. The other points in the Panther creek valley where collieries are in operation are Nesquehoning and Summit Hill. Groups of strikers started from various places near Hazleton and are expected to meet in the Panther creek valley.

## OPERATORS MAY YIELD.

Miners Believe They Will Do So Without Direct Recognition of the Union.

Shamokin, Pa., Oct. 16.—Not a colliery resumed operation in this portion of the coal region. While miners generally think the terms of the convention will be accepted by the operators and coal-carrying companies, operators hereabouts insist that so far as they are concerned they will not, unless forced to by the coal-carrying companies, sign an agreement to pay 10 per cent advance.

George Hartline, secretary of district No. 9, made this statement:

"The terms I believe will be accepted by operators giving their approval through newspapers and notices posted about the collieries. Miners will not go to work until President Mitchell declares the strike officially. Big demonstrations will be held throughout the region on the day previous to work being resumed. I think the collieries will be working before next Saturday. The companies will take up the grievances with their own employes and redress them while work is going on."

Alaskan Boundary Line.

New Whatcom, Wash., Oct. 16.—News was received here that the Dominion surveyors who have been engaged in an effort to locate the international boundary line where it passes through the Mt. Baker mining district, in Whatcom county, have abandoned their work and left the country. According to their field notes the line passes two miles south of where it has always been supposed to have run, while their scientific observations place the 49th parallel, which is the boundary line, within a quarter of a mile of where it has always been supposed to have been. Should the field notes stand, a number of American mining claims will be on the Canadian side. The matter will undoubtedly be made the subject of negotiations between the two governments.

Ferrill to Plead Insanity.

Marysville, O., Oct. 16.—Rosslyn H. Ferrill was placed on trial here on the charge of murdering Adams Express Messenger Charles Lane on Aug. 10 last. ## ROB BELLEVUE POSTOFFICE

Safe Blown Open and Money and Stamps Taken—No Clue to the Robbers.

Bellevue, Neb., Oct. 16.—Robbers entered the postoffice sometime last night and blew open the safe. They secured all the stamps and postal funds in the safe and also about \$20 belonging to Oscar Kaysor, the postmaster. No goods were taken from the store. In blowing open the safe the robbers went to unnecessary trouble, as it was not locked and could have been opened by simply turning the knob. Mr. Kaysor generally sleeps in the store in which the postoffice is located, but not feeling well last night, went home to spend the night. There is no clue as to who the robbers are, as no suspicious looking characters were seen around the town the night or day before.

## VICTIMS OF DYNAMITE.

House Wrecked and Family of Six Blown to Atoms Near Hot Springs, Arkansas.

While the family was at supper their home was wrecked by an explosion of dynamite. County officials wired last night that they were close on the track of the guilty parties.
