		JAMES B. BARRETT , Attorney-at-Law, Denison, Iowa. Room 1, First National Bank Building. Loans and Insurance.	

PENITENTIARY DESTROYED.

Nebraska State Prison the Prey of Flames.

LOSS TO THE STATE \$300,000.

Convicts Are Huddled From Their Cells and the Lincoln National Guard Summoned to Corral Them In the Prison Yard—Aid From Lincoln Arrives.

Lincoln, March 1.—Fire which started in the living rooms of the warden of the state penitentiary at midnight last night destroyed the entire main building, together with the cell house and other buildings. Before the flames had gained a great headway Warden Davis gave orders to release the convicts from the cells and march them under guard to the prison yard and there place them under double guard. The removal was accomplished safely and without disorder. Extra guards were also posted on the stockade walls, armed with shotguns, with orders to permit no escapes. The origin of the fire is unknown. When first discovered the officers of the institution immediately set to work all the small fire fighting apparatus of the prison. Water was used in abundance, but assistance from the city fire department was called for and a steamer and hose cart were dispatched in response to a telephone message. At 1:40 a. m. the city fire department arrived and began throwing water on the walls. The flames had gained too great headway, however, and the firemen directed their efforts to saving some of the remote shop buildings. By request of the warden, Chief of Police Hoagland sent all available policemen to aid in preserving order. Later, as an additional measure of safety, Lieutenant Governor Savage, acting in the absence of Governor Dietrich, in response to the suggestion of the warden, ordered out the local company of state militia.

The loss to the state is over \$300,000. The penitentiary cost \$312,000 originally, and there have been additions and improvements since. The number of inmates averaged 400.

The fire started from an unknown cause in the kitchen of the upper story in the main building near the cell house at the west end.

The fire was discovered by Warden Davis himself shortly before midnight, he being aroused by the crackling of flames and smell of smoke.

The alarm was immediately given, convicts, guards, and employes aroused. The convicts were ordered to clothe themselves, and, in their prison garb, marshaled into the huge court yard, to the number of nearly 300, under the espionage of a score of armed guards patrolling on the top of the wall surrounding the court yard.

The emergency guard of the penitentiary system was quickly at work with lines of hose, but these proved inefficient and a telephone message summoned the Lincoln fire department. All efforts to save the great stone building were unavailing. The convicts were hustled out into the yard, armed extra guards stood sentinel on the walls and the Lincoln National Guard was ordered out. A company left on a special Burlington train to guard the convicts.

The warden and his immediate aids made quick work of removing the books, records and papers of the institution to a place of safety. Nothing else of value was saved from the burning structures.

The main building contained the chapel, office, library and living apartments of the warden and officers.

It is rumored that several escapes have been made and that the convicts are getting in an ugly mood, but this report was denied, both by the warden and several of the guards.

The entire cell house at the west end is destroyed. The main center building is gone. This practically destroys all the buildings used for the purpose of a prison.

Ignored Rio's Signals of Distress.

San Francisco, March 1.—Captain Hodgson of the Port Point life saving station notified Major Blakely, superintendent of life saving service, that Mark Ellingson, the guardsman who was on duty in the lookout tower the morning the steamer Rio de Janeiro was wrecked, had confessed to him that he heard the Rio's signals of distress, but paid no attention to them and neglected to arouse the station. Captain Hodgson immediately suspended Ellingson.

Soldiers Return From Orient.

San Francisco, March 1.—The army transport Meade is expected to reach port today from Manila, with the Eleventh cavalry. Tomorrow the transport Pennsylvania is expected to arrive with the Thirty-sixth volunteer regiment. Hereafter, for the period of several weeks, a transport is scheduled to arrive every few days with returning volunteers.

Turkish Troops Ordered to Frontier.

London, March 1.—An imperial trade orders the concentration of 50,000 Turkish troops on the Bulgarian frontier near Krustendil, says the Constantinople correspondent of the Daily Mail. This measure is taken on the advice of the ministry of war, owing to agitations in Macedonia, which is assuming the form of brigandage on a large scale.

Orange River is Falling.

Oudtshoorn, Cape Colony, March 1.—General Dewet, it is officially asserted, having failed to cross the Orange river at Dalterspoort, is hurrying to Renfontein by the way of Petrusville. The Orange river is falling fast.

ATLANTA IS EXCITED.

Wife of a Prominent Jeweler the Victim of an Outrage.

Atlanta, Ga., March 1.—Mrs. C. A. Buchanan, wife of a well known jeweler, living in the heart of a prominent residence section of the city and within two blocks of the governor's mansion, was the victim yesterday of an outrage which has caused much excitement in Atlanta. She was compelled at the point of a pistol, held by a negro, who stealthily entered the house while she was alone, to give him her purse containing \$5. The negro then commanded Mrs. Buchanan to cook breakfast for him, and while she was engaged in this he stood with his pistol constantly pointed at her. After the food had been placed on the table, the negro seized Mrs. Buchanan and bound her to a bedstead. He then ate his breakfast. When he had finished he gathered some paper and placing it under Mrs. Buchanan set fire to it. The negro then ran from the room, and jumping through a rear window escaped. Mrs. Buchanan kicked the burning mass from her and by severely wrenching her wrists managed to free herself. Her condition is critical. The entire police force and bloodhounds are searching for the negro.

FIVE MINERS KILLED.

Victims to Accidents in South McAlester and Weir City Shafts—All Were Shot Firers.

South McAlester, I. T., March 1.—An explosion occurred last night at mine No. 5, one mile northeast of this city, which resulted in the death of three men and the probable injury to many more.

The dead are: Steve Delucas, Bristo Bart and W. B. Welch.

All three men were shot firers and had just gone into the mine to work when the explosion occurred. It is supposed that the pit was over-charged with gas. A rescuing party is working heroically to reach the dead men, but as the force of the shock resulted in great damage to the mine, slow progress is made.

The mine is the property of the Osage Coal and Mining company, which is owned by the Missouri Pacific railroad.

Weir City, Kan., March 1.—An explosion occurred last night at shaft No. 3 of the J. R. Crowe Coal company. Two shot firers, S. B. Hatfield, single, and J. W. Watkins, married, were killed. Watkins was colored. The explosion is supposed to have been due to an accumulation of gas. The explosion was terrific, the timbers in the shaft being torn to splinters. The lower part and top were wrecked.

STRUCK BY A TIDAL WAVE.

White Star Liner Has a Lively Experience at Sea.

New York, March 1.—The White Star line steamer Teutonic, which reached port yesterday, had a lively experience on Sunday. While the ship was riding in fair weather and going at her usual speed she was struck by a tidal wave. The ship went down in the hollow of the sea and immediately there was crushing of iron work and a mass of water boarded her on the starboard side, thundering down on hatches and deck houses. The wave broke high up, throwing down the men in the crew's nest and rushed on, leaving them bruised and badly shaken. John Michaelson, a steerage passenger, was hurled down and caught his foot in such a way that it was almost completely torn off at the ankle. The passengers generally became so frightened that they were on the verge of a panic.

M'KINLEY AVERSE TO DELAY

Wants Chinese Negotiations to Proceed Without More Bloodshed.

Washington, March 1.—Special Commissioner Rockhill at Peking has been instructed to make it known to the foreign ministers that the president strongly deprecates any action that will tend to delay or check the present negotiations there and especially is he desirous that there shall be no further unnecessary bloodshed. It is confidently believed that our commissioner will be able to secure the support and co-operation of a sufficient number of the other ministers to secure a cessation of the punitive demands which it is believed by officials here are not only unworthy of civilized nations, but threaten to drive the Chinese to desperation and thereby cause a renewal of armed resistance on their part.

TELEGRAMS TERSELY TOLD.

Four children, 4 to 12 years of age, were cremated in the burning residence of Job Balt, at Litchfield, Pa., Thursday.

A dispatch from Buenos Ayres says that according to trustworthy data the export of surplus maize will amount to 2,000,000 tons.

An order was issued at the war department Thursday placing Brigadier Generals Wilson and Lee on the retired list of the army.

At Thursday's meeting of the directors of the American Smelting and Refining company the resignations of H. H. Rogers and Leonard Lewisohn were accepted.

Ex-Governor Llewellyn Powers was nominated Thursday as representative to congress to succeed Congressman Boutelle at a convention of the Fourth (Maine) district Republicans.

The treasury department has decided to take radical steps to prevent wholesale smuggling by ocean tourists, and within a few weeks the granting of passes for the admission of friends to the piers of incoming vessels will be stopped.

FERRERRELL DIES IN THE CHAIR

Slayer of Express Messenger Lane Expiates His Crime.

MEETS DEATH LIKE A MAN.

Doomed Murderer Retains His Wonderful Nerve to the Last—Is Pronounced Dead Three Minutes After Fatal Current Was Turned On.

Columbus, O., March 1.—With no diminution of the wonderful nerve that has been characteristic of the man since the time of apprehension for the murder of Express Messenger Charles Lane, last August, Roslyn Ferrerrell at 12:06 this morning walked calmly to the electric chair of the Ohio penitentiary and expiated his crime.

Up until 7:30 o'clock last evening Ferrerrell was in company with his three brothers in his room at the penitentiary. At that time the brothers were asked to retire and Rev. Fathers O'Reilly and Kelly entered the room and remained with the condemned man until he was pronounced dead. They administered the sacraments in the early part of the evening and the rites had scarcely been concluded until Ferrerrell proposed a game of checkers with one of the clergymen. Tiring of this after a time, he played his guitar and sang. He walked into the room as calmly as if he merely were a spectator. His face did not change color, and his steps were strong and resolute. He sat down in the electrocution chair at 12:06. He was asked if he had any last message, and replied in a voice full of strength and without tremor, "I have nothing to say." The officials made the last preparations, the fatal current was turned on and at 12:09 he was declared dead.

BIG RAILROAD DEAL.

Consolidation of the Frisco and Memphis Systems Announced.

Kansas City, March 1.—Announcement was made Thursday of the purchase of control of the Kansas City, Fort Scott and Memphis railway system by investors who are interested in the St. Louis and San Francisco railroad, a transaction which will result in the consolidation of the Frisco and Memphis systems.

The consolidation will give the Frisco road use of the valuable Memphis terminals at Kansas City, entrance to the Union station, and a controlling interest in the Kansas City Belt railroad. The Memphis road yesterday purchased the Deckerville, Osceola and Northern road, which runs from Deckerville, Ark., to Luxora, Ark., 45 miles northeast of Deckerville.

Think Dewet is Surrounded.

De Aar, March 1.—Latest advices indicate that though a few of General Dewet's men have succeeded in crossing the Orange river, General Dewet, President Steyn and the bulk of their force, including Hertzog's commando, are camped on the south bank, waiting an opportunity to cross. According to inhabitants who reside alongside the river, this will be impossible for at least four days. The indications are that Dewet intends moving westward with the object of crossing the line between Norvalpoort and Naanvoort. Thornycroft is pushing from the west, while several columns are ready to meet the Boers in every direction. Last night there was a terrible storm of rain and thunder extending over a wide area, and it is expected that the river will again rise.

Denies Relations With Uncle Sam.

Havana, March 1.—Senor Capote, president of the Cuban constitutional convention, yesterday afternoon handed to Governor General Wood the declarations of the convention on the proposed relations between Cuba and the United States, as adopted Wednesday. The presentation was informal and no remarks were made. General Wood has notified the authorities at Washington that the declaration will be translated into English and mailed to Washington.

Denies Turkey is In Default.

Philadelphia, March 1.—Charles H. Cramp, head of the Cramp shipbuilding firm, denies the report from Constantinople to the effect that a contract for a cruiser for the Turkish government has been annulled because of the failure of the port to pay the first installment. Mr. Cramp said that the first payment was not due until March 1 and that consequently the report is without foundation.

Killed In a Snowslide.

Boulder, Colo., March 1.—John Kittridge, a mining engineer, and his assistant, John Fields, of Holton, Kan., were carried down Crittenden mountain, two and a half miles above Eldorado, by a snow slide yesterday. Kittridge caught hold of a stump and saved himself, but Fields was carried 1,000 feet to the bottom of a gulch, buried by the slide and killed.

Forty-one Bodies Still In Mine.

Vancouver, B. C., March 1.—A special from Cumberland, the scene of the mine disaster two weeks ago, says: After nearly a week, during which a heavy column of water has poured continuously into the shaft of No. 2 mine and No. 6 mine, the task of pumping out the water has commenced. There are still 41 bodies in the mine.

Troops to Guard Prisoner.
