A WORTHY SUCCESSOR.

"Something New Under The Sun."

All Doctors have tried to cure CATARRH by the use of powders, acid sprays, inhalers and drugs in past forms. Their powders dry up the mucous membranes causing them to crack open and bleed. The powerful acids used in the inhalers have entirely eaten away the same membranes that their makers have aimed to cure, while pastes and ointments cannot reach the disease. An old and experienced practitioner who has for many years made a close study and specialty of the treatment of CATARRH, has at last perfected a Treatment which when faithfully used, not only relieves at once, but permanently cures CATARRH, by removing the cause, stopping the discharges, and curing all inflammation. ATTEMPT TO KILL THE CZAR

Officer of the Household Shoots at the Russian Ruler.

BULLET MISSES ITS MARK.

Man Who Fires It Turns Weapon on Himself and Commits Suicide—Count Tolstol Banished From Russia—Escorted to Frontier by Gendarmes. London, April 2.—A dispatch to the Morning Leader from Kieff says it is reported that an officer of the household attempted to assassinate the czar. He fired at his majesty and missed. He then shot and killed himself. St. Petersburg, April 2.—It was rumored several days ago, but generally disbelieved, that Count Leo Tolstol had been banished from Russia because of the attempted assassination of Privy Councillor Pobiedonostzeff, chief procurator of the holy synod, who was shot at early in the morning of March 22 while sitting in his study, the attempt being attributed to a desire for revenge, growing out of the excommunication of Count Tolstol. Owing to the indefiniteness of the rumor it was disregarded by the correspondent here of the Associated Press. Now, however, the correspondent has received a private letter from a usually trustworthy source in Vilna, saying that Count Tolstol was reported to have passed through Vilna, March 26, being escorted to the frontier by two gendarmes.

WARM RECEPTION TO BOERS

Party Arriving at Lisbon is Escorted to Headquarters by Portuguese Soldiers. Madrid, April 2.—Dispatches received here from Lisbon are rigorously censored. Letters which have reached here say the Boers who arrived at Lisbon on board transports Friday, from Delagoa bay, were accorded a splendid reception, contrasting with the coolness of the popular reception of the mission headed by Earl Carrington, sent to Lisbon to formally notify King Charles of the death of Queen Victoria and the accession of King Edward VII to the throne of Great Britain and Ireland. The hour selected for the landing of the Boers was kept secret, but nevertheless a large crowd was present and acclaimed the travelers, a majority of whom were European volunteers. The party, numbering 700 persons, was escorted to its quarters by Portuguese infantry.

ESCAPES PAY FOR RAID.

British Chartered South Africa Company Relieved of All Liability for Indemnity.

London, April 2.—From a statement made by Mr. Chamberlain, the colonial secretary, in the house of commons yesterday, it appears that the South African war has relieved the British Chartered South Africa company of all liability in regard to the Jameson raid, the colonial secretary admitting that the claims of the Transvaal had not passed to Great Britain as the result of the conquest. Chamberlain's announcement that the company has escaped the payment of £1,000,000 as indemnity in connection with the Jameson raid has given rise to considerable dissatisfaction. "It reveals a scandalous state of things," says the Daily Chronicle. The Daily Graphic also regards it as "most unfortunate that the company should thus escape the penalty of its misdeeds."

Boers Hard Pressed.

Dundee, April 2.—It is reported from Vryheid that as a result of General French's recent operations the Boers are retiring eastward, hard pressed by Colonel Darnell of the Natal police and Colonel Alderson. Some of them endeavored to break away to the north, but were headed off by Colonel Albeny, who captured a 15-pounder and two pompoms.
