PROPOSALS FROM CHINA.

Earl Li Suggests Basis for Peace Negotiations.

WORD COMES FROM CONGRESS.

Believed That the Communication is Addressed to Some of the Propositions Contained in the French Note and Counter Proposals Made.

Washington, Oct. 19.—For the first time in three days Minister Conger was heard from at the state department yesterday. He communicated by cable the substance of certain propositions advanced by Prince Ching and Li Hung Chang as a basis for the conduct of negotiations for a settlement of the Chinese trouble. The Chinese government already has prepared the way for these by a preliminary action looking toward the punishment of Chinese officials guilty of complicity in the Boxer uprising and, while the text of Mr. Conger's communication is not made public, it is believed that the latest Chinese advice is addressed to some of the propositions contained in the French note, being in the nature of counter proposals and proceeding upon the theory that what has been done in the matter of punishments is sufficient to meet the demands from the powers in that respect.

Anti-Foreign Party in Ascendant.

London, Oct. 19.—The Times, whose Peking correspondent, Dr. Morrison, describes the tone of the joint note of Li Hung Chang and Prince Ching as "characteristically arrogant, as if it were China and not Europe dictating terms," says editorially: "This description applies with equal truth to the substance of the circular. To whatever cause this attitude is due it is bad augury for the progress of the negotiations, which cannot be fruitful until China has been taught her place. M. Pinchon has given her the answer her impudence deserves."

The Shanghai correspondent of the Times says: "The taunt has applied to the consul to arrest over 600 Chinese residing in foreign settlements on a charge of conspiracy. Those named include several well known Chinamen whose only crime is that they possess progressive ideas. This demand is significant of the growing influence of the anti-foreign party. The fact that a tribute of rice is regularly shipped up the Yang-tse-Kiang proves that the viceroys are still supporting the empress dowager."

Text of the Chinese Note.

Paris, Oct. 19.—The Havas agency has received this from Peking: "The diplomatic corps has received a joint note from Li Hung Chang and Prince Ching saying it is time to end the present situation and to treat for peace and that the princes and ministers who were accomplices of the Boxers will be handed over to the courts to be judged and punished according to Chinese law. In their quality of plenipotentiaries, Li Hung Chang and Prince Ching offer to treat for peace and accept the principle of indemnities for the legations destroyed. The losses are to be estimated by delegates of the powers. European nations can be accorded fresh commercial treaty advantages on the old treaties, but as the requirements vary, each power must formulate its own. The plenipotentiaries demand an immediate cessation of hostilities because of their offer, and request an interview for Oct. 21."

Shanghai News Budget.

London, Oct. 19.—Special dispatches from Shanghai recite numerous rumors in circulation there. Among these are reports that the heir apparent, Pu Chan, son of Prince Tuan, is dead, that Li Hung Chang has been degraded on account of the surrender of Pao Ting Fu and that Prince Tuan has got possession of the emperor's seal and is terrorizing the dowager empress.

A body of troops supposed to be German or French dispersed a force of Boxers around We Nan, Oct. 9, inflicting severe losses and burning a number of villages.

FRENCH TO HONOR KRUGER.

Will Be Received With Formalities Due to the Head of a State.

New York, Oct. 19.—It is stated on excellent authority, says a cablegram to the Times from Paris, that ex-President Kruger will, after landing at Marseilles, pass through Paris, and that he will be received with all the honors due to the head of a state.

The municipality of Marseilles is making preparations for a grand reception for Kruger, and it is certain that he will be enthusiastically welcomed by the population in general. Mr. Kruger's friends are still hoping that he will visit America.

Health Commissioner Reynolds of Chicago is considering the advisability of licensing dealers in horse meat. Inspectors have discovered that a large amount of the product is being disposed of in the city markets.

ENDS SOUTH DAKOTA TRIP.

Hanna Makes Charge of Public Lying Against Bryan.

Sioux Falls, Oct. 19.—The two days of speech making in South Dakota by Senators Hanna and Frye were concluded in Sioux Falls last night by three meetings, one in the auditorium and the others in the opera house. In this, the home of Senator Pettigrew, the biggest meeting of the campaign tour was held. The celebration included a torchlight procession in which clubs from outside towns took part and fireworks on an elaborate scale. Senator Hanna put in the hardest work of his present campaigning tour of the northwest yesterday, making 14 speeches in the towns and farming communities of the southeastern part of South Dakota, winding up with a meeting at Sioux Falls. Today a stop of 15 minutes or so will be made at Sioux City, Ia., and then the Republican leaders will enter Nebraska for two days' speech-making in the home state of William J. Bryan, the week's campaigning tour ending with a meeting at Omaha, Saturday night.

Aside from Sioux Falls, the largest crowd of the day greeted Senators Hanna and Frye at Mitchell. Senator Hanna denounced Mr. Bryan for "descending to public lying from the rostrum."

Mr. Hanna also characterized as an "infernal lie" the reports concerning Governor Roosevelt on his recent trip through the southwest.

SENATOR IS NAMED.

Former Governor Dillingham is Elected by the Legislature of Vermont on the Third Ballot.

Montpelier, Vt., Oct. 19.—Former Governor W. P. Dillingham was elected United States senator by the Vermont legislature. The choice was made on the third ballot, C. A. Prouty, one of the four Republican candidates, having withdrawn and the Democratic members who previously had voted for Seneca Hazleton having decided to support Dillingham.

Bryan in Central New York.

Syracuse, N. Y., Oct. 19.—Hon. William J. Bryan continued his tour of the Empire state yesterday, traveling half way across it from east to west. He began his journey at Albany, and following the line of the Erie canal, reached this point late in the afternoon. From here he made a run northward to the southern shore of Lake Ontario and made a half hour's speech at Oswego. Returning to this city later, he spoke at night. The attendance at the majority of the meetings was complimentary in size and some of the audiences were large. In comparatively few places was there marked enthusiasm. There was, however, close attention in every instance and in no case was there any interruption of note. The Oswego meeting was the best attended and in other respects the most notable of the day.

Roosevelt Ends His Tour.

Parkersburg, W. Va., Oct. 19.—Governor Roosevelt will finish his general campaign at Baltimore today, after having traveled nearly 19,000 miles and after making nearly 500 short and long speeches. Then he will spend the final week of the campaign in New York state. The Boston visit has been eliminated and if possible Governor Roosevelt will spend next Sunday with his family at Albany. He is jubilant over reports of New York, which, to his mind, presage a great Republican victory there. He attaches no significance to Senator Elkins' failure to participate in his tour of West Virginia and attributes his absence to a desire to avoid the long journey across the state.

Comment on Emperor's Message.

Berlin, Oct. 19.—Commenting on Emperor Kwang Su's message to President McKinley, the Boursen Courier says: "This is proof of the responsibility of the United States for Chinese stubbornness."

TELEGRAPHIC BRIEFS.

The population of the territory of Arizona, as officially announced, is 122,212, against 59,620 in 1890.

Inquiry at the war department fails to confirm the story in Havana that General Ludlow has been slated for an important post in the island.

There is talk of ex-Vice President Levi P. Morton as the third member on the part of the United States on The Hague international arbitration board.

North Dakota Indians have sold to the government over 1,500,000 pounds of gross beef this week at 4 cents per pound. The cattle were of fine quality and will net the Indians nearly \$70,000.

It is known that the illness of King Albert of Saxony, which has recently become acute, is due to a cancerous affection of the bladder, which his medical attendants consider incurable.

Dr. C. M. Wright, a young physician of Bloomfield, Mo., was burned to death Thursday while asleep above his drug store, which was destroyed by fire. Only the charred bones of his remains could be found.

STRIKE NOT DECLARED OFF.

It is Up to Miners' Officials, Who Are Non-Committal.

HITCH IN THE SETTLEMENT.

Powder Clause Proves a Stumbling Block to Final Agreement—Four Companies Have Met All Demands of the Scranton Convention—New Notices Posted.

Hazleton, Oct. 19.—As far as ending the coal miners' strike is concerned, not a move in that direction was made by the United Mine Workers' officials yesterday. President Mitchell is silent on all questions as to the termination of the contest and it is not believed that he will have anything to say on the subject until he calls a meeting of the national executive board to consider the question of issuing a formal order calling the strike off. When that shall be depends, it is understood, entirely on the operators. The feeling is prevalent here that the decision of the operators' meeting at Scranton to insist that the reduction in the price of powder must be taken into consideration in determining the net increase in wages has complicated matters. Further delay in reaching an amicable adjustment of the trouble is now feared. The situation otherwise is the same as that which obtained when the first notices of the coal companies were posted. Then, as now, the Reading company was the first to post a notice of an advance in wages and was quickly followed by other large companies and nearly all the smaller individual operators, after which Mr. Mitchell issued the call for the Scranton convention.

Four companies in the Hazleton district have posted notices accepting the Scranton convention demands. They are the Lehigh Valley company, Pardee & Co., Vanwickle and A. Pardee & Co.

CLASH AT SHARPSVILLE.

Serious Trouble Between Strikers and Imported Negro Workmen.

Sharon, Pa., Oct. 19.—Sharpsville was the scene of serious trouble last night between the Shenango furnace strikers and the imported negro laborers, in which guns and revolvers were freely used. Three armed laborers were stopped on their way to work by a crowd of strikers and after a quarrel some one fired a revolver. One of the negroes supposed the shot was meant for him, turned and sent a bullet into the shoulder of Harry Gursley. They then went to the furnace unmolested. Twenty laborers from Sharon were taken to Sharpsville yesterday, but were chased out of town and one man had his head cut open with a stone. The furnace will be shovelled out and closed down for an indefinite period.

Michigan Indians Are Homeless.

Cheyboygan, Mich., Oct. 19.—The Indians of the Indian village at Burt lake are homeless. The land was sold for taxes two or three years ago, and on Oct. 4, 1899, they promised to go away in the spring if the writ granted by the circuit court was not served, and they were allowed to stay. A few of them went away. The remainder were evicted on Monday and their homes burned down. The men, women and children remained with their goods in the rain all night. Some of the squaws are over 80 years old.

Students Try to Mob Dowle.

London, Oct. 19.—Further disgraceful scenes took place last evening at the Dowle meeting. A body of students tried to rush the platform. They threw chairs at Dowle, who called upon the police and fled by a side door. The police fought their way in and endeavored to expel the rioters, arresting a number. Fighting was resumed, sticks and chairs being used as weapons. The students tried to rescue those under arrest. Ultimately more police were summoned and the hall was cleared.

Hohenlohe's Successor.

Berlin, Oct. 19.—It is not expected that Count von Buelow, the new chancellor, will succeed any better than Prince Hohenlohe in preventing Emperor William from assuming the initiative. The National Zeitung, however, observes that the country will hold a man of 51 to a stricter accountability than an octogenarian. Baron von Buelow's domestic views are not known, but the National Zeitung says: "Reactionalism at home is not compatible with progress abroad."

Reports which have reached the navy department are to the effect that Subig bay, in the Philippine islands, is not a suitable place for locating an extensive naval station, coaling station or navy yards, owing to limited depth of water.

George W. Burkett, named for governor by the Green faction of the Republican party of Texas, Thursday withdrew from the race, saying the action of National Chairman Hanna in recognizing the Hawley faction influenced his action.

Chicago, Oct. 19.—The board of managers of the Women's Home Missionary society of the Methodist Episcopal church is holding an 8-day session in this city.

The society agreed two years ago to raise \$200,000 of the \$200,000,000 20th century thank offering of the church, and has secured \$100,000.

The report of Mrs. George H. Thompson, the treasurer, showed the receipts to have been \$249,911, as against \$184,450 last year, an increase of \$65,461. The new officers will be elected next Monday. The anniversary address will be delivered Sunday, Oct. 21, by Mrs. Everett of the New England southern conference.

LYNN MURDER MYSTERY.

Disassembled Body of George R. Bailey is Found in a Pond—Recalls Gaidensuppe Case.

Lynn, Mass., Oct. 19.—The entire body of George R. Bailey of North Saugus, who was murdered about Oct. 8, is now in the possession of the Lynn police and has been positively identified. The missing head and arms were found by the police in dragging Glenmore (floating bridge pond) yesterday afternoon. The remains were taken to a local undertaker's rooms and identified by people who knew Bailey well. John C. Best, who is held on suspicion of having committed the murder, was confronted with the head, but all he would say was that he thought that it might be Bailey's.

Kills Himself in Jail.

Chicago, Oct. 19.—S. S. Bandy, colored, said to have been a preacher at one time and wanted for assault on a 14-year-old girl in Arkansas City, Kan., cut his throat from ear to ear with a penknife here yesterday and it is said he will die. Bandy was arrested here recently and made the attack on his life in a cell in the city prison.

New York, Oct. 19.—Albert T. Patrick and Charles F. Jones, counsel and servant for William J. Brooklyn Wins Trophy.

Pittsburg, Oct. 19.—The agony is over. Brooklyn is champion of the baseball world, the owner of the beautiful \$500 Chronicle-Telegraph trophy cup and carries away one-half of the gate receipts of the four games necessary to decide their supremacy over Pittsburg. The champions demonstrated in the series that they were deserving of the league pennant by playing better ball in every way than their opponents, who finished second in the race.

YOUTSEY TRIAL NEARS END.

All Evidence is Submitted and Arguments Begun.

VERDICT EXPECTED TODAY.

Court's Instructions Given to the Jury. Prisoner Still Suffers From Nervous Paroxysms, But Generally Recovers in Short Time, Showing Great Vitality.

Georgetown, Ky., Oct. 19.—The Youtsey trial is drawing rapidly to a close. All the testimony is in, the instructions have been given the jury and the speeches are being made. A verdict is expected this afternoon. There is no improvement in Youtsey's condition, though he is not any worse. Now and then the paroxysm returns and for an hour afterwards he is much worse, but is still able to rally, showing remarkable vitality.

Colonel Campbell and Colonel Nelson almost came to blows during the argument, and the latter was fined \$20 for calling the former a liar.

COMES HOME WITH ONE ARM.

Captain Henry Leonard Reaches San Francisco After Experience at Tien Tsin.

San Francisco, Oct. 19.—Captain Henry Leonard, United States marine corps, and Sergeant J. M. Adams of the same branch were passengers on the City of Peking, which arrived from the orient yesterday. Captain Leonard lost his left arm in the battle of Tien Tsin July 13. He rescued Captain Butler in the face of a galling fire and after taking the wounded man to a place of safety, just as the reinforcements reached the position of the Ninth regiment a few minutes after Colonel Liscum fell, Leonard was struck in the left arm and the bone entirely shattered by a bullet. Sergeant Adams helped the young man to escape to the rear. Captain Leonard was in the hospital until two days before sailing for home. His recovery is now regarded as certain.

Top Price for Linseed Oil.

Chicago, Oct. 19.—Manufacturers in every line in which linseed oil figures as an important raw material were in a flurry all over the country yesterday afternoon and they kept the telegraph and telephone lines warm in their frantic attempts to secure themselves against a record breaking market fluctuation. Both branches of the American Linseed Oil companies marked up the price of linseed to 70 cents, or the highest figure known since the infancy of the industry. Before noon the price was 60 cents. This advance of 10 cents per gallon is the largest single price fluctuation ever known in linseed oil and is about the equivalent of a 40 or 50 cent per bushel advance in the price of wheat.

War on Bucket Shops.

Chicago, Oct. 19.—Board of trade operators have entered into what they call the last skirmish with the bucket shop. One concern is still using the quotations under a temporary injunction, but this case comes up in court today, when counsel for the board will present arguments for its dissolution. In view of Judge Kohlsaat's decision, enjoining a number of local bucket shops from using the board's quotations, the directors expect another victory.

Oleomargarine Factory Seized.

Chicago, Oct. 19.—The Fertile Valley Creamery company's oleomargarine factory was seized by internal revenue agents, together with the contents of a store conducted by the company. Boers Keep Linemen Busy.

Pretoria, Oct. 19.—The Boers are daily tearing up portions of the railroad and cutting the telephone and telegraph wires. Their attacks are intolerable. The repairing linemen cannot leave the garrison points without considerable escorts. The only remedy seems to be to corral all the burghers and deport them, as apparently they can not be trusted.

STREETER IS NOT GUILTY.

Man Who Claims Land on Chicago Lake Front Freed From One Charge.

Chicago, Oct. 19.—Captain Wellington Streeter and seven co-defendants, whose attempt to hold filled-in land on the lake front here last summer resulted in the mobilization of the whole police force of the city, were yesterday declared "not guilty" of conspiracy to commit murder. A charge of unlawful assemblage still remains against the "squatters" on the criminal calendar, as well as a number of civil suits.

Streeter lays claim to valuable land, which, having been formed by dumping refuse, is not officially recognized as existing. The tract is now valued at several millions of dollars. Captain Streeter instituted a "government," swore fealty to the union and upheld that none but federal authorities had the right to deal with him. Having been dispossessed temporarily, Streeter last summer unexpectedly returned with an "army" of 20 men and a Gatling gun. Fearing bloodshed, the whole police force, as well as most of the constabulary of the sheriff's office, was mobilized. The army, however, surrendered after firing only one shot, which struck a boy.

FEVER HITS COLLEGE.

Number of Students at Ames Are Suffering From Strange Disease—Send for Ten Trained Nurses.

Des Moines, Oct. 19.—That the fever epidemic at the state agricultural college at Ames is a serious matter was made plain when today's football game between Ames and the University of Iowa was declared off by wire. The game was to have been played on the college grounds at Ames. The college also telegraphed to Des Moines for ten trained nurses and four started last evening to be followed by others. There are some 25 students down with the strange fever, which seems to be neither typhoid nor malarial. A telephone message from the college last night says that there need be no fear of a further spread of the disease.

LIBRARY WORK DISCUSSED.

Eleventh Annual Meeting of Iowa Association Opens at Sioux City.

Sioux City, Ia., Oct. 19.—The 11th annual meeting of the Iowa Library association opened in Sioux City yesterday. There are about 50 members of the association present, including the librarians of all the principal cities of Iowa. The morning session opened with the president's address by W. H. Johnston of Fort Dodge.

In the afternoon a symposium on "Practical Library Work" was led by Harriette L. McCrory, librarian at Cedar Rapids.

It was decided to publish a quarterly, Miss Tyler to be the editor. The first lot of students probably will not be sent over until next summer.
