BIG INDEMNITY ASKED.

China Called Upon to Pay Allies \$300,000,000.

AGREE ON TWO PROPOSALS.

Envoys Take Up Propositions Previously Rejected—York Reaches Kalgan Without Resistance—German Flag on Great Wall—French Have Fight With Boxers.

London, Nov. 27.—Dr. Morrison, writing to the Times from Peking Sunday, says: "The foreign envoys have agreed to two proposals that were previously rejected, owing to lack of unanimity. These are Sir Ernest Satow's proposal that China should agree to recast the commercial treaties and the Italian proposal that China should consent to foreign financial control as a guarantee of the indemnity. The delay in the presentation of the joint note is due to procrastinations by the home governments. This increases the difficulties of the position and aggravates the dislocation of trade and finance, especially the collection of inland revenues. At the lowest estimate the indemnity is computed at £60,000,000."

A dispatch from Peking says: "Colonel York's column took Kalgan without resistance. The Chinese forces, regulars and Boxers, retreated toward the province of Shen Si."

Washington, Nov. 27.—The state department has been informed of the agreement reached by the foreign ministers at Peking, but it is not regarded as expedient to give out for publication at this time any detailed information regarding it. It may be stated, however, that the arrangement stands very poor chance of receiving the sanction of all the powers represented in the Peking conference unless some material amendments are permitted. Unless the ministers at Peking have made a very substantial change in the requirements of the French note, it may be predicted that our government will feel obliged to seek some alterations in the arrangements before it gives its adherence.

CZAR IS SLOWLY IMPROVING.

Temperature Gradually Going Down and He Perspires Freely.

Livadia, Nov. 27.—The following bulletin regarding the czar's condition has been issued:

The emperor passed a good day yesterday. He was able to sleep a little and had some perspiration. At 3 o'clock in the afternoon his temperature was 99.3; pulse, 76. At 9 o'clock in the evening his temperature was 99.8; pulse, 70.

His majesty passed a good night. He perspired profusely. This morning the august patient's condition was very satisfactory. At 9 o'clock his temperature was 99.9; pulse, 70.

In the general course of his illness a distinct improvement is observable.

CONGRER MAY RETURN HOME

Said to Be Out of Harmony With the Administration Regarding China.

New York, Nov. 27.—A Washington dispatch to the World says: Minister Conger probably will return to the United States. His relations with the administration have not been harmonious since the relief of Peking. Mr. Conger advocates measures which the president regards as too radical and has not taken kindly to the fact that his views have not been indorsed at Washington.

Homestake Completes Big Ditch.

Lead, S. D., Nov. 27.—The Homestake Mining company has completed its new water ditch to furnish the stamp mills, cyanide plants and the cities of Lead and Deadwood with water. Yesterday great steam pumps started pumping water over a hill 400 feet high. Everything about the mammoth undertaking has turned out successfully. The company now has an everlasting supply, which will mean the doubling of the output of the mines within a short time. A million dollars has been expended in getting this water into the city.

BAD FLOODS IN THE EAST.

Damage Reported Covers Wide Territory.

TRAIN WAS NOT WRECKED.

Sensational Reports Meet With Prompt Denial in West Virginia—Many Houses at Dubois Under Water—Pennsylvania Town Visited by Fire and Flood.

Hinton, W. Va., Nov. 27.—There were various reports last night about bridges on the Chesapeake and Ohio being washed out and trains running into the river, with all aboard lost. There is nothing in any of these reports. All the trains are accounted for, either at Alderson or White Sulphur Springs, and the passengers on the delayed trains are being entertained at the hotels in the best possible manner. While none of the bridges are washed out, yet the road has suffered much damage for a distance of about 30 miles in embankments being washed out and in landslides, the most serious being the landslide near one of the Green river bridge. The railroad is not the only one that has suffered in this district. The floods have done great damage in this city and in surrounding towns and to the lumber trade everywhere, as well as to the crops.

Visited by Fire and Flood.

Williamsport, Pa., Nov. 27.—Inside of 15 hours the village of Cross Forks has been visited by a baptism of fire and water. Fire last night destroyed a jewelry store, Bodler's store, postoffice, Pelse's market, ice house and Holmes' grocery store. The loss is \$75,000. Scarcely had the excitement over the fire subsided than the highest flood ever known in Kettle creek struck the town. It covered all the lowlands and carried away two bridges on the Buffalo and Susquehanna railroads.

Floods in Pennsylvania.

Dubois, Pa., Nov. 27.—This section of the country experienced one of the worst floods yesterday that has ever occurred in many years. All of the mining plants situated on low ground were compelled to close down in the morning and many residences in the lower parts of the town have four to six feet of water in the ground floors.

LIVES LOST IN THE FLOODS.

Returns of Casualties in Western Tennessee Coming In.

Memphis, Tenn., Nov. 27.—Meager accounts of casualties by food are coming in from western Tennessee. A few miles north of Dyersburg a woman and two children in a buggy were thrown into deep backwater by the sloughing of a levee over which they were passing and all were drowned. A mail carrier was drowned in Caney creek, near Glymph, Lauderdale county, by the upsetting of his buggy as he was attempting to ford the stream.

Big Majority for Creed Revision.

Pittsburg, Nov. 27.—W. R. Crabbe, the Pittsburg member of the revision committee of the Presbyterian general assembly, said last night that all of the presbyteries have voted on the question of revision of the creed, resulting in the revisionists receiving about 72 per cent of the votes cast. Of the 1,007,689 members of the church, 898,255 voted. The presbyteries voting in favor of revision number 126, those against a change 46. A two-thirds vote is required to make a change. The committee will meet in Washington, Dec. 4 to take action.

Lake Vessels Pounding to Pieces.

Sandusky, O., Nov. 27.—The steamer M. Sicken and the schooners Spademan and Malvina went ashore in yesterday's gale on the Marblehead beach and they are now being pounded to pieces. The crews were taken off by the life saving crew from Marblehead. The wrecked vessels were loaded with lumber.

CORN SELLS AT 50 CENTS.

Phillips, Bull Leader, is Still On Top.

FRIDAY ENDS THE CORNER.

Interval May Be Filled With Exciting Experiences for Shorts, as Phillips Has Power to Send the Price Much Higher. Corn Tendered is Rejected.

Chicago, Nov. 27.—November corn touched 50 cents yesterday. It made an advance of 5 cents for the day, of 10 cents a bushel for the week and of almost 15 cents within four weeks. Young Mr. Phillips sold what corn changed hands at that point; shorts did the buying that advanced the market to the 50 cent quotation. The 5 cent advance over the close of last week made the day the notable one so far for the campaign. A roar and a cheer gave notice of the half-dollar achievement and there was a flocking toward the already overcrowded corn pit from all over the floor. The tip top figure was made in the first hour. November starting at 46 cents, selling between 46 and 50 cents and closing at 49 cents. The slight final recession was, like the others which have been experienced, brought about by selling by the bull leader.

The man with the corner in the hollow of his hand is apparently not ready to let it get away from him. He has watched the speculative careers of other men with corners and believes that most of them lost because of their greed to extort the last penny. All morning the little corn king stood on the edge of the pit and watched the ebb and flow of the battle. Whenever the clamorous shorts howled up the price in the face of unresponsive takers he pushed to the front of the line and let out more corn.

Some of the dealers thought the juvenile looking speculator was in straits and was running to wind up his string. They jumped on the market and tried to sell corn at 47½. Phillips turned instantly from seller to buyer, from bear to bull and snapped up every man who was offering to shade the price that he was making. The decline stopped at once. Phillips showed to the corn pit that he was its master; that he could regulate it at will.

The receipts for yesterday, including Sunday, were more than 900 cars. Not more than 10 per cent graded No. 2. Compared to the requirements for settling day, this was not a drop in the bucket. Advances from the corn belt are that corn is damp and under grade. Very little of the new crop has been taken from the husk. The rains of the past two weeks have stopped outdoor operations.

The excited market was the unmistakable admission of the corn trade that Phillips has a "clinch" on his corner. Some of the other brokers who tried to nurse a little corner in November corn last summer, and who got tired about the time they had worked the bulk of the contract corn off the market and left a smooth path for their successor, envy the little fellow, but they are not throwing anything in his path.

Phillips' conduct yesterday won him great praise. Few men have been able to keep a cool head under like circumstances. He parted with 300,000 bushels, about one-tenth of his holdings. He bought 100,000 when the bears tried to drag him off his pedestal. He made \$30,000. Apparently he is going to keep the settling prices around 50 cents. If the shorts are meditating a coup on the last day they may wake up to find that Phillips has closed out his line. He claims now that he cannot be squeezed whatever may happen. As long as he keeps on selling more than he buys and holds the market down to 50 cents he is seemingly too nimble to be crowded off the market with his corner. Other speculators have been broken by buying at a big price in order to hold up the market and playing out their funds on margins. George A. Seavers is said to be giving aid to Phillips. Some think the elevator man is backing his former employe in the trade. At any rate the drying and cleaning house of Seavers, which, in the past, has been able to turn out contract corn with great rapidity in times of stress, has not added a bushel to the supply since the Phillips corner has developed.

Have Trouble With Insurgents.

Mobile, Ala., Nov. 27.—The officers and crew of the Norwegian fruit steamer Bratten, which has arrived here from Santa Marta, in the Central American republic of Colombia, had a thrilling experience with revolutionists. The steamer put into that port Nov. 12, intending to get a cargo of fruit. The revolutionists attempted more than once to seize the Bratten, and its officers and crew were several times in danger of being shot. Finally the Colombian government ordered the vessel to stand out in the stream, out of range of the guns that lined the wharves and streets of Santa Marta. The vessel was finally obliged to return to Mobile without a cargo.

POINTER 4636.

SHAKESPEARE SAYS: Knowledge is Power

There are a hundred ways of advertising, but there is only one right way, and that to tell people the truth. A merchant's ad. represents his methods of doing business, in fact it represents the man himself.

Common Sense to Common Sense People.

1. Would you believe it if a man tells you he is selling you silver dollars worth \$1.00 for 75 cents?
2. Do you believe a man if he advertises that he is selling you \$10 for \$6?
3. Do you believe a man if he tells you he is selling you suits for less than manufacturers' cost, etc.?

If you do you are being misled by false statements. A man who will mislead you in his advertisements will mislead you when you purchase merchandise of him. If you don't want to be misled by false statements, remember that there is not a man in Crawford who can say that "THE HUB" has misled him. Whatever the advertise you can depend upon it, you will find it is correct.

THE HUB, E. C. PETERSEN, DENISON.

Fur Coats!

Large Assortment Every COAT Guaranteed.

If you are in the market for a Fur Coat, come in and see our stock.

You are sure to get a perfect fitting coat if you buy of us.

We Carry All The Sizes.

The first corner house opposite Northwestern depot, Denison, Iowa.

A SMALL FIRE. Otto's Cigar Store Has a Small Blaze on Sunday Night. On Sunday evening shortly before eight o'clock our citizens were alarmed by the fire bell. The blaze was in C. Otto's cigar store and for a time it threatened the whole row of frame buildings on the south side of Broadway. The fire was started by the little Otto girl. She was looking for something under the lounge and lit a match to look for it. The blaze caught in the excelsior upholstery and burned rapidly. The lounge and some furniture were destroyed and Will Otto is wearing his left hand in a sling, from bad

burn received while removing the furniture. Otherwise but little damage was done. The escape was a narrow one however for all the occupants of the row. FOOT BALL GAME. The Redmen have challenged the Knights of Pythias for a foot ball game on Thanksgiving afternoon. The challenge has been accepted and a "hot time" may be expected. Be sure and attend. Mr. John Way of Willow township drove over to Denison today for a business visit. DRESSMAKER—Wishes situation by day or week. Apply at cor. Locust and Chestnut Sts. MRS. GOURLAY.
